VOTING EXCLUSION STATEMENTS

The Corporations Act and the Listing Rules require that certain persons must not vote, and the Company must disregard any votes cast by or on behalf of certain persons, on the Resolutions to be considered at the AGM. These voting exclusions are described below.

Resolution 1 – Adoption of Remuneration Report

A vote on Resolution 1 must not be cast (in any capacity), and Company will disregard any votes cast, by, or on behalf of, the following persons:

- a. a member of the Key Management Personnel (**KMP**) whose remuneration details are included in the 2025 Remuneration Report; or
- b. a closely related party of such a KMP (including close family members and companies the KMP controls).

However, a person described above may cast a vote on Resolution 1 as a proxy if the vote is not cast on behalf of a person described above and either:

- a. the proxy appointment is in writing that specifies the way the proxy is to vote (e.g. for, against, abstain) on the resolution and the person casts the vote as proxy in accordance with the directions as set out in the proxy form; or
- b. the vote is cast by the Chair of the Meeting and the appointment of the Chair as proxy:
 - i. does not specify the way the proxy is to vote on the resolution; and
 - ii. expressly authorises the Chair to exercise the proxy even if the resolution is connected directly or indirectly with the remuneration of a member of the KMP.

In accordance with section 250BD of the Corporations Act, a vote must not be cast on Resolution 1 as a proxy by a member of the KMP at the date of the AGM, or a closely related party of those persons, unless it is cast as proxy for a person entitled to vote in accordance with their directions. This restriction on voting undirected proxies does not apply to the Chairman of the Meeting where the proxy appointment expressly authorises the Chairman of the Meeting to exercise undirected proxies even if the resolution is connected, directly or indirectly, with the remuneration of the KMP.

“Key management personnel” and “closely related party” have the same meaning as set out in the Corporations Act.

Important: If you appoint the Chairman as your proxy and you do not direct the Chairman how to vote, you will be expressly authorising the Chairman to exercise the proxy even if the relevant Resolution is connected directly or indirectly with the remuneration of a Key Management Personnel of the Company.

SHAREHOLDER QUESTIONS

In accordance with the Corporations Act, a reasonable opportunity will be given to shareholders to direct questions to the Chairman about, or to make comments on, the management of the Company at the meeting.

Similarly, a reasonable opportunity will be given to shareholders to ask the Company’s external auditor, Grant Thornton, questions relevant to:

- a. the conduct of the audit;
- b. the preparation and content of the auditor’s report;
- c. the accounting policies adopted by the Company in relation to the preparation of its financial statements; and
- d. the independence of the auditor in relation to the conduct of the audit.

Shareholders may also submit a written question to Grant Thornton if the question is relevant to the content of the audit report or the conduct of its audit of the Company's financial report for the year ended 30 June 2025.

Shareholders who are unable attend the Meeting in person or who may prefer to register questions in advance are invited to do so. Please email any questions to the Company Secretary (jane@infragreen.au).

To allow time to collate questions and prepare answers, please submit any questions by 5.00pm (Brisbane time) on Wednesday, 19 November 2025. Questions will be collated and, during the AGM, the Chairman will seek to address as many of the more frequently raised topics as possible. However, there may not be sufficient time available at the AGM to address all topics raised. Please note that individual responses will not be sent to shareholders.

EXPLANATORY MEMORANDUM

This Explanatory Memorandum has been prepared for the information of shareholders of the Company in relation to the business to be conducted at the Company's AGM to be held on Friday, 21 November 2025.

The purpose of this Explanatory Memorandum is to provide shareholders with information that is reasonably required by shareholders to decide how to vote upon the resolutions. The Directors recommend that shareholders read the accompanying Notice of Meeting and this Explanatory Memorandum in full before making any decision in relation to the resolutions.

Subject to the abstentions noted below, the Directors unanimously recommend shareholders vote in favour of all resolutions. The Chairman of the Meeting intends to vote all available undirected proxies in favour of each resolution.

Resolutions 1, 2, 3, 4 and 5 are ordinary resolutions, each of which requires a simple majority of votes cast by shareholders present and entitled to vote on the resolution. Resolution 1 relating to the Remuneration Report is advisory and does not bind the Directors or the Company.

Resolution 6 is a special resolution, which, in order to be passed, requires at least 75% of the votes cast by shareholders present and entitled to vote on the resolution to vote in favour of the resolution.

All resolutions will be voted on a poll.

Resolution 1. Remuneration Report

Section 250R(2) of the Corporations Act requires that the section of the Directors' Report dealing with the remuneration of directors and key management personnel (**KMP**) of the Company (**Remuneration Report**) be put to the vote of shareholders for adoption by way of a non-binding vote. The vote on this resolution is advisory only and does not bind the Directors or the Company. However, the Board will take the outcome of the vote into account in setting remuneration policy for future years.

Under the Corporations Act, if at least 25% of the votes cast on Resolution 1 at the AGM are against adoption of the Remuneration Report, then:

- if comments are made on the Remuneration Report at the AGM, the Company's remuneration report for the following financial year will be required to include an explanation of the Board's proposed action in response or, if no action is proposed, the Board's reasons for taking no action; and
- if subsequently, at the following year's AGM, at least 25% of the votes cast on the resolution for adoption of the remuneration report for that financial year are cast against its adoption, the Company will be required to put to Shareholders a resolution proposing that a general meeting (**Spill Meeting**) be called to consider the election of all Directors (other than any managing director) of the Company (**Spill Meeting Resolution**). The Spill Meeting must be held within 90 days of the date of the annual general meeting that passed the Spill Meeting Resolution. For any Spill Meeting Resolution to be approved, more than 50% of the votes cast on the resolution must be in favour of it. If a Spill Meeting Resolution is passed, all of the Directors (other than any managing director) will cease to hold office immediately before the end of the Spill Meeting unless re-elected at that meeting.

Broadly, the Remuneration Report details the remuneration policy for the Company and:

- explains the structure of and rationale behind the Company's remuneration practices and the link between the remuneration of executives and the Company's performance;
- sets out remuneration details for each Director and for each executive with authority and responsibility for directing the affairs of the Company; and
- discusses the relationship between the policy and Company performance.

Shareholders can view the full Remuneration Report in the Annual Financial Report which is available on Infragreen's website at <https://www.infragreen.au>. The Remuneration Report is set out on pages 23 to 36 of the Annual Financial Report.

Following consideration of the Remuneration Report, the Chairman of the Meeting will give shareholders a reasonable opportunity to ask questions about, or make comments on, the Remuneration Report.

Directors' recommendation

The Board considers that Courtney Black is an independent non-executive director.

Directors' recommendation

The Directors, with Courtney Black abstaining because of her interest in the Resolution, unanimously recommend shareholders vote in favour of Resolution 4.

Resolution 5. Appointment of Grant Thornton Audit Pty Ltd as Auditor

Grant Thornton Audit Pty Ltd has held the office of auditor since 17 April 2024. Under section 327A(2) of the Corporations Act, Grant Thornton Audit Pty Ltd holds office until the Company's first AGM as a public company. Thereafter, section 327B(1)(a) of the Act requires Infragreen to appoint an auditor at its first AGM. Grant Thornton Audit Pty Ltd has given, and has not withdrawn, its consent to act as external auditor of Infragreen, in accordance with section 328A(1) of the Corporations Act.

In accordance with section 328B(1) of the Corporations Act, notice in writing nominating Grant Thornton Audit Pty Ltd as auditor has been given to the Company by a shareholder. A copy of this notice is contained in **Attachment A** to this Notice of Meeting.

The Directors unanimously recommends shareholders vote in favour of Resolution 5.

Resolution 6. Approval of Additional Share Issue Capacity under ASX Listing Rule 7.1A

ASX Listing Rule 7.1A enables mid to small cap listed companies to seek shareholder approval by special resolution to issue equity securities equivalent to an additional 10% of the number of ordinary securities on issue by way of placement over a 12 month period (**10% Placement Facility**). This is in addition to the existing 15% placement capacity permitted by ASX Listing Rule 7.1.

A company is eligible to seek shareholder approval for this additional placement capacity if it satisfies both of the following criteria at the date of its annual general meeting:

- a. it has a market capitalisation of \$300 million or less; and
- b. it is not included in the S&P/ASX 300 Index.

The Company currently satisfies both the above criteria, and it is anticipated that it will satisfy both these criteria at the date of its AGM.

Accordingly, Resolution 6 is seeking approval of ordinary shareholders by special resolution for the issue of such number of equity securities as calculated under the formula in ASX Listing Rule 7.1A.2, at an issue price as permitted by ASX Listing Rule 7.1A.3 to such persons as the Board may determine, on the terms as described in this Explanatory Memorandum.

As at 8 October 2025, the Company has on issue 219,891,248 fully paid ordinary shares and by way of example has the capacity to issue:

- a. 32,983,687 equity securities under ASX Listing Rule 7.1; and
- b. 21,989,124 equity securities under ASX Listing Rule 7.1A (if Resolution 6 was approved).

The actual number of equity securities that the Company will have capacity to issue under ASX Listing Rule 7.1A will be calculated at the date of issue of the equity securities in accordance with the following formula prescribed in ASX Listing Rule 7.1A.2:

$$(A \times D) - E$$

Where:

A is the number of fully paid ordinary securities on issue 12 months before the issue date or date of agreement to issue (or the date the Company was admitted to the official list, if the issue date or date of agreement to issue is within 12 months of that date):

- Plus the number of fully paid ordinary securities issued in the 12 months under an exception in ASX Listing Rule 7.2;
- Plus the number of partly paid ordinary securities that became fully paid in the 12 months;
- Plus the number of fully paid ordinary securities issued in the 12 months with approval of holders of ordinary securities under ASX Listing Rules 7.1 or 7.4;
- Less the number of fully paid ordinary securities cancelled in the 12 months.

D is 10%

E is the number of equity securities issued or agreed to be issued under Listing Rule 7.1A.2 in the 12 months before the issue date or date of agreement to issue that are *not* issued with the approval of holders of ordinary securities under ASX Listing Rules 7.1 or 7.4.

The effect of Resolution 6 will be to allow the Directors to issue equity securities under ASX Listing Rule 7.1A during a 10% placement period, in addition to the Company's 15% placement capacity under ASX Listing Rule 7.1.

If Resolution 6 is not passed, the Directors will not be able to access the additional 10% capacity to issue equity securities without the approval of shareholders provided for in Listing Rule 7.1A and will remain subject to the 15% limit on issuing equity securities without shareholder approval set out in Listing Rule 7.1.

Information required by ASX Listing Rule 7.3A

For the purposes of ASX Listing Rule 7.3A, the following information is provided:

- Any equity securities issued will be ordinary shares and issued for a cash consideration per ordinary share which is not less than 75% of the volume weighted average price for ordinary shares calculated over the 15 trading days on which trades in that class are recorded immediately before:

- a. the date on which the price at which the securities are to be issued is agreed by the Company and the recipient of the securities; or
 - b. if the securities are not issued within 10 trading days of the date in paragraph a., the date on which the securities are issued.
- If Resolution 6 is approved by shareholders and the Company issues equity securities under the 10% Placement Facility, the existing ordinary shareholders face the risk of economic and voting dilution as a result of the issue of securities which are the subject of this Resolution, to the extent that such securities are issued, including:
 - a. the market price of equity securities in that class may be significantly lower on the issue date than on the date on which this approval is being sought; and
 - b. the equity securities may be issued at a price that is at a discount to the market price for those equity securities on the issue date,

which may have an effect on the amount of funds raised by the issue of the equity securities.

- The following table gives examples of the potential dilution of existing ordinary shareholders on the basis of the current market price of shares and the current number of ordinary securities for variable “A”, calculated in accordance with the formula in ASX Listing Rule 7.1A.2 as at 7 October 2025.

The table also shows:

- a. two examples where variable “A” has increased by 50% and 100%. Variable “A” is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under ASX Listing Rule 7.1 that are approved at a future shareholders’ meeting; and
- b. two examples of where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the current market price.

Number of shares on issue ¹	Dilution			
	Issue price (per share)	\$0.45 50% decrease in Issue Price	\$0.90 Issue Price	\$1.80 100% increase in Issue Price

--	---------------------	--------------	--------------	--------------

- The table has been prepared on the following assumptions:
 - a. the Company issues the maximum number of equity securities available under the 10% Placement Facility in ASX Listing Rule 7.1A;
 - b. no unquoted Options or Performance Rights (including any Options or Performance Rights issued under the 10% placement facility) are exercised before the date of issue of ordinary shares under ASX Listing Rule 7.1A;
 - c. the 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%;
 - d. the table does not show an example of dilution that may be caused to a particular shareholder by reason of placements under the 10% Placement Facility, based on that shareholder's holding at the date of the AGM;
 - e. the table shows only the effect of issues of equity securities under ASX Listing Rule 7.1A, not under the 15% placement capacity under ASX Listing Rule 7.1;
 - f. the issue of equity securities under the 10% Placement Facility consists only of shares; and
 - g. the issue price is \$0.90 per share², being the closing price of the shares on ASX on 7 October 2025.
- Shareholder approval of this Resolution is valid, and securities will only be issued, from the date of the annual general meeting at which approval is obtained and expires on the earlier to occur of:
 - a. The date that is 12 months after the date of the annual general meeting at which the approval is obtained (i.e. by 21 November 2026);
 - b. The date of the Company's next annual general meeting; or
 - c. The date of the approval by shareholders of a transaction under Listing Rules 11.1.2 (a significant change to the nature or scale of activities) or 11.2 (disposal of main undertaking).
- The Company may seek to issue the equity securities for cash consideration. In such circumstances, the Company intends to use the funds raised towards an acquisition of new assets or investments (including expenses associated with such acquisition), continued development of the Company's current assets and/or general working capital.
- The Company will comply with the disclosure obligations under ASX Listing Rules 7.1A.4 and 3.10.5A upon issue of any equity securities.
- The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Facility. The identity of allottees of equity securities that may be issued (subject to shareholder approval of Resolution 6) have not been determined as at the date of this Notice of Meeting but may include existing shareholders and/or parties who are not currently shareholders and are not related parties or associates of the Company. Any potential allottees will be determined on a case-by-case basis having regard to factors including, but not limited to, the following:
 - a. the methods of raising funds available to the Company (including but not limited to, rights issue or other issues in which existing security holders can participate), while balancing interest from potential allottees with the interests of existing shareholders;
