Section 249F of the Corporations Act provides that members with at least 5% of the votes that may be cast at a general meeting of a company, may call, and arrange to hold, a general meeting. The members calling the meeting must pay the expenses of calling and holding the meeting.

On 1 October 2025 the Convening Shareholder gave notice to the Company of its intention to move resolutions for the removal of Mr James Spenceley and Mr Matthew Hollis as directors of the Company. This notice was formally required for the purposes of section 203D(2) of the Corporations Act to enable Resolutions 1 and 2 to be put to Shareholders at the Meeting.

At the same time as giving the above notice, the Convening Shareholder also advised the Company of its intention to move a resolution for the appointment of Mr Patrick O'Connor.

This Explanatory Memorandum provides information which the Convening Shareholder believes to be material to Shareholders in considering and voting on the Resolutions to be considered at the Meeting.

4. RESOLUTIONS 1 AND 2 – REMOVAL OF MR JAMES SPENCELEY AND MR MATTHEW HOLLIS AS DIRECTORS

4.1 Introduction

The Convening Shareholder has exercised its statutory right to convene this Meeting to seek to change the Board by removing Mr James Spenceley and Mr Matthew Hollis as directors of the Company (the subject of Resolutions 1 and 2, respectively) and by appointing Mr Patrick O'Connor as a Director (the subject of Resolution 3, see Section 5 below for further details).

The Convening Shareholder has significant concerns in relation to the Company's recent performance and the involvement of Mr James Spenceley and Mr Matthew Hollis in the Company's recent activities. The lack of leadership at the Board level in recent years means it time for a change, with the addition of a fresh perspective from an experienced and credentialed director.

4.2 Share price and value

Since its re-listing in 2021, the Company's share price has declined and its financial performance has severely deteriorated. The Company's price has reduced approximately 80%, from raising \$20m at \$0.50 pursuant to Swoop's May 2021 re-listing, to as low as \$0.083 in 2025. The Company also raised \$46m at \$1.85 just five months after its re-listing, with those investors suffering a ~90% share price decline. The Company's recent trading prices and low liquidity reflect the investor's lack of confidence in the Company and its future.

Swoop's market capitalisation has also declined from around \$85m at re-listing to \$33m as at the date of this Notice, despite the Company having raised significant funds over this period. While approximately \$66m in equity and \$35m in debt has been raised since re-listing (ie, over \$100m in total funding), the Company continues to be loss making. As at 30 June 2025, the Company's cash reserves are down to \$8m and it faces a significant working capital deficit (see below for further details).

By contrast, the S&P/ASX 200 Gross Total Returns Index ASX.XJT is up ~52% over the same time period.¹ The below chart compares the Company's share performance against the S&P/ASX 200 Gross Total Return Index (XJT) since May 2021 (source: CommSec).

4.3 Financial performance

The Company's FY25 financials illustrated the following:

- Payables increased by \$8.5m YoY, which included payables to the ATO increasing by \$1.1m YoY.
- Cash at bank decreased by \$3m YoY, leaving only \$8m in cash while payables increased to \$27.3m.
- Corporate debt reduced \$6.5m YoY but remained significant at \$16.7m (maturing in 2027).
- Accounts payable turnover ratio almost doubled YoY to 80 days (from 45 days in FY24).

Swoop's current debt and increasing working capital deficit (\$18.5m at FY25, a \$14.5m YoY increase) is significant. Due to Swoop's working capital deficit position, the auditor's report for Swoop's FY25 accounts, issued by PKF(NS) Audit & Assurance Limited Partnership, expressed a material uncertainty as to the Company's ability to continue as a going concern.

4.4 Material writedowns

During the period from re-listing in 2021 until 30 June 2023, Swoop undertook a number of acquisitions of telecommunications businesses for considerable cash and scrip consideration. The Company's FY23 accounts following this busy acquisition period included significant intangible asset write-downs, which included large impairments in respect of customer relationships and contracts and goodwill, together with significant impairments to network assets. These write-downs are illustrative of potential diligence, implementation or execution issues in respect of the business acquisitions pursued.

¹ S&P/ASX 200 XJT Index: 79,597 @ 21 May 2021. 121,242 @ 24 October 2025

4.5 Vonex takeover

The Board's management of the Vonex takeover appears questionable. The Company first approached Vonex in November 2023 and had been granted due diligence access, but failed to submit its takeover offer until October 2024, four months after MaxoTel launched its Vonex bid. Even after MaxoTel secured control of Vonex, Swoop refused to walk away from what was clearly going to be a failed acquisition. Swoop spent over \$6m buying Vonex shares to maintain its stake at approximately 22% whilst MaxoTel secured its 69% interest in Vonex. 12 months later, Swoop sold its stake for \$6.17m, crystallising a cash loss of \$410,000 for Swoop Shareholders. This excludes the cash costs incurred by Swoop on third party advisors and lawyers. Swoop Management invested significant time, opportunity costs and expenses in continuing to pursue this (what was publicly apparent) very unlikely acquisition of Vonex.

4.6 Additional mismanagement

The apparent mismanagement of the Company extends beyond the Vonex takeover:

- **Moose Mobile Acquisition (2022):** The Company purchased for \$24m, including \$19m in cash paid to vendors, which Swoop financed with over \$21m in debt. The Company disclosed the acquisition could contribute to positive cash flow, but still there has been no guidance of this as of the date of this Notice.
- **Wholesale Voice Business (2024):** The Company sold a profitable business contributing around \$2m in EBITDA for around \$9m. The Company appeared to pivot from this voice business to pursue the Vonex acquisition (VOIP business), which ultimately failed, as per above.

Seacrest Estate assets (2024): The Company paid around \$0.5m in cash to acquire a conduit and fibre assets in the Seacrest Estate. Swoop invested further funds to upgrade the fibre assets. The Seacrest Estate project appears to face material growth limitations, due to there being only ~900 homes that may be customers on this fibre network and the competition against NBN FTTP (in the same area). Accordingly, the payback potential of these assets is uncertain bringing into question the due diligence and strategy supporting the business case for investing shareholder capital in this endeavour. Management's pivot to fibre is equally questionable. Fibre builds are an extremely capital-intensive business model in a highly competitive market. It is questionable why such a pivot would be pursued in light of the Company's recent financial position.

4.7 Negative outlook

At current Share prices, any equity raise or scrip-acquisition will severely dilute existing Shareholders and potentially shift control to other stakeholders. Based on the Company's existing financial position as outlined above, it appears both are real possibilities in the near future. Unless the Company can turn around its recent performance, or pursue non-dilutionary asset sales, the dilutionary impact of future raises or scrip-acquisitions could be significant.

4.8 Removal of Mr James Spenceley and Mr Matthew Hollis

Following a disappointing four year period since re-listing, the Board has failed to manage the Swoop business and build market confidence. James Spenceley has been Swoop's Chairman for this period and, with no managing director, James acts in effect as the principal steward of Swoop and its affairs and bears primary responsibility for its strategic direction and performance.

The concerns regarding Swoop's performance and financial position are set out above. During this period, James Spenceley received approximately \$160,000 each year in cash salary and fees and received over \$3.2 million in cash bonuses and equity incentives in connection with Swoop's 2021 re-listing, significantly more than Swoop's other directors. There has been ample time for Mr Spenceley to deliver on his promises, but to no avail.

Mr Spenceley is also a member of the Remuneration and Nomination committee. That committee and the Board are responsible for the awarding of significant bonuses and incentives since the Company's re-listing, including cash and equity bonuses to the Company's Chief Executive Officer, Chief Financial Officer and General Counsel. Over the course of FY23, FY24 and FY25, the value of annual performance right grants to these staff have continued at steady or increased levels, while total shareholder return continues to be negative (TSR at 30 June 2025 was -54%). There has been a total of \$1.33m worth of in these performance rights granted to these three staff over the FY23, FY24 and FY25 periods. In addition, despite its deteriorating working capital deficit, significant annual cash bonuses continue to be paid to management (over \$400,000 of cash in the last two financial years alone). As Chairman of the Board and a member of the Remuneration and Nomination committee, James Spenceley should be held accountable for this.

Regarding Matthew Hollis, he is the only current Swoop board member to have served in an executive position since re-listing, having served as Executive Director, Sales and Marketing and remained until 31 December 2021. Since then Mr Hollis as served as a Non-Executive Director and has been instrumental in his support of James Spenceley and the Company's pursuit of the above failed acquisition strategy. Mr Hollis should also be held accountable for these failings.

4.9 Recommendation

For the reasons outlined above, the Convening Shareholder recommends that Shareholders vote in favour of Resolutions 1 and 2 to remove Mr James Spenceley and Mr Matthew Hollis as Directors.

5. RESOLUTION 3 – APPOINTMENT OF MR PATRICK O'CONNOR AS A DIRECTOR

5.1 General

Clause 14.3 of the constitution of the Company provides that, subject to the other provisions of the constitution, the Company may elect a person as a Director by resolution passed in general meeting. A Director elected at a general meeting is taken to have been elected with effect immediately after the end of that general meeting.

No person other than a Director seeking re-election shall be eligible for election to the office of Director at any general meeting unless the person or some Shareholder intending to propose his or her nomination has, at least 30 days before the meeting, left at the Company's registered office a notice in writing duly signed by the nominee giving his or her consent to the nomination and signifying his or her candidature for the office or the intention of the Shareholder to propose the person.

On 1 October 2025 the Convening Shareholder delivered a nomination for Mr Patrick O'Connor's election as a Director, which included a consent from Mr O'Connor to the nomination and to act as a Director.

5.2 Reconstitution of Board

Whether Resolutions 1 or 2 are successful or not, for the reasons outlined above, the Convening Shareholder believes that the appointment of Mr Patrick O'Connor to the Board is in the best interests of Shareholders given his experience and expertise and to add fresh thinking and insight to the Company's affairs.

5.3 Qualifications and other material directorships

Mr O'Connor has significant experience as an independent Non-Executive Director and as a Chief Executive Officer spanning listed and unlisted companies across a wide range of industries including mining, oil and gas exploration, biotechnology and Government utilities.

Mr O'Connor has undertaken several executive director roles, either as Executive Chairman or Chief Executive Officer to strategically reposition companies to allow them to address immediate critical issues and their recapitalisation for long term improved performance, often involving significant debt and equity raisings.

Mr O'Connor's skills and attributes include:

- Experienced chairman of several ASX listed companies and a significant Government owned trading enterprise.
- Hands-on experience in corporate governance matters including audit, remuneration, health safety & environment as chairman or as a member of board sub-committees.
- Significant success in the strategic repositioning and the creation of shareholder value for several listed mining companies.
- Substantial experience and skills in communicating with capital markets (both debt and equity), shareholders and media.
- Successfully negotiated the acquisition of significant assets, awarding of major contracts, arranging corporate transactions and associated financing.

Mr O'Connor is currently a Chairman of FAR Ltd and a Non-Executive Director of Metals X Limited and Sierra Rutile Holdings Pty Ltd. His previous experience includes Chairman, Executive or Non-Executive Roles with over 20 public, private and Government owned enterprises.

5.4 Independence

If elected, the Convening Shareholder considers that Mr O'Connor will be an independent director.

5.5 Recommendation

For the reasons outlined above, the Convening Shareholder recommends that Shareholders vote in favour of Resolution 3 to appoint Mr Patrick O'Connor as a Director.
