Articore launches share buy-back

Articore Group Limited (Articore or the Group) announces the commencement of its on-market share buy-back program (buy-back).

Articore Group Chair Robin Mendelson said, "The buy-back reflects the Board's confidence in Articore's turnaround, improved cash generation and the long-term potential of the business. We recognise a disconnect between the Company's recent share price performance and the underlying strength of the business. Acquiring shares at current market levels represents an effective use of capital, while our approach will remain prudent to ensure we retain the flexibility to fund ongoing growth opportunities."

The number of shares purchased under the buy-back will not exceed 10% of issued capital and will depend on business and market conditions, the prevailing share price, available investment opportunities and other considerations. The Group may suspend or terminate the buy-back at any time.

All shares bought back will be cancelled.
