

1Q26 Activity Report – Continued Operating Improvement

31 October 2025

Anagenics Limited (ASX:AN1, “Anagenics” or the “Company”) today provides an update on activities during the quarter ended 30 September 2025 (“1Q26”).

During 1Q26 Operating Cash Outflows improved to \$0.3m vs the pcg figure of \$0.9m (1Q25). This \$0.6m improvement in operating cash flows vs the pcg was driven by:

- A \$0.3m reduction in Staff and Director Costs;
- A \$0.2m reduction in Advertising and Marketing Costs; and
- A \$0.1m reduction in Administration and Corporate Costs.

These changes reflect the successful business restructuring of late 2024/early 2025. While the operational restructure is now complete, resolution of outstanding creditors drove negative cash flow during 1Q26. It is expected this impact will end during 2Q25.

BLC Cosmetics -After a successful restructure the business is tracking on budget and is exploring additional products to add to its portfolio.

York Street Brands – Following a successful launch in May 2025, Bouf Haircare by York Street Brands (YSB) continued its strong performance. The brand, which was developed using Anagenics’ proprietary technology would appear to be on a trajectory to achieve greater than \$9 million in sales as it continues to build ambassadors in its first year, ahead of initial expectations. YSB is also evaluating further growth opportunities, including potential expansion into international markets, which is expected to generate higher royalty fee receipts for the Company in FY26.

During 1Q26, royalty revenue attributable to the YSB product line was \$203k, with respective cash receipts received in October (i.e. 2Q26).

Overall, the Company’s operational performance is in line with the post-restructure budget.

The Directors of Anagenics believe the Company has sufficient funds on hand to support its normal level of net Operating Cash Flow requirements over the next two quarters, such that the Company does not require additional equity funding for this purpose.

The Company continues to search for value accretive opportunities in line with its stated strategy and objectives.

This announcement was authorised by the Board of Anagenics Limited.

Notes

1. This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entity's activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.
2. If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, *AASB 107: Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing Rule 19.11A, the corresponding equivalent standard applies to this report.

3. Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
4. If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee – e.g. *Audit and Risk Committee*]". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
5. If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
