

ASX RELEASE

Apiam Animal Health Limited (ASX: AHX)

Scheme Booklet Registered with ASIC

Bendigo, 12 December 2025 – Apiam Animal Health Limited (“**Apiam**”) refers to its previous announcement that the Supreme Court of New South Wales has ordered that Apiam convene a meeting of Apiam Shareholders to consider and vote on the proposed acquisition by Pepper Bidco Pty Ltd (“**BidCo**”) and Pepper Holdco Limited (“**HoldCo**”), entities controlled by Adamantem Capital Fund II, which is managed and advised by Adamantem Capital Management Pty Ltd (together “**Adamantem**”) under which it is proposed that BidCo will acquire 100% of the shares in Apiam by way of a scheme of arrangement (“**Scheme**”).

Scheme Booklet

Apiam confirms that the Scheme Booklet has today been registered with the Australian Securities and Investments Commission (“**ASIC**”).

A copy of the Scheme Booklet, which includes the Independent Expert’s Report and Notice of Scheme Meeting, is attached to this announcement and will be made available electronically for viewing and downloading at Apiam’s website via the following link: <https://www.apiam.com.au/investor-portal/asx-announcements/>. The Scheme Booklet, including the Independent Expert’s Report and the Notice of Scheme Meeting, is expected to be dispatched to Apiam Shareholders by 19 December 2025. The Scheme Booklet provides Apiam Shareholders with important information about the Scheme and Apiam Shareholders are advised to read the Scheme Booklet carefully and in its entirety before making a decision on whether or not to vote in favour of the Scheme.

Unless otherwise indicated, capitalised terms used in this announcement have the meaning given to them in the Scheme Booklet.

Scheme Consideration

If the Scheme is implemented, Apiam shareholders will receive \$0.87 cash per Apiam share¹, less any special dividends declared or paid prior to implementation of the Scheme. As an alternative to all cash consideration, eligible Apiam shareholders may elect to receive one of the following combinations of either 100% scrip or a mixture of cash and scrip in HoldCo (in each case adjusted for any special dividend):

- 100% scrip consideration;

¹ In accordance with the terms of the original proposal from Adamantem (and as announced to the ASX on the 8 October 2025), the cash price per Apiam share has been adjusted to \$0.87 following the payment by Apiam of the FY25 final dividend of \$0.01 per Apiam share.

- a combination of 25% cash and 75% scrip consideration; or
- a combination of 50% cash and 50% scrip consideration.

The scrip consideration will be in the form of fully paid ordinary shares in HoldCo ("**HoldCo Shares**"), an unlisted Australian public company (which is the holding company of BidCo), and will be subject to scaleback arrangements to ensure that the total number of HoldCo Shares issued under the Scheme does not exceed 24% of the total number of shares on issue in HoldCo.

Under the terms of the Scheme Implementation Deed, the Apiam Board is permitted to pay a fully franked Special Dividend of up to \$0.10 cash per Apiam Share prior to implementation of the Scheme. The final decision on whether or not to pay a Special Dividend, and the quantum of any Special Dividend, will be made by the Apiam Board and will depend upon a number of factors, including the availability of franking credits, the requirements of the Corporations Act and Apiam considering, following engagement with the ATO, that franking credits attached to the Special Dividend will be available to eligible Apiam Shareholders. The Apiam Board will provide an update in regard to any Special Dividend to Apiam Shareholders by way of an ASX announcement before the Scheme Meeting.

If a Special Dividend of \$0.10 cash per Apiam Share is paid, Apiam Shareholders who can utilise franking credits and who are Apiam Shareholders on the Special Dividend Record Date may be entitled to receive additional benefits from franking credits of up to approximately \$0.04 per Apiam Share, subject to their individual tax circumstances.

Adamantem Call Option

As announced by Apiam on 18 August 2025, Adamantem is a party to a call option over 36,604,562 Apiam Shares representing approximately 19.8% of Apiam's shares on issue as at the date of the Scheme Booklet (the "**Option Shares**"). The Option Shares are held by CJOEA Family Company Pty Ltd, an entity controlled by Apiam founder Dr Chris Richards. The call option includes commitments to vote the Option Shares in favour of the Scheme, subject to there being no Superior Proposal.

Independent Expert's Report

The Scheme Booklet includes a copy of the Independent Expert's Report, prepared by Kroll Australia Pty Ltd ("**Independent Expert**").

The Independent Expert has concluded, on the basis of the All Cash Consideration only, that the Scheme is fair and reasonable and is therefore in the best interest of Apiam Shareholders, in the absence of a Superior Proposal.

Apiam Shareholders should note that the Independent Expert has assessed the value of an Apiam share on a controlling interest basis to be in the range of \$0.77 to \$0.93, and the Cash Consideration of \$0.87 cash per Apiam Share is within this range.

The Independent Expert's conclusions should be read in context with the full Independent Expert's Report.

Letter from the Chairman of Apiam Animal Health Limited

Dear Apiam Shareholder,

On behalf of the Apiam independent board committee (**Apiam IBC**), I am pleased to present you with this Scheme Booklet containing information in relation to the proposed acquisition of Apiam Shares by Pepper Bidco Pty Ltd (**BidCo**), an entity controlled by Adamantem Capital Fund II, which is managed and advised by Adamantem Capital Management Pty Ltd (**Adamantem**) by way of a scheme of arrangement.

Background to the Scheme

On 18 August 2025, Apiam announced that following a period of engagement with Adamantem it had received a non-binding indicative proposal from Adamantem to acquire 100% of the issued shares in Apiam (**Proposal**).

The Apiam Board formed the Apiam IBC consisting of Professor Andrew Vizard (Chairman), Mr Richard Dennis (Non-Executive Director) and Ms Evonne Collier (Non-Executive Director) to consider the Proposal and other inbound interest that had been received.

After receipt of the Proposal, the Apiam IBC determined that it would be in the best interest of Apiam Shareholders to further advance that Proposal and on 25 August 2025, Apiam announced that it had entered into a transaction process deed with BidCo recording the terms on which the parties would work towards agreeing and executing a binding scheme implementation deed and granting BidCo a period of exclusivity to undertake due diligence.

Subsequently on 22 October 2025, Apiam announced that it had entered into a binding Scheme Implementation Deed with BidCo and its holding company, Pepper Holdco Limited (**HoldCo**), under which BidCo proposes to acquire 100% of the shares on issue in Apiam. The Scheme is subject to customary conditions, including approval by the Court and Apiam Shareholders.

This Scheme Booklet has been sent to you because you are an Apiam Shareholder and are being asked to vote on the Scheme.

Scheme Consideration

All Cash Consideration

If the Scheme is implemented, Apiam Shareholders (other than those who make a valid Election to receive the All Scrip Consideration or the Mixed Consideration described below) will be entitled to receive \$0.87 cash per Apiam Share, less the amount of any Special Dividend declared or paid prior to implementation of the Scheme per Apiam Share (**All Cash Consideration**).

Under the terms of the Scheme Implementation Deed, the Apiam Board is permitted to pay a fully franked Special Dividend of up to \$0.10 cash per Apiam Share prior to implementation of the Scheme. The final decision on whether or not to pay a Special Dividend, and the quantum of any Special Dividend, will be made by the Apiam Board and will depend upon a number of factors, including the availability of franking credits, the requirements of the Corporations Act and Apiam considering, following engagement with the ATO, that franking credits attached to the Special Dividend will be available to eligible Apiam Shareholders. The Apiam Board will provide an update in regard to any Special Dividend to Apiam Shareholders by way of an ASX announcement before the Scheme Meeting.

If a Special Dividend of \$0.10 cash per Apiam Share is paid, Apiam Shareholders who can utilise franking credits and who are Apiam Shareholders on the Special Dividend Record Date may be entitled to receive additional benefits from franking credits of up to approximately \$0.04 per Apiam Share, subject to their individual tax circumstances.

If a Special Dividend is not declared or paid, each Scheme Shareholder who has not made a valid Election to receive the All Scrip Consideration or Mixed Consideration or is an Ineligible Foreign Shareholder will receive \$0.87 cash for each Apiam Share held on the Scheme Record Date.

The Cash Consideration of \$0.87 per Apiam Share represents an enterprise value for Apiam of approximately \$228.4 million¹ and a compelling premium of:

- 63% to Apiam's closing share price on 15 August 2025 of \$0.535 per share (being the last trading day before announcement of Adamantem's Proposal); and
- 58% to the 30-day VWAP of Apiam Shares up to and including 15 August 2025 of \$0.550 per share.

Mixed Consideration

As an alternative to receiving the All Cash Consideration, Apiam Shareholders (other than Ineligible Foreign Shareholders) may elect to receive a mixture of cash and unlisted scrip consideration for their Apiam Shares held on the Scheme Record Date (**Mixed Consideration**). The unlisted scrip consideration is in the form of fully paid ordinary shares in HoldCo (being Class B Shares), the holding company of BidCo. The unlisted scrip consideration will provide Apiam Shareholders an opportunity to retain an interest in the Apiam business after implementation of the Scheme. Eligible Apiam Shareholders may elect from one of the two Mixed Consideration options set out below.

Mixed Consideration Option One

Eligible Apiam Shareholders who have made a valid Election to receive Mixed Consideration Option One will receive:

- \$0.87 cash per Apiam Share in respect of 25% of the Apiam Shares held by that Apiam Shareholder on the Scheme Record Date; less
- the amount that is equal to the amount of any Special Dividend per Apiam Share multiplied by the number of Apiam Shares held by that Apiam Shareholder on the Scheme Record Date; plus
- 0.87 fully paid ordinary shares in HoldCo for every 1 Apiam Share held by that Apiam Shareholder on the Scheme Record Date, in respect of the other 75% of the Apiam Shares held by that Apiam Shareholder on the Scheme Record Date.

Mixed Consideration Option Two

Eligible Apiam Shareholders who have made a valid Election to receive Mixed Consideration Option Two will receive:

- \$0.87 cash in respect of 50% of the Apiam Shares held by that Apiam Shareholder on the Scheme Record Date; less
- the amount that is equal to the amount of any Special Dividend per Apiam Share multiplied by the number of Apiam Shares held by that Apiam Shareholder on the Scheme Record Date; plus
- 0.87 fully paid ordinary shares in HoldCo for every 1 Apiam Share held by that Apiam Shareholder on the Scheme Record Date, in respect of the other 50% of the Apiam Shares held by that Apiam Shareholder on the Scheme Record Date.

All Scrip Consideration

As an alternative to the All Cash Consideration and the Mixed Consideration, Apiam Shareholders (other than Ineligible Foreign Shareholders) may elect to receive 100% of

¹ Assumes fully diluted shares on issue of 187.9 million and net debt of the Apiam Group of \$63.1m as at 30 June 2025, adjusted for payment of the FY25 final dividend of \$1.8m.

their Scheme Consideration in the form of fully paid ordinary shares in HoldCo (**All Scrip Consideration**).

Apiam Shareholders who elect to receive the All Scrip Consideration will receive 0.87 fully paid ordinary shares in HoldCo for every 1 Apiam Share held by that Apiam Shareholder on the Scheme Record Date. If a Special Dividend is declared or paid prior to implementation of the Scheme, the number of HoldCo Shares to be issued will be reduced by the total number of HoldCo Shares which the shareholder would have otherwise received (if no Special Dividend was received) in respect of its Scheme Shares by 1/87th of that number for every cent in the cash amount per Apiam Share of the Special Dividend.

Issues relevant to both the Mixed Consideration and the All Scrip Consideration

The issue of the Mixed Consideration and the All Scrip Consideration will be subject to the Scaleback Arrangements to ensure the total number of shares in HoldCo issued under the Scheme does not exceed 24% of the total number of shares on issue in HoldCo. Further details regarding the All Scrip Consideration and the Mixed Consideration, including the Scaleback Arrangements, is set out in section 4.4.

Before making an Election to receive the Mixed Consideration or the All Scrip Consideration, Apiam Shareholders should read this Scheme Booklet in its entirety (including the Independent Expert's Report, the HoldCo Shareholders' Deed, the HoldCo Constitution and the Nominee Deed) and specifically consider the risk factors contained in section 7.4. These risks include (but are not limited to) liquidity risk of holding shares in an unlisted entity, minority voting rights, the risk of dilution and, for small holdings (with an aggregate issue price / face value of \$10,000 or less), being subject to a potential compulsory divestment / buy-out within 12 months after implementation. For a summary of the rights and liabilities attaching to the unlisted scrip consideration issued under the Scheme, please refer to section 6.3(f).

Apiam IBC and director recommendation

The Apiam IBC Members unanimously recommend that you **VOTE IN FAVOUR** of the Scheme, in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interest of Apiam Shareholders.²

Additionally, Bruce Dixon (Apiam Interim Managing Director and Non-Executive Director) and Vita Pepe (Non-Executive Director) also recommend that Apiam Shareholders vote in favour of the Scheme, in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interest of Apiam Shareholders.

Subject to these same qualifications, each Apiam IBC Member, and Bruce Dixon and Vita Pepe, intend to vote all Apiam Shares held or controlled by them at the time of the Scheme Meeting in favour of the Scheme.

The Apiam IBC Members' unanimous recommendation and the recommendation of Bruce Dixon and Vita Pepe is based on the quantum of the Cash Consideration of \$0.87 per Apiam Share. The Apiam IBC Members, Bruce Dixon and Vita Pepe make no recommendation to Apiam Shareholders in relation to the All Scrip Consideration or the scrip component of the Mixed Consideration.

The interests of the Apiam Directors are set out in sections 9.1, 9.4 and 9.5. Apiam Shareholders should have regard to these interests when considering how to vote on the Scheme.

² The interests of the Apiam Directors are set out in sections 9.1, 9.4 and 9.5. Apiam Shareholders should note that the Apiam Board has approved the payment of special exertion fees in connection with the Scheme to the Apiam IBC Members, which are not conditional on the Scheme becoming Effective. Pursuant to these arrangements, a total of approximately \$40,000 will be paid to Professor Vizard and approximately \$28,000 to each of Mr Dennis and Ms Collier (assuming the Scheme is implemented on 23 February 2026). Further details on the exertion fees payable to the Apiam IBC Members are set out in section 9.4 of this Scheme Booklet. Apiam Shareholders should have regard to these interests when considering how to vote on the Scheme.

Adamantem Call Option

As announced by Apiam on 18 August 2025, Adamantem is a party to a call option over 36,604,562 Apiam Shares representing approximately 19.8% of Apiam's Shares on issue as at the date of this Scheme Booklet (the **Option Shares**). The Option Shares are held by CJOEA Family Company Pty Ltd, an entity controlled by Apiam founder Dr Chris Richards. The call option includes commitments to vote the Option Shares in favour of the Scheme, subject to there being no superior proposal. The Call Option gives BidCo the right to acquire the Option Shares for the same amount as the All Cash Consideration, and is only exercisable upon the public announcement of a Competing Proposal (as defined in the Call Option Deed) and, if the Apiam Board announces that the Competing Proposal is a Superior Proposal (as defined in the Call Option Deed), Adamantem reasonably considering that its own proposal would deliver a superior outcome for Apiam Shareholders. The call option can be exercised within 6 months of the date of the Scheme Implementation Deed (i.e. by 22 April 2026).

Independent Expert's opinion

The Apiam IBC has appointed Kroll Australia Pty Limited as the Independent Expert to assess the merits of the Scheme. The Independent Expert has concluded, on the basis of the All Cash Consideration only, that the Scheme is fair and reasonable, and is therefore in the best interest of Apiam Shareholders, in the absence of a superior proposal. The Independent Expert has assessed the value of Apiam Shares on a controlling interest basis to be in the range of \$0.77 to \$0.93, and the Cash Consideration of \$0.87 per Apiam Share is within this range.

A complete copy of the Independent Expert's Report is included in Annexure 1.

How do I vote?

For the Scheme to proceed, it must be approved by the Requisite Majorities of Apiam Shareholders at the Scheme Meeting which is scheduled to be held at Herbert Smith Freehills Kramer, Level 24, 80 Collins Street, Melbourne Victoria 3000 on 3 February 2026 at 11.00am (Melbourne time) and through an online platform at <https://meetings.lumiconnect.com/300-490-877-328>.

The Requisite Majorities of Apiam Shareholders to approve the Scheme are:

- unless the Court orders otherwise, a majority in number (more than 50%) of Apiam Shareholders (other than Excluded Shareholders) present and voting at the Scheme Meeting (either in person, online or by proxy, attorney or, in the case of corporate Apiam Shareholders, body corporate representative); and
- at least 75% of the total number of votes cast on the Scheme Resolution at the Scheme Meeting by Apiam Shareholders (other than Excluded Shareholders) present and voting (either in person or by proxy, attorney or, in the case of corporate Apiam Shareholders, body corporate representative).

Your vote is important and I encourage you to vote by attending the Scheme Meeting or alternatively by completing the proxy form accompanying this Scheme Booklet. Further details on how to vote are set out in section 3.2(c).

If you wish for the Scheme to proceed, it is important that you vote in favour of the Scheme so that it is approved.

1 Key considerations relevant to your vote

1.1 Why you should vote in favour of the Scheme

- (a) **The Apiam IBC Members unanimously recommend that Apiam Shareholders vote in favour of the Scheme, in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interest of Apiam Shareholders**

The Apiam IBC Members unanimously recommend that Apiam Shareholders vote in favour of the Scheme, in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interest of Apiam Shareholders. Subject to these same qualifications, each of Bruce Dixon and Vita Pepe also recommend Apiam Shareholders vote in favour of the Scheme.

The interests of the Apiam Directors are set out in sections 9.1, 9.4 and 9.5. Apiam Shareholders should have regard to these interests when considering how to vote on the Scheme.

The Apiam IBC Members' unanimous recommendation and the recommendation of Bruce Dixon and Vita Pepe is based on the quantum of the Cash Consideration of \$0.87 per Apiam Share. The Apiam IBC Members, Bruce Dixon and Vita Pepe make no recommendation to Apiam Shareholders in relation to the All Scrip Consideration or the scrip component of the Mixed Consideration.

The Apiam IBC note that whether the Mixed Consideration or the All Scrip Consideration is appropriate will depend on the individual circumstances and risk profile of an individual Apiam Shareholder, and that any investment in unlisted scrip in HoldCo would represent a fundamentally different investment than the current investment in Apiam.

Apiam Shareholders should carefully read section 4.4 and the risks associated with an investment in HoldCo in section 7 and consider obtaining appropriate professional advice before making any Election to receive the Mixed Consideration or the All Scrip Consideration.

- (b) **The Independent Expert has concluded that the Scheme is fair and reasonable and, therefore, in the best interest of Apiam Shareholders**

On the basis of the All Cash Consideration only, the Independent Expert has concluded that the Scheme is fair and reasonable and, therefore, is in the best interest of Apiam Shareholders, in the absence of a superior proposal.

The reasons why the Independent Expert reached these conclusions are set out in the Independent Expert's Report, a copy of which is included in Annexure 1. You are encouraged to read this report in its entirety.

- (c) **The Cash Consideration of \$0.87 per Apiam Share represents a compelling premium to the recent trading prices of Apiam Shares**

The Cash Consideration of \$0.87 per Apiam Share represents an enterprise value for Apiam of approximately \$228.4 million.³ It also represents a compelling premium of:

- 63% to Apiam's closing share price on 15 August 2025 of \$0.535 per share (being the last trading day before announcement of Adamantem's Proposal); and
- 58% to the 30-day VWAP of Apiam Shares up to and including 15 August 2025 of \$0.550 per share.

³ Assumes fully diluted shares on issue of 187.9 million and net debt of the Apiam Group of \$63.1m as at 30 June 2025, adjusted for payment of the FY25 final dividend of \$1.8m.

(d) **If a Special Dividend is paid, you may be entitled to the franking credits attached to any Special Dividend**

Under the terms of the Scheme Implementation Deed, the Apiam Board is permitted to pay a fully franked Special Dividend of up to \$0.10 cash per Apiam Share prior to implementation of the Scheme. The final decision on whether or not to pay a Special Dividend, and the quantum of any Special Dividend, will be made by the Apiam Board and will depend upon a number of factors, including the availability of franking credits, the requirements of the Corporations Act and Apiam considering, following engagement with the ATO, that franking credits attached to the Special Dividend will be available to eligible Apiam Shareholders. The Apiam Board will provide an update in regard to any Special Dividend to Apiam Shareholders by way of an ASX announcement before the Scheme Meeting.

If Apiam pays a Special Dividend of \$0.10 per Apiam Share, then, in addition to the Scheme Consideration to be provided to Scheme Shareholders, those Apiam Shareholders who are entitled to the franking credits attached to the Special Dividend and who are Apiam Shareholders on the Special Dividend Record Date may be entitled to an Australian tax offset of up to approximately \$0.04 per Apiam Share, subject to their individual tax circumstances.

In assessing the value to them of any Special Dividend, Apiam Shareholders should seek independent professional taxation advice as to whether or not the receipt of any Special Dividend and any entitlement to franking credits attached thereto is beneficial to them based on their own particular circumstances. In particular, Apiam Shareholders should note that, depending on the timing of and price at which they acquired their Apiam Shares, there may be differences in the tax consequences for them. Refer to section 8 for further details.

(e) **Apiam Shareholders (other than those who make a valid Election to receive the All Scrip Consideration or the Mixed Consideration), will receive certainty of value for their investment in Apiam and will not be exposed to risks associated with Apiam's business**

The option to receive All Cash Consideration provides Apiam Shareholders (other than those who make a valid Election to receipt the All Scrip Consideration or Mixed Consideration) with certainty of value and the opportunity to realise their investment in Apiam in full.

In particular, the All Cash Consideration, with its compelling premium, provides certainty against the risks associated with the execution of Apiam's long term strategy.

If the Scheme does not proceed, the amount which Apiam Shareholders will be able to realise in terms of price and future dividends will necessarily be uncertain and subject to a number of risks, including those outlined in section 7.

The All Cash Consideration option under the Scheme removes these risks and uncertainties for Apiam Shareholders and allows Apiam Shareholders to exit their investment in Apiam at a price that the Apiam IBC Members consider attractive and which the Independent Expert has assessed as fair and reasonable.

(f) No Superior Proposal has emerged

Since the proposed Scheme was announced up until the date of this Scheme Booklet, no Superior Proposal has emerged.

The Apiam Board is not aware, as at the date of this Scheme Booklet, of any Superior Proposal that is likely to emerge.

(g) The Apiam Share price may fall if the Scheme does not proceed

If the Scheme is not implemented, Apiam Shares will remain quoted on the ASX and will continue to be subject to market volatility, and the impact of general economic conditions. These factors may have an impact on the Apiam Share price in the short, medium and long term.

If the Scheme does not proceed, and no comparable proposal or Superior Proposal is received by the Apiam Board, then the Apiam Share price may fall.

Since market close on 15 August 2025 (being the last trading day before announcement of Adamantem's Proposal), the Apiam Share price has increased 60% up to a closing price of \$0.858 on the Last Practicable Date.

The graph below shows the Apiam share price performance over the three years prior to the Last Practicable Date.

(h) Brokerage charges will not apply to the transfer of your Apiam Shares

You will not incur any brokerage charges on the transfer of your Apiam Shares to BidCo under the Scheme.

It is possible that such brokerage charges (and, potentially GST on those charges) would be incurred if you dispose of your Apiam Shares other than under the Scheme.

1.2 Why you may consider voting against the Scheme

(a) **You may disagree with the Apiam IBC Members' unanimous recommendation and the Independent Expert's conclusion**

Despite the unanimous recommendation of the Apiam IBC Members to vote in favour of the Scheme and the conclusion of the Independent Expert that, on the basis of the All Cash Consideration, the Scheme is in the best interest of Apiam Shareholders, you may believe that the Scheme is not in your best interest.

(b) **You may prefer to retain your direct investment in Apiam as an ASX-listed company**

If the Scheme is implemented and you receive the All Cash Consideration, you will no longer be an Apiam Shareholder and will forgo any benefits that may result from being an Apiam Shareholder.

This will mean that you will not participate in the future performance of Apiam or retain any exposure to Apiam's business or assets or have the potential to share in the value that could be generated by Apiam in the future. However, there is no guarantee as to Apiam's future performance, as is the case with all investments.

By electing to receive the All Scrip Consideration or the Mixed Consideration, Eligible Apiam Shareholders can choose to invest in HoldCo, a newly formed, unlisted company. This will provide those shareholders with an indirect, minority interest in Apiam if the Scheme is implemented. However, an investment in HoldCo (an unlisted entity) is not the same as your current investment in Apiam (an ASX-listed entity), and an investment in HoldCo will carry different characteristics, including differences in rights, returns and liquidity profiles than your current investment in Apiam. In particular, an investment in HoldCo will not offer the same protections available to shareholders of an ASX-listed company.

See sections 4.4, 6 and 7.4 for further information on the All Scrip Consideration and the Mixed Consideration and the risks associated with holding unlisted scrip in HoldCo.

(c) **You may believe it is in your best interest to maintain your current investment and risk profile**

You may prefer to keep your Apiam Shares to preserve your investment in a listed company with the specific characteristics of Apiam.

In particular, you may consider that, despite the risk factors relevant to Apiam's potential future operations (including those set out in section 7), Apiam may be able to return greater value from its assets by remaining a standalone entity or by seeking alternative corporate transactions in the future.

You may also consider that it would be difficult to identify or invest in alternative investments that have a similar investment profile to that of Apiam or may incur transaction costs in undertaking any new investment.

(d) **You may believe that there is potential for a Superior Proposal to emerge**

You may consider that a Superior Proposal could emerge in the future. The Apiam Directors are, as at the date of this Scheme Booklet, not aware of, and have not received, any Superior Proposal.

(e) **The tax consequences of transferring your Apiam Shares pursuant to the Scheme may not be attractive to you**

The tax consequences of the Scheme will depend on your personal situation. You may consider that the tax consequences of transferring your Apiam Shares to BidCo pursuant to the Scheme are not attractive to you.

Apiam Shareholders should read the tax implications of the Scheme outlined in section 8. However, section 8 is general in nature, and Apiam Shareholders should consult with their own independent taxation advisers regarding the tax implications of the Scheme.

2 Frequently asked questions

This section 2 answers some frequently asked questions relating to the Scheme. It is not intended to address all relevant issues for Apiam Shareholders. This section 2 should be read together with all other parts of this Scheme Booklet.

Overview of the Scheme Consideration		
What is the All Cash Consideration?	<p>If the Scheme is implemented, Apiam Shareholders who have not made a valid Election to receive the All Scrip Consideration or the Mixed Consideration (including Ineligible Foreign Shareholders) will receive \$0.87 cash for each Apiam Share they hold on the Scheme Record Date, less the amount of any Special Dividend per Apiam Share declared or paid prior to implementation of the Scheme.</p> <p>Therefore, the Cash Consideration these Apiam Shareholders will receive, if the Scheme is implemented and the Apiam Shareholder holds Apiam Shares on both the Scheme Record Date and the Special Dividend Record Date, will be an amount of \$0.87 in cash per Apiam Share regardless of whether a Special Dividend is paid, or the amount of any Special Dividend.</p> <p>The final decision on whether or not to pay a Special Dividend, and the quantum of any Special Dividend, will be made by the Apiam Board and will depend upon a number of factors, including the availability of franking credits, the requirements of the Corporations Act and Apiam considering, following engagement with the ATO, that franking credits attached to the Special Dividend will be available to eligible Apiam Shareholders. 3 What should you do?

3.1 Step 1: Read this Scheme Booklet

You should carefully read this Scheme Booklet in its entirety before deciding whether to vote in favour of the Scheme.

A copy of the full Scheme Booklet can be obtained from the ASX website at www.asx.com.au and on Apiam's website at www.apiam.com.au.

If you have any questions in relation to this Scheme Booklet or the Scheme, please contact the Apiam Shareholder Information Line on 1300 948 609 (within Australia) or +61 2 9000 7011 (if calling from overseas) Monday to Friday between 8.00am and 5.00pm (Melbourne, Australia time) (excluding national public holidays).

If you are in any doubt as to what you should do, please consult your legal, financial, tax or other professional adviser without delay.

3.2 Step 2: Vote on the Scheme

(a) Your vote is important

For the Scheme to proceed, it is necessary that sufficient Apiam Shareholders vote in favour of the Scheme Resolution at the Scheme Meeting.

(b) Who is entitled to vote?

If you are registered on the Apiam Share Register at 7.00pm (Melbourne time) on 1 February 2026, you will be entitled to vote on the Scheme.

(c) How to vote?

You may vote:

- **in person**, by attending the Scheme Meeting at Herbert Smith Freehills Kramer, Level 24, 80 Collins Street, Melbourne Victoria 3000 and casting a vote during the Scheme Meeting;
- **online**, by participating in the Scheme Meeting via the online platform at <https://meetings.lumiconnect.com/300-490-877-328> between the commencement of the Scheme Meeting and the closure of voting as announced by the Chair during the Scheme Meeting. See the Notice of Scheme Meeting in Annexure 4 and the Online Meeting Guide in Annexure 8 for further details;
- **by proxy**, by appointing one or two proxies to attend and vote on your behalf (either in person or online), using the proxy form that accompanies this Scheme Booklet or submitting a proxy form online at <https://www.votingonline.com.au/ahxscheme2026>. To be valid, your proxy form must be received by the Apiam Registry **by 11.00am (Melbourne time) on 1 February 2026**;
- **by attorney**, by appointing an attorney to attend and vote at the Scheme Meeting on your behalf and providing a duly executed power of attorney to the Apiam Registry **by 11.00am (Melbourne time) on 1 February 2026**; or
- **by corporate representative**, in the case of a body corporate which is an Apiam Shareholder, by appointing a corporate representative to attend and vote at the Scheme Meeting on behalf of that Apiam Shareholder and providing a duly executed certificate of appointment (in accordance with sections 250D and 253B of the Corporations Act) to the registration desk prior to admission to the Scheme Meeting, or lodging it with the Apiam Registry at least 24 hours in advance of the Scheme Meeting in accordance the instructions in the Notice of Scheme Meeting.

A form of certificate or letter may be obtained from the Apiam Registry by clicking the link here: <https://boardroomlimited.com.au/wordpress/wp-content/uploads/2021/05/Appointment-of-Corporate-Representative.pdf>.

(d) Technical difficulties

Technical difficulties may arise during the Scheme Meeting. The Chair has discretion as to whether or not the Scheme Meeting should proceed if a technical difficulty arises.

In exercising this discretion, the Chair will have regard to the number of Apiam Shareholders impacted and the extent to which participation in the business of the Scheme Meeting is affected.

Where the Chair considers it appropriate, the Chair may continue to hold the Scheme Meeting and transact business, including conducting a poll and voting in accordance with valid proxy instructions.

Further details on how to vote are contained in the Notice of Scheme Meeting in Annexure 4.

(e) Decide whether to make an Election

You will receive the All Cash Consideration under the Scheme unless you make a valid Election by the Election Time, being 7.00pm (Melbourne time) on 27 January 2026. If you wish to make an Election to receive the All Scrip Consideration or the Mixed Consideration, please refer to section 4.4 for further details. Please note that Apiam Shareholders who choose to receive one of the Scrip Consideration alternatives above by making an Election will be required complete 'know your customer' requirements. If the Nominee is not satisfied that an Apiam Shareholder who has made an Election has adequately completed these requirements **by 5.00pm (Melbourne time) on 10 February 2026**, that shareholder may not be eligible to receive the All Scrip Consideration or Mixed Consideration, and will instead receive the All Cash Consideration. See section 4.4(d) below for further details on the 'know your customer' requirements.

4 Overview of the Scheme

4.1 Overview of the Scheme Consideration

If the Scheme is implemented, Scheme Shareholders will be entitled to receive either:

- the All Cash Consideration (see section 4.2 below); or
- at the Election of the Scheme Shareholder (who is not an Ineligible Foreign Shareholder):
 - the All Scrip Consideration (see section 4.4 below);
 - the Mixed Consideration Option One (see section 4.4 below); or
 - the Mixed Consideration Option Two (see section 4.4 below).

4.2 All Cash Consideration

If the Scheme is implemented, Apiam Shareholders (other than those who have made a valid Election to receive the All Scrip Consideration or the Mixed Consideration described below) will be entitled to receive \$0.87 cash for each Apiam Share they hold on the Scheme Record Date, less the amount of any Special Dividend declared or paid prior to implementation of the Scheme per Apiam Share (**All Cash Consideration**).

Ineligible Foreign Shareholders are not entitled to make an Election and will receive the All Cash Consideration in respect of the Apiam Shares they hold on the Scheme Record Date.

Scheme Shareholders receiving the All Cash Consideration will receive, if the Scheme is implemented and they hold Apiam Shares on both the Scheme Record Date and the Special Dividend Record Date, an amount of \$0.87 in cash per Apiam Share held on the Scheme Record Date. This is because the Scheme Consideration payable by BidCo per Scheme Share under the All Cash Consideration option is \$0.87 less the cash amount of any Special Dividend paid or declared by Apiam prior to implementation of the Scheme per Apiam Share.

4.3 Special Dividend

(a) Introduction

Under the terms of the Scheme Implementation Deed, the Apiam Board is permitted to declare or determine to pay a fully franked dividend in cash of up to \$0.10 per Apiam Share prior to implementation of the Scheme.

The final decision on whether or not to pay a Special Dividend, and the quantum of any Special Dividend, will be made by the Apiam Board and will depend upon a number of factors, including the availability of franking credits, the requirements of the Corporations Act and Apiam considering, following engagement with the ATO, that franking credits attached to the Special Dividend will be available to eligible Apiam Shareholders. The Apiam Board will provide an update in regard to any Special Dividend to Apiam Shareholders by way of an ASX announcement before the Scheme Meeting.

If the Scheme becomes Effective, the Special Dividend would be paid on the Special Dividend Payment Date in relation to each Apiam Share held as at the Special Dividend Record Date. The Special Dividend Payment Date would be before the Scheme Record Date.

(b) Corporations Act requirements

Under section 254T of the Corporations Act, dividends may only be paid by a company if:

- the company's assets exceed its liabilities immediately before the dividend is declared and the excess is sufficient for the payment of the dividend;

- the payment of the dividend is fair and reasonable to the company's shareholders as a whole; and
- the payment of the dividend does not materially prejudice the company's ability to pay its creditors.

In addition, section 260A of the Corporations Act enables a company to financially assist a person to acquire shares in the company or a holding company only if certain conditions are satisfied. Financial assistance of this kind would be permitted if the giving of assistance does not materially prejudice:

- the interests of the company;
- the interests of its shareholders; or
- the company's ability to pay its creditors.

The Corporations Act specifically contemplates that financial assistance (of the kind that is regulated under section 260A of the Corporations Act) may take the form of paying a dividend which may be given before the acquisition of shares. The Apiam Board only intends to determine to pay a Special Dividend if they can do so in compliance with section 260A of the Corporations Act.

The Apiam Board will determine (in its absolute discretion) whether or not to determine to pay any Special Dividend after assessing the financial position of the Apiam Group and the expected impact on creditors.

(c) **Announcement regarding any Special Dividend**

As noted above, the Apiam Board will provide an update in regard to any Special Dividend to Apiam Shareholders by way of an ASX announcement before the Scheme Meeting.

4.4 **Mixed Consideration and All Scrip Consideration**

(a) **Overview of the Mixed Consideration**

As an alternative to receiving the All Cash Consideration, Apiam Shareholders (other than Ineligible Foreign Shareholders) may elect to receive a mixture of cash and unlisted scrip consideration for their Apiam Shares held on the Scheme Record Date (**Mixed Consideration**). The unlisted scrip consideration is in the form of fully paid ordinary shares in HoldCo (being Class B Shares) (**HoldCo Shares**), the holding company of BidCo. The Mixed Consideration and All Scrip Consideration options will enable Apiam Shareholders an opportunity to retain an interest in the Apiam business after implementation of the Scheme.

Eligible Apiam Shareholders may elect from the two Mixed Consideration options set out below.

Mixed Consideration Option One

Eligible Apiam Shareholders who have made a valid Election to receive Mixed Consideration Option One will receive:

- \$0.87 cash per Apiam Share in respect of 25% of the Apiam Shares held by that Apiam Shareholder on the Scheme Record Date; less
- the amount that is equal to the amount of any Special Dividend per Apiam Share multiplied by the number of Apiam Shares held by that Apiam Shareholder on the Scheme Record Date; plus
- 0.87 fully paid ordinary shares in HoldCo for every 1 Apiam Share held by that Apiam Shareholder on the Scheme Record Date, in respect of the other 75% of Apiam Shares held by that Apiam Shareholder on the Scheme Record Date.

Mixed Consideration Option Two

Eligible Apiam Shareholders who have made a valid Election to receive Mixed Consideration Option Two will receive:

- \$0.87 cash in respect of 50% of the Apiam Shares held by that Apiam Shareholder on the Scheme Record Date; less
- the amount that is equal to the amount of any Special Dividend per Apiam Share multiplied by the number of Apiam Shares held by that Apiam Shareholder on the Scheme Record Date; plus
- 0.87 fully paid ordinary shares in HoldCo for every 1 Apiam Share held by that Apiam Shareholder on the Scheme Record Date, in respect of the other 50% of Apiam Shares held by that Apiam Shareholder on the Scheme Record Date.

The issue of the Mixed Consideration and All Scrip Consideration will be subject to the Scaleback Arrangements to ensure the total number of shares in HoldCo issued under the Scheme does not exceed 24% of the total number of shares on issue in HoldCo (see section 4.4(e) below for further details). The issue of the Mixed Consideration and All Scrip Consideration is also subject to rounding and fractional entitlement provisions in the Scheme of Arrangement.

Each HoldCo Share issued to Apiam Shareholders as Scrip Consideration will be a Class B Share in the capital of HoldCo issued at an issue price of \$1.00 per share.

Importantly, Apiam Shareholders considering whether or not to make an Election to receive Mixed Consideration or All Scrip Consideration should note the issue price of \$1.00 per HoldCo Share does not equal or otherwise reflect the underlying economic value of that HoldCo Share. In particular, Apiam Shareholders should note that the Independent Expert has assessed the underlying economic value of:

- the All Scrip Consideration as, assuming a Special Dividend of \$0.10 is paid, \$0.65 to \$0.82 per Apiam Share;
- the Mixed Consideration Option One as, assuming a Special Dividend of \$0.10 is paid, \$0.68 to \$0.83 per Apiam Share; and
- the Mixed Consideration Option Two as, assuming a Special Dividend of \$0.10 is paid, \$0.75 to \$0.84 per Apiam Share.

The Independent Expert's assessment of the underlying economic value of HoldCo Shares does not reflect the amount that could be realised if shareholders sought to (and were able to) dispose of their HoldCo Shares in the immediate to short-term post implementation of the Scheme, and the Independent Expert has concluded that any such value would likely be subject to minority and marketability discounts. These discounts cannot be reliably estimated because the timing and form of any future exit event are unknown. While the quantum of the actual discount cannot be determined, the Independent Expert considers that a substantial minority and marketability discount is warranted, and that the All Scrip Consideration and Mixed Consideration alternatives will not be fair for any discount above 6.7%, 9.2% and 17.5% respectively (see the Independent Expert's Report for further details).

Apiam Shareholders Electing to receive HoldCo Shares will collectively own a minority interest in an unlisted and illiquid entity, which carries risk and inherent uncertainty. These risks include those risks set out in section 7.4, including (but not limited to) liquidity risk of holding shares in an unlisted entity, minority voting rights and the risk of dilution under the HoldCo Shareholders' Deed.

HoldCo is a newly formed unlisted Australian public company (which is a holding company of BidCo) which will provide those Scheme Shareholders who make a valid Election to receive the Mixed Consideration or the All Scrip Consideration with a continuing indirect minority interest in Apiam.

For further information regarding HoldCo, please refer to section 6. For a summary of the rights and liabilities attaching to the HoldCo Shares (being Class B Shares), please refer to section 6.3(f). Scheme Shareholders that receive HoldCo Shares under the Scheme will become parties to the HoldCo Shareholders' Deed and be bound by the HoldCo

Constitution and Nominee Deed, copies of which are set out in Annexure 5, Annexure 6 and Annexure 7 respectively.

(b) **Overview of the All Scrip Consideration**

As an alternative to the All Cash Consideration and Mixed Consideration, Apiam Shareholders (other than Ineligible Foreign Shareholders) may elect to receive 100% of their Scheme Consideration in the form of fully paid ordinary shares in HoldCo (**All Scrip Consideration**). Apiam Shareholders who Elect to receive the All Scrip Consideration will receive 0.87 HoldCo Shares for every 1 Apiam Share held by that Apiam Shareholder on the Scheme Record Date.

If a Special Dividend is declared and paid prior to implementation of the Scheme, the number of HoldCo Shares to be issued will be reduced by the total number of HoldCo Shares which the shareholder would have otherwise received (if no Special Dividend was received) in respect of its Scheme Shares by $\frac{1}{87}$ of that number for every cent in the cash amount per Apiam Share of the Special Dividend.

Please refer to the commentary above regarding the Independent Expert's assessment of the underlying economic value of HoldCo Shares under the All Scrip Consideration option.

(c) **Eligibility and limitations**

A Scheme Shareholder is only entitled to receive the Mixed Consideration or All Scrip Consideration if the Scheme Shareholder has made a valid Election in respect of all of its Apiam Shares held on the Scheme Record Date. Please also refer to section 4.4(d) in respect of the Nominee's 'know your customer' requirements to be completed by each Scheme Shareholder who makes an Election. If the Nominee is not satisfied that you have adequately completed these requirements by **5.00pm (Melbourne time) on 10 February 2026**, you may not be eligible to receive the All Scrip Consideration or Mixed Consideration, and will instead receive the All Cash Consideration for your Scheme Shares (see below for further details).

Scheme Shareholders who first acquire Apiam Shares after the Election Time and Ineligible Foreign Shareholders will receive the All Cash Consideration in respect of their Scheme Shares. Ineligible Foreign Shareholders and Apiam Shareholders who first acquire Apiam Shares after the Election Time will not be able to make an Election.

Ineligible Foreign Shareholders are those Scheme Shareholders who have an address in the Apiam Share Register as at the Scheme Record Date in a place outside Australia, unless HoldCo determines that it is lawful and not unduly onerous or impracticable to issue that Scheme Shareholder with Scrip Consideration when the Scheme becomes Effective.

(d) **Making an Election and 'know your customer' requirements**

If you are an Apiam Shareholder (other than an Ineligible Foreign Shareholder), you may make an Election to receive either the All Scrip Consideration or the Mixed Consideration by completing an Election Form in accordance with the instructions set out in the form attached to this Scheme Booklet and returning it to the Apiam Registry to the address on the Election Form by no later than the Election Time (being **7.00pm (Melbourne time) on 27 January 2026**).

It is a requirement under the HoldCo Shareholders' Deed that HoldCo has no more than 50 shareholders. To facilitate this requirement, an Apiam Shareholder who receives Scrip Consideration can be required to hold legal title to their HoldCo Shares through the Nominee – please refer to section 6.3(f) for further information. The Nominee arrangements are subject to customary onboarding and identity verification processes applicable to the Nominee being satisfied **by 5.00pm (Melbourne time) on 10 February 2026**, as summarised on the Election Form.

Following receipt of your Election you will receive an email requiring you to complete the Nominee's 'know your customer' questions by 5.00pm (Melbourne time) on 10 February 2026. As noted above, the Nominee is required to complete customary onboarding and identity verification processes for those persons or entities who wish to receive Scrip

Consideration. As part of this process, you **must provide a valid email address** in your Election Form. Following receipt of your Election Form, you will receive an email at the address provided containing instructions to complete the required 'know your customer' procedures and any associated onboarding steps.

If your Election Form is invalid for any reason whatsoever (including if you are an Ineligible Foreign Shareholder) or is not returned by the Election Time, your Election Form will have no effect and you will receive the All Cash Consideration in respect of the Apiam Shares you hold on the Scheme Record Date. You may also not be eligible to receive Scrip Consideration if you do not complete the Nominee 'know your customer' requirements by 5.00pm (Melbourne time) on 10 February 2026, which will be emailed to the email address provided by you, and in those circumstances you may receive the All Cash Consideration for your Scheme Shares without any further notice being provided to you.

If you are an Ineligible Foreign Shareholder, you are not eligible to make an Election or to receive the All Scrip Consideration or Mixed Consideration and you will receive the All Cash Consideration for your Scheme Shares if the Scheme is implemented.

If you are registered as the holder of one or more parcels of Apiam Shares as trustee, nominee or custodian for, or otherwise on account of, another person, you may make an Election in respect of each of those distinct parcels and any distinct parcel you hold in your own right. However if, at the Scheme Record Date, you hold fewer Apiam Shares than you held at the time you made the Election, then, unless you have at the time of any sale of Apiam Shares notified Apiam whether the Apiam Shares sold relate to any such separate Election (and if so which separate Election the Apiam Shares sold relate to), you will be treated as not having made a valid Election in respect of any of your Apiam Shares (or will be treated in any other manner that HoldCo and Apiam agree in writing is fair to the Scheme Shareholder, in all the circumstances acting reasonably). If, for these purposes, you require additional copies of this Scheme Booklet and/or the Election Form, please call the Apiam Shareholder Information Line on 1300 948 609 (within Australia) or +61 2 9000 7011 (if calling from overseas) Monday to Friday between 8.00am and 5.00pm (Melbourne, Australia time) (excluding national public holidays) to request those additional copies.

If you have lodged an Election Form and you wish to change or withdraw your Election, you can do so by lodging a replacement Election Form with the Apiam Registry in accordance with the instructions set out in the Election Form. Any such replacement Election Form must be received by the Apiam Registry before the Election Time in order to be valid.

(e) **Scaleback Arrangements**

The Adamantem Investors intend to own at least 76% of HoldCo shares between them on implementation of the Scheme. There will be a scale back if the aggregate amount of HoldCo Shares to be issued pursuant to valid Elections received by the Apiam Registry would result in Scheme Shareholders owning more than 24% of the HoldCo shares on issue following implementation of the Scheme (**Maximum Scrip Threshold**). In such circumstances, the Scaleback Arrangements will apply to ensure that the total number of HoldCo Shares on issue following implementation of the Scheme does not exceed the Maximum Scrip Threshold.

Any scale back will be on a pro-rata basis in accordance with the Scaleback Arrangements. If the Scaleback Arrangements apply, you will receive the Cash Consideration in place of the HoldCo Shares which you would have received pursuant to your valid Election (adjusted for any Special Dividend), but which were not issued to you due to the scale back.

Further information regarding the Scaleback Arrangements is set out in clause 5.5 of the Scheme of Arrangement.

(f) **Fractional entitlements**

Where the calculation of the number of HoldCo Shares to be issued to a particular Scheme Shareholder would result in the Scheme Shareholder becoming entitled to a

fraction of a HoldCo Share, then the fractional entitlement will be rounded to the nearest whole number of HoldCo Shares.

Where the calculation of the cash component of the Scheme Consideration to be received by a Scheme Shareholder would result in the Scheme Shareholder becoming entitled to receive a fraction of a cent, the fractional entitlement will be rounded to the nearest whole cent.

For these purposes, any such fractional entitlement of less than 0.5 will be rounded down to the nearest whole number, and any such fractional entitlement of 0.5 or more will be rounded up to the nearest whole number.

4.5 Provision of Scrip Consideration

The HoldCo Shares to be issued to Scheme Shareholders who have made a valid Election to receive the All Scrip Consideration or the Mixed Consideration will be issued on the Implementation Date (currently expected to be 23 February 2026). Scheme Shareholders who receive the All Scrip Consideration or the Mixed Consideration will receive notification of their holding of those shares shortly after that date.

4.6 Provision of Cash Consideration

The Cash Consideration payable to Scheme Shareholders who are entitled to receive the All Cash Consideration or cash under one of the Mixed Consideration options will be paid to those Scheme Shareholders on the Implementation Date (currently expected to be 23 February 2026).

Scheme Shareholders who have validly registered their bank account details with the Apiam Registry before the Scheme Record Date may have their Scheme Consideration sent directly to their bank account. Otherwise, Scheme Shareholders (other than Scheme Shareholders with a registered address outside Australia as recorded on the Apiam Share Register on the Scheme Record Date) will have their Scheme Consideration sent by cheque to their address shown on the Apiam Share Register on the Scheme Record Date. If a Scheme Shareholder with a registered address outside of Australia (as recorded on the Apiam Share Register as at the Scheme Record Date) has not nominated a bank account by the Scheme Record Date, Apiam may withhold payment of the cash component of the Scheme Consideration owned to that Scheme Shareholder until a valid bank account has been nominated by that shareholder.

It is important to note that you will only receive the Scheme Consideration if you are a Scheme Shareholder. You will be a Scheme Shareholder if you hold Apiam Shares at the Scheme Record Date (currently expected to be 7.00pm (Melbourne time) on 18 February 2026).

If the Apiam Board determines to pay a Special Dividend, Apiam Shareholders on the Apiam Share Register as at the Special Dividend Record Date will be paid the Special Dividend for the Apiam Shares held on that date on the Special Dividend Payment Date (currently expected to be 16 February 2026).

If you have not nominated a bank account for direct credit of funds, you will need to provide your bank account details to the Apiam Registry.

Provide your banking details online by visiting www.investorserve.com.au. To use this facility, you need to register as a user by selecting the 'register now' button and completing the steps to create an account or complete and return a Direct Credit Facility Form available [here](#).

4.7 Conditions to the Scheme

Implementation of the Scheme is subject to the following outstanding conditions precedent:

- (a) **FIRB:** before 8.00am on the Second Court Date either:
 - (1) the Treasurer of the Commonwealth of Australia has provided a written no objection notification to the Scheme; or
 - (2) the Treasurer has ceased to be empowered to make any order under the FIRB Act because the applicable time limit on making orders and decisions under the FIRB Act has expired.
- (b) **ASIC and ASX:** ASIC and ASX issue or provide all relief, waivers, confirmations, exemptions, consents or approvals, and do all other acts, necessary, or which Apiam and HoldCo agree are desirable, to implement the Scheme and such relief, waivers, confirmations, exemptions, consents, approvals or other acts (as the case may be) remain in full force and effect in all respects and have not been withdrawn, revoked, suspended, restricted or amended (or become subject to any notice, intimation or indication of intention to do any such thing) before 8.00am on the Second Court Date;
- (c) **Shareholder approval:** the Requisite Majorities of Apiam Shareholders (other than Excluded Shareholders) approve the Scheme at the Scheme Meeting;
- (d) **Independent Expert:** the Independent Expert does not adversely change or qualify its conclusion that the Scheme is in the best interest of Apiam Shareholders in the absence of a superior proposal or withdraw its Independent Expert's Report before 8.00am on the Second Court Date;
- (e) **Court approval:** the Court approves the Scheme in accordance with section 411(4)(b) of the Corporations Act;
- (f) **Restraints:** no temporary restraining order, preliminary or permanent injunction, decree, ruling or other order enjoining, restraining or otherwise imposing a legal restraint or prohibition preventing the Scheme, in each case issued by a Government Agency (including any court of competent jurisdiction), is in effect at 8.00am on the Second Court Date;
- (g) **No Apiam Material Adverse Change:** there is no Apiam Material Adverse Change between the date of the Scheme Implementation Deed and 8.00am on the Second Court Date; and
- (h) **No Apiam Prescribed Occurrence:** no Apiam Prescribed Occurrence occurs between (and including) the date of the Scheme Implementation Deed and 8.00am on the Second Court Date.

The Scheme will not proceed unless all of the conditions precedent to the Scheme are satisfied or waived (as applicable) in accordance with the Scheme Implementation Deed.

As at the date of this Scheme Booklet, none of the Apiam Directors or BidCo Directors are aware of any circumstances which would cause any condition precedent not to be satisfied.

4.8 Implications if the Scheme does not become Effective

If the Scheme is not implemented:

- Apiam Shareholders will continue to hold Apiam Shares and will be exposed to general risks as well as risks specific to Apiam, including those set out in section 7 (other than those risks set out in section 7.4);
- Apiam Shareholders will not receive the Scheme Consideration;
- a Reimbursement Fee of \$1,650,000 (excluding GST) may be payable by Apiam to BidCo under certain circumstances. Those circumstances do not include the failure by Apiam Shareholders to approve the Scheme at the Scheme Meeting. Further information on the Reimbursement Fee is set out in section 9.6(f);

- Apiam will continue as an ASX-listed entity with management continuing to implement the business plan and financial and operating strategies it had in place prior to 18 August 2025, being the date of announcement of Adamantem's Proposal to ASX; and
- the price of an Apiam Share on the ASX may fall.

4.9 Key steps in the Scheme

(a) Scheme Meeting and Scheme approval requirements

The Court has ordered Apiam to convene the Scheme Meeting at which Apiam Shareholders will be asked to approve the Scheme.

The terms of the Scheme Resolution to be considered at the Scheme Meeting are contained in the Notice of Scheme Meeting in Annexure 4.

The Scheme will only become Effective and be implemented if:

- it is approved by the Requisite Majorities of Apiam Shareholders at the Scheme Meeting to be held at 11.00am (Melbourne time) on 3 February 2026 at Herbert Smith Freehills Kramer, Level 24, 80 Collins Street, Melbourne Victoria 3000 and through an online platform at <https://meetings.lumiconnect.com/300-490-877-328>;
- it is approved by the Court at the Second Court Hearing; and
- the other conditions precedent to the Scheme outlined in section 4.7 are satisfied or waived (as applicable).

The Requisite Majorities of Apiam Shareholders to approve the Scheme are:

- unless the Court orders otherwise, a majority in number (more than 50%) of Apiam Shareholders (other than Excluded Shareholders) present and voting at the Scheme Meeting (either in person, online or by proxy, attorney or, in the case of corporate Apiam Shareholders, body corporate representative); and
- at least 75% of the total number of votes cast on the Scheme Resolution at the Scheme Meeting by Apiam Shareholders (other than Excluded Shareholders) present and voting (either in person or by proxy, attorney or, in the case of corporate Apiam Shareholders, body corporate representative).

The Court has the power to waive the first requirement.

The entitlement of Apiam Shareholders to attend and vote at the Scheme Meeting is set out in the Notice of Scheme Meeting in Annexure 4.

Voting is not compulsory. However, the Apiam IBC Members unanimously recommend that Apiam Shareholders vote in favour of the Scheme in the absence of a Superior Proposal, and subject to the Independent Expert continuing to conclude that the Scheme is in the best interest of Apiam Shareholders.

You should be aware that even if you do not vote, or vote against the Scheme, the Scheme may still be implemented if it is approved by the Requisite Majorities of Apiam Shareholders and the Court. If this occurs, your Apiam Shares will be transferred to BidCo and you will receive the Scheme Consideration even though you did not vote on, or voted against, the Scheme.

The results of the Scheme Meeting will be available as soon as possible after the conclusion of the Scheme Meeting and will be announced to the ASX (www.asx.com.au) once available.

(b) Court approval of the Scheme

In the event that:

- the Scheme is approved by the Requisite Majorities of Apiam Shareholders at the Scheme Meeting; and

- all other conditions precedent to the Scheme (except Court approval of the Scheme) have been satisfied or waived (as applicable),

then Apiam will apply to the Court for orders approving the Scheme.

Each Apiam Shareholder has the right to appear at the Second Court Hearing.

(c) Effective Date

If the Court approves the Scheme, the Scheme will become Effective on the Effective Date, being the date an office copy of the Court order from the Second Court Hearing approving the Scheme is lodged with ASIC. Apiam will, on the Scheme becoming Effective, give notice of that event to the ASX.

Apiam intends to apply to the ASX for Apiam Shares to be suspended from trading on the ASX from close of trading on the Effective Date.

(d) Special Dividend Record Date, entitlement to any Special Dividend and Special Dividend Payment Date

If the Apiam Board determines to pay a Special Dividend, those Apiam Shareholders who are recorded on the Apiam Share Register on the Special Dividend Record Date (currently expected to be 7.00pm (Melbourne time) on 13 February 2026) will be entitled to receive the Special Dividend in respect of the Apiam Shares they hold at that time and will be paid the Special Dividend on the Special Dividend Payment Date (currently expected to be 16 February 2026).

(e) Scheme Record Date and entitlement to Scheme Consideration

Those Apiam Shareholders who are recorded on the Apiam Share Register on the Scheme Record Date (currently expected to be 7.00pm (Melbourne time) on 18 February 2026) will be entitled to receive the Scheme Consideration in respect of the Apiam Shares they hold at that time.

(1) Dealings on or prior to the Scheme Record Date

For the purposes of determining which Apiam Shareholders are eligible to participate in the Scheme, dealings in Apiam Shares will be recognised only if:

- in the case of dealings of the type to be effected using CHESS, the transferee is registered on the Apiam Share Register as the holder of the relevant Apiam Shares before the Scheme Record Date; and
- in all other cases, registrable transfer or transmission applications in respect of those dealings, or valid requests in respect of other alterations, are received by the Apiam Registry before the Scheme Record Date (and the transferee remains registered as at the Scheme Record Date).

- establishing a Business Improvement Team focussed on multi-disciplinary clinic support, to ensure the delivery of consistently high standards of care and to support clinic leaders in achieving target financial outcomes;
- monitoring operational KPIs more frequently and with greater accountability at the clinic level, with a focus on supporting lower-quartile performing clinics to drive revenue uplift and improve EBITDA margin; and

5.6 Material changes in financial position (since 30 June 2025)

To the knowledge of the Apiam Directors, there have been no material changes to the financial position of Apiam and the Apiam Group since 30 June 2025.

5.7 Current trading commentary and outlook

In an announcement to the ASX on 27 August 2025, Apiam provided the following outlook for the financial year ending 30 June 2025.

- The animal health and veterinary services industries continue to benefit from strong and favourable market dynamics. Increased demand for pet and animal care and advancements in veterinary technologies are expected to continue to underpin market opportunities and provide a solid foundation for long-term industry growth. Additionally heightened market demand is expected within the next three years as the record number of new COVID-pets acquired between FY20-FY21 begin to reach middle and senior years. To capitalise on these trends and to grow the business more profitably, Apiam has commenced the implementation and roll-out of its Strategic Reset Program and this is expected to deliver better revenue and earnings outcomes in FY26. Key priorities of the Program include driving revenue growth across the Clinical Veterinary Services segment, enhancing earnings margins across the Group and finding cost savings and efficiencies in Head Office operations.

The Apiam Directors have considered this outlook and confirm that nothing has come to their attention as at Last Practicable Date which has caused them to materially change their views as to the outlook of Apiam.

5.8 Capital structure

As at Last Practicable Date, the capital structure of Apiam was as follows:

Type of security	Number on issue
Apiam Shares	185,038,793
Apiam Performance Rights	4,421,294

As at the Last Practicable Date, Apiam holds 1,560,203 Apiam Shares in the Apiam share plan trust. The Apiam Board intends to exercise its discretion to approve the early vesting of all Apiam Performance Rights in accordance with their terms, conditional upon the Scheme becoming Effective. Accordingly, if the Scheme is implemented, it is proposed that all Apiam Performance Rights will vest and holders of Apiam Performance Rights will receive, for each Apiam Performance Right, one fully paid ordinary share in

Apiam, and will be eligible to participate in the Scheme in respect of those Apiam Shares. The Apiam Board expects to issue up to a further 2,861,091 Apiam Shares to the holders of unvested Apiam Performance Rights. Therefore, it is anticipated that Apiam will have 187,899,884 Apiam Shares on issue on the Implementation Date.

(e) **Corporate governance**

The affairs of HoldCo will be regulated under the HoldCo Shareholders' Deed, (including the Nominee Deed) and the HoldCo Constitution. Copies of these documents are attached at Annexure 5 (HoldCo Shareholders' Deed), Annexure 6 (HoldCo Constitution) and Annexure 7 (Nominee Deed).

A summary of the key rights and obligations attaching to Class B Shares is set out in section 6.3(f)(4) (although this summary is not exhaustive and Apiam Shareholders should read the HoldCo Shareholders' Deed, the Nominee Deed and the HoldCo Constitution in full).

The HoldCo Shares are not, and will not be for the foreseeable future be, quoted on any securities exchange. The corporate governance arrangements for HoldCo will differ significantly from those that Apiam currently has in place. After the Implementation Date, HoldCo is likely to adopt an approach to corporate governance appropriate for a closely held unlisted Australian public company limited by shares.

(f) **Class B Shares**

(1) **Overview**

As detailed in section 4.4, Eligible Apiam Shareholders have the option to make an Election to receive Mixed Consideration or All Scrip Consideration for their Scheme Shares, subject to any scale back under the Scaleback Arrangements to ensure that the total number of Class B Shares does not exceed 24% of the total number of shares on issue in HoldCo at implementation (being the Maximum Scrip Threshold) of the Scheme.

HoldCo is an unlisted Australian public company (which is a holding company of BidCo). For further details regarding HoldCo, please refer to section 6.3.

As set out in section 9.3, the Commitment Shareholders have agreed to make a valid Election for Mixed Consideration or All Scrip Consideration in respect of the Apiam Shares in which they hold as at the Scheme Record Date.

As noted above, the Scrip Consideration is also subject to a pro rata scale back (pursuant to the Scaleback Arrangements) if valid Elections would result in Class B Shares representing more than 24% of the total issued capital of HoldCo at implementation of the Scheme, being the Maximum Scrip Threshold.

(2) Illustrative examples of possible HoldCo capital structure

The following scenarios are illustrative in nature and reflect two potential variations of the HoldCo capital structure at the Implementation Date.

Each of the scenarios are based on a number of assumptions. The ultimate HoldCo capital structure immediately after implementation of the Scheme may therefore differ to the scenarios below.

The assumptions on which the illustrative scenarios are based include the following:

- the total amount of the transaction costs;
- the level of Apiam's net debt;⁶
- that Apiam will have 187,899,884⁷ Apiam Shares on issue at the Implementation Date;
- a Special Dividend of \$0.10 per Apiam Share will be determined and paid; and
- each Class A Share and Class B Share will have an issue price of \$1.00.

The actual outcome on implementation of the Scheme may differ from the assumptions made in this section 6.3(f)(2). This may result in changes to the sources and uses of funds following implementation and, consequently, the illustrative ownership of HoldCo on implementation.

Illustrative scenario 1: this scenario assumes the Maximum Scrip Threshold is reached (being where Commitment Shareholders, together with other Apiam Shareholders who make valid Elections for All Scrip Consideration or Mixed Consideration, receive Class B Shares representing 24% of the issued share capital in HoldCo).

(3) Nominee 'know your customer' requirements

You may not be eligible to receive Scrip Consideration if the Nominee is not satisfied that you have adequately completed the Nominee 'know your customer' requirements by **5.00pm (Melbourne time) on 10 February 2026** and in those circumstances you may be given All Cash Consideration without any further notice being given to you.

(4) Summary of rights and obligations attaching to Class B Shares

A summary of the key rights and obligations attaching to Class B Shares is set out below. This summary is not exhaustive. Eligible Apiam Shareholders considering making a valid Election to receive Mixed Consideration or All Scrip Consideration should read and understand the HoldCo Shareholders' Deed, the HoldCo Constitution and the Nominee Deed in full and seek their own independent advice before making a decision. These documents will be executed or adopted prior to the Implementation Date and will also be binding on all Apiam Shareholders receiving Class B Shares.

The HoldCo Shareholders' Deed and the HoldCo Constitution provide that the terms of the HoldCo Shareholders' Deed will prevail in the event of any inconsistency between them. For further details, see clause 33.11 of the HoldCo Shareholders' Deed and rule 1.4 of the HoldCo Constitution.

Note: any defined term used in this section that is not otherwise defined in this Scheme Booklet has the meaning given to it under the HoldCo Shareholders' Deed, HoldCo Constitution or Nominee Deed (as applicable).

Topic	Overview
	<p>repayment of Apiam Group debt and general working capital for the Apiam Group.</p> <p>As at the date of this Scheme Booklet, no Class B Shares are on issue. Those Scheme Shareholders who validly Elect to receive Mixed Consideration or All Scrip Consideration would be issued Class B Shares, subject to the terms of the Scheme (with legal title to these shares expected to be held by the Nominee, as described under “Nominee arrangements” below).</p> <p>The delineation between Class A Shares and Class B Shares in HoldCo is solely for the purposes of identification. Class A Shares and Class B Shares are both ordinary shares and will have identical economic and voting rights. Class A Shareholders and Class B Shareholders do, however, have different rights and obligations under the HoldCo Shareholders’ Deed (for example, Class B Shareholders are subject to certain restraints, which do not apply to Class A Shareholders, as summarised below).</p> <p>Class B Shares will be issued as fully paid ordinary shares in accordance with the terms of the Scheme and will have equal voting and economic rights to all other ordinary shares from the date of issue.</p> <p>Given the number of shares which will be held by the Adamantem Investors and the terms of the HoldCo Shareholders’ Deed, the Adamantem Investors will exercise effective control over HoldCo and will have the ability to determine the timing and terms of any Exit (including through rights to appoint a majority of the directors to the HoldCo Board, which will in turn control the management of HoldCo).</p> <p>Any Class B Shares that are transferred to an Adamantem Investor will be automatically re-designated as Class A Shares. A Scheme Shareholder will not hold Class A Shares at any time.</p> <p>Following the implementation of the Scheme, HoldCo may invite managers of the Apiam Group to co-invest for any class of HoldCo shares and/or to participate in a management equity plan. Managers who acquire HoldCo shares will be required to accede as a party to the HoldCo Shareholders’ Deed which will regulate the rights and obligations of those shareholders in relation to HoldCo and other shareholders of HoldCo, in addition to the terms of any such management equity plan.</p>
Power of attorney	<p>Each Class B Shareholder (Appointor) appoints HoldCo as its attorney in relation to certain matters dealt with in the HoldCo Shareholders’ Deed. Under the terms of the appointment, the attorney may:</p> <ul style="list-style-type: none"> complete, execute and deliver any documentation, deed, instrument, notice, resolution or similar; give representations, warranties and indemnities as contemplated by clause 17.4 of the HoldCo Shareholders’ Deed and to execute and deliver the definitive documentation for a disposal of HoldCo Shares in accordance with the HoldCo Shareholders’

Variation of class rights	<p>The rights attaching to Class B Shares may generally be varied by a resolution of the HoldCo Board. However, where a variation would be reasonably likely to discriminate against, or adversely affects their rights, obligations and/or interests relative to the Class A Shareholders, the variation of class rights must be approved by Class B Special Resolution.</p> <p>HoldCo (acting as attorney pursuant to clause 26 of the HoldCo Shareholders' Deed) may take any action, including giving directions to the Nominee or passing any resolution to effect the variation of class rights. Notice must be given to each Class B Shareholder within seven days of the resolution of the HoldCo Board making such a variation.</p> <p>For further details see clause 2.3 of the HoldCo Shareholders' Deed as well as rule 21.5 of the HoldCo Constitution.</p>
Dividends	<p>Subject to the Corporations Act, a decision to pay, and the amount of, dividends will be at the sole discretion of the HoldCo Board, taking into account (as the HoldCo Board considers appropriate):</p> <ul style="list-style-type: none"> retention of such reasonable and proper reserves for working capital requirements, possible future acquisitions, capital expenditure, debt amortisation or

Appointment of directors	<p>The HoldCo Board must be constituted by a minimum of 3 directors and a maximum of 7 directors, unless otherwise determined by the HoldCo Board.</p> <p>Each Investor Shareholder will have the right (but not the obligation) to appoint, remove, or replace one director to the HoldCo Board.</p> <p>For so long as a Class B Shareholder (either alone or together in aggregate with its Permitted Holders) holds at least 5% of the HoldCo Voting Share Capital, that Class B Shareholder has the right to appoint, remove and replace one director to the HoldCo Board (being a Class B Director) by written notice to HoldCo. The number of Class B Directors cannot exceed 3 directors. If more than 3 Class B Shareholders would otherwise be entitled to appoint a director, the right to appoint, remove, and replace Class B Directors will be determined by reference to which Class B Shareholders (alone or together with their Permitted Holders) hold the greatest proportion of HoldCo Voting Share Capital, with the three largest holders having the right to appoint a Class B Director.</p> <p>Any person nominated as a proposed director of HoldCo by Class B Shareholders must be approved by the Investor Shareholders in writing (with such approval not to be unreasonably withheld or delayed).</p> <p>The appointment of the Class B Directors takes effect when notice is given to HoldCo, provided the Class B Shareholder is entitled to make such appointment or removal in accordance with the HoldCo Shareholders' Deed and applicable laws.</p> <p>The appointment of any other directors is a matter for the Adamantem Investors.</p>

Appointment of Chair	<p>The HoldCo directors may appoint a chair (either on an ongoing basis, or at the relevant meeting).</p> <p>The chair does not have a casting vote.</p> <p>For further details, see clause 5.3(b) of the HoldCo Shareholders' Deed and rules 11.4 and 15.2 of the HoldCo Constitution.</p>

HoldCo Board quorum and voting	<p>The quorum for a HoldCo Board meeting will be two directors, of whom at least one must be an Investor Director and, to the extent any Class B Director has been appointed, one must be a Class B Director.</p> <p>If a quorum is not present within 30 minutes of the time set for the meeting, the meeting is adjourned to the same time and place two business days later and quorum at that meeting will be at least one Investor Director.</p> <p>Each director will have one vote.</p> <p>Resolutions of the directors of HoldCo are to be passed by simple majority.</p> <p>Directors may pass a resolution without a meeting being held if all directors who would be capable of approving the relevant resolution at a meeting sign the same document (or a copy of the same document).</p> <p>For further details see clause 5 of the HoldCo Shareholders' Deed.</p>
HoldCo Shareholder meetings and voting	<p>The quorum for a meeting of HoldCo Shareholders is any two shareholders, one of which must be an Investor Shareholder.</p> <p>If a quorum is not present within 30 minutes of the time set for the meeting, the meeting is adjourned to the same time and</p>

Tag along rights	<p>If the Investor Shareholders intend to sell 30% or more of the Voting Share Capital to a third party buyer in a single transaction or series of related transactions and have not issued a drag along notice, the Class B Shareholders must be invited to sell the same proportion of their HoldCo Shares on terms that are no less favourable on an overall basis than the terms on which the Investor Shareholders are proposing to dispose of their shares (taking into account the relative rights of such shares under the HoldCo Shareholders' Deed and the HoldCo Constitution).</p> <p>Class B Shareholders have appointed HoldCo as their attorney to perform certain actions under the tag along rights.</p> <p>For further details, see clauses 15 and 17.4 of the HoldCo Shareholders' Deed.</p>
Drag along rights	<p>If the Investor Shareholders and/or their affiliates intend to sell more than 50.1% of the Voting Share Capital to a third party buyer, each other Shareholder may be required to sell the same proportion of their HoldCo Shares on terms that are no less favourable on an overall basis than the terms on which the Investor Shareholders are proposing to dispose of their shares</p>

Topic	Overview
	<p>(taking into account the relative rights of such shares under the HoldCo Shareholders' Deed and the HoldCo Constitution).</p> <p>Each Shareholder (not only Class B Shareholders) must do all things and execute such documentation as is reasonably necessary or required by the Investor Shareholders to affect the proposed sale. Shareholders have also appointed the HoldCo as their attorney to undertake these actions under the drag along right.</p> <p>For further details, see clauses 16 and 17.4 of the HoldCo Shareholders' Deed.</p>
Exit	<p>The Investor Shareholders may, at any time, require HoldCo to commence a process to determine whether an Exit can be achieved on terms acceptable to the Investor Shareholders.</p> <p>The Investor Shareholders will determine all matters related to the conduct and execution of a process for an Exit.</p> <p>All Shareholders (not only Class B Shareholders) must do all things and execute such documentation as is required by HoldCo or the Investor Shareholders to effect the proposed Exit. Shareholders have also appointed HoldCo as their attorney to undertake any actions in connection with the exit facilitation provisions.</p> <p>An Exit may not necessarily involve all HoldCo Shareholders having the right or ability to realise cash for their HoldCo Shares. In addition, the Board can require that Management Shareholders participate in an exit on terms which differ from those applying to the Investor Shareholders (including any escrow restrictions or reinvestment requirements).</p> <p>For further details see clause 17 of the HoldCo Shareholders' Deed.</p>
Disposal of small holdings	<p>At any time after the first anniversary of the Implementation Date, one or more Investor Shareholders or HoldCo may require Class B Shareholders that hold a Small Holding (Small Shareholders) to dispose of that Small Holding. A Small Holding is a shareholding in Class B Shares with an aggregate issue price and/or face value at the time of issue of \$10,000 or less.</p> <p>The sale price for a Small Holding will be the fair market value of those shares as determined by the HoldCo Board (or determined by a valuation process).</p> <p>Class B Shareholders must take all actions requested by the Board to give effect to the disposal of the Small Holding. Class B Shareholders have also appointed HoldCo as their attorney to undertake actions to give effect to the sale of their Small Holding.</p> <p>For further details see clause 18 of the HoldCo Shareholders' Deed.</p>
Nominee arrangements	<p>It is a requirement under the HoldCo Shareholders' Deed that HoldCo has no more than 50 shareholders.</p>

Topic	Overview
	<p>To facilitate this requirement, a Class B Shareholder can be required to hold legal title to their Class B Shares through the Nominee. The Nominee arrangements may be imposed upon the issue of the Class B Shares or at any time after the Implementation Date. The Nominee arrangements are subject to customary onboarding and identity verification processes applicable to the Nominee being satisfied by 5.00pm (Melbourne time) on 10 February 2026, as summarised on the Election Form.</p> <p>The intention of the nominee arrangements is that a Class B Shareholder will still have the rights and obligations as set out in this table, as if the Class B Shareholder was holding the Class B Shares directly. That is, the voting, economic and other interests of the Class B Shareholder is intended to be unaffected by the Class B Shares being held by the Nominee.</p> <p>Specifically, each Class B Shareholder will continue to have the benefit of, and be bound by, all the provisions of the HoldCo Shareholders' Deed, which would have otherwise applied to that Class B Shareholder had it held legal title to their Class B Shares.</p> <p>The key terms of the nominee arrangements under the Nominee Deed and the HoldCo Shareholders' Deed are as follows:</p> <ul style="list-style-type: none"> • each Class B Shareholder will be a beneficial holder in relation to shares held by the Nominee as bare trustee on its behalf; • each Class B Shareholder will be able to instruct the Nominee to exercise voting rights or take other steps as the registered holder of shares on its behalf, and the Nominee also appoints each Class B Shareholder as an attorney for it to exercise voting rights attached to that Class B Shareholder's shares held by the Nominee as bare trustee on its behalf; • under the Nominee Deed, each Class B Shareholder who is a beneficial holder directs HoldCo to pay dividends in respect of its Class B Shares directly to the Class B Shareholder as beneficial holder; • the restrictions on encumbrances and disposals set out above continue to apply to the Class B Shareholders that are beneficial holders. However, a beneficial holder may transfer shares to a permitted transferee provided that the Board may require the Nominee to hold legal title to the relevant shares as bare trustee on behalf of the transferee. <p>The Class B Shareholders indemnify HoldCo and the Nominee for, amongst other things, liabilities which HoldCo and the Nominee incur arising out of or in connection the shares held by the Nominee on behalf of that Class B Shareholder as beneficial holder (subject to certain carve-outs).</p>

Events of default	<p>If a Shareholder (other than an Investor Shareholder) commits an event of default, their shares may be required to be disposed of in accordance with the terms of the HoldCo Shareholders' Deed. The events of default are as follows:</p> <ul style="list-style-type: none"> • a non-permitted dealing or disposal of HoldCo Shares (subject to a remedy period); • a breach of a material obligation under the Transaction Documents (subject to a remedy period); • a breach of any restraints given by the Shareholder (including under clause 24 of the HoldCo Shareholders' Deed) by the Shareholder or its Relevant Manager; • the Shareholder or its Relevant Manager being subject to an Insolvency Event; • a person becoming a Shareholder or beneficial holder pursuant to a transfer of shares in breach of the HoldCo Shareholders' Deed or the transferee ceasing to be a Permitted Holder and not complying with the provisions of the HoldCo Shareholders' Deed to remedy the transfer; • a non-permitted change in Control of the Shareholder; or • the Shareholder or its Relevant Manager is convicted of an indictable criminal offence (or equivalent in any jurisdiction outside Australia) which would, in the reasonable opinion of the Board adversely affect the financial performance or reputation of the Business. <p>The price for such shares disposed of will be an amount equal to 85% of the fair market value of those shares as determined by the HoldCo Board (or determined by a valuation process) (except in the case of an event of default arising from an insolvency event, in which case it will be 100% of the fair market value).</p> <p>For further details see clause 19 of the HoldCo Shareholders' Deed.</p>
Restraint	<p>The HoldCo Shareholders' Deed contains certain non-compete, non-solicit and non-interference restraints that will apply to certain HoldCo Shareholders, including Class B Shareholders (and their affiliated managers).</p> <p>Under the restraint, each Restricted Person undertakes that it and its Affiliates will not, in the Restricted Area:</p> <ul style="list-style-type: none"> • become engaged or involved in any business which is the same or substantially similar to the Business, or

(5) Different regulatory regime for Class B Shares

A different regulatory regime will apply to Class B Shares as compared to Apiam Shares at present. Class B Shares will be issued to Scheme Shareholders who make a valid Election to receive Mixed Consideration or All Scrip Consideration, subject to the terms of the Scheme (with legal title to these shares expected to be held by the Nominee per the onboarding and identity verification requirements set out in section 6.3(f)(3) above and as summarised on the Election Form) subject to the application of the Scaleback Arrangements.

As HoldCo is, and will be, an unlisted public company with less than 50 shareholders following implementation of the Scheme, neither the Listing Rules nor Australia's takeover regime under the Corporations Act will apply. This means that investor protections currently available to Apiam Shareholders in respect of their Apiam Shares under the Listing Rules and Chapter 6 of the Corporations Act will not apply to those Scheme Shareholders who receive Scrip Consideration as a component of Mixed Consideration or under the All Scrip Consideration.

A summary of some of the key types of investor protections that will no longer apply is set out in the table below. The summary is not exhaustive:

Continuous Disclosure (Listing Rules – Chapter 3)	This Chapter contains obligations on listed entities to immediately disclose material price sensitive information to the market. It also imposes limits on the ability of listed entities to issue shares under a rights issue, dividend or distribution plan or during a takeover unless prescribed conditions are met.	Holders of Class B Shares may be diluted without the approval of HoldCo shareholders at a general meeting.

6.4 Rationale for proposed acquisition of Apiam

The acquisition of Apiam in accordance with the terms of the Scheme represents a strategic opportunity for Adamantem. Adamantem is attracted to the industry fundamentals and growth potential for animal health and veterinary services in Australia and sees an opportunity for Apiam to expand its reach in the communities it serves. Adamantem intends to leverage its diverse expertise in managing distributed networks in the healthcare and consumer segments to enable Apiam's continued growth.

If the Scheme is approved and implemented, Adamantem will focus on investing in new and existing facilities, standardising models of care, uplifting training and development of the clinical teams, with an ultimate objective to deliver comprehensive animal care through a diversified network of veterinarians and clinics.

Adamantem intends to work with Apiam's management team to develop a detailed plan for the future growth and operation of the Apiam business. Adamantem intends to develop the future business strategy after, and informed by, the results of this process and based on the facts and circumstances relevant at the time of implementation.

6.5 Funding arrangements for the Scheme Consideration

(a) Maximum Cash Consideration

If the Scheme becomes Effective, the Scheme Consideration payable to Scheme Shareholders under the Scheme will be satisfied by a combination of the payment of the Aggregate Cash Consideration and the issue of such number of Class B Shares as are the subject of valid Elections (subject to the terms of the Scheme including any application of the Scaleback Arrangements).

Based on the number of Apiam Shares expected to be on issue as at the Implementation Date, the maximum amount of cash consideration BidCo may be required to pay to Scheme Shareholders under the Scheme is approximately \$134.3 million (which assumes no additional Elections (beyond those to be made by the Commitment Shareholders) for the Mixed Consideration or the All Scrip Consideration are made, and no Special Dividend is declared or paid prior to implementation of the Scheme) **(Maximum Cash Consideration)**.

As set out in section 9.3, the Commitment Shareholders have agreed to make an Election to receive the Mixed Consideration or All Scrip Consideration in respect of all of their Apiam Shares held at the Scheme Record Date. The number of Apiam Shares the subject of Commitment Deeds to receive the All Scrip Consideration or the Mixed Consideration is 33,487,975 Apiam Shares in aggregate, being approximately 17.8% of

the total number of Apiam Shares on issue.¹⁸ This figure has been taken into account in the above calculation of the Maximum Cash Consideration.

Cash funding arrangements

BidCo intends to fund the Aggregate Cash Consideration with a combination of equity and debt funding. As detailed below, BidCo will fund the Aggregate Cash Consideration through equity committed by the Adamantem Fund or provided by other Adamantem Investors, as well as third party debt financing via a senior debt facility.

(1) Equity funding arrangements

BidCo has the benefit of an equity commitment letter from the Adamantem Fund (**Equity Commitment Letter**), under which those investors severally commit to provide BidCo an amount which, when taken together with the proceeds of the debt financing described in section 6.5(a)(2), is sufficient to fund the Maximum Cash Consideration (**Equity Financing**).

The Adamantem Fund has uncalled but committed capital from investors (**Adamantem Investors**) in excess of the amount which would be required to fund the full amount under the Equity Commitment Letter, if required. Apiam is also a party to the Equity Commitment Letter and the terms of the Equity Commitment Letter provide that Apiam may enforce its terms.

The commitments from the Adamantem Investors under the Equity Commitment Letter are in the following proportions:

Investor	Individual Equity Commitment
Adamantem Capital Fund II Trust 2A(1)	31.5%
Adamantem Capital Fund II Trust 2A(2)	29.3%
Adamantem Capital Fund II Trust 2A(3)	15.0%
Adamantem Capital Fund II Trust 2C	24.2%

The Adamantem Fund may direct any fund entity or other person (for example, another Adamantem Investor) to fund all or a portion of the Equity Financing, however in such case the Adamantem Fund continues to be responsible to BidCo and Apiam for its obligations under the Equity Commitment Letter until such contributions are made to BidCo.

The Equity Financing may only be used for the purpose of BidCo meeting its obligations to pay:

- part of the Aggregate Cash Consideration under the Scheme; or
- the Reverse Reimbursement Fee,

in each case, when and if, those obligations become due in accordance with the relevant documents.

The obligation on the Adamantem Fund to provide the Equity Financing for the purpose of BidCo paying the Aggregate Cash Consideration under the Scheme is conditional on the satisfaction or waiver (as applicable) of each of the conditions of the Scheme Implementation Deed.

¹⁸ Based on 33,487,975 Apiam Shares held by Commitment Shareholders as at the Last Practicable Date (plus Apiam Shares expected to be issued to the relevant Commitment Shareholder following vesting and exercise of all Apiam Performance Rights as contemplated in section 9.2) and assuming 187,899,884 Apiam Shares on issue following the vesting and exercise of all outstanding Apiam Performance Rights.

The Adamantem Fund is obliged to provide sufficient Equity Financing under the Equity Commitment Letter for the purpose of BidCo paying the Reverse Reimbursement Fee where that fee is payable under the Scheme Implementation Deed.

The Adamantem Fund must provide the Equity Financing except where the conditions are not satisfied, or the Equity Commitment Letter is terminated in accordance with its terms. Under the terms of the Equity Commitment Letter, the Adamantem Fund undertakes to have available an amount equal to the Equity Financing or the Reverse Reimbursement Fee, as applicable.

(2) Debt funding arrangements

Alongside entry into the Scheme Implementation Deed, BidCo entered into binding debt commitment letters with the Lenders on 10 October 2025 (collectively, the **Debt Commitment Letters**). Under the Debt Commitment Letters, the Lenders agreed to provide a financing package to BidCo comprising a senior term loan facility and a growth / capex / acquisitions facility and a super senior working capital facility in an aggregate amount of up to A\$181.15 million (the **Senior Facilities**). On 8 December 2025 the Senior Facilities were documented in a definitive long form syndicated facility agreement, security trust and intercreditor deed and general security deed (Senior Finance Documents), replacing the Debt Commitment Letters.

The proceeds under the Senior Facilities will be available to BidCo for, among other things, the purpose of:

- funding part of the purchase price for the acquisition of Scheme Shares;
- refinancing certain existing debt facilities of the Apiam Group; and
- paying certain costs and expenses incurred in connection with the Scheme and associated transactions.

The proceeds that will be available to BidCo under the Senior Facilities, together with the Equity Financing, are in excess of the amount that is required to fund the Maximum Cash Consideration.

The drawdown of the Senior Facilities is subject to the satisfaction of certain conditions precedent, which are customary for facilities of this kind and include confirmation that:

- the conditions (other than payment of the Scheme Consideration and any other condition that is to be satisfied on the Implementation Date) to completion of the acquisition under Scheme Implementation Deed have been satisfied or waived (to the extent such waiver (A) would not reasonably be expected to materially and adversely affect the interests of the Lenders or (B) has been approved by the Lenders (not to be unreasonably withheld, conditioned or delayed));
- completion of the acquisition of the Scheme Shares has occurred or will occur on the Implementation Date, after the date of initial drawdown of the Senior Facilities, in accordance with the Scheme Implementation Deed; and
- there has been no termination of, amendment to, or waiver under the Scheme Implementation Deed which would reasonably be expected to materially and adversely affect the interests of the financiers without the prior written consent of the financiers (not to be unreasonably withheld, conditioned or delayed).

It is expected that the abovementioned conditions precedent will be satisfied before the Second Court Date (other than certain conditions which are intended to be satisfied concurrently with, the first drawdown under the Senior Facilities, including the payment of fees and expenses).

If all of the conditions precedent are satisfied or waived, then subject to the provisions set out in the paragraph below and provided that it is not unlawful for the Lenders to do so, the Lenders must provide the funds for their portion of the commitment under the Senior Facilities. As at the date of this Scheme Booklet, BidCo is not aware of any reason why any of the conditions precedent under the Senior Finance Documents will not be satisfied, and is confident they will be satisfied, in time to allow payment in full of the

aggregate Scheme Consideration for the Scheme Shares as and when due under the terms of the Scheme.

The availability of the Senior Facilities is on customary “certain funds” terms. The circumstances in which the Senior Facilities can be terminated are if:

- there is a material unremedied breach of certain material representations;
- a material event of default occurs and is not remedied;
- it is unlawful for a Lender to provide the Senior Facility;
- a change of control, listing or other public offering of equity interests in Bidco or its direct holding company occurs; or
- if the Transaction is not proceeding.

As at the date of this Scheme Booklet, BidCo is not aware of the occurrence of any such material misrepresentation or material event of default or any circumstance that would lead to any misrepresentation or an event of default which would give rise to a right to the financiers to terminate the Senior Facilities.

As at the date of this Scheme Booklet, BidCo is not aware of any reason why the Senior Facilities will not be available to be drawn down for the purposes of acquiring the Scheme Shares as contemplated by the Scheme.

(3) Scrip Consideration

BidCo and HoldCo have entered into the Deed Poll to covenant in favour of the Scheme Shareholders to perform their respective obligations in relation to the Scheme. This includes the obligation to provide or procure the provision of the Scheme Consideration to the Scheme Shareholders in accordance with the terms of the Scheme, including to issue all Class B Shares the subject of valid Elections by the Scheme Shareholders under the terms of the Scheme (subject to the Scaleback Arrangements).

(4) Reasonable basis

On the basis of the arrangements outlined above, BidCo believes it has a reasonable basis for holding the view, and it does hold the view, that BidCo will be able to satisfy its obligations to fund the Scheme Consideration as and when it is due and payable under the terms of the Scheme.

6.6 Intentions if the Scheme is implemented

If the Scheme is implemented, BidCo will become the holder of all of the Apiam Shares on issue and, accordingly, Apiam will become a wholly owned Subsidiary of BidCo. This section 6.6 sets out the current intentions of BidCo in relation to:

- the continuation of the operations and business of Apiam, including any redeployment of significant assets of Apiam;
- changes to the Apiam Board and the Apiam management team;
- the future employment of the present employees of Apiam; and
- the delisting of Apiam from the ASX,

assuming BidCo acquires the Scheme Shares as a result of implementation of the Scheme. The intentions of BidCo are the same as the intentions of each HoldCo Group Member, the Adamantem Fund and the Adamantem Investors.

The statements in this section 6 regarding BidCo's intentions are statements of present intentions only and are based on information concerning the Apiam Group and the general business environment which are known to BidCo at the time of the preparation of this Scheme Booklet. Final decisions regarding these matters will be made in light of all material information, facts and circumstances at the relevant time if the Scheme is implemented. Accordingly, it is important to recognise that the statements set out in this

section 6 are statements of current intention only and may change as new information becomes available or circumstances change.

(a) Business continuity and operations

If the Scheme is implemented, BidCo intends to conduct a review of Apiam operations on both a strategic and financial level to:

- evaluate Apiam performance, profitability and prospects; and
- identify opportunities to enhance operational efficiency, optimise the business structure, and support future growth initiatives.

BidCo's current intention is to continue to operate Apiam's business substantially in its current form in the near term. BidCo will work closely with Apiam's management team to develop a detailed plan for the ongoing growth and operation of the business, leveraging Apiam's strong market position, national network and experienced workforce. Any further decisions regarding the future direction of Apiam's business and operations will be made following, and informed by, the outcomes of this review process.

In line with standard private equity practice, the Adamantem Investors may consider an exit from their investment in Apiam in the future, subject to prevailing market conditions, the performance of the business, and other relevant factors at the time.

(b) Board of directors

If the Scheme is implemented, BidCo intends to replace the board of Apiam with BidCo nominees with effect on and from the Implementation Date. The directors of Apiam are not expected to be finalised until closer to the Implementation Date.

(c) Management team

BidCo acknowledges there is significant value, knowledge and expertise in the management team of Apiam. Following implementation of the Scheme, BidCo will consider the establishment of a customary equity incentive plan for eligible management of Apiam.

(d) Employees

As a leading rural veterinary business, Apiam is fundamentally a people-driven organisation, employing more than 1,000 professionals across over 80 sites nationwide. Apiam's team comprises highly experienced veterinarians, clinic leads, coordinators, and support staff, all dedicated to delivering best-in-class animal health services and care to clients and communities throughout Australia. BidCo is confident that Apiam, on the whole, has the appropriate mix and level of employees and skills to enhance the business going forward and to pursue the numerous growth opportunities available to it.

(e) Services arrangements

The HoldCo Group may enter into an agreement with Adamantem Capital (or one of its Related Bodies Corporate) in respect of time and resources that Adamantem Capital spends working with the HoldCo Group. These arrangements have not yet been determined. Such work may include, but is not limited to, Adamantem Capital's ongoing monitoring and management of its investment in HoldCo and transactions on which Adamantem Capital provides management and/or advisory services. Any such arrangements will be made on terms which are commercial and at arm's length and consistent with market practice in the context of private equity investors. The HoldCo Group anticipates that the fees for services payable by the HoldCo Group under such arrangements will be no more than \$2 million per year (excluding any amount in respect of GST).

(f) Delisting

If the Scheme is implemented, BidCo will procure that Apiam applies to the ASX to be removed from the official list of the ASX after implementation of the Scheme and subsequently converted to a proprietary company limited by shares.

(g) Changes to Apiam's constitution

BidCo intends to replace Apiam's constitution with a constitution appropriate for a proprietary company limited by shares (consistent with the intention expressed in section 6.6(f) as part of the steps to convert Apiam into a proprietary company limited by shares as practicable following the Implementation Date).

6.7 HoldCo Group's interests in Apiam Shares

(a) Interests in Apiam Shares

- (b) As at the date of this Scheme Booklet, HoldCo and the HoldCo Group have a Relevant Interest and voting power in 36,604,562 Apiam Shares (being approximately 19.8% of Apiam's Shares on issue as at the date of this Scheme Booklet). This Relevant Interest and voting power arises from the Call Option Deed entered into by BidCo and CJOEA Family Company Pty Ltd, an entity controlled by Apiam's founder, Dr Chris Richards as announced to the ASX on 18 August 2025. **No dealings in Apiam Shares in previous four months**

Neither BidCo nor any of its associates has provided, or agreed to provide, consideration for Apiam Shares under any transaction or agreement during the four months before the date of this Scheme Booklet except for the Scheme Consideration which BidCo and HoldCo have agreed to provide under the Scheme (as set out in the Scheme Implementation Deed and Deed Poll).

(c) No inducing benefits given during previous four months

During the period of four months before the date of this Scheme Booklet, neither BidCo nor any of its associates have given, or offered to give, or agreed to give a benefit to another person which was likely to induce the other person, or an associate of the other person, to:

- (1) vote in favour of the Scheme; or
- (2) dispose of Apiam Shares,

where the benefit was not offered to all Apiam Shareholders.

(d) Benefits to current Apiam officers

Other than as disclosed in this Scheme Booklet, none of BidCo or any of its associates will be making any payment or giving any benefit to any current director, secretary or executive officer of Apiam or any of its Related Bodies Corporate as compensation or consideration for, or otherwise in connection with, their resignation from their respective offices if the Scheme is implemented.

(e) No interests of BidCo directors in Apiam Shares

As at the date of the Scheme Booklet, none of the directors of any HoldCo Group Member have a Relevant Interest in any Apiam Shares.

(f) No other agreements or arrangements

Other than the Call Option Deed, neither Adamantem, any HoldCo Group Member nor their associates have entered into or agreed any agreement or arrangement with an Apiam Shareholder in connection, with or conditional on the outcome of, the Scheme.

(g) Disclosure of interests and fees

Other than as set out in this Scheme Booklet or pursuant to existing employment agreements, consulting arrangements or directorships, no:

- (1) director or proposed director of HoldCo; or
- (2) person named in this Scheme Booklet as performing a function in a professional, advisory or other capacity in connection with the preparation or distribution of this Scheme Booklet,

holds, or held at any time during the last two years, any interests in:

- (3) the formation or promotion of HoldCo;

- (4) property acquired or proposed to be acquired by HoldCo in connection with its formation or promotion or the offer of Class B Shares under the Scheme; or
- (5) the offer of Class B Shares under the Scheme.

6.8 No other material information

Other than as disclosed in this section 6, there is no information regarding BidCo, or its intentions regarding Apiam, that is material to the making of a decision by an Apiam Shareholder on whether or not to vote in favour of the Scheme that is within the knowledge of any director of BidCo as at the date of this Scheme Booklet that has not been previously disclosed to Apiam Shareholders.

7 Risks

7.1 Introduction

In considering the Scheme, Apiam Shareholders should be aware that there are a number of risk factors, both general and specifically relating to Apiam, which may affect the future operating and financial performance of Apiam and the price and / or value of Apiam Shares.

If the Scheme is implemented, the risks in sections 7.2, 7.3 and 7.4 will not apply to Apiam Shareholders who do not elect to receive the All Scrip Consideration or Mixed Consideration and instead receive the All Cash Consideration, as those Apiam Shareholders will no longer hold any interest in the Apiam business.

If the Scheme is not implemented, Apiam Shareholders will continue to hold Apiam Shares and continue to be exposed to risks associated with investment in Apiam.

In deciding whether to vote in favour of the Scheme, Apiam Shareholders should read this Scheme Booklet carefully and consider the following risk factors. These risk factors do not take into account the individual investment objectives, financial situation, position or particular needs of Apiam Shareholders. In addition, this section 7 is a summary only and does not purport to list every risk that may be associated with an investment in Apiam (or HoldCo, for Apiam Shareholders who Elect to receive the All Scrip Consideration or the Mixed Consideration) now or in the future. There also may be additional risks and uncertainties not currently known to Apiam which may have a material adverse effect on Apiam's operating and financial performance and the value of Apiam Shares (including an indirect investment in Apiam Shares through an interest in HoldCo following implementation of the Scheme).

Whilst the Apiam IBC Members unanimously recommend that Apiam Shareholders vote in favour of the Scheme in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interest of Apiam Shareholders, Apiam Shareholders are encouraged to make their own independent assessment as to whether to vote in favour of the Scheme. The Apiam IBC Members, Bruce Dixon and Vita Pepe make no recommendation to Apiam Shareholders in relation to the All Scrip Consideration or the scrip component of the Mixed Consideration.

7.2 General risks

Apiam is exposed to a number of general risks that could materially adversely affect its assets and liabilities, financial position, profits, prospects and potential to make further distributions to Apiam Shareholders, and the price and / or value of Apiam Shares. General risks that may impact on Apiam or the market for Apiam Shares include:

- changes in general business, industry cycles and economic conditions including inflation, interest rates, exchange rates, commodity prices and consumer demand;
- changes to government policy, legislation or regulation;
- the nature of competition in which Apiam operates;
- inclusion or removal from major market indices;
- natural disasters or catastrophes and other general operational and business risks;
- variations in Apiam's operating results;
- recommendations by securities analysts;
- changes in investor sentiment and overall performance of the Australian and international stock markets;

- the operating and trading price performance of other comparable listed entities; and
- changes to accounting standards and reporting standards.

Some of these factors could affect Apiam's share price regardless of Apiam's underlying operating performance.

7.3 Risks relating to the business and operations of Apiam

(a) Exposure to production animal industry

Apiam operates in the production animal industry, with particular exposure to the pig, feedlot cattle, and dairy cattle sectors. A downturn or disruption in any of these sectors, particularly if it results in a substantial reduction in livestock numbers or production volumes, could have an adverse impact on Apiam's financial performance.

Apiam's financial performance depends on its ability to retain clients (both for clinical and intensive veterinary services). While no single client or buying group accounted for more than 10% of Apiam's revenue in FY25, any future consolidation within Apiam's client base may increase client concentration risk. This could potentially affect margins and reduce pricing flexibility across products and services delivered to larger, consolidated client groups.

(b) Contractual risk

Apiam has contractual obligations and rights with respect to a number of agreements it is a party to. These agreements may include provisions which allow for termination for convenience or otherwise. No assurance can be given that all such agreements will be fully performed by all contracting parties or that Apiam will be successful in securing compliance with the terms of each agreement by the relevant contracting party. If a contracting party were to breach or terminate a material agreement, Apiam's business, operations and financial performance could be adversely affected.

(c) Reliance on availability of key products

Apiam is reliant on the consistent availability of key animal health products, particularly vaccines. Any recurring or prolonged disruption to the supply of these products may negatively affect Apiam's ability to service clients and impact overall performance.

(d) Competition

A number of businesses compete with Apiam across all of its operating segments. Apiam is committed to supporting its clinics with high performing staff, investing in its service programs and leveraging technology and partnerships to maintain and grow its competitive position.

However, the market share of Apiam's competitors may increase or decrease as a result of various factors such as securing major new contracts (whether short-term or long-term), developing new technologies and adopting pricing strategies specifically designed to gain market share. These competitive actions may reduce the prices Apiam is able to charge for its services and products, reduce Apiam's activity levels, or lead to a reduction in Apiam's market share, all of which would negatively impact the financial performance of Apiam and could materially affect Apiam's financial performance or cash flows.

(e) Key personnel risk

An investment in Apiam is in large an investment in the Apiam key management team and personnel. The loss of key members of management or other key personnel, or a change in the senior management team, could have a material adverse effect on Apiam's operations and may hinder the ability of Apiam to achieve its business strategy and growth objectives.

(f) Changes to laws and regulations

Apiam may be adversely impacted by the introduction of new governmental policy, laws, regulations or rules enacted, or existing policy, laws, regulations or rules amended or

interpreted in such a way, that apply to the services Apiam provides or impose regulations on its operations.

(g) Climate change risk

Apiam recognises that climate change presents significant risks to our operations and overall business environment. Extreme weather events and changing climate patterns could impact or disrupt the pig, feedlot cattle, dairy cattle and other production animal industry sectors that Apiam provides services to. Furthermore, as governments increasingly implement environmental regulations aimed at reducing carbon emissions, Apiam may face higher compliance costs and potential penalties.

(h) Tax risk

Tax laws are complex and subject to change over time, depending on changes in the laws and the practices or policies of the governments and regulatory authorities. There is a risk that changes to Australian tax laws, policies and / or practice, or the manner in which they are interpreted or applied, may impact the Apiam Group's operations and may have an adverse impact on shareholder returns.

7.4 Risks relating to HoldCo Shares

This section 7.4 sets out some of the key risks relating to HoldCo Shares. These risks will only apply to Apiam Shareholders who receive the All Scrip Consideration or the Mixed Consideration under the Scheme.

(a) Risks associated with an investment in HoldCo post implementation of the Scheme

Apiam Shareholders who elect to receive either the All Scrip Consideration or the Mixed Consideration should consider a number of risks that can be broadly classified as risks specific to an investment in HoldCo Shares post implementation of the Scheme and general risks relating to investing in unquoted securities. These risks may, individually or in combination, have a material adverse effect on any one or more of HoldCo's future financial performance, financial position, cash flows or, distributions and your ability to dispose of HoldCo Shares if you wish to do so (noting the restrictions under the HoldCo Shareholders' Deed on disposals of HoldCo Shares outlined in section 6.3(f)) and consequently, on the outcome of an investment in HoldCo and the value of your HoldCo Shares.

You should read this Scheme Booklet in its entirety and specifically consider the factors contained within this section 7.4 before making an Election to receive the Mixed Consideration or the All Scrip Consideration alternative.

You should also carefully consider these factors in the light of your personal circumstances and seek professional advice from your accountant, tax adviser, stockbroker, lawyer or other professional adviser before deciding whether to make an Election to receive the Mixed Consideration or the All Scrip Consideration alternative. There is no guarantee that Adamantem will achieve its stated objectives or any of its statements of current future intent as described in section 6.6, or that any dividends or distributions will be paid to HoldCo shareholders post implementation of the Scheme.

You should note that this section 7.4 is not an exhaustive list of the risks associated with an investment in HoldCo post implementation of the Scheme. Further, many of these risks are outside the control of HoldCo, BidCo or Adamantem and either cannot be mitigated or can only be partially mitigated.

The risk factors that apply to an investment in HoldCo post implementation of the Scheme are materially different from those that apply to your existing investment in Apiam.

Despite the operating history of Apiam, an investment in HoldCo post implementation of the Scheme should be considered a speculative investment.

For further information about the rights and risks associated with HoldCo Shares see section 6.3.

(b) Risks specific to HoldCo and HoldCo Shares post implementation of the Scheme

Liquidity Risk

HoldCo, post implementation of the Scheme, will be an unlisted public company. As such, there will be no public market for the trading of HoldCo Shares post implementation of the Scheme, nor is there expected to be any such market in the future. There are restrictions on the disposal of HoldCo Shares under the HoldCo Shareholders' Deed that will restrict any prospective seller of HoldCo Shares from trading in their HoldCo Shares. This will result in HoldCo Shares being substantially illiquid. This may also affect the value of HoldCo Shares post implementation of the Scheme as well as your ability to dispose of them, either at all or in a timely manner.

As noted above, there are also substantial restrictions on the ability of shareholders in HoldCo to transfer their HoldCo Shares under the HoldCo Shareholders' Deed.

HoldCo Shareholders' Deed

Apium Shareholders who receive HoldCo Shares under the Scheme will become parties to the HoldCo Shareholders' Deed, which is intended to govern the relationship between investors in HoldCo. The HoldCo Shareholders' Deed provides shareholders in HoldCo with certain rights and obligations in connection with, amongst other things, the governance of HoldCo and the disposal of HoldCo Shares.

Rollover Shareholders' minority voting rights

As Apium Shareholders who receive HoldCo Shares under the Scheme will collectively have no more than a 24% interest in HoldCo, they will be subject to risks inherent in minority shareholdings. As at the Implementation Date, it is expected that only the Adamantem Investors will hold Class A Shares in the capital of HoldCo. Class A Shares contain rights to appoint the majority of directors to the HoldCo Board. Apium Shareholders who receive HoldCo Shares will have more limited voting rights under the HoldCo Shareholders' Deed as compared to the Adamantem Investors. An individual shareholder in HoldCo or group of shareholders, acting together (other than the Shareholders), will not be able to affect the governance of HoldCo (subject to certain reserved matters).

Apium Shareholders who receive HoldCo Shares under the Scheme will therefore, in most cases, be subject to the decisions made by the Adamantem Investors in relation to HoldCo and BidCo.

Different regulatory regime

Many of the protections available to shareholders of Australian listed companies are not available to shareholders of unlisted companies. For example, ASX listed companies are subject to continuous disclosure obligations under the Listing Rules.

As HoldCo will be an unlisted public company and Apium will be removed from the official list of the ASX following the Implementation Date, the Listing Rules and, subject to certain conditions, Australia's takeover regime will not apply to the acquisition of Class B Shares and information that may have required disclosure under the Listing Rules may not be available to shareholders.

There is a risk that, because of the different regulatory regime that applies to an investment in HoldCo, HoldCo Shareholders may not realise the outcome with respect to their investment that they intended, or which might have been available were their investment in a listed entity.

Further details of the difference in regulatory regimes are set out at section 6.3(f)(5).

Lack of dividends

The declaration and payment of any dividend will be at the sole discretion of the HoldCo Board (subject to the Corporations Act).

It should be noted that certain members of the HoldCo Group have entered into documents with financial institutions that contain covenants restricting certain members of the HoldCo Group from declaring or paying a dividend except in limited circumstances.

To the extent HoldCo pays any dividends in the future, the level of franking on any dividends on Class B Shares will be affected by the level of HoldCo's available franking credits and distributable profits. HoldCo's level of franking credits may be affected by a wide range of factors, including its business performance, the jurisdictions in which Apiam makes profits and pays tax and any other franked dividends it may receive (if any). HoldCo's distributable profits may also be affected by a wide range of factors including its levels of earnings. The level of franking on any dividend may vary over time and dividends may be partially, fully or not franked. The value and availability of franking credits to a Class B Shareholder will depend on that Class B Shareholder's particular circumstances.

Limited information rights

Due to the difference in regulatory regimes applying to an investment in Apiam Shares and an investment in Class B Shares, Class B Shareholders will receive more limited information in relation to HoldCo than they currently receive as Apiam Shareholders. For further details see section 6.3(f)(5).

Exit

Consistent with usual private equity practice, the Adamantem Investors may seek to 'exit' their investment in the Apiam business in the future. This is subject to the Adamantem Investor's preferences, prevailing market conditions, the performance of the business and other factors which may be considered relevant at the time. As such, the time period for the exit is currently unknown and is at the discretion of the Adamantem Investors.

There is no guarantee that Class B Shareholders will be able to sell their Class B Shares if a decision to exit is not made by the Adamantem Investors. In particular, there will be no active market for the sale and purchase of Class B Shares following implementation of the Scheme and there are restrictions, in the HoldCo Shareholders' Deed, on the ability of Class B Shareholders to sell or transfer their Class B Shares other than in very limited circumstances.

Conversely, there is no guarantee that Class B Shareholders will want to sell their Class B Shares at the same time as a decision to exit is made by the Adamantem Investors. Despite this, if a decision to exit is made, Class B Shareholders may be forced to sell their Class B Shares under the HoldCo Shareholders' Deed. Class B Shareholders may not agree with the exit strategy adopted by HoldCo or may not receive the price and return on investment they expect (and may be required to take up a higher proportion of non-cash consideration as part of any exit as compared to the Adamantem Investors). For further information about the exit rights of Class B Shareholders see section 6.5(a)(4) and clause 17.4 of the HoldCo Shareholders' Deed.

Dilution

HoldCo may need to raise additional capital through the issue of new shares in the future in order to meet operating and/or financing requirements of HoldCo or its Subsidiaries. In addition, HoldCo may issue HoldCo Shares to key management and principals of the Apiam Group the establishment of a management equity plan.

Future capital raisings, equity funded acquisitions by the HoldCo Group or issuance of shares to management undertaken in accordance with the HoldCo Shareholders' Deed, may dilute the holdings of a particular Class B Shareholder relative to other HoldCo Shareholders.

In the event that further equity funding is required, existing HoldCo Shareholders may be offered the opportunity to participate and, if they do not take up their proportional share of any pro rata issue of shares offered to them, have their stakes diluted relative to other HoldCo Shareholders who elected to take up their proportional share of any pro rata issue.

Scaleback Arrangements

As noted in section 9.3, the effect of the Commitment Deeds is that it is known that Apiam Shareholders representing at least 17.8% of Apiam's fully diluted issued share capital¹⁹ will make an Election, assuming that none of those Commitment Shareholders dispose of any of their Apiam Shares prior to the Scheme Record Date. Accordingly, based on the illustrative HoldCo capital structure set out in section 6.3(f)(2), the Scaleback Arrangements (which are set out in greater detail in section 4.4(e) above) will begin to apply once Apiam Shareholders (who are not Commitment Shareholders) (the **Non-Committed Shareholders**) representing in aggregate approximately 5.2% of Apiam's fully diluted share capital as at the date of this Scheme Booklet, have made valid Elections to receive the All Scrip Consideration or the Mixed Consideration.

This means that, assuming no Commitment Shareholders dispose of their Apiam Shares prior to the Scheme Record Date, a notional value of approximately \$7.5m of Class B Shares will be available to Non-Committed Shareholders that elect to receive the All Scrip Consideration or Mixed Consideration, before the Scaleback Arrangements apply.

If the Scaleback Arrangements apply, then each Scheme Shareholder who has made a valid Election to receive the All Scrip Consideration or Mixed Consideration, including the Commitment Shareholders, will receive the number of Class B Shares as Scrip Consideration reduced by the Scaleback Arrangements and will receive the Cash Consideration in place of the HoldCo Shares which you would have received pursuant to your valid Election (adjusted for any Special Dividend), but which were not issued to you due to the scale back. See section 4.4(e) and clause 5.5 of the Scheme of Arrangement for further information on the Scaleback Arrangements.

7.5 Risks relating to the Scheme

There is the risk that the Court may not approve the Scheme, or may only be willing to approve the Scheme subject to conditions that Apiam and / or HoldCo (as applicable) are not prepared to accept. There is also a risk that some or all of the aspects of the Apiam Shareholder and Court approvals required for the Scheme to proceed may be delayed.

¹⁹ On a fully diluted basis assuming 187,899,884 Apiam Shares on issue following the vesting and exercise of all outstanding Apiam Performance Rights. The proposed treatment of the Apiam Performance Rights is set out in section 9.2.

8 Tax implications

8.1 Introduction

The following is a general summary of the Australian tax consequences of the Scheme (assuming it becomes Effective) and the Special Dividend (if paid) for Apiam Shareholders. It does not constitute tax advice and should not be relied upon as such. The comments set out below are relevant only to those Apiam Shareholders who hold their Apiam Shares on capital account.

The summary is a guide only based upon the Australian taxation law and administrative practice in effect at the date of this Scheme Booklet. It is not intended to be an authoritative or complete statement of the laws applicable to the particular circumstances of an Apiam Shareholder and should not be relied on by Apiam Shareholders as taxation advice. Apiam Shareholders should seek their own independent professional advice in relation to their own particular circumstances.

The summary does not address the Australian tax consequences for Apiam Shareholders who:

- hold their Apiam Shares for the purposes of speculation or a profit-making undertaking or scheme or in carrying on a business of dealing in securities (e.g. as trading stock or on revenue account for tax purposes);
- acquired their Apiam Shares pursuant to an employee share, option or rights plan;
- obtained roll-over relief in connection with the acquisition of their Apiam Shares;
- are not Australian tax residents and who hold their Apiam Shares in carrying on a business at or through an Australian permanent establishment;
- are Australian tax residents but hold their Apiam Shares at any time in carrying on a business through a permanent establishment in Australia;
- may be subject to special tax rules, including financial institutions, insurance companies, partnerships, tax-exempt organisations, trusts (except where expressly stated), superannuation funds (except where expressly stated), temporary residents or entities subject to the Investment Manager Regime under Subdivision 842-I of the Income Tax Assessment Act 1997 (Cth) in respect of their Apiam Shares, each of whom may be subject to additional or specific taxation rules; or
- are subject to the taxation of financial arrangements rules in Division 230 of the Income Tax Assessment Act 1997 (Cth) in relation to gains and losses on their Apiam Shares.

Apiam Shareholders who are tax residents of a country other than Australia (whether or not they are also residents, or are temporary residents, of Australia for tax purposes) should take into account the tax consequences of the Scheme under the laws of their country of residence, as well as under Australian law.

8.2 Class ruling

Apiam has applied for a class ruling from the ATO (**Class Ruling**), which is anticipated to outline in further detail the ATO's views as to:

- the capital gains tax implications associated with the disposal of Apiam Shares under the Scheme;
- the availability of CGT roll-over relief for Apiam Shareholders electing to receive Mixed Consideration or All Scrip Consideration;
- the assessability of the Special Dividend (if paid) and franking credits attached to that dividend;

- the circumstances in which an Apiam Shareholder will satisfy the 'qualified person' rule with respect to the fully franked Special Dividend; and
- the application of certain franking integrity measures.

The Class Ruling will not be issued until after the Implementation Date. When the Class Ruling is published by the ATO, it will be available on the ATO website at www.ato.gov.au. Apiam Shareholders should review the final Class Ruling when it is issued by the ATO. The income tax comments provided below are consistent with the positions taken in the application for the Class Ruling lodged with the ATO. For completeness, the Class Ruling may not cover all Apiam Shareholders and it is possible that the ATO may reach different conclusions in the final Class Ruling.

The Scheme is not conditional on the receipt of the Class Ruling.

8.3 Apiam Shareholders that are Australian residents

(a) Capital gains tax (CGT) on disposal of Apiam Shares

Under the Scheme, Apiam Shareholders will dispose of their Apiam Shares to BidCo in exchange for the Scheme Consideration. This disposal will constitute a CGT event A1 for Australian CGT purposes for Apiam Shareholders.

The time of the CGT event will be the Implementation Date (currently expected to be 23 February 2026).

The tax implications for Apiam Shareholders will depend on the availability of CGT scrip for scrip roll-over relief.

(b) Calculation of capital gain or capital loss

In the absence of CGT roll-over relief applying, Apiam Shareholders may make a capital gain on the disposal of Apiam Shares to the extent that the capital proceeds from the disposal of the Apiam Shares are greater than the cost base of those Apiam Shares. Conversely, Apiam Shareholders will make a capital loss to the extent that the capital proceeds are less than the reduced cost base of those Apiam Shares.

To the extent Apiam Shareholders have made a valid Election to receive Mixed Consideration or All Scrip Consideration for their Apiam Shares as discussed below in section 8.3(h) and would have otherwise made a capital gain as a result of their disposal, those Apiam Shareholders may be able to access partial or full CGT roll-over relief on the HoldCo Shares they receive as Scheme Consideration.

(c) Cost base and reduced cost base

The cost base of the Apiam Shares generally includes the cost of acquisition and certain non-deductible incidental costs of their acquisition and disposal. The cost base will be reduced by any return of capital received in connection with the Apiam Share during the ownership of the Apiam Share (if any). The reduced cost base of the Apiam Shares, used to determine a capital loss, is determined in a similar, but not identical, manner as (for example) it does not include any non-deductible interest amounts.

(d) Capital proceeds

The capital proceeds received in respect of the disposal of each Apiam Share should be the amount of the Scheme Consideration.

The capital proceeds for the disposal of the Apiam Shares should not include the Special Dividend. However, the ATO may reach a different conclusion and include the Special Dividend (if paid) in the capital proceeds.

If the ATO concludes the Special Dividend should be included in the capital proceeds, Apiam Shareholders should take this into account in calculating any capital gain or capital loss from disposal of their Apiam Shares. An 'anti-overlap' rule applies to reduce any capital gain made by an Apiam Shareholder to the extent the Special Dividend is otherwise included in assessable income.

However, if an Apiam Shareholder makes a capital loss, the 'anti-overlap' rule does not restore the capital loss that would otherwise have been made if the Special Dividend did not form part of the capital proceeds. Similarly, if an Apiam Shareholder makes a capital gain because the Special Dividend is included in the capital proceeds and that capital gain is less than the amount of the Special Dividend, the 'anti-overlap' rule will reduce the capital gain to zero but will not provide a capital loss for the difference between the capital proceeds and the Special Dividend.

(e) CGT discount and net capital gain

Apiam Shareholders who are individuals, complying superannuation entities or trusts that have held Apiam Shares for at least 12 months before the Implementation Date (not counting the day of acquisition or disposal) may be entitled to reduce the amount of the capital gain (after application of carry forward and current year capital losses, if any) from the disposal of Apiam Shares by the applicable CGT discount rate. The CGT discount rate for eligible individuals and trusts is 50%, and for complying superannuation trustees, it is 33⅓%. The ultimate availability of the CGT discount for beneficiaries of a trust will depend on the individual circumstances of the beneficiaries.

There is no CGT discount available for Apiam Shareholders that are companies, or Apiam Shareholders who have held their Apiam Shares for less than 12 months.

Capital gains (prior to any CGT discount) and capital losses of a taxpayer in an income year are aggregated to determine whether there is a net capital gain. Any net capital gain (as reduced by the CGT discount, if applicable) is included in assessable income and is subject to income tax. Capital losses may not be deducted against other income for income tax purposes, but may be carried forward to offset against future capital gains (subject to satisfaction of loss recoupment tests for certain taxpayers).

(f) CGT scrip for scrip roll-over relief

Apiam Shareholders who would otherwise make a capital gain on the disposal of their Apiam Shares under the Scheme may potentially access CGT scrip for scrip roll-over relief to the extent that the capital gain made on the disposal of an Apiam Share is attributable to the receipt of a HoldCo Share.

Apiam Shareholders cannot choose to apply CGT roll-over relief to the extent the Scheme Consideration received is cash consideration (for example, if they receive All Cash Consideration) or if they made a capital loss on the disposal of their Apiam Shares.

The eligibility for roll-over relief is part of the Class Ruling application.

(g) Consequences of choosing scrip for scrip roll-over relief

Where CGT scrip for scrip roll-over relief is available and has been chosen by an Apiam Shareholder electing to receive Mixed Consideration or All Scrip Consideration, the part of the capital gain that relates to the Scheme Consideration in the form of HoldCo Shares may be disregarded. Any part of the capital gain that relates to the Scheme Consideration that is non-scrip consideration (e.g. cash) cannot be disregarded.

Where an Apiam Shareholder has applied CGT scrip for scrip roll-over relief, the cost base of the HoldCo Shares received as part of the Scheme Consideration should be equal to the cost base of their original Apiam Shares for which roll-over relief is applied, reduced by an amount of the cost base that is reasonably attributable to the cash proceeds.

Where CGT scrip for scrip roll-over relief has been chosen by an Apiam Shareholder, the HoldCo Shares should be deemed to have been acquired at the time the Apiam Shares were originally acquired. This will be relevant for the purposes of determining eligibility for the CGT discount for a subsequent disposal of HoldCo Shares discussed in section 8.3(i) below.

The benefit of choosing CGT scrip for scrip roll-over relief will depend upon the individual circumstances of each Apiam Shareholder.

(h) Choosing roll-over relief

Generally, a choice to adopt scrip for scrip roll-over relief must be made by an Apiam Shareholder before lodgement of that Apiam Shareholder's income tax return for the income year in which the CGT event occurs. No formal election notice to choose scrip for scrip roll-over relief is required to be lodged with the ATO. The Apiam Shareholder's income tax return should be prepared in a manner consistent with electing for scrip for scrip roll-over relief.

(i) Consequences of not choosing CGT scrip for scrip roll-over relief

Apiam Shareholders who are ineligible to choose CGT scrip for scrip roll-over relief, or elect not to choose it, should include the market value of the HoldCo Shares (in addition to any cash consideration) as part of their capital proceeds.

The first element of the cost base of the HoldCo Shares should be equal to the market value of the Apiam Shares on the issue date of the HoldCo Shares, to the extent they are reasonably attributable to the acquisition of the HoldCo Shares. The acquisition date of the new HoldCo Shares should be the issue date. This will be relevant for the purposes of determining whether an Apiam Shareholder is eligible for the CGT discount in relation to a subsequent disposal of HoldCo Shares.

(j) Taxation consequences of the Special Dividend

If the Apiam Board determines to pay any Special Dividend, Apiam Shareholders who are Australian tax residents and who receive the Special Dividend should include the amount of the Special Dividend in their assessable income. The Apiam Directors currently intend that, if any Special Dividend is to be paid, it will be fully franked. Adamantem will not be funding the Special Dividend, and the Special Dividend is expected to be funded by Apiam drawing down on existing debt facilities.

If certain requirements are met, the Apiam Shareholders who receive the Special Dividend will be:

- required to include the amount of the attached franking credits in their assessable income; and
- entitled to a tax offset equal to the amount of the franking credits attached to the Special Dividend.

These requirements include:

- the Apiam Shareholder being a 'qualified person' in relation to the Special Dividend; and
- certain dividend franking integrity measures not applying.

In order for an Apiam Shareholder to be a 'qualified person' they must hold their Apiam Shares 'at-risk' for a continuous period of not less than 45 days (not including the day of the share's acquisition or disposal) during a prescribed period in relation to the Special Dividend.

Apiam Shareholders will not be treated as holding their Apiam Shares 'at-risk' on any days on which Apiam Shareholders had materially diminished risks of loss or opportunities for gain in respect of the Apiam Shares, although those days do not break the continuity of the 'at-risk' period.

Apiam Shareholders will cease to be considered to hold their shares 'at-risk' from the Scheme Record Date.

As the Special Dividend is taken into account in determining the amount of the Scheme Consideration, the 'related payments' rule will apply to Apiam Shareholders. Accordingly, the prescribed period within which Apiam Shareholders must hold their Apiam Shares 'at risk' for a continuous period of 45 days are expected to be from 29 December 2025 (being 45 days before the Special Dividend Ex Date) to 17 February 2026 (being the day before the Scheme Record Date) in respect of the Special Dividend.

The franking integrity measures are complex and will be addressed in the Class Ruling.

If you are an individual or complying superannuation entity and your tax liability for the income year is less than the amount of the franking credits attached to the Special Dividend, you may be entitled to a cash refund for the excess franking credits. This does not extend to companies.

8.4 Apiam Shareholders that are non-residents of Australia

For an Apiam Shareholder who:

- is not a resident of Australia for Australian tax purposes; and
- does not hold their Apiam Shares in carrying on a business through a permanent establishment in Australia,

the disposal of Apiam Shares will generally only result in Australian CGT implications if:

- the Apiam Shareholder together with its associates held 10% or more of the Apiam Shares (referred to as a 'non portfolio interest') at the time of the CGT event or for any continuous 12 month period within two years preceding the CGT event; and
- more than 50% of Apiam's value is due to direct or indirect interests in 'taxable Australian real property' (as defined in the *Income Tax Assessment Act 1997* (Cth)) (the Principal Asset Test). Taxable Australian real property generally refers to Australian land that is owned or leased.

Unless the above two conditions are satisfied, non-resident Apiam Shareholders should disregard any Australian capital gain or loss from the disposal of their Apiam Shares.

Where both of the above requirements are satisfied, non-resident Apiam Shareholders may be liable for tax on gains from the disposal of their Apiam Shares, and may be required to lodge a tax return in connection with the disposal of the Apiam Shares.

While Apiam does not expect the Principal Asset Test (i.e. the latter test above) to be satisfied, any non-resident who holds a 'non-portfolio interest' in Apiam (i.e. owns on an associate inclusive basis 10% or more of the shares in Apiam or has in the past 24 months owned more than 10% of Apiam), should obtain independent advice as to the tax implications of sale, and whether any protection will be available under a relevant double tax treaty.

A non-resident Apiam Shareholder who has previously been a resident of Australia and chose to disregard a capital gain or loss on ceasing to be a resident will be subject to Australian CGT consequences on disposal of the Apiam Shares as set out in section 8.3 of this Scheme Booklet.

Apiam Shareholders who are not residents of Australia should not be subject to income tax in Australia in respect of the Special Dividend, provided they do not hold the Apiam Shares through an Australian permanent establishment. As the Special Dividend (if paid) will be fully franked, such shareholders should receive the full amount of the Special Dividend free of any Australian dividend withholding tax.

8.5 Foreign resident capital gains withholding tax

The foreign resident capital gains withholding tax regime may impose a 15% withholding obligation (calculated by reference to the Scheme Consideration) on Adamantem if Adamantem considers, or reasonably believes, that an Apiam Shareholder is a foreign resident and Australian CGT applies to the disposal of the Apiam Shares (see the conditions outlined above at section 8.4).

As mentioned above, Apiam does not consider that the Apiam Shares should be indirect Australian real property interests, and therefore the foreign resident CGT withholding regime should not operate to require Adamantem to withhold any amount from the Scheme Consideration.

8.6 GST

Apium Shareholders should not be liable to GST in respect of a disposal of those Apium Shares.

Apium Shareholders may be charged GST on costs (such as advisor fees relating to their participation in the Scheme) that relate to the Scheme. Apium Shareholders may be entitled to input tax credits or reduced input tax credits for such costs, but should seek independent advice in relation to their individual circumstances.

8.7 Stamp Duty

Apium Shareholders should not be liable for any stamp duty on their disposal of the Apium Shares.

9 Additional information

9.1 Interests of Apiam Directors in Apiam Shares and Apiam Performance Rights

(a) Interests in Apiam Shares

As at Last Practicable Date, the Apiam Directors have the following Relevant Interests in Apiam Shares:

Apiam Director	Number of Apiam Shares	Voting power (%)
Andrew Vizard	363,284	0.20%
Bruce Dixon ²⁰	10,920,078	5.94%

No Apiam Director acquired or disposed of a Relevant Interest in any Apiam Shares during the four months before the date of this Scheme Booklet.

(b) Interests in Apiam Performance Rights

As at Last Practicable Date, no Apiam Director holds any interest in any Apiam Performance Rights.

9.2 Apiam equity incentive arrangements

(a) Overview of arrangements

As detailed in Apiam's Annual Report for the year ended 30 June 2025, Apiam operates an incentive plan under which Apiam Performance Rights are offered to certain employees and executive management personnel. Each Apiam Performance Right entitles the holder to receive one Apiam Share, subject to the satisfaction of performance based and / or service conditions.

Apiam maintains two share-based payment schemes: the Future Leaders Long Term Incentive Plan and the Senior Executive Long Term Incentive Plan. Apiam Performance Rights issued under these plans are subject to performance and/or service conditions. Upon vesting and exercise of those Apiam Performance Rights, a holder is entitled to one fully paid ordinary share in Apiam (**Apiam Share**) for each Apiam Performance Right.

As at the Last Practicable Date, Apiam had 4,421,294 unquoted Apiam Performance Rights on issue which were issued to certain employees and executive management personnel. Of these Apiam Performance Rights, as at the Last Practicable Date:

- 1,560,603 Apiam Performance Rights have vested but have not been exercised by the relevant holders; and

²⁰ Held via a related entity of the director.

²¹ Held via a related entity of the director.

²² Held via a related entity of the director.

- 2,860,691 Apiam Performance Rights have not vested. These have the vesting and expiry dates set out in the table below.

Tranche	Number of unvested Apiam Performance Rights	Anticipated date of vesting	Expiry Date
Future Leaders			
FY2025 Tranche	966,942	31 October 2026	31 October 2027, 31 October 2028
FY2026 Tranche	489,590	31 October 2027	31 October 2028
Senior Executive / Managing Director			
FY2025 Tranche	482,714	31 October 2026	31 October 2027
FY2026 Tranche	884,535	31 October 2027	31 October 2028
STIP			
FY2025 Tranche	36,910	31 October 2026	31 October 2027

(b) **Implications of the Scheme for participants in the incentive arrangements**

The Apiam Board intends to exercise its discretion to approve the early vesting of all Apiam Performance Rights in accordance with their terms, conditional upon the Scheme becoming Effective. Accordingly, if the Scheme is implemented, it is proposed that all Apiam Performance Rights will vest and be automatically exercised and holders of Apiam Performance Rights will receive, for each Apiam Performance Right, one fully paid ordinary share in Apiam, and will be eligible to participate in the Scheme in respect of those Apiam Shares. Discussions regarding the treatment of Apiam Performance Rights occurred after negotiations concluded about the price at which BidCo would offer to acquire Apiam Shares. In other words, the outcome for holders of Apiam Performance Rights has not impacted on the outcome for Apiam Shareholders.

9.3 Commitment Deeds

On 22 October 2025, 50 employees, officers and consultants of the Apiam business who hold interests in Apiam Shares, or other Apiam Shareholders associated with such persons, entered into binding commitment deed polls in favour of Apiam under which the holders of those Apiam Shares (**Commitment Shareholders**) have agreed to make an Election to receive either the All Scrip Consideration or the Mixed Consideration if the Scheme becomes Effective (the **Commitment Deeds**) in each case in respect of all Apiam Shares held by them at the Scheme Record Date (including any Apiam Shares issued as upon the vesting and exercise of Apiam Performance Rights). The commitments provided under the Commitment Deeds are subject to the Scheme becoming Effective and the HoldCo Shareholders' Deed and HoldCo Constitution being in the same form previously provided to those shareholders. The Commitment Deeds are on substantially the same terms and do not restrict the holders of those Apiam Shares from disposing of their Apiam Shares or otherwise commit those Apiam Shareholders to vote their Apiam Shares in favour of the Scheme.

The Commitment Deeds under which an Apiam Shareholder has elected to receive the All Scrip Consideration or the Mixed Consideration relate to 33,487,975 Apiam Shares in aggregate, being approximately 17.8% of the total number of Apiam Shares on issue.²³ The Commitment Deeds will automatically terminate if the Scheme Implementation Deed is terminated in accordance with its terms.

²³ Based on 33,487,975 Apiam Shares held by Commitment Shareholders as at the Last Practicable Date (plus Apiam Shares expected to be issued to the relevant Commitment Shareholders following vesting and exercise of all Apiam Performance Rights as contemplated in section 9.2) and assuming 187,899,884 Apiam Shares on issue following the vesting and exercise of all outstanding Apiam Performance Rights.

9.4 Payment of special exertion fees in connection with the Scheme

The Apiam Board has approved the payment of special exertion fees to members of the IBC and certain management personnel of Apiam in recognition of the significant amount of additional unpaid work that they have undertaken in connection with the Scheme. Details of these are set out below:

- A monthly exertion fee of \$5,000 to Professor Andrew Vizard (Chair).
- A monthly exertion fee of \$3,500 to Mr Richard Dennis (Non-Executive Director).
- A monthly exertion fee of \$3,500 to Ms Evonne Collier (Non-Executive Director).

Payment of the abovementioned fees commenced on 14 July 2025 and will cease on the Implementation Date. Assuming the Scheme is implemented on 23 February 2026, a total of approximately \$40,000 will be paid to Professor Vizard and approximately \$28,000 to each of Mr Dennis and Ms Collier.

The Apiam IBC has approved the payment of a special exertion fee totalling approximately \$111,000 to a member of Apiam's management team which is not conditional upon the Scheme being approved by Apiam Shareholders at the Scheme Meeting and also a transaction bonus of approximately \$46,000 which is conditional on the Scheme being approved by Apiam Shareholders at the Scheme Meeting.

9.5 Other benefits and agreements

(a) Interests of Apiam Directors in BidCo securities

No Apiam Director has a Relevant Interest in any securities in BidCo.

No Apiam Director has acquired or disposed of a Relevant Interest in any securities in BidCo during the four months before the date of this Scheme Booklet.

(b) Interests of Apiam Directors in contracts with BidCo

No Apiam Director has any interest in any contract entered into by BidCo, HoldCo or any their Related Bodies Corporate.

(c) Benefits in connection with retirement from office

There is no payment or other benefit that is proposed to be made or given to any director, secretary or executive officer of Apiam (or any of its Related Bodies Corporate) as compensation for the loss of, or consideration for or in connection with his or her retirement from, office in Apiam (or any of its Related Bodies Corporate) in connection with the Scheme.

(d) Benefits from BidCo or HoldCo

Except as disclosed in this Scheme Booklet, no Apiam Director has agreed to receive, or is entitled to receive, any benefit from BidCo, HoldCo or any of their Related Bodies Corporate, which is conditional on, or is related to, the Scheme.

(e) Agreements connected with or conditional on the Scheme

There are no agreements or arrangements made between any Apiam Director and any other person in connection with, or conditional on, the outcome of the Scheme.

9.6 Scheme Implementation Deed

(a) Introduction

On 22 October 2025, Apiam, HoldCo and BidCo entered into the Scheme Implementation Deed, which governs the conduct of the Scheme. The Scheme Implementation Deed sets out the rights and obligations of Apiam, BidCo and HoldCo in connection with the implementation of the Scheme.

A full copy of the Scheme Implementation Deed was released to ASX on 22 October 2025 and can be obtained from www.asx.com.au.

A summary of the key terms of the Scheme Implementation Deed is set out below.

Independent Expert's Report

Apiam Independent Board Committee
Apiam Animal Health Limited

12 December 2025

Dear Directors

Part One – Independent Expert's Report

1 Introduction

On 22 October 2025, Apiam Animal Health Limited (**Apiam** or the **company**) announced that it had entered into a Scheme Implementation Deed (**SID**) with Pepper Bidco Pty Ltd (**BidCo**) and Pepper Holdco Limited (**HoldCo**), entities controlled by Adamantem Capital Fund II, which is managed and advised by Adamantem Capital Management Pty Ltd (together **Adamantem**). Under the SID, it is proposed that BidCo will acquire 100% of the issued ordinary shares in Apiam (**Apiam Shares**) which are not held by Excluded Shareholders¹ by way of a scheme of arrangement (**Scheme**) (**Transaction**). BidCo is a wholly owned subsidiary of HoldCo, a newly incorporated unlisted public company.

Under the Scheme, the shareholders of Apiam (**Apiam Shareholders**) (other than those who make a valid election to receive one of the scrip consideration alternatives described below), will receive \$0.87 cash (**Cash Consideration**), less the amount of any dividend declared or paid prior to implementation of the Scheme per Apiam Share (**Special Dividend**), in respect of all of the Apiam Shares they hold as at the Scheme Record Date² (**All Cash Consideration**). The All Cash Consideration is the default form of consideration under the Scheme.

As an alternative to the All Cash Consideration, Apiam Shareholders (other than Ineligible Foreign Shareholders)³ may elect to receive all or part of their consideration under the Scheme in the form of fully paid ordinary shares (designated as Class B Shares) in HoldCo (**HoldCo Shares**) (**Scrip Consideration**) by electing from one of the following options in respect of all of their Apiam Shares held as at the Scheme Record Date:

- 100% Scrip Consideration (**All Scrip Consideration**);
- mixed consideration: 25% Cash Consideration and 75% Scrip Consideration (**Mixed Consideration Option One**); or
- mixed consideration: 50% Cash Consideration and 50% Scrip Consideration (**Mixed Consideration Option Two**).

¹ HoldCo or any of its subsidiaries (including BidCo), or any Apiam Shareholder who holds any Apiam Shares on behalf of, or for the benefit of, any member of the HoldCo Group and does not hold Apiam Shares on behalf of, or for the benefit of, any other person.

² As defined in the Scheme Booklet.

³ As defined in the Scheme Booklet.

The Scrip Consideration issued under the Scheme will be subject to scaleback arrangements to ensure that the total number of HoldCo Shares issued to Apiam Shareholders under the Scheme does not exceed 24% of the total number of HoldCo shares on issue.

On 22 October 2025, a group of Apiam employees, officers and consultants entered into binding commitment deed polls in favour of Apiam under which the holders of those Apiam Shares (**Commitment Shareholders**) have agreed to make an election to receive either the All Scrip Consideration or the Mixed Consideration Option One or the Mixed Consideration Option Two if the Scheme becomes Effective (the **Commitment Deeds**) in each case in respect of all Apiam Shares held by them at the Scheme Record Date (including any Apiam Shares issued as upon the vesting and exercise of Apiam performance rights) (refer to Section 9.3 of the Scheme Booklet for further information on Commitment Deeds).

As a result of the Scrip Consideration, the Commitment Deeds and the application of the scaleback arrangements, depending on the number of elections to receive a scrip consideration alternative, Apiam Shareholders who validly elect to receive a Scrip Consideration alternative will hold between 18.6%⁴ and 24.0% of HoldCo Shares, and Adamantem will hold between 81.4% and 100.0% of HoldCo Shares.

Under the SID, the Apiam Board is permitted to pay a fully franked Special Dividend of up to \$0.10 cash per Apiam Share prior to implementation of the Scheme. If a Special Dividend of \$0.10 is paid, Apiam Shareholders who can utilise franking credits and who are Apiam Shareholders on the Special Dividend Record Date⁵ may be entitled to receive additional benefits from franking credits of approximately \$0.04 per Apiam Share, subject to their individual tax circumstances. Apiam Shareholders who elect to receive Scrip Consideration will also be entitled to receive the Special Dividend if they hold Apiam Shares on the Special Dividend Record Date.

Apiam is an Australian rural veterinary business comprised of more than 80 veterinary clinic sites and ancillary business sites. Apiam's product and services offerings are catered to both companion⁶ and mixed animals (including equine) as well as production animals.⁷ Apiam's veterinary clinics, and production animal and allied businesses are primarily located in regional towns and fast-growing areas outside of urban centres. As at 15 August 2025, the last trading day prior to the announcement of Adamantem's non-binding indicative proposal, Apiam had a market capitalisation of \$98.4 million.⁸

Adamantem Capital is an Australian private equity firm focused on investing in mid-market opportunities in Australia and New Zealand. The Adamantem Fund is managed and advised by Adamantem Capital. Adamantem Capital was founded in 2016 and is based in Sydney. The Adamantem Fund is the second fund raised by Adamantem Capital and has committed capital of approximately \$800 million.

Adamantem holds a call option over approximately 19.8% of Apiam Shares on issue, which are owned by CJOEA Family Company Pty Ltd, an entity associated with Apiam's founder, Dr Chris Richards. These shares are committed to vote in favour of the Scheme, subject to no Superior Proposal (as defined in the SID).

The Scheme is subject to approval by Apiam Shareholders (other than Excluded Shareholders) at a meeting (**Scheme Meeting**) expected to be held on 3 February 2026. For the Scheme to proceed it must be approved by:

- at least 75% of the votes cast by Apiam Shareholders (other than Excluded Shareholders); and
- a majority in number of Apiam Shareholders present and voting (other than Excluded Shareholders).

The scheme is subject to a number of conditions precedent as summarised in Section 5.4 of this report.

On 18 August 2025, Apiam announced that following a period of engagement with Adamantem it had received a non-binding indicative proposal from Adamantem to acquire 100% of the issued shares in Apiam (**Proposal**). The Apiam Board formed an independent board committee consisting of Professor Andrew

⁵ As defined in the Scheme Booklet.

⁶ Domesticated animals that are kept primarily for a person's company, enjoyment, or emotional support, rather than for work, food, or research purpose.

⁷ Animal raised for commercial purposes, primarily to produce food and other products.

⁸ Calculated as the closing price of Apiam Shares of \$0.535 multiplied by 183,942,523 Apiam Shares.

Vizard (Chairman), Mr Richard Dennis (Non-Executive Director) and Ms Evonne Collier (Non-Executive Director) (**Apiam IBC**) to consider the Proposal and other inbound interest that had been received.

To assist Apiam Shareholders in assessing the Scheme and informing their vote, the Apiam IBC have appointed Kroll Australia Pty Ltd (**Kroll**) to prepare an independent expert's report setting out whether, in our opinion, the Scheme is in the best interest of Apiam Shareholders (other than Excluded Shareholders), in the absence of a Superior Proposal. This report will be included in the Scheme Booklet issued by Apiam in respect of the Scheme.

Further information regarding Kroll, as it pertains to the preparation of this report, is set out in Appendix 1 of this report.

Kroll's Financial Services Guide is contained in Part Two of this report.

2 Scope of report

The Transaction is to be implemented by way of a scheme of arrangement under Part 5.1 of the Corporations Act 2001 (Cth) (**Corporations Act**) and requires approval of Apiam Shareholders.

There is no statutory requirement for an independent expert's report to be commissioned for Apiam Shareholders, however, it is a condition precedent of the Scheme that the Independent Expert issues a report which concludes that the Scheme is in the best interest of Apiam Shareholders (other than Excluded Shareholders) and does not adversely change or qualify its conclusion or withdraw its report before 8.00am on the second Court date for the Scheme.

In undertaking our work, we have referred to guidance provided by ASIC in its Regulatory Guides in particular, Regulatory Guide 111 'Content of expert reports' (**RG 111**) which outlines the principles and matters which it expects a person preparing an independent expert's report to consider and Regulatory Guide 112 'Independence of experts' (**RG 112**).

Further details of the relevant technical requirements and the basis of assessment in forming our opinion are set out in Section 6 of this report.

3 Opinion

3.1 Background

The global veterinary industry, including the Australian market, has undergone substantial consolidation over the past several decades, driven primarily by corporate consolidators and private equity firms. Since its establishment in the late 1990's, Apiam had been a key participant in the consolidation of the Australian veterinary industry. The company initially expanded its service offering through a series of acquisitions culminating in its listing on the ASX at a price of \$1.00 a share in 2015, raising capital for the acquisition of an additional 12 veterinary clinics. Over the subsequent seven years, Apiam continued to pursue its acquisition strategy, expanding its geographic footprint across Australia and expanding its service offering, primarily targeting the fast-growing companion and mixed animal industries.

In FY22, Apiam announced its Accelerated Growth Strategy, which aimed to increase the share of revenue derived from companion and mixed animal clinics and to double total revenue by FY24. This growth was to be achieved, in part, through the acceleration of acquisition activity. To fund this strategy, Apiam raised approximately \$20.3 million in additional equity at \$0.70 per share and increased its debt levels to above target ratios.

Although the Accelerated Growth Strategy delivered substantial revenue growth, Apiam encountered difficulties in integrating acquired clinics and realising anticipated synergies. A number of acquired clinics underperformed, resulting in elevated operating costs and declining EBITDA margins. These challenges contributed to a loss of market confidence in the company and management and resulted in a significant decline in Apiam's share price, from \$0.86 at the beginning of 2022 to a low of \$0.25 on 2 November 2023. In addition, the company received its first strike against the adoption of its 2023 Remuneration Report.

In response to these issues, Apiam paused its Accelerated Growth Strategy with the company unable to raise further capital given its depressed share price and its debt levels approaching its covenants. Instead, the company elected to prioritise margin improvement through the optimisation of clinic performance, extraction of synergies from prior acquisitions, restructuring of its business support network to reduce corporate overheads, and the paying down of debt. This strategic pivot was accompanied by leadership changes, with founder and Managing Director Dr Chris Richards departing in June 2025 and Mr Bruce Dixon appointed as interim Managing Director (after joining as a board member in November 2024).

Subsequently, alongside the release of its FY25 annual results, Apiam announced its Strategic Reset Program strategy. The refreshed strategy focuses on enhancing financial performance and shareholder returns through improved clinic performance and further rationalisation of corporate functions. As part of this initiative, Apiam announced \$1.5 million in annualised cost savings within its business support network which had been achieved at the back end of FY25.

Apiam will need to successfully execute on this strategy and turn its financial performance around before it can raise sufficient debt or equity to pursue further growth. At the same time, Apiam will need to find a permanent Chief Executive Officer (CEO) who is capable of executing on this strategy.

It is in this context that Kroll has assessed the Scheme.

3.2 Summary of opinion

3.2.1 All Cash Consideration

In our opinion, on the basis of the All Cash Consideration only, the Scheme is in the best interest of Apiam Shareholders (other than Excluded Shareholders), in the absence of a Superior Proposal.

In arriving at this opinion, we have assessed whether the Scheme is:

- **fair**, by comparing the All Cash Consideration to our assessed value of an Apiam Share on a controlling interest basis. This approach is in accordance with the guidance set out in RG 111; and

- **reasonable**, by assessing the implications of the Scheme for Apiam Shareholders, the alternatives to the Scheme that are available to Apiam, and the consequences for Apiam Shareholders of not approving the Scheme Resolution.⁹

On the basis of the All Cash Consideration only, we have assessed the Scheme to be fair and reasonable. Consequently, consistent with RG 111, we have concluded that the Scheme is in the best interest of Apiam Shareholders (other than Excluded Shareholders), in the absence of a Superior Proposal.

We have assessed the value of an Apiam Share on a controlling interest basis to be in the range of \$0.77 to \$0.93. As the All Cash Consideration of \$0.87 falls within our assessed value range for an Apiam Share, the Scheme is fair.

In forming our view as to the value of Apiam Shares, we have considered a range of factors which may impact on future earnings including the current outlook for the companion and production animal health industries which is forecast to be driven by a range of industry dynamics including the ageing of the COVID-19 pandemic class of pets into mid-life and advancements in technology driving the development of new products and services. We have also considered the potential for Apiam to continue to improve profitability through the continuation of its current strategy aimed at improving clinic performance and reducing corporate overheads. As such, as the All Cash Consideration falls within Kroll's valuation range for Apiam Shares, the Transaction effectively de-risks this plan for Apiam Shareholders. In line with RG 111 we have considered synergies available to a pool of potential acquirers. Our analysis of the fairness of the Scheme is detailed further in Section 3.3 of this report.

In accordance with RG 111, an offer is reasonable if it is fair. As we have assessed the Scheme to be fair on the basis of the All Cash Consideration, it is also reasonable. Regardless of this requirement, there are a number of factors that are relevant to an assessment of the reasonableness of the Scheme:

- the All Cash Consideration represents a substantial premium to the trading prices of Apiam Shares prior to the announcement of the Transaction;
- the All Cash Consideration provides certainty of the pre-tax amount that Apiam Shareholders will receive;
- Apiam Shareholders will not participate in any future increases in the value of Apiam, however, they will also no longer be exposed to the risks facing the business;
- in the event that the Scheme is not approved or any other conditions precedent prevent the Scheme from being implemented, Apiam will continue to operate in its current form, and the price of Apiam Shares is likely to fall; and
- no Superior Proposal has emerged since the announcement of the SID.

Other matters which Apiam Shareholders should consider in assessing the Scheme include:

- Apiam will incur transaction costs if the Scheme does not proceed;
- the outstanding conditions precedent which, if not satisfied or waived, will result in the Scheme not being implemented; and
- the tax implications of the Scheme.

Our analysis of the reasonableness of the Scheme is detailed further in Section 3.4 of this report. The decision to approve the Scheme is a matter for individual Apiam Shareholders based on their views as to the value, expectation about future market conditions and their particular circumstances, including investment strategy and portfolio, risk profile and tax position. If in doubt, Apiam Shareholders should consult their own professional adviser regarding the action they should take in relation to the Scheme.

3.2.2 Mixed Consideration and All Scrip Consideration

Our assessment that the Scheme is fair is based on the All Cash Consideration which is available to Apiam Shareholders.

⁹ As defined in the Scheme Booklet.

Immediately post implementation of the Scheme, the underlying economic value of a HoldCo Share will be lower than the value of an Apiam Share as a result of the estimated \$21.7 million (including GST) in total transaction costs and funding initial liquidity (i.e. including Apiam's and Adamantem's transaction costs).

Assuming the Special Dividend of \$0.10 is paid, Kroll has assessed the following underlying economic values for the scrip alternatives:

- **All Scrip Consideration (\$0.65 to \$0.82);**
- **Mixed Consideration Option One (\$0.68 to \$0.83); and**
- **Mixed Consideration Option Two (\$0.75 to \$0.84) (refer to Section 3.3.3 of this report).**

The underlying economic value of HoldCo Shares does not represent the value that may be realised if shareholders theoretically sought to (and were able to) dispose of HoldCo Shares in the immediate or short-term post implementation of the Scheme (i.e. 'theoretical cash equivalent') as in our view, any such value would be subject to a minority and marketability discount. In this respect, it is not possible to reliably estimate the quantum of a minority and marketability discount that would be applied to HoldCo Shares since there are limited situations when shares can be disposed outside an exit event, and:

- the timing of an exit event is unknown; and
- the form of an exit event is unknown and could take the form of an initial public offering, asset sale or trade sale. An initial public offering would attract a minority discount whereas a control transaction may attract a control premium.

As such, it is not possible to reliably estimate the realisable value of a HoldCo Share.

We note, however, that **the realisable value of the All Scrip Consideration, Mixed Consideration Option One and Mixed Consideration Option Two will not be fair for any discount above 6.7%, 9.2% and 17.5%, respectively. Noting that whilst the actual discount realised cannot be reliably determined, Kroll considers that a substantial minority and marketability discount is warranted and as such, on the basis of the All Scrip Consideration and Mixed Consideration alternatives, the Scheme is not fair (refer to Section 3.3.4 of this report).**

As a result of the rights and obligations and risks noted above, and their potential impact on the realisable value of HoldCo Shares, **the Scrip Consideration alternatives are likely to be unattractive to some Apiam Shareholders.** Alternatively, passive shareholders who have a long investment horizon, are willing to co-invest with Adamantem in an unlisted vehicle where Adamantem has majority control and have a relatively high risk appetite may find the Scrip Consideration to be attractive, particularly if they stand to attract a capital gain as a result of the sale of their Apiam Shares (given that roll-over relief may be available for shareholders who elect to receive the Scrip Consideration alternatives). However, they need to carefully consider the rights and obligations and risks attaching to HoldCo Shares before making a decision to elect to receive the All Scrip Consideration or Mixed Consideration alternatives.

These rights and obligations and risks are set out in Section 5.3 of this report and Section 6.3(f) of the Scheme Booklet.

3.3 Assessment of fairness

3.3.1 Valuation of Apiam

Kroll has assessed the value of Apiam's equity to be in the range of \$144.6 million to \$174.6 million, which corresponds with a value of \$0.77 to \$0.93 per Apiam Share. Our range of assessed values reflects 100% ownership of Apiam and, therefore, incorporates a control premium. As our valuation includes a control premium, our range of assessed values per share exceeds the price at which we expect Apiam Shares would trade in the absence of the Transaction.

The value of Apiam's equity has been determined by estimating the fair value of Apiam's operating business, together with non-operating assets/liabilities (net) and net debt. The valuation is summarised as follows.

Apiam Summary of Value (\$ millions)

	Section Reference	Valuation Range	
		Low	High
Value of Apiam's operating business (100% control basis)¹	9.3	210.0	240.0
Non-operating assets / (liabilities) (net)	9.5	0.3	0.3
Enterprise value (100% control basis)		210.3	240.3
Net debt (incl Minority interests)	9.6	(65.7)	(65.7)
Value of equity to Apiam Shareholders (100% control basis)		144.6	174.6
Number of Apiam Shares outstanding (millions)	8.8	187.9	187.9
Value per Apiam Share (control basis) (\$)¹		\$0.77	\$0.93

Source: Kroll analysis.

Note 1: The wide value range per Apiam Share is a result of the high level of financial leverage.

In assessing the value of Apiam's operating business, Kroll has adopted the discounted cash flow (**DCF**) as the primary valuation methodology (refer to Section 9.3 of this report). The value derived from the DCF methodology has been cross-checked using a market approach (refer to Section 9.4 of this report).

Our valuation range of \$0.77 to \$0.93 per Apiam Share reflects a significant premium over the closing price of Apiam Shares of \$0.535 on 15 August 2025, the last trading day prior to the announcement of the non-binding indicative proposal from Adamantem, of between 43.8% to 73.7%, and a premium to the one-month VWAP of \$0.555 in the range of 38.7% to 67.5%. This level of premium for Apiam likely reflects:

- that our valuation of Apiam Shares includes a control premium, whereas the prices at which Apiam Shares are traded on the share market reflect trading in minority parcels. Premiums observed in control transactions are typically in the range of 25% to 40%;¹⁰
- Apiam's share price over a majority of the period likely reflects a lack of confidence in Apiam management following challenges in executing the Accelerated Growth Strategy, poor earnings margins and balance sheet constraints, with Apiam's gearing exceeding target ratios;
- our valuation attributes value to the cost savings initiatives announced as part of Apiam's Strategic Reset Program, however, trading in Apiam Shares prior to the announcement of the non-binding indicative offer does not, as this plan had not yet been announced; and
- that trading in Apiam Shares is illiquid with a limited free float of 38.9% (refer to Section 8.9.3 of this report).

In forming our view as to the value of Apiam Shares, we have considered a range of factors including:

- Apiam's market position in the Australian companion and production animal health industry, including its market leading position in the pig and feedlot sectors as well as its leadership position in regional and fast growing areas on the outskirts of urban centres;
- the outlook for the Australian companion animal health industry which is expected to be impacted by several tailwinds including: the growth in demand for veterinary services as a result of growth in the pet population and the ageing of the COVID-19 pandemic class of pets into mid-life (the stage which typically represents an increase in demand for veterinary services) and the potential for growth in higher margin sales as a result of the continued humanisation of pets;

The calculations exclude negative premiums and premiums over 250%. Data includes publicly traded and privately owned companies where at least one of the parties is a United States entity. Includes all sector and industry classifications.

- the outlook for the Australian production animal health industry which is expected to be impacted by a range of factors including current uncertainty related to global trade policy, advancements in veterinary technology, and weather and climate variability;
- Apiam's operating and financial performance between FY22 and FY25 which was characterised by weak earnings margins and challenges in extracting synergies from acquired clinics;
- the potential for improved earnings margins through the execution of its Strategic Reset Program, which aims to improve earnings through the reduction of corporate overheads and the improvement of clinic performance;
- the risk in execution of Apiam's current strategy, particularly given Apiam's uncertain management situation with the company needing to find a replacement for the interim CEO; and
- synergies available to a small pool of potential acquirers (refer to Section 9.2.3 of this report for analysis of potential acquirers of Apiam).

Special Dividend

Under the SID, the Apiam Board is permitted to pay a fully franked Special Dividend of up to \$0.10 cash per Apiam Share prior to implementation of the Scheme. If a Special Dividend of \$0.10 is paid, Apiam Shareholders who can utilise franking credits and who are Apiam Shareholders on the Special Dividend Record Date may be entitled to receive additional benefits from franking credits of approximately \$0.04 per Apiam Share, subject to their individual tax circumstances.

In Kroll's opinion, it is not appropriate for the assessment of the Scheme to either factor in the value of Apiam the value of accumulated franking credits or include in the value of the consideration the value of the credits attached to the Special Dividend since the value of those credits to each shareholder varies depending on their individual circumstances. Nevertheless, it needs to be recognised that, where part of a takeover offer comprises a franked dividend, some shareholders may realise additional value from the franking credits (i.e. they are better off in after tax terms than they would have been had the same amount been paid as part of the acquisition price and been received as a capital gain).

3.3.2 Assessment of fairness of the All Cash Consideration

A comparison of our assessed value per Apiam Share, on a control basis, to the All Cash Consideration of \$0.87 per Apiam Share is illustrated as follows.

Fairness Assessment of All Cash Consideration

Source: Kroll analysis.

According to RG111, the Scheme should be considered fair if the Cash Consideration offered to Apiam Shareholders is equal to or greater than our assessed value of an Apiam Share. Kroll considers that the low end of the valuation range represents the relevant threshold for fairness. As such, any consideration above the low end of the range is fair and it is irrelevant where in the range an offer falls.

As the All Cash Consideration falls within the range of values for an Apiam Share, **the Scheme is fair.**

3.3.3 Valuation of the Mixed Consideration and All Scrip Consideration

Immediately post implementation of the Scheme, the underlying economic value of a HoldCo Share will be lower than the value of an Apiam Share as a result of the estimated \$21.7 million (including GST) in total

transaction costs and funding initial liquidity (i.e. including Apiam's and Adamantem's transaction costs). The value of HoldCo Shares is also lower by the amount of the Special Dividend, however, those Apiam Shareholders registered on the Special Dividend Record Date will be entitled to receive the Special Dividend (if determined and paid), as reflected in the calculation of the underlying economic value of the consideration in Section 10.4 of this report.

The underlying economic value per HoldCo Share is shown as follows.

Underlying Economic Value of HoldCo Equity Immediately Post Implementation (\$ million)

	Section Reference	All Scenarios	
		Low	High
Value of Apiam's operating business	9.1	210.0	240.0
Non-operating assets	9.5	0.3	0.3
Enterprise value of Apiam		210.3	240.3
Pro forma net debt (excluding lease liabilities)	10.3.1	(111.2)	(111.2)
Underlying economic value of HoldCo equity		99.1	129.1
Number of HoldCo Shares (million)	10.3.2	138.6	138.6
Underlying economic value per HoldCo Share		\$0.71	\$0.93

Source: Kroll analysis.

Based upon the underlying economic value of HoldCo per Apiam Share immediately post implementation of the Scheme under All Scenarios as presented in Section 10.2 of this report, we have assessed the total underlying economic value of the Scheme Consideration assuming an individual Apiam Shareholder elects to receive either:

- All Cash Consideration;
- Mixed Consideration Option One: 25% Cash Consideration, 75% Scrip Consideration;
- Mixed Consideration Option Two: 50% Cash Consideration, 50% Scrip Consideration; or
- All Scrip Consideration.

The Cash Consideration is \$0.87 per Apiam Share. The Scrip Consideration is 0.87 HoldCo Shares per Apiam Share.

Under the All Cash Consideration option, the Cash Consideration of \$0.87 per Apiam Share will be reduced by the \$0.10 Special Dividend per Apiam Share.

Under the Mixed Consideration Option One, the Cash Consideration of \$0.87 per Apiam Share in respect of 25% of the Apiam Shares held as at the Scheme Record Date will be reduced by the \$0.10 Special Dividend per Apiam Share in respect of all Apiam Shares held at the Scheme Record Date. The Scrip Consideration of 0.87 HoldCo Shares per Apiam Share will be received in respect of the other 75% of the Apiam Shares held as at the Scheme Record Date (subject to the Scaleback Arrangements and terms of the Scheme).

Under the Mixed Consideration Option Two, the Cash Consideration of \$0.87 per Apiam Share in respect of 50% of the Apiam Shares held as at the Scheme Record Date will be reduced by the \$0.10 Special Dividend per Apiam Share in respect of all Apiam Shares held at the Scheme Record Date. The Scrip Consideration of 0.87 HoldCo Shares per Apiam Share will be received in respect of the remaining 50% of the Apiam Shares held as at the Scheme Record Date (subject to the Scaleback Arrangements and terms of the Scheme).

Under the All Scrip Consideration option, the Scrip Consideration of 0.87 HoldCo Shares per Apiam Share held as at the Scheme Record Date will be reduced by the total number of HoldCo Shares which the shareholder would have otherwise received (if no Special Dividend was received) in respect of its Apiam Shares held as at the Scheme Record Date by 1/87th of that number for every cent in the cash amount per Apiam Share of the Special Dividend (subject to the Scaleback Arrangements and terms of the Scheme).

The value of the consideration under these elections immediately post implementation of the Scheme, noting that all Apiam Shareholders registered on the record date for the Special Dividend will be entitled to receive the Special Dividend (assuming one is paid), is as follows.

Underlying Economic Value of Consideration per Apiam Share Immediately Post Implementation – All Scenarios (\$)

	All Cash Consideration	Mixed Consideration Option One ¹			Mixed Consideration Option Two ²			All Scrip Consideration		
		Low	Mid-point	High	Low	Mid-point	High	Low	Mid-point	High
Cash Consideration	0.77	0.12	0.12	0.12	0.34	0.34	0.34	-	-	-
Scrip Consideration	-	0.47	0.54	0.61	0.31	0.36	0.41	0.55	0.63	0.72
Special Dividend	0.10	0.10	0.10	0.10	0.10	0.10	0.10	0.10	0.10	0.10
Underlying economic value of Consideration	\$0.87	\$0.68	\$0.75	\$0.83	\$0.75	\$0.79	\$0.84	\$0.65	\$0.73	\$0.82

Source: Kroll analysis.

1. 25% Cash Consideration, 75% Scrip Consideration.

2. 50% Cash Consideration, 50% Scrip Consideration.

In relation to the above, Kroll notes that:

- for the Mixed Consideration and All Scrip Consideration alternatives, the mid-point of the underlying economic values of the total consideration (in the range of \$0.73 to \$0.79) is lower than the mid-point of Kroll's valuation of an Apiam Share (\$0.85). This is a result of the recipients of the Scrip Consideration bearing the total transaction costs and funding initial liquidity;
- for the Mixed Consideration and All Scrip Consideration alternatives, the high end of the range of total consideration is lower than the All Cash Consideration of \$0.87; and
- the greater the individual Apiam Shareholder's scrip component of their consideration, the lower the mid-point of the value of their total consideration.

It is important to recognise that the underlying economic value of HoldCo Shares do not represent the value that may be realised if shareholders theoretically sought to (and were able to) dispose of HoldCo Shares in the immediate or short-term post implementation of the Scheme (i.e. 'theoretical cash equivalent') as in our view, any such value would be subject to a minority and marketability discount. In this respect, it is not possible to reliably estimate the quantum of a minority and marketability discount that would be applied to HoldCo Shares since there are limited situations when shares can be disposed outside an exit event, and:

- the timing of an exit event is unknown; and
- the form of an exit event is unknown and could take the form of an initial public offering, asset sale or trade sale. An initial public offering would attract a minority discount whereas a control transaction may attract a control premium.

As such, it is not possible to also reliably estimate the realisable value of a HoldCo Share.

3.3.4 Assessment of fairness of the Mixed Consideration and All Scrip Consideration

Although the exact quantum of a discount that would apply to HoldCo Shares relative to the value of Apiam Shares cannot be reliably determined, Kroll considers that a substantial discount is warranted as a result of the reduced liquidity, fewer shareholder protections, reduced shareholder rights and increased gearing of HoldCo Shares (refer to Section 10.5 of this report).

The following sensitivity analysis shows the realisable value of the All Scrip Consideration and Mixed Consideration alternatives for a range of discounts under All Scenarios.

Sensitivity Analysis – Realisable Value of the All Scrip Consideration and Mixed Consideration Alternatives for a Range of Discounts

Source: Kroll analysis.

Note: As discussed in Section 3.3.2 of this report, Kroll considers that the low end of the valuation range for Apiam Shares represents the relevant threshold for fairness. As such, any value of the All Scrip Consideration and Mixed Consideration options that is above the low end of the Apiam value range is fair. The discount in the above chart refers to the marketability/minority discounts on HoldCo Shares that makes the low end of Kroll's value range for an Apiam Share of \$0.77 (Section 9.1 of this report) equivalent to the high end of the value range for the All Scrip Consideration and Mixed Consideration alternatives (Section 10.4 of this report).

The sensitivity analysis indicates that:

- the greater the discount applied to HoldCo Shares, the lower the value of the All Scrip Consideration and Mixed Consideration options; and
- there is a breakeven point above which the All Scrip Consideration, Mixed Consideration Option One and Mixed Consideration Option Two could be considered to be fair. This occurs where the total economic value at the high end of the All Scrip Consideration, Mixed Consideration Option One and Mixed Consideration Option Two (based on the high end of the underlying economic value of a HoldCo Share immediately post implementation of the Scheme (\$0.93)) after deducting a minority/marketability discount on the HoldCo Shares, are equal to the low end of Kroll's assessed value range for an Apiam Share of \$0.77. These break-even discount below which the Mixed Consideration Option Two could be considered fair are 6.7%¹¹, 9.2%¹² and 17.5%¹³, respectively. **In other words, the realisable value of the All Scrip Consideration (based on 100% scrip), Mixed Consideration Option One (based on 25% cash, 75% scrip) and Mixed Consideration Option Two (based on 50% cash, 50% scrip) will not be fair for any discount above 6.7%, 9.2% and 17.5%, respectively. Noting that whilst the actual discount realised cannot be reliably determined, Kroll considers that relative to the value of Apiam on a 100% basis (ASIC requirement), a substantial minority and marketability discount is warranted. Accordingly, on**

¹¹ Calculated as $100\% \times 0.77$ (number of HoldCo Shares per Apiam Share (under All Scrip Consideration)) \times \$0.93 (high end of underlying economic value of a HoldCo Share) \times (1-6.7%) + \$0.10 (Special Dividend) = \$0.77 (low end of controlling value of an Apiam Share).

¹² Calculated as $75\% \times 0.87$ (Number of HoldCo Shares per Apiam Share (under Mixed Consideration Option One)) \times \$0.93 (high end of underlying economic value of a HoldCo Share) \times (1-9.2%) + \$0.87 (cash (inclusive of Special Dividend)) \times 25% = \$0.77 (low end of controlling value of an Apiam Share).

¹³ Calculated as $50\% \times 0.87$ (Number of HoldCo Shares per Apiam Share (under Mixed Consideration Option Two)) \times \$0.93 (high end of underlying economic value of a HoldCo Share) \times (1-17.5%) + \$0.87 (cash (inclusive of Special Dividend)) \times 50% = \$0.77 (low end of controlling value of an Apiam Share).

the basis of the All Scrip Consideration and Mixed Consideration alternatives, the Scheme is not fair in accordance with RG 111.

The above analysis is illustrative only as Kroll considers for the reasons set out previously that the realisable value of HoldCo Shares, including, potentially, in the event of a subsequent sale of the business or initial public offering (the timing of which is unknown), is not possible to estimate reliably.

3.4 Assessment of reasonableness based on the All Cash Consideration

In accordance with RG 111, an offer is reasonable if it is fair. **As we have assessed the Scheme to be fair on the basis of the All Cash Consideration, it is also reasonable.** However, irrespective of the requirement to conclude the Scheme is reasonable, we have also considered a range of other factors that are relevant to an assessment of the reasonableness of the Scheme.

3.4.1 The All Cash Consideration represents a significant premium to the undisturbed trading prices of Apiam Shares

The All Cash Consideration of \$0.87 per Apiam Share represents a significant premium to Apiam's closing share price and the VWAP calculated over a range of periods up until 15 August 2025, the last trading day prior to the announcement of the conditional and non-binding indicative proposal from Adamantem.

The following chart presents the premium of the Cash Consideration relative to Apiam share price trading benchmarks.

Premium of the All Cash Consideration over the Apiam Share Price

Source: IRESS; Kroll analysis.

Note: The premiums illustrated above have been calculated based on Apiam's closing share price and VWAP up until close on 15 August 2025, the last trading day prior to the announcement of the conditional and non-binding indicative proposal from Adamantem.

The All Cash Consideration represents premiums to the trading price of Apiam Shares over periods of up to 12 months prior to the announcement of the Proposed Transaction that are substantially greater than the range of premiums typically observed in transactions. As discussed in Section 3.3.1 of this report, observations from transaction evidence indicate that control premiums are broadly in the range of 25% to 40% for completed transactions depending on the individual circumstances.¹⁴ Kroll considers that the likely

¹⁴ 2025 FactSet Review. Range represents median premium from 2015 to 2024. Premiums are calculated based on the seller's closing price five business days before the initial announcement. The calculations exclude negative premiums and premiums over 250%. Data includes publicly traded and privately owned companies where at least one of the parties is a United States entity. Includes all sector and industry classifications.

acquirer of Apiam is a financial buyer, for whom synergies are limited to public company costs (refer to Section 9.2.3 of this report).

Kroll considers that the significant premium offered is likely also attributable to the following:

- the transaction is the outcome of a competitive bidding process, with animal health businesses attracting significant interest from private equity firms at present;
- Apiam's share price over a majority of the period reflects a lack of confidence in Apiam management following poor earnings performance including weak earnings margins, the inability to extract synergies from prior acquisitions and balance sheet constraints with Apiam's gearing exceeding target ratios;
- the offer price likely attributes value to the potential for Adamantem to improve the profitability of the clinics, whereas trading prior to the announcement of the non-binding indicative offer does not reflect the benefit of the cost savings initiatives that were announced as part of Apiam's Strategic Reset Program as they had not yet been announced to the market; and
- it is likely that the Apiam share price during the period was impacted by illiquid share trading driven by the lack of free float (refer to Section 8.9.3 of this report).

3.4.2 Certainty of value

The All Cash Consideration offers Apiam Shareholders an opportunity to exit their investment in Apiam at a cash value that is certain and which, as noted above, incorporates a significant premium to Apiam's undisturbed trading prices over the previous 12 months. Trading in Apiam Shares is illiquid, and it is uncertain what the major shareholders will do if the Transaction does not proceed. This illiquidity is likely to result in wider bid-ask spreads, greater price volatility and increased uncertainty for shareholders as to the price that may be realised in the future.

Furthermore, there is no certainty as to the price at which Apiam Shareholders would realise their investment at that time, and any future on-market sale by Apiam's Shareholders would likely incur brokerage costs, which are avoided if the Scheme is implemented.

3.4.3 By exiting their investment, Apiam Shareholders will not participate in any future growth in the value of Apiam, they will no longer be exposed to the risks associated with the business

By exiting their investment, Apiam Shareholders will not participate in any future growth in the value of Apiam, over and above that is already reflected in the All Cash Consideration. In August 2025, Apiam management announced annualised cost savings initiatives of \$1.5 million related to corporate overhead reduction and further announced its Strategic Reset Program strategy which aimed to improve clinic performance and overall earnings margins.

We note that the achievement of this revised strategy for Apiam will likely take time to be achieved and have risks associated with their achievement, some of which are outside management's control. In this regard, Kroll's valuation of Apiam, which overlaps with the All Cash Consideration, already attributes significant value to Apiam's current cost savings achieved and the potential upside related to its strategic initiatives. Consequently, the All Cash Consideration essentially derisks the Strategic Reset Program for Apiam Shareholders.

On the other hand, shareholders who exit their investment will no longer be exposed to the risk associated with the business as discussed in Section 7.3 of the Scheme Booklet, including:

- **exposure to the production animal industry:** including any downturn or disruption in the feedlot cattle, dairy cattle, and pig sectors which could drive a substantial reduction in livestock numbers or production volumes;
- **reliance on availability of key products:** including any recurring or prolonged disruption to the supply of animal health products which could negatively impact Apiam's ability to service clients;
- **competition risks:** including the potential for Apiam's competitors market share to increase or decrease as a result of various factors including securing major new contracts and developing new technologies. The impact of competitive actions could potentially have a negative impact on Apiam's future earnings;

- **key personnel risk:** loss of key members of the management team or other key personnel could have a material adverse effect on Apiam's operations, including the ability for the company to execute on its current business strategy. Furthermore, the current CEO is serving in an interim capacity, and Apiam is actively conducting a search for a permanent successor; and
- **climate change risk:** including the impact of extreme weather events and changing climate patterns which could disrupt the production animal industry that Apiam services.

3.4.4 Apiam's share price will likely fall in the absence of the Scheme

The current share price of Apiam reflects the terms of the Scheme and, as discussed in Section 3.4.1 of this report, includes a significant control premium. As such, in the absence of the Scheme, a Superior Proposal or speculation concerning a Superior Proposal, the Apiam Share price is likely to fall to levels consistent with Apiam's undisturbed trading prices (up until 15 August 2025), with an allowance for:

- subsequent announcements in relation to company specific initiatives or financial performance which the market may assess as value enhancing or diminishing. Subsequent to the announcement of the non-binding indicative proposal, Apiam announced its Strategic Reset Program, its FY25 financial results, and FY26 guidance on 27 August 2025. After the release of these updates, Apiam's broker increased its FY26 and FY27 earnings forecasts by 8.1% and 5.3%, respectively;
- any industry developments (e.g. concerning competitor activity, industry trends, and interest rates). In this regard, Kroll is not aware of any significant industry developments since 15 August 2025; and
- trends in broader equity markets. In this regard, from 15 August 2025 until 5 December 2025, the S&P/ASX 200 Index has decreased by 3.4%.

3.4.5 Likelihood of a Superior Proposal

Since the announcement of the non-binding, indicative proposal from Adamantem on 15 August 2025, no alternative bidder has emerged. Whilst the opportunity for a Superior Proposal remains, currently we consider the likelihood of a Superior Proposal to be impacted by the following:

- Dr Chris Richards holds a 24.2% interest in Apiam. This level of interest represents a potential blocking stake in any competing proposal and as such, an alternative bidder would need to have his support;
- the Scheme Consideration represents a significant premium to Apiam's undisturbed trading prices over the last 12 months, which ranges from 56.9% to 104.2% depending on the period of analysis (refer to Section 3.4.1 of this report). This is likely to limit the range of potential acquirers, given the need for a competing bid to exceed this offer price;
- Apiam first announced the receipt of the non-binding indicative offer on 18 August 2025 and there has been ample time for a Superior Proposal to emerge;
- the All Cash Consideration overlaps with Kroll's assessed valuation range, which already reflects the benefits of the Strategic Reset Program. It is unlikely that an alternative bidder would offer a higher premium for these initiatives, particularly noting that they would need to execute them themselves;
- it is open for Apiam Shareholders to vote against the Scheme in the hope that the Apiam IBC will be able to extract a higher offer from Adamantem. However, the Scheme is a consequence of a period of due diligence and negotiations between the Apiam IBC and Adamantem. The Apiam IBC is also supporting the Scheme in its current form (in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interest of Apiam Shareholders) and shareholder feedback has been positive. It is, therefore, unlikely that Apiam would be able to obtain a higher offer from Adamantem; and
- the SID contains customary exclusivity provisions on Apiam that apply during the Exclusivity Period. In certain circumstances, Apiam may be required to pay a break fee of approximately \$1.7 million. Although these provisions may be influential, we do not consider that they would prevent a Superior Proposal being made.

3.4.6 Other considerations

In forming our opinion, we have also considered a number of other factors. Whilst we do not necessarily consider these factors to impact our assessment of the reasonableness of the Scheme, we have addressed them as follows.

One-off transaction costs

If the Scheme is implemented, Apiam expects to pay transaction costs of approximately \$6.7 million (excluding GST) in connection with the Scheme and Adamantem expects to pay transaction costs of \$14.9 million (excluding GST). These total transaction costs of \$21.7 million (including GST and funding initial liquidity costs) will ultimately be borne by HoldCo and will be reflected in the value of HoldCo Shares. If the Scheme is not implemented, Apiam expects to pay an aggregate of approximately \$3.8 million (excluding GST) in transaction costs.

The Scheme is subject to the satisfaction of a number of conditions

There are a number of conditions which, if not satisfied, will result in the Scheme not being implemented, including approval from the Foreign Investment Review Board (**FIRB**) and the Australian Competition and Consumer Commission (**ACCC**). If any condition precedent prevents the Scheme from being implemented, Apiam Shareholders will continue to hold their existing Apiam Shares. As at the date of the Scheme Booklet, the Apiam Board is not aware of any reason why any condition precedent will not be satisfied or waived (if capable of waiver).

Taxation implications for Apiam Shareholders

A summary of the general Australian tax consequences (including capital gains tax (**CGT**), GST and stamp duty) for Apiam Shareholders that hold their Apiam shares on capital account for Australian income tax purposes in relation to the Scheme are outlined in Section 8 of the Scheme Booklet. The summary does not apply to all Apiam Shareholders

Section 8.2 of the Scheme booklet advises that Apiam has applied for a class ruling from the ATO (**Class Ruling**), and that Apiam shareholders should review the final Class Ruling when it is issued by the ATO. The Final Class Ruling will not be published by the ATO until after the Implementation Date of the Scheme.

Section 8.3 of the Scheme Booklet considers the Australian tax implications of the Scheme. In particular, Section 8.3(a) of the Scheme Booklet indicates that the disposal of Apiam Shares to BidCo under the Scheme will constitute a CGT event for Australian resident Apiam Shareholders. This means that Australian resident Apiam Shareholders will need to determine whether a capital gain or capital loss arises in respect of their disposal of Apiam Shares.

Section 8.3 (c),(d), and (e) consider the cost base, capital proceeds and applicable CGT discounts for Australian Apiam Shareholders. The capital proceeds received in respect of the disposal of each Apiam Share should be the amount of the Scheme Consideration.

With regards to the Scrip Consideration, Apiam Shareholders who would otherwise make a capital gain on the disposal of their Apiam Shares under the Scheme may choose CGT scrip for scrip roll-over relief to the extent that the capital gain made on the disposal of an Apiam Share is attributable to the receipt of a HoldCo Share. Section 8.3(g) considers the consequences for choosing scrip for scrip roll-over relief and (i) considers the consequences if scrip for scrip roll over relief is not available or not chosen.

Section 8.3(j) considers the taxation consequences associated with the Special Dividend.

Section 8.4 of the Scheme Booklet considers the tax implications for foreign tax resident Apiam shareholders.

In accordance with Section 8.6 and 8.7 of the Scheme Booklet, Apiam Shareholders should not be liable for Australian GST or stamp duty, however each Apiam Shareholder should seek their own advice in relation to any GST or stamp duty implications.

We note that Apiam Shareholders should consider their individual taxation circumstances and review Section 8 of the Scheme Booklet for further information where it applies to their circumstances. Apiam Shareholders should obtain their own independent professional advice on the tax consequences of disposing of their Apiam Shares under the Scheme.

3.4.7 Consequences if the Scheme does not proceed

In the event that the Scheme is not approved or any conditions precedent prevent the Scheme from being implemented:

- Apiam Shareholders will not receive the Scheme Consideration and will retain their Apiam Shares;
- Apiam will continue to operate in its current form and remain listed on the ASX. As announced on 27 August 2025 as part of its FY25 annual results, Apiam has implemented a strategy aimed at improving profitability;
- Apiam will need to find a permanent CEO, with the current CEO serving in an interim capacity;
- Apiam's ability to pursue growth through acquisitions is likely to be constrained by its high financial leverage, which limits further borrowing capacity. Additionally, raising equity would likely require issuing shares at a significantly discounted price. Apiam would need to improve its financial performance before raising further debt or equity;
- Apiam Shareholders will continue to be exposed to the risks and opportunities associated with an investment in Apiam as set out in Section 3.4.3 of this report;
- the Apiam share price is likely to fall. The current price of Apiam Shares reflects the terms of the Scheme (including the benefit of the All Cash Consideration offered by Adamantem) and includes a significant control premium. As such, in the absence of the Scheme, a Superior Proposal or speculation concerning a Superior Proposal, the Apiam Share price is likely to fall (refer to Section 3.4.4 of this report);
- Apiam expects to pay transaction costs of approximately \$3.8 million (excluding GST) in connection with the Scheme; and
- in certain circumstances, a break fee of approximately \$1.7 million (inclusive of any applicable GST) may be payable by Apiam to Adamantem in certain circumstances.

3.5 The Scrip Consideration alternatives are likely to be unattractive to some shareholders

The decision to elect the All Scrip Consideration or Mixed Consideration alternatives and receive HoldCo Shares in respect of all or a portion of their Apiam Shares is independent of a decision to approve the Scheme Resolution. In making this decision, Apiam Shareholders need to carefully consider the rights and obligations and risks attaching to HoldCo Shares.

Those Apiam Shareholders who elect the All Scrip Consideration or Mixed Consideration alternatives will retain an economic interest in Apiam's business operations and assets. By retaining an economic interest, HoldCo Shareholders may be able to:

- defer the capital gains consequences of the Scheme if capital gains tax roll-over relief is available (refer to Section 8.3 of the Scheme Booklet);
- participate in certain future exits by a HoldCo Shareholder as a result of the drag-along and tag-along rights; and
- participate in any growth in the business.

Compared to Apiam Shares currently listed on the ASX, HoldCo Shares will differ as follows:

- HoldCo Shareholders will be subject to the provisions of the HoldCo Shareholders' Deed, which is included in Annexure 5 of the Scheme Booklet, and the HoldCo Constitution, which is included in Annexure 6 of the Scheme Booklet. HoldCo Shareholders will have fewer rights as a shareholder in HoldCo compared to their current investment in Apiam, as discussed in Section 5.3 of this report;
- **reduced liquidity:** post implementation of the Scheme, HoldCo will be an unlisted public company. As such, there will be no public market for the trading of HoldCo Shares post implementation of the Scheme, nor is there expected to be any such market in the future. There are restrictions on the disposal of HoldCo Shares under the HoldCo Shareholders' Deed that will restrict any prospective seller of HoldCo Shares from trading in their HoldCo Shares. This will result in HoldCo Shares being substantially illiquid;

- **higher gearing:** HoldCo Shareholders will have an investment in a company that is more highly geared than Apiam is currently as increased borrowings will be required to fund the total transaction costs and the cash consideration to Apiam Shareholders. HoldCo is expected to have pro forma net debt at the Scheme Implementation Date of \$111.2 million (under Illustrative Scenario 1 and 2), whereas as at the Implementation Date, Apiam's forecast net debt is \$64.6 million (refer to Section 6.3(f) of the Scheme Booklet);
- **shareholder protections:** HoldCo will be an unlisted public company and the ASX Listing Rules nor, under certain conditions, Australia's takeover regime under Chapter 6 of the Corporations Act will apply to HoldCo Class B Shares. As such, Apiam Shareholders who elect to receive Scrip Consideration will no longer have the protections offered under the ASX Listing Rules and Australian corporate law for listed public companies in relation to takeovers, acquisition of substantial shareholdings, provisions relating to continuous disclosure, approval for changes in capital and share issues, restrictions on transactions with persons of influence and significant transactions and takeover provisions;
- **limited information rights:** Class B HoldCo Shareholders will receive more limited information in relation to HoldCo than they currently receive as Apiam Shareholders due to the difference in regulatory regimes between Apiam Shares and Class B HoldCo Shares;
- **voting:** Apiam Shareholders who receive HoldCo Shares will collectively have no more than a 24% interest in HoldCo and therefore will be subject to risks inherent with minority shareholdings. Apiam Shareholders will therefore, in most cases, be subject to the decisions made by Adamantem in relation to HoldCo; and
- **potential for reduced capacity to pay dividends in the near term:** compared to the payment of dividends by Apiam, in the near term there may be reduced capacity for HoldCo to pay dividends as a result of the terms of higher gearing. Subject to the Corporations Act, a decision to pay, and the amount of, dividends will be at the sole discretion of the HoldCo Board, taking into account (as the Board considers appropriate) retention of such reasonable and proper reserves for working capital requirements, possible future acquisitions, capital expenditure, debt amortisation or other actual or contingent liabilities or commitments of the Group and such dividend not resulting in a breach of any covenant or undertaking of any Group Company to any bank or financial institution (refer to Section 6.3 of the Scheme Booklet)

On the other hand, Apiam Shareholders who elect to receive Scrip Consideration may benefit from roll-over relief on capital gains. Furthermore, Adamantem and HoldCo have advised that following the implementation of the Scheme, HoldCo will seek to conduct a review of Apiam's operations on both a strategic and financial level to evaluate Apiam performance, profitability and prospects and identify opportunities to enhance operational efficiency, optimise the business structure, and support future growth initiatives.

An offer may be considered to be in the best interest of shareholders if there are compelling reasons to suggest that despite not being fair, the offer is reasonable. In this instance, we do not consider that there are compelling reasons to suggest that despite not being fair, the Scrip Consideration is reasonable. Consequently, **as the Scheme is not fair on the basis of the All Scrip Consideration and Mixed Consideration options, it is not reasonable and, therefore, it is not in the best interest of Apiam Shareholders (other than Excluded Shareholders).** Notwithstanding this, passive shareholders who have a long investment horizon and a high risk appetite may find the Scrip Consideration to be attractive, particularly if they stand to attract a capital gain as a result of the sale of their Apiam Shares (given that roll-over relief may be available for shareholders who elect to receive the Scrip Consideration alternatives).

However, they need to carefully consider the rights and obligations and risks attaching to HoldCo Shares before making a decision to elect to receive the All Scrip Consideration or Mixed Consideration alternatives.

5 The Scheme

5.1 Overview

On 22 October 2025, Apiam announced that it had entered into a SID with Adamantem, under which Adamantem agreed to acquire 100% of the ordinary shares in Apiam by way of the Scheme. Under the Scheme, Apiam Shareholders (other than those who make an election to receive a scrip consideration alternative as described below) will receive \$0.87 per Apiam Share held on the Scheme Record Date less amount of any Special Dividend declared or paid prior to implementation of the Scheme per Apiam Share, in respect of all of the Apiam Shares they hold as at the Scheme Record Date.

As an alternative, Apiam Shareholders (other than Ineligible Foreign Shareholders) may elect to receive:

- **All Scrip Consideration:** 0.87 HoldCo Shares for every 1 Apiam Share held by that Apiam Shareholder as at the Scheme Record Date, and, if a Special Dividend is declared or paid prior to implementation of the Scheme, as reduced by the total number of HoldCo Shares which the Apiam Shareholder would have otherwise received under the Scheme (if no Special Dividend was paid) by 1/87th of that number for each cent in the cash amount per Apiam Share of the Special Dividend;
- **Mixed Consideration Option One:** 25% Cash Consideration and 75% Scrip Consideration, as follows:
 - the Cash Consideration in respect of 25% of the Apiam Shares held by that Apiam Shareholder as at the Scheme Record Date; and
 - 0.87 HoldCo Shares for every 1 Apiam Share held as at the Scheme Record Date in respect of 75% of the Apiam Shares held by that Apiam Shareholder as at the Scheme Record Date; or
- **Mixed Consideration Option Two:** 50% Cash Consideration and 50% Scrip Consideration, as follows:
 - the Cash Consideration in respect of 50% of the Apiam Shares held by that Apiam Shareholder as at the Scheme Record Date; and
 - 0.87 HoldCo Shares for every 1 Apiam Share held as at the Scheme Record Date in respect of 50% of the Apiam Shares held by that Apiam Shareholder as at the Scheme Record Date.

If a Special Dividend is paid or declared on or prior to implementation of the Scheme, the cash amount to be paid under Mixed Consideration Option One and Mixed Consideration Option Two will be reduced by the amount of the Special Dividend per Apiam Share, applied to the total number of Apiam Shares held by that Apiam Shareholder as at the Scheme Record Date.

The Scrip Consideration alternatives are subject to scaleback arrangements to ensure the aggregate number of HoldCo shares issued under the Scheme does not exceed 24% of the total number of shares on issue in HoldCo. The scaleback mechanism will occur on a pro-rata basis, with Apiam Shareholders receiving the All Cash Consideration in lieu of the Scrip Consideration.

On 22 October 2025, a group of Apiam employees, officers and consultants agreed to make an Election to receive either the All Scrip Consideration or the Mixed Consideration if the Scheme becomes Effective in each case in respect of all Apiam Shares held by them at the Scheme Record Date (including any Apiam Shares issued as upon the vesting and exercise of Apiam Performance Rights) (refer to Section 9.3 of the Scheme Booklet for further information on Commitment Deeds).

As a result of the Scrip Consideration, the Commitment Deeds and the application of the scaleback arrangements, depending on the number of elections to receive a scrip consideration alternative, Apiam Shareholders who validly elect to receive the Scrip Consideration will hold between 18.6% and 24.0% of HoldCo Shares, and Adamantem will hold between 81.4% and 100.0% of HoldCo Shares.

Under the SID, the Apiam Board is permitted to pay a fully franked Special Dividend of up to \$0.10 cash per Apiam Share prior to implementation of the Scheme. If a Special Dividend of \$0.10 is paid, Apiam Shareholders who can utilise franking credits and who are Apiam Shareholders on the Special Dividend Record Date may be entitled to receive additional benefits from franking credits of approximately \$0.04 per Apiam Share, subject to their individual tax circumstances. Apiam Shareholders who elect to receive Scrip

Consideration will also be entitled to receive the Special Dividend if they hold Apiam Shares on the Special Dividend Record Date.

Further conditions to which the implementation of the Scheme is subject to are set out in Section 5.4 of this report.

The Apiam IBC Members unanimously recommend that Apiam Shareholders vote in favour of the Scheme, in the absence of a Superior Proposal and subject to the Independent Expert concluding (and continuing to conclude) that the Scheme is in the best interest of Apiam Shareholders (other than Excluded Shareholders). Subject to these qualifications, each member of the Apiam IBC intends to vote all Apiam Shares that they hold or control in favour of the Scheme.

5.2 Adamantem call option

As announced on 18 August 2025, BidCo is a party to a call option deed with CJOEA Family Company Pty Ltd (**CJOEA**), an entity controlled by founder Dr Chris Richards, under which CJOEA has granted BidCo a call option over Apiam Shares representing approximately 19.8% of Apiam Shares on issue (**Option Shares**). The call option deed includes commitments by CJOEA to vote the Option Shares in favour of the Scheme, subject to there being no Superior Proposal that BidCo fails to match (or exceed) after giving effect to any matching rights available to BidCo under the SID.

5.3 Rights and obligations of HoldCo Shares

HoldCo Shareholders will be subject to the provisions of the HoldCo Shareholders' Deed and HoldCo Constitution, which are summarised in Section 6.3(f)(4) of the Scheme Booklet. The key terms include the following (with capitalised terms which are not otherwise defined having the meaning given in the HoldCo Shareholders' Deed):

- **issue and ranking of the HoldCo Shares:** Immediately following Implementation, HoldCo will have two classes of shares on issue, being Class A Shares held by the Adamantem Investors (**Investor Shareholders**), and Class B Shares to be held by Apiam Shareholders who receive HoldCo Shares under the Scheme. Class A Shares and Class B Shares are both ordinary shares and will have identical economic and voting rights. Class A Shareholders and Class B Shareholders do, however, have different rights and obligations under the HoldCo Shareholders' Deed (for example, Class B Shareholders are subject to certain restraints on disposal, which do not apply to Class A Shareholders). Each Class A Share and Class B Share will have an issue price of \$1;
- **HoldCo Board composition:** On and from the Implementation Date, the HoldCo Board will comprise a minimum of three Directors (each, a **Director**) and a maximum of seven Directors, unless otherwise determined by the HoldCo Board:
 - each Investor Shareholder will have a right to appoint one Director;
 - a Class B Shareholder who holds at least 5% of the Voting Share Capital has the right to, by written notice to the Company, appoint one Director (**Class B Director**). The number of Class B Directors cannot exceed three; and
 - independent directors may, from time to time, be appointed to the Board by the Investor Shareholders.
- **dividends:** Subject to the Corporations Act, a decision to pay, and the amount of, dividends will be determined by the Board, taking into account working capital requirements, possible future acquisitions, capital expenditure, debt amortisation and financial covenants;
- **power of attorney:** Each Party (other than the Investor Shareholders) (an **Appointer**) appoints the Company from time to time as its attorney (the **Attorney**) on the terms set out in clause 26 of the HoldCo Shareholders Deed. Each Attorney has the power to, on behalf of an Appointer and in the Appointer's name, do all acts and things appropriate to negotiate and implement any action or transaction, do any thing, or carry out any other matter, under or contemplated by a relevant clause or any document entered into in connection with a transaction contemplated by a relevant clause.
- **drag-along rights:** If Investor Shareholders and/or their Affiliates (**Drag Seller**) wish to Dispose in aggregate of more than 50.1% of the Voting Share Capital to a Third Party in a transaction (other than certain transactions specified in clause 16.7 of the Shareholders Deed), they may require the

other HoldCo Shareholders (**Dragged Shareholder**) to transfer an equivalent proportion of their HoldCo shares to such Third Party on terms which are no less favourable to the Dragged Shareholder than the terms on which the Drag Seller is proposing to dispose of its HoldCo shares in the transaction;

- **tag-along rights:** If the Investor Shareholders propose to Dispose of its HoldCo shares which in aggregate comprise 30% or more of the Voting Share Capital to a Third Party and the Investor Shareholders have not issued a Drag Notice (or has withdrawn any Drag Notice which was issued and not issued a further Drag Notice), the Investor Shareholders must serve a notice (**Invitation to Tag**) on each other Shareholder holding Voting Share Capital (**Tag Shareholder**) with a copy to the Company;
- **Disposal of Class B Shares:** Class B Shareholders may not Dispose, without prior written consent of the Investor Shareholders, of their Shares unless the transfer is to a related entity or relative of the Class B Shareholder, on the terms set out in the HoldCo Shareholders' Deed or pursuant to the drag/tag rights or an Exit;
- **exit:** At any time, the Investor Shareholders may give a notice to HoldCo that they wish to commence preparations for an Exit, and require the Company and the other Parties to assist with that Exit. In those circumstances, the Investor Shareholders will determine all matters related to the conduct and execution of the Exit. The Company and each other Party (including other HoldCo Shareholders) must use their best endeavours and co-operate in good faith to ensure that the Exit occurs in accordance with the exit notice and the Investor Shareholders' other requirements;
- **amendment to the HoldCo Shareholders' Deed:** The Investor Shareholders may amend the HoldCo Shareholders' Deed without the approval of HoldCo or the other HoldCo Shareholders, except where the amendment would, or is likely to, adversely affect the rights, obligations and/or interests of the Class B Shareholders relative to the Investor Shareholders (which must be approved by a Class B Special Resolution).

5.4 Conditions precedent

Implementation of the Scheme is subject to a number of conditions (which must be satisfied or, if applicable, waived before the Scheme can become effective):

- Apiam Shareholder approval of the Scheme by the requisite majorities at the Scheme Meeting;
- receipt of approval or waiver from the FIRB and the ACCC;
- ASIC and ASX each issuing or providing the consents, waivers, approvals, and all other acts required to implement the Scheme;
- the independent expert concluding (and continuing to conclude) that the Scheme is in the best interest of Apiam Shareholders (other than Excluded Shareholders);
- approval of the Scheme by the Supreme Court of New South Wales; and
- certain other customary conditions, including no restraints and that no prescribed occurrence or material adverse change occurs.

5.5 Exclusivity provisions

The SID contains customary exclusivity provisions that apply during the Exclusivity Period,¹⁵ including, 'no shop', 'no talk' and 'no due diligence' ('no talk' and 'no due diligence' are subject to a fiduciary carve out) and notification and matching right obligations in the event of a competing proposal. A reimbursement fee of approximately \$1.7 million will be payable by Apiam in certain circumstances (**Reimbursement Fee**) and a reverse reimbursement fee of approximately \$1.7 million will be payable by the Bidder to Apiam in certain circumstances (**Reverse Reimbursement Fee**).

¹⁵ The Exclusivity Period is the period from and including 22 October 2025 until the earlier of the date of termination of the SID, the End Date (which is 22 July 2026 or such date agreed in writing between Apiam and HoldCo) and the Effective Date (the date on which the Scheme becomes Effective).

5.6 Transaction costs

If the Scheme is implemented, Apiam expects to pay transaction costs of approximately \$6.7 million (excluding GST) in connection with the Scheme and HoldCo expects to pay transaction costs (including financing costs) of approximately \$14.9 million (excluding GST). These total transaction costs of approximately \$21.7 million (including GST) will ultimately be borne by HoldCo (as the ultimate holding company of BidCo) and will be reflected in the value of HoldCo Shares. If the Scheme is not implemented, Apiam expects to pay an aggregate of approximately \$3.8 million (excluding GST) in transaction costs.

6 Scope of the report

6.1 Purpose

6.1.1 Scheme

The Transaction is to be implemented by way of a scheme of arrangement under Part 5.1 of the Corporations Act and requires approval of Apiam Shareholders. Section 412(1) of the Corporations Act requires, among other requirements, that an explanatory statement issued by a company in relation to a proposed members' scheme of arrangement includes information that is material to the making of a decision by a member as to whether or not to agree to the scheme resolution.

Schedule 8, clauses 8303 and 8306 of the Corporations Regulations 2001 (Corporations Regulations) states that a scheme company must commission an independent expert's report when:

- the other party to the scheme holds at least 30% of the voting shares of the scheme company; or
- the other party to the scheme and the scheme company have common directors.

There is no statutory requirement for an independent expert's report to be commissioned for Apiam Shareholders, however, it is a condition precedent of the Scheme that an Independent Expert concludes (and continues to conclude) that the Scheme is in the best interest of Apiam Shareholders (other than Excluded Shareholders).

6.2 Basis of assessment

6.2.1 Scheme

We have referred to guidance provided by ASIC in its Regulatory Guides in particular, RG 111, which outlines the principles and matters which it expects a person preparing an independent expert's report to consider and RG 112.

RG 111 distinguishes between the analysis required for control transactions and other transactions. RG 111.18 states that where a scheme of arrangement is used as an alternative to a takeover bid to give effect to a control transaction, the form of analysis undertaken by the expert should be substantially the same as for a takeover bid. That form of analysis considers whether the transaction is 'fair and reasonable' and, as such, incorporates issues as to value. In relation to control transactions, RG 111.10 to 12 states:

- 'fair and reasonable' is not regarded as a compound phrase;
- an offer is 'fair' if the value of the offer price or consideration is equal to or greater than the value of the securities subject to the offer;
- the comparison should be made assuming 100% ownership of the 'target' and irrespective of whether the consideration is scrip or cash;
- the expert should not consider the percentage holding of the bidder or its associates in the target when making this comparison; and
- an offer is 'reasonable' if it is 'fair'. An offer might be 'reasonable' if, despite being 'not fair', the expert believes that there are sufficient reasons for shareholders to accept the offer in the absence of any higher bid before the close of the offer.

RG 111.13 sets out the factors an expert might consider in assessing whether an offer is reasonable:

- the bidder's pre-existing voting power in securities in the target;

- other significant shareholding blocks in the target;
- the liquidity of the market in the target's securities;
- taxation losses, cash flow or other benefits through achieving 100% ownership of the target;
- any special value of the target to the bidder, such as particular technology, etc;
- the likely market price if the offer is unsuccessful; and
- the value to an alternative bidder and likelihood of an alternative offer being made.

RG 111.20 states that if an expert would conclude that a proposal was 'fair and reasonable' if it was in the form of a takeover bid, it will also be able to conclude that the scheme is 'in the best interests' of members of the company.

RG 111.21 states that if an expert would conclude that a proposal was 'not fair but reasonable' if it was in the form of a takeover bid, it is still open to the expert to also conclude that the scheme is 'in the best interests' of the members of the company.

RG 111.11 provides that an offer is fair if the value of the consideration is equal to or greater than the value of the securities the subject of the offer. This comparison should be made assuming 100% ownership of the target and irrespective of whether the consideration is scrip or cash and without regard to the percentage holding of the bidder or its associates in the target entity. That is, RG 111.11 provides that the value of the target should be assessed as if the bidder was acquiring 100% of the issued equity in the target (i.e. on a controlling interest basis). In addition, any special value of the target to a particular bidder (e.g.: synergies that are not available to other bidders) should not be taken into account under the comparison.

Accordingly, when assessing the full underlying value of Apiam, we have considered those synergies and benefits which would be available to more than one potential purchaser (or a pool of potential purchasers) of Apiam.

7 Industry

7.1 Companion animal health industry

7.1.1 Overview

The companion animal health industry encompasses a broad range of products and services that support the health and wellbeing of companion animals. These include pharmaceuticals products, surgical procedures, diagnostics, dental care, and holistic wellness programs. In Australia, the industry is underpinned by one of the highest rates of pet ownership globally, with approximately 73% of households owning an estimated 31.6 million pets nationwide as of March 2025.¹⁶ In the 12 months to March 2025, total spending on companion animals was estimated to be \$21.3 billion, with approximately \$6.1 billion attributed to veterinary services and other pet health-related expenditures.^{17,18}

The companion animal health industry is characterised by low levels of cyclical volatility, with demand remaining relatively stable across economic cycles. This resilience is driven in most part by the increasing perception of pets as family members, resulting in pet care being viewed as non-discretionary.

Additionally, the Australian industry is highly fragmented, with small independent practices comprising the majority of clinics¹⁹ and corporate ownership representing approximately 20% of the market.²⁰ Key participants in the industry include VetPartners (9.8% market share), Greencross Limited (**Greencross**) (5.9% market share), Apiam (3.9% market share), and Vets Central (2.2% market share).²¹ Despite this, the industry has experienced considerable consolidation in recent years driven by established corporate

groups, new market entrants, and retail-aligned players.²² This trend is expected to continue, as larger veterinary companies pursue increased networks, growth in market share, economies of scale, and increased operational efficiencies.

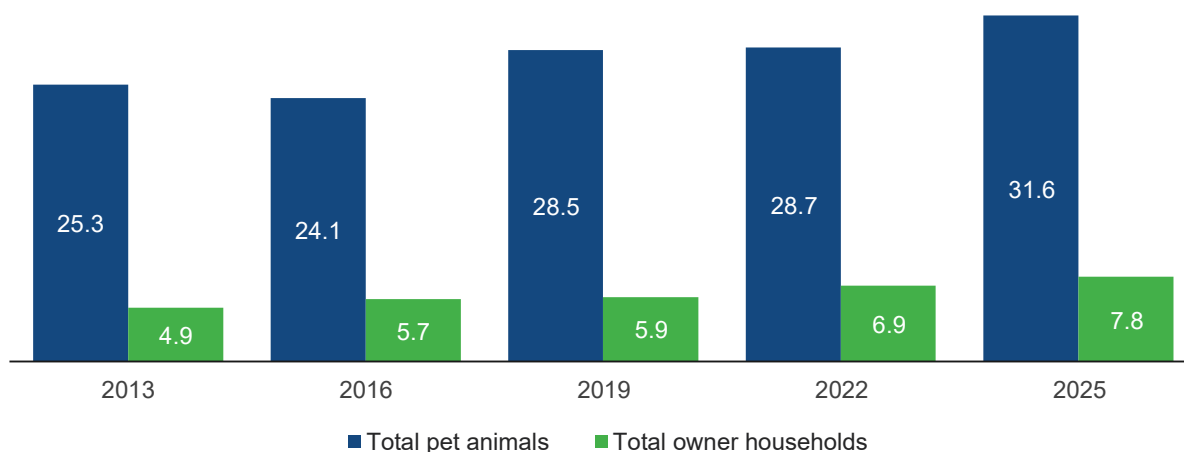

7.1.2 Key industry drivers and trends

The companion animal health services industry is subject to the following key drivers and trends.

Increasing rates of pet ownership

Growth in the companion animal health industry in recent years has been supported by rising pet ownership rates in Australia, which ranks among the highest globally. During the COVID-19 pandemic and the resulting working from home trend, levels of pet adoption spiked, with households seeking companionship and emotional benefits.²³ Consequently, rates of pet ownership have increased significantly since 2019, with the number of owner households increasing from 5.9 million, prior to the COVID-19 pandemic to 6.9 million in 2022. A breakdown of pet ownership growth is presented as follows.

Source: Animal Medicines Australia. Pets in Australia: A national survey of pets and people 2025.

The COVID-19 pandemic induced rise in pet ownership resulted in an uplift in demand for animal health services. Additionally, in the short to medium term, demand is expected to accelerate on the back of the class of COVID-pets entering the mid-life stages of their lifecycle, the stage which typically represents an increase in demand for veterinary services.

Humanisation & premiumisation of care

The growing trend of pet humanisation, where households increasingly regard pets as family members, is reshaping consumer behaviour relating to pet healthcare. This shift is driving demand for more premium services and contributing to sustained growth in pet-related expenditure, including both healthcare and non-healthcare related spend. As owners seek to enhance the longevity and wellbeing of their companion animals, there has been an increase in the frequency of vet visits and the quality of care demanded. This evolving mindset has accelerated interest in advanced medical procedures and has led to a transition toward preventive and holistic healthcare models. As a result, typical companion animal health spend has expanded to include specialised nutrition, supplements, diagnostics, dental and dermatological care, and behavioural wellness programs.

For the wider companion animal industry, this trend has driven increased industry revenues, with annual pet expenditure rising from \$8 billion in FY13 to \$21.3 billion in FY25.²⁴ For veterinary operators, the humanisation trend has resulted in demand for higher-quality care, increased average transaction values,

improved margins relative to standard clinical procedures, and opportunities to bundle retail products with preventive care plans.

Supply of veterinarians

Veterinary workforce shortages remain one of the most pressing structural challenges facing the companion animal health industry, with current constraints threatening service accessibility, particularly in regional areas. Recent studies have indicated that Australia is experiencing a severe shortage of veterinarians, driven by declining university enrolments in veterinary science programs, rising median student debt among recent graduates, and established veterinarians leaving the industry due to challenging conditions including burnout and increased pressure on after-hours coverage.^{25, 26} Consequently, the current supply of veterinarians is estimated to meet only 60% of demand.²⁷ The shortage is more acute in regional areas, where 44% of veterinary vacancies take more than 12 months to fill, compared to 28% in metropolitan regions.²⁸ To maintain service levels, leading operators are adopting several strategies including, adopting artificial intelligence (AI) to automate administrative tasks, standardising clinical protocols, offering flexible rostering and using tele-advice for triage.

7.1.3 Outlook

The performance of the companion animal health industry in the short to medium term is expected to be influenced by the following factors:

- increased demand for veterinary services from companion animals adopted during the pandemic as they enter the mid-stages of their lives;
- increased margins and revenue driven by continued demand for more advanced veterinary procedures including diagnostics, advanced medical and surgical procedures driven by increasing pet humanisation. Additionally, this trend will drive further demand for preventative and holistic spend including on wellness plans, parasite prevention and early diagnostics, leading them to be considered routine procedures;
- greater corporatisation of veterinary practices, driven by consolidation from large corporate groups and private equity; and
- improved clinic efficiencies driven by continued adoption of technological advancements including AI-enabled workflow tools and tele-triage platforms. Additionally, technological advancements will drive innovation and improve the accessibility of more advanced procedures allowing for higher levels of service and overall increased average transaction values.

7.2 Production animal health industry

7.2.1 Overview

The Australian production animal health sector is critical to Australia's agricultural productivity and food security. The industry is tightly regulated with meat and dairy quality, biosecurity, and animal welfare standards heavily scrutinised. Animal health companies provide a variety of services including advanced diagnostics, pharmaceuticals, vaccines, and veterinary consulting services, which are essential not only for maintaining compliance but also for enhancing herd productivity and overall farm performance.²⁹

In FY25, the gross value of production animals and associated products, including beef, dairy, sheep, poultry, and swine, totalled \$40.5 billion, with beef, dairy and sheep representing the largest contributors.³⁰

The performance of the production animal health sector is closely linked to broader trends within the livestock industry, including export demand, biosecurity risks, disease outbreaks, seasonal conditions, and consumption patterns. These factors contribute to a more cyclical operating environment compared to the

companion animal health sector. For commercial animal health providers, such fluctuations have a direct impact on business performance. During downturns, producers increasingly rely on veterinary services to enhance operational efficiency, improve survival rates, and ensure regulatory compliance. Conversely, in periods of strong market conditions, elevated prices and export demand drive greater investment in reproductive programs, preventive health measures, and feedlot management.

The following section provides an overview of the production animal health industry, along with the wider production animal industry which underpins the performance of key industry participants, including Apiam.

7.2.2 Trends and drivers

Export demand

Strong global demand for Australian livestock and livestock products continues to underpin the Australia's production animal industry, with total export values reaching \$30.6 billion in FY25.³¹ Australia's reputation for high quality meat, and its abundance of arable land positions it as a key player in the global meat supply chain. Beef and cattle, along with sheep meat and live sheep exports, remain the largest contributors to Australian agricultural export volumes, valued at \$17.1 billion and \$5.8 billion respectively, accounting for approximately 75% of Australia's beef and cattle production and 80% of sheep meat production in FY25.³² In contrast, exports of pigs and poultry, and dairy products represent a smaller share of production, at 6% and 37% respectively.³³

In the beef sector, Australian export demand has reached record highs in recent years, driven primarily by increased demand from the United States, where cattle herd numbers reached 70 year lows in 2024 as a result of ongoing drought, and rising grain-fed beef exports to China, supported by reduced United States exports to China amid ongoing trade tensions. Australia also maintained its position as the world's largest exporter of sheep meat in FY25, although volumes are expected to decline slightly due to lower Australian production, reflecting a contraction in the nation's flock as poor seasonal conditions and elevated turn-off reduced flock numbers.

Export volumes across livestock sectors are subject to cyclical fluctuations, shaped by seasonal conditions in key suppliers, domestic and international herd dynamics, and global trade patterns. Disruptive changes in trade policies, including the imposition of tariffs, and economic shocks in key trade partners can constrain demand for Australian products. Conversely, tariffs on competing exporters can redirect demand toward Australia, as seen during recent United States and China trade tensions.

Advancements in veterinary technology

Technological advancements in animal health seek to increase standards of care, increase efficiencies and drive higher margin products and services for veterinary operators. Recent technological advancements relating to big data, digitisation, and artificial intelligence have provided several applications for the animal health industry. Artificial intelligence advancements in recent years have been adopted by industry participants to improve efficiencies in veterinary clinics through automation of processes reducing non-chargeable time for veterinarians. Increased digitisation in the industry has been seen in monitoring technologies which have enabled real-time monitoring of health in herds by tracking vital signs and providing access to greater amounts of data to improve health outcomes. Similarly, the use of big data analysis has presented opportunities in diagnostics by allowing users to analyse herd data to track changes in health and to monitor for diseases resulting in improvements in standards of care and the development of higher margin services.

Biosecurity & disease

Disease and biosecurity risks have the potential to be extremely disruptive to Australia's livestock industry resulting in higher costs and lower production. For Australia, its disease-free status is critical to its global reputation and market access. Despite this, pest and disease still present risks to farm operations driving

a reduction in herd sizes, lowering herd productivity, triggering export bans and dampening consumer demand due to food safety concerns. For participants in the production animal health industry, disease outbreaks can constrain earnings through tougher industry conditions for customers and reduced herd numbers. Alternatively, it can simultaneously elevate the importance of veterinary oversight in operations and can further drive demand for higher margin veterinary services like veterinary consultancy services, advanced diagnostics and autogenous (custom) vaccine production.

Weather and climate variability

Weather and climate variability are a key driver of livestock population with extreme weather conditions having a negative impact on herd/flock sizes and overall production. Drought conditions like those experienced in northern New South Wales and Southern Queensland (QLD) in 2017 to 2019 can reduce pasture, feed harvests³⁴ and water availability resulting in higher livestock sales and destocking, and overall higher production costs.³⁵ Alternatively, flooding can result in mass loss of livestock while also damaging livestock pastures and increasing the risk of disease, similarly resulting in reduced numbers and increased costs. More recently, seasonal conditions have improved markedly from the drought conditions experienced in 2019, with higher rainfall in Northern Australia in 2024 contributing to improved pasture conditions which in turn has resulted in increases in herd numbers.³⁶

Trends in global consumption of meat

Global meat consumption is expected to continue to grow over the next decade particularly driven by consumption growth in developing countries. The OECD forecasts global meat consumption to grow by 13.4% from 2025 to 2034.³⁷ Total consumption in developing countries is forecast to grow 17.3% from 2025 to 2034 primarily driven by rising incomes and forecast population growth. In contrast, meat consumption is forecast to be much lower in developed countries, where total growth is forecast to moderate slightly to 6.1% over the same period, compared with growth of approximately 6.8% over the previous ten-year period. The comparatively lower growth in meat consumption is driven by an increasingly health-conscious consumer base as well as greater awareness regarding environmental sustainability, animal welfare, and food safety. Forecast growth rates in meat consumption to 2034 are as follows.

Forecast growth in meat consumption (kt cwe)¹

Source: OECD-FAO Agricultural outlook 2025 to 2034.

Note 1: Kt cwe means kilo tonnes carcass weight equivalent.

7.2.3 Outlook

The outlook for Australia's production animal health sector is defined by a balance of opportunity and structural challenge driven by the following factors:

³⁴ Collection and gathering of crops or plant material specifically grown for animal feed.

³⁵ USDA: Continued Drought to Reduce Australian Beef Production and Exports in 2020.

³⁶ Meat and Livestock Australia: Industry Projections March 2025.

³⁷ OECD-FAO Agricultural Outlook 2025-2034, July 2025.

- on the demand side, the sector is expected to continue to be impacted by robust global protein consumption, particularly in Asia, which should underpin long-term investment in herd productivity and disease prevention. However, slowing growth in meat consumption from developed countries may partially offset some of this growth;
- increased climate variability and changing geographic weather conditions driven by climate change will have the potential to negatively impact herd numbers and productivity, while also altering the suitability of different production areas. These dynamics may lead producers in affected locations to lean more heavily on veterinary expertise to safeguard herd productivity and manage risk;
- uncertainty relating to global trade policy is expected to persist and this could impact export demand from key trading partners including the United States and China; and
- increased risk driven by the spread of transboundary diseases such as Japanese Encephalitis virus (JEV), and avian influenza has reinforced the need for improved surveillance, vaccination strategies, and contingency planning. This will likely increase the importance of veterinarians in maintaining Australia's national biosecurity with a corresponding increase in demand for veterinary services.

8 Profile of Apiam

8.1 Overview

Apiam is an Australian vertically integrated veterinary services group delivering animal health solutions across the companion and mixed animal, and production animal industries. Headquartered in Bendigo, Victoria (VIC), the company operates an extensive network of more than 80 veterinary clinics and ancillary businesses, located in regional towns and expanding regions outside of urban centres across Australia. The company operates through two key segments:

- **Clinical Veterinary Services (CVS):** provides veterinary care for companion and mixed animals (including dairy and sheep) and equine clients through a network of clinics and via on-farm service. CVS also includes diagnostic services provided through its subsidiary ACE Laboratories. Segment offerings include product sales (including retail and pharmacy), preventative health services, advanced diagnostics, surgery, and emergency care; and
- **Intensive Animal and Veterinary Services (IAVS):** delivers health solutions and related services to commercial and large family owned beef feedlots and piggeries. Solutions offered are primarily product based including prescription and over-the-counter pharmaceuticals but also include genetics services, veterinary consulting services, advanced diagnostics, and autogenous vaccines produced through ACE Laboratories.

8.2 Background

Apiam was founded by Dr Chris Richards in the late 1990s with the establishment of its first veterinary clinic in Bendigo, Victoria, that was focused on servicing the pig industry. Over the following 17 years, the company broadened its offerings to include other production and companion animals. This expansion was supported by a series of strategic acquisitions across regional Australia, the establishment of relationships with global suppliers of animal health products, as well as the introduction of vertically integrated offerings, including; centralised procurement and wholesale distribution of animal pharmaceuticals, in-house warehousing and logistics, and ancillary services such as genetic sourcing. In December 2015, Apiam listed on the ASX, raising capital to fund the acquisition of an additional 12 veterinary businesses.

Since listing on the ASX, Apiam has grown through the continuation of its acquisition program as well as through a range of strategic initiatives. These initiatives were primarily aimed at growing animal numbers serviced through expansion into new fast growing rural and regional areas and expanding its offerings into equine and further into the companion animal segment. Key acquisitions since listing are summarised as follows.

Apiam's Key Acquisitions

In addition to its acquisition strategy, Apiam expanded into high-growth regional areas where it considered there were underserved companion animal markets by establishing two greenfield clinics and several co-located clinics through its joint venture with pet retailer, PETstock Pty Ltd (**PETstock**), initiated in 2017. Concurrently, the company broadened its service and product offerings to drive growth, including the launch of subscription-based programs such as Best Mates and ProDairy in FY20, aimed at increasing recurring revenue. Apiam also invested in product innovation, notably through the development of private label products and the development of specialist vaccine and diagnostic capabilities following its acquisition of ACE Laboratories in 2019.

By the end of FY23, Apiam's strategic focus shifted, opting to moderate the pace of acquisitions in favour of organic growth initiatives including improving clinic performance and earnings margins. The shift was accompanied by efforts to realise synergies from prior acquisitions and the implementation of cost-reduction measures through organisational restructuring. In June 2025, founder and then CEO and Managing Director Chris Richards departed the company, with non-executive director Bruce Dixon announced as interim CEO and Managing Director.

8.3 Strategy

Apiam's current strategy is focused on improving clinic performance and earnings margins through its Strategic Reset Program. These initiatives aim to deliver stronger earnings and improved returns on invested capital.

8.3.1 Strategic Reset Program

Apiam introduced a Strategic Reset Program in 2025 to address underperformance in parts of the business and reposition the company for improved profitability and stronger returns on invested capital. This program reflects a shift in focus from revenue growth to higher-quality earnings, margin improvement, and capital efficiency.

The key initiatives under the Strategic Reset Program are summarised as follows:³⁸

- **Performance Support & Accountability:** Establishment of a dedicated Business Improvement team with multi-disciplinary expertise to support clinics with underperformance or growth opportunities. This team is tasked with lifting operational standards, improving financial outcomes, and ensuring consistent execution across the network.
- **Greater Financial Oversight:** Introduction of more stringent and frequent monitoring of financial key performance indicators (KPIs), initially targeting the lowest quartile of clinics. Minimum EBITDA margin thresholds have been raised across the Group.
- **Cost Structure Savings:** Restructuring of Head Office operations and removal of non-essential overheads to reduce fixed costs and provide clinics with greater operational responsibility.

Further analysis on Apiam's segment revenue between FY23 to FY25 is presented as follows.

Apiam Segment Revenue Composition (\$ millions)

Source: Apiam Investor Presentations; Kroll analysis.

- in relation to Apiam's segment revenues between FY23 and FY25 we note:
 - CVS comprises the largest share of group revenues representing between 75% and 78% of total revenue between FY23 and FY25;
 - in FY24, total revenues increased by 6.2% driven by revenue growth in the IAVS segment resulting from strong industry conditions across livestock sectors and strong growth in beef feedlot revenues. Revenue contributions from new acquisitions in 1H24 also contributed to the higher revenue growth over the period. Despite this, FY24 like-for-like³⁹ revenue was 0.5% lower driven by like-for-like CVS revenues which were 1.6% lower; and
 - revenue increased by 1.4 % in FY25 driven by 12.5% revenue growth in IAVS revenues resulting from continued strong underlying industry conditions. The revenue growth from IAVS was partially offset by lower CVS revenues, driven by lower revenues attributable to ACE Laboratories, which declined by 54.7% as a result of a pause in Chinese demand for dairy heifers. Lower revenues from equine clinics resulting from softer equine markets and reduced breeding numbers, further drove weaker CVS revenues.
- gross profit margin increased by 2.0% in FY24 driven by the provision of higher margin services across the business primarily in the IAVS segment. In FY25, gross margin declined slightly to 66.3% driven by a change in sales mix towards greater IAVS revenues, which typically are lower margin compared to CVS;
- operating expenses which primarily relate to employee benefit expenses increased 9.4% in FY24 due to the impact of new acquisitions completed in the period. On a like-for-like basis, operating expenses declined 2.5% driven by cost saving initiatives implemented during the year including the restructuring of the business support network and additional cost savings across CVS. In FY25, operating expenses declined by 0.9% primarily driven by CVS where operating expenses declined 3.0% due to a greater focus on cost control and the divestment of two underperforming clinics;
- EBITDA (normalised) grew at a CAGR of 9.0% between FY23 and FY25 resulting from the aforementioned growth in revenue over the period as well as EBITDA (normalised) margins improving from 10.9% in FY23 to 13.1% in FY25 consistent with Apiam's cost saving initiatives;

³⁹ Like-for-like revenues exclude acquisitions that have not contributed a full 12-months of trading in the current or the prior year.

- underlying EBITDA (pre AASB16) was \$21.0 million in FY25, a reconciliation from EBITDA (normalised) is shown in the following table.

Reconciliation between EBITDA (normalised) and Underlying EBITDA (pre-AASB 16) (\$ millions)

	FY23	FY24	FY25
EBITDA (normalised)	21.0	25.6	27.2

Underlying EBITDA (pre-AASB 16)	16.6	20.3	21.0

Source: Apiam Results Presentations; Kroll analysis.

- depreciation and amortisation totalled \$12.8 million in FY25, of which \$5.5 million was related to depreciation on right-of-use assets;
- interest expense totalled \$5.6 million in FY25, with \$4.3 million attributable to interest expense on borrowings and \$1.3 million to interest expense of lease liabilities; and
- NPAT declined significantly in FY25 primarily due to a one-off impairment loss of \$4.5 million associated with the divestment of the NSW based Agnes Bank Equine Clinic.

In relation to Apiam's earnings per share and dividends, we note the following:

- Apiam does not maintain a target distribution ratio. Apiam's dividends per share have increased from nil dividends in FY23 to 2 cents per share in FY25 as Apiam reintroduced dividends in FY24 driven by lower acquisitions completed and strong cash generation. Refer to Section 8.7 of this report for further commentary on Apiam's cash conversion; and
- earnings per share grew to 2.8 cents in FY24 but declined to 0.5 cents in FY25 driven by the \$4.5 million impairment expense over the period.

8.5.2 Outlook

Apiam has not provided specific earnings guidance, however, on release of the FY25 Results Presentation on 27 August 2025, the company provided the following outlook:

- implementation and roll-out of the strategic reset program will drive revenue growth across the CVS segment and enhance operating efficiencies across the group. In line with the program, redundancies in June and July 2025 were expected to deliver \$1.5 million in annualised operating expense savings from FY26 onwards;⁴⁰
- an expected accelerated revenue growth in CVS from companion animals as COVID-19 pandemic era pets enter mid-life stage in FY26 to FY28; and
- an expected continued growth in IAVS through Apiam leveraging in-house and third-party software technology to improve client production and profitability, alongside partnerships with pharmaceutical companies to bring leading products to market.

As at 30 June 2025, Apiam remained in compliance with its debt covenants, maintaining significant headroom in both.

The strong cash conversion reflects its business model, which combines direct business-to-customer service delivery and prepaid subscription offerings in the CVS segment. A reconciliation between Apiam's statutory and pro-forma cash flow is set out in the following table.

8.9 Share price performance

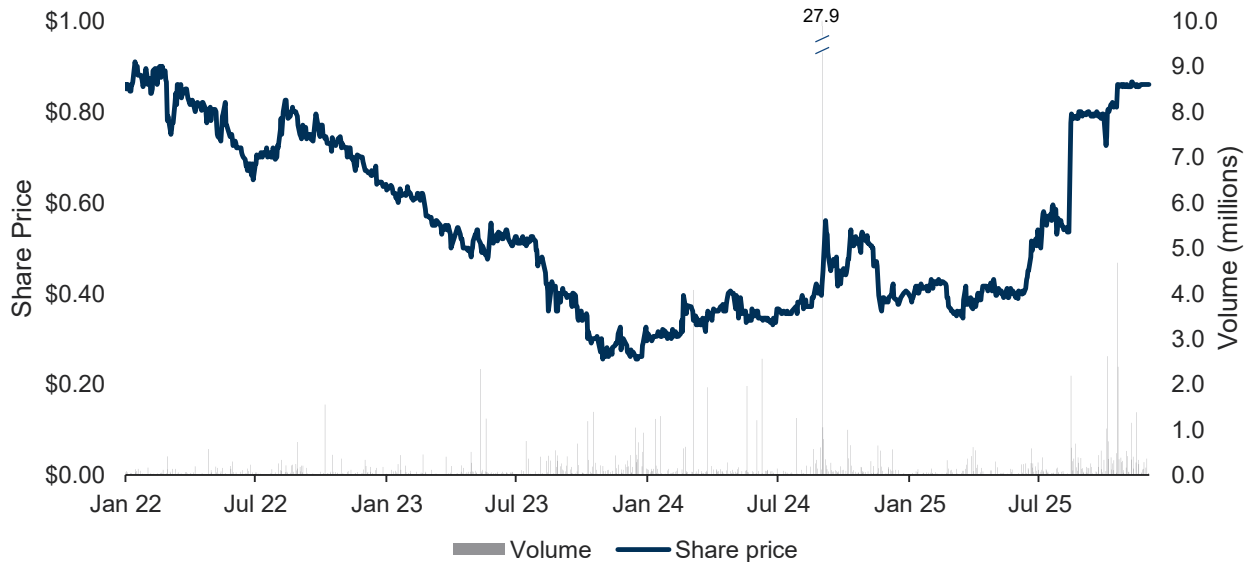

In assessing Apiam's share price performance, we have:

- analysed Apiam's price and volume performance since 2 January 2022;
- compared Apiam's share price movement to the S&P/ASX Small Ordinaries Index (**ASX Small Ordinaries**); and
- assessed the VWAP and trading liquidity of Apiam Shares for the 12-month period ended 15 August 2025, the last trading day prior to the announcement of the conditional and non-binding indicative proposal from Adamantem.

8.9.1 Recent share market trading

Apiam's share price performance and the volume of shares traded over the period from 2 January 2022 to 5 December 2025 is illustrated as follows.

Apiam Share Price and Volume since 2 January 2022

Source: S&P Capital IQ; Kroll analysis.

The Apiam share price trended downward throughout 2022 and 2023 before pivoting into a gradual and then strong recovery until the announcement of the non-binding proposal from Adamantem on 18 August 2025. These share price movements appear to be mainly driven by the company's strategic direction and financial performance and outlook over the period.

The Apiam share price declined from a closing high of \$0.91 on 17 January 2022 to close at a low of \$0.65 on 1 July 2022 amid a broader market downturn. During this period, Apiam released its 1H22 results announcing underlying EBITDA growth of 15.1% driven by a mix of strong organic growth and contributions from acquisitions in the Dairy and Mixed Animal segment⁴² partially offset by cyclical weakness in the Feedlot and Pigs Veterinary segment⁴³ and a decline in underlying margins driven by growing operating expenses. Alongside its half year results, Apiam announced an updated strategy aiming to grow annual revenues to \$300 million by 2024, through a mix of organic and acquisition driven growth, as well as through the establishment of several greenfield clinics. On 26 May 2022, Apiam announced the strategic acquisitions of several equine clinics supported by a \$20.3 million entitlement offer, priced at a 9.1% discount to the previous day's closing price of \$0.77.

Apiam's share price partially recovered to close at a high of \$0.83 on 15 August 2022 before declining for the remainder of the year closing at \$0.64 on 30 December 2022. Key events that occurred during this period include:

- the release of the company's FY22 results on 29 August 2022 with underlying EBITDA growing by 20.3% driven by strong organic growth in the Dairy and Mixed Animal segment's earnings and contributions from acquisitions offset by weakness in the Feedlot and Pig segment resulting from a broader cyclical downturn in the industry. The company additionally flagged a pausing of dividends to focus on capital retention to fund its acquisition strategy; and
- the announcement of two further acquisitions including the acquisition of Hunter Equine Centre Pty Ltd for \$6.5 million.

⁴² Renamed to Clinical Vet Services in FY24.

⁴³ Renamed to Intensive Animal Vet Services in FY24.

Throughout 2023, Apiam's share price continued to decline reaching a low of \$0.255 on 2 November 2023 amid a rising interest rate environment, vet shortages and persistent inflationary pressures. Notable events during the year included:

- on 23 February 2023, Apiam released its 1H23 results which reported a 23.7% increase in underlying EBITDA and a 35.0% increase in operating expenses compared to the prior corresponding period (**pcp**) primarily driven by higher veterinary wages resulting from labour shortages, higher business support network costs, and expense contributions from prior acquisitions. In addition, market weakness in the Beef Feedlot and Pig segment persisted throughout the period;
- on 11 August 2023, Apiam issued a revised trading updated which flagged a reduction in NPAT due to a \$2.4 million non-cash impairment of inventory;
- Apiam's full year FY23 results released on 28 August 2023 further highlighted the company's weaker underlying margins driven by the continuation of labour shortages and sticky high inflation driving elevated wage costs and higher business support network expenses required to support previous acquisitions. Furthermore, the results revealed that Apiam's revenue growth target of \$300 million was unlikely to be met and signalled the company's intent to drastically slowdown the pace of the company's acquisition program to focus on extracting synergies from existing acquisitions and improving operating margins. Apiam's share price closed 13.3% lower after the release of the full year results; and
- on 12 October 2023, following a large fluctuation in the share price which fell from \$0.35 at the previous day's close to an intraday low of \$0.25, Apiam was issued with a price query from the ASX.

Apiam's poor performance over the period including its challenges with improving clinic efficiencies and extracting synergies from recent acquisitions was likely the cause of the market losing confidence in Apiam, driving the subsequent downturn in share price.

Apiam's share price rebounded from a low of \$0.255 on 19 December 2023 to a high of \$0.56 on 9 September 2024, supported by improved financial performance in light of its updated strategic focus including an improvement in earnings margins and the reintroduction of dividends for 1H24. Improved full year FY24 results released on 23 August 2024 highlighted further revenue growth of 6.2% despite broader economic and cost-of-living pressures and underlying EBITDA growth of 22.3% driven by improved beef feedlot industry conditions and synergies extracted from prior acquisitions. Additionally, the results highlighted improved earnings margins driven by previous cost cutting strategies and improved clinic efficiencies. On 4 September 2024, trading in Apiam shares spiked, with trading volumes totalling 27.9 million driven by an investor syndicate including current interim Managing Director Bruce Dixon and non-executive director Vita Pepe taking a substantial interest in the company. Following this, the share price increased by 41.8% from \$0.395 on 3 September 2024 the previous day's closing price to \$0.56 on 9 September 2024.

On 10 October 2024, Apiam disclosed that it had received and rejected a non-binding takeover offer from an undisclosed party, citing that the offer undervalued the company and was not in the best interest of shareholders. In the days following the announcement, Apiam's share price increased by 17.4%.⁴⁴ However, a weaker Q1 market update presented at Apiam's annual general meeting in 21 November 2024 which highlighted weaker equine and ACE Laboratories revenue as well as no further indication of an improved takeover offer drove Apiam's share price to decline by 23.4% in the following week, closing at \$0.36 on 26 November 2024.

From March 2025, prior to the announcement of the receipt of the non-binding proposal from Adamantem, Apiam's share price recovered increasing from \$0.365 at the beginning of the period to a high of \$0.595 moving relatively in line with the broader market. On 5 June 2025, Apiam announced CEO and Managing Director Chris Richards would be stepping down to be replaced by Bruce Dixon as the interim Managing Director. This change was followed by the announcement of the appointment of Vita Pepe as a non-executive director on 13 June 2025. Apiam's share price increased by 31.6% for the remainder of June following the announced leadership changes.

⁴⁴ ASX Announcements.

On 18 August 2025, Apiam announced it had received a non-binding proposal from Adamantem to acquire all shares at \$0.88 a share. In the month preceding 15 August 2025, the last trading day before the announcement of the Offer, Apiam shares traded in the range of \$0.55 to \$0.58 at a VWAP of \$0.55 and closed at \$0.535.

8.9.2 Relative performance

Apiam is not a member of any major indices and there are no closely comparable Australian listed companies. As a result, we have compared the relative performance of Apiam against the ASX Small Ordinaries as follows.

Apiam's Share Price Performance Relative to the ASX Small Ordinaries Index since 2 January 2022

Source: S&P Capital IQ; Kroll analysis.

Apiam's share price broadly tracked the ASX Small Ordinaries Index in decline throughout 2022, with the period reflecting the impact of rising interest rates and elevated inflation domestically. From January 2023 to January 2024, Apiam underperformed the ASX Small Ordinaries Index with Apiam's share price declining by 49.2% compared to the ASX Small Ordinaries index which increased by 5.8%. Apiam's relative underperformance was impacted by elevated operating expenses and weak operating margins throughout the period as well as the pause in dividends to focus on its acquisition strategy.

Between January 2024 and November 2024, Apiam outperformed the ASX Small Ordinaries Index growing by 60.0% (the ASX Small Ordinaries increased by 6.9% over the same period) as investors responded positively to the company's updated strategic direction of implementing cost savings initiatives which drove improved margins over the period and the reinstatement of dividends. Additionally, the share price outperformance was reflective of the impact of the substantial shareholding acquired by current interim Managing Director Bruce Dixon and non-executive director Vita Pepe.

From June 2025 until the announcement of the receipt of the non-binding offer from Adamantem, Apiam's share price outperformed the index, likely driven by positive investor sentiment resulting from management changes announced.

8.9.3 Liquidity

An analysis of the volume of trading in the Apiam Shares including the VWAP for various periods up to 15 August 2025, the last trading day prior to the announcement of the conditional and non-binding indicative proposal from Adamantem is set out as follows.

In regards to the liquidity of Apiam Shares in the 12 months to 15 August 2025, Kroll notes the following:

- 29.7% of Apiam Shares were traded; and
- excluding the volume traded as a result of the 24,383,028 Apiam Shares acquired by Bruce Dixon and Vita Pepe on 4 September 2024, 16.4% of Apiam Shares were traded (42.3% of free float) in the 12 months prior to the announcement of the non-binding indicative proposal.⁴⁵

This level of trading indicates that Apiam Shares are illiquid.

9 Valuation of Apiam

9.1 Overview

Kroll has assessed the value of Apiam's equity to be in the range of \$144.6 million to \$174.6 million, which corresponds with a value of \$0.77 to \$0.93 per Apiam Share. Our range of assessed values reflects 100% ownership of Apiam and, therefore, incorporates a control premium. As our valuation includes a control premium, our range of assessed values per share exceeds the price at which we expect Apiam Shares would trade in the absence of the Transaction.

The value of Apiam's equity has been determined by estimating the fair value of Apiam's operating business, together with non-operating assets/liabilities (net) and net debt. The valuation is summarised as follows.

Apiam Summary of Value (\$ millions)

	Section Reference	Valuation Range	
		Low	High
Value of Apiam's operating business (100% control basis)¹	9.3	210.0	240.0

Value of equity to Apiam Shareholders (100% control basis)		144.6	174.6

Note 1: The wide value range per Apiam Share is a result of the high level of financial leverage.

⁴⁵ Free float of 38.9% as sourced from S&P Capital IQ. Free float excludes shares held by individual insiders and strategic corporate investors.

In assessing the value of Apiam's operating business, Kroll has adopted a DCF analysis as the primary valuation methodology (refer to Section 9.3 of this report). The value derived from the DCF analysis has been cross-checked using a market approach (refer to Section 9.4 of this report).

Our valuation range of \$0.77 to \$0.93 per Apiam Share reflects a significant premium over the closing price of Apiam Shares of \$0.535 on 15 August 2025, the last trading day prior to the announcement of the non-binding indicative proposal from Adamantem, of between 43.8% to 73.7%, and a premium to the one-month VWAP of \$0.555 in the range of 38.7% to 67.5%. This level of premium for Apiam likely reflects:

- that our valuation of Apiam Shares includes a control premium, whereas the prices at which Apiam Shares are traded on the share market reflect trading in minority parcels. Premiums observed in control transactions are typically in the range of 25% to 40%;⁴⁶
- Apiam's share price over a majority of the period likely reflects a lack of confidence in Apiam management following challenges in executing the Accelerated Growth Strategy, poor earnings margins and balance sheet constraints, with Apiam's gearing exceeding target ratios;
- our valuation attributes value to the cost savings initiatives announced as part of Apiam's Strategic Reset Program, however, trading in Apiam Shares prior to the announcement of the non-binding indicative offer does not, as this plan had not yet been announced; and
- that trading in Apiam Shares is illiquid with a limited free float of 38.9% (refer to Section 8.9.3 of this report).

In forming our view as to the value of Apiam Shares, we have considered a range of factors including:

- Apiam's market position in the Australian companion and production animal health industry, including its market leading position in the pig and feedlot sectors as well as its leadership position in regional and fast growing areas on the outskirts of urban centres;
- the outlook for the Australian companion animal health industry which is expected to be impacted by several tailwinds including; the growth in demand for veterinary services as a result of growth in the pet population and the ageing of the COVID-19 pandemic class of pets into mid-life (the stage which typically represents an increase in demand for veterinary services) and the potential for growth in higher margin sales as a result of the continued humanisation of pets;
- the outlook for the Australian production animal health industry which is expected to be impacted by a range of factors including current uncertainty related to global trade policy, advancements in veterinary technology, and weather and climate variability;
- Apiam's operating and financial performance between FY22 and FY25 which was characterised by weak earnings margins and challenges in extracting synergies from acquired clinics;
- the potential for improved earnings margins through the execution of its Strategic Reset Program, which aims to improve earnings through the reduction of corporate overheads and the improvement of clinic performance;
- the risk in execution of Apiam's current strategy presented by its uncertain management situation with the company needing to find a replacement for the interim CEO; and
- synergies available to a small pool of potential acquirers (refer to Section 9.2.3 of this report for analysis of potential acquirers of Apiam).

Special Dividend

Under the SID, the Apiam Board is permitted to pay a fully franked Special Dividend of up to \$0.10 cash per Apiam Share prior to implementation of the Scheme. If a Special Dividend of \$0.10 is paid, Apiam Shareholders who can utilise franking credits and who are Apiam Shareholders on the Special Dividend

⁴⁶ 2025 FactSet Review. Range represents median premium from 2015 to 2024. Premiums are calculated based on the seller's closing price five business days before the initial announcement. The calculations exclude negative premiums and premiums over 250%. Data includes publicly traded and privately owned companies where at least one of the parties is a United States entity. Includes all sector and industry classifications.

Record Date may be entitled to receive additional benefits from franking credits of approximately \$0.04 per Apiam Share, subject to their individual tax circumstances.

In Kroll's opinion, it is not appropriate for the assessment of the Scheme to either factor in the value of Apiam the value of accumulated franking credits or include in the value of the consideration the value of the credits attached to the Special Dividend since the value of those credits to each shareholder varies depending on their individual circumstances. Nevertheless, it needs to be recognised that, where part of a takeover offer comprises a franked dividend, some shareholders may realise additional value from the franking credits (i.e. they are better off in after tax terms than they would have been had the same amount been paid as part of the acquisition price and been received as a capital gain).

9.2 Approach

9.2.1 Overview

Our valuation of Apiam has been prepared on the basis of 'fair value'. The generally accepted definition of fair value (and that applied by us in forming our opinion) is the value agreed in a hypothetical transaction between a knowledgeable, willing, but not anxious buyer and a knowledgeable, willing, but not anxious seller, acting at arm's length. Fair value excludes 'special value', which is the value over and above the value that a particular buyer, which can achieve synergistic or other benefits from the acquisition, may be prepared to pay.

In the absence of direct market evidence, fair value is commonly derived by applying one or more of the following valuation approaches:

- income approach;
- the market approach; or
- cost approach.

These approaches are discussed in further detail in Appendix 3. The decision as to which approach to adopt will depend on various factors including the availability and quality of information, the maturity of the business and the actual practice adopted by purchasers of the type of asset or business involved. A secondary methodology is often adopted as a cross-check to ensure the reasonableness of the outcome, with the valuation conclusion ultimately being a judgement derived through an iterative process.

For profitable businesses, the market approach and income approach are commonly used as they reflect 'going concern' values, which typically incorporate some element of goodwill over and above the value of the underlying assets. For businesses that are either non-profitable, non-tradeable or asset rich (e.g. real estate investment trusts), a cost approach is often adopted as there tends to be minimal goodwill, if any.

9.2.2 Selection of methodology

A discussion of the rationale for the selection of the valuation methodologies is set out as follows.

Income approach

Under an income approach, the value of an asset or business is determined by converting future cash flows to a current value. It is commonly adopted when:

- the income producing ability is the critical element affecting value from a market participant perspective;
- future cash flows can be estimated on a reasonable basis; and
- there is not a substantial operating history, there is a variable pattern of cash flow, or the asset or business has a finite life.

The most common application of the income approach is the DCF methodology. This approach allows cash flows to reflect a range of risks and opportunities and enables the modelling of multiple scenarios. For Apiam, the DCF methodology is considered appropriate given the business is expected to achieve higher margins and ultimately higher earnings over the next few years on the back of its Strategic Reset Program. Additionally, the DCF methodology allows for a range of scenarios to be modelled which allows for potential risks associated with the execution of Apiam's strategy to be included.

A DCF methodology can be applied to cash flows to the whole asset or business or cash flows to equity. Cash flow to the whole asset or business is most commonly used because an asset or business should theoretically have a single value that is independent of how it is financed or whether income is paid as dividends or reinvested. Utilising a DCF methodology requires estimation of cash flows for a number of years and discounting those cash flows back to present value. Apiam has provided a four year financial forecast from FY26 to FY29 (**Financial Model**). Kroll has extrapolated the cash flows for a further year to represent a normalised view of Apiam's cash flows.

Kroll has prepared a DCF analysis that uses the Financial Model as a starting point. Kroll has undertaken various enquiries and independent analysis in relation to Apiam's assumptions underlying the Financial Model, including holding discussions with Apiam's management and reviewing key assumptions in the context of current economic, financial, industry, and other conditions.

Following our enquiries and independent analysis, Kroll is of the view that the Financial Model has been prepared on a reasonable basis and is, therefore, suitable as a basis for our DCF analysis. In making this assessment, we have taken the following into account:

- the forecasts in the Financial Model were prepared by management as part of the annual budget setting process;
- the Financial Model is a bottom-up model using Apiam's FY26 budget as a starting point with forecasts prepared for each internal business segment. Forecasts between FY27 to FY29 are similarly based on a bottom-up approach but are prepared at a higher level compared to FY26;
- revenue forecasts are prepared on a clinic-by-clinic and segment-by-segment basis and are based on historical performance and management's expectations for future growth;
- operating expenditure is forecast based on forecast CPI and the Fair Work Commission's decisions on award wages. Forecast expenses also include recent corporate cost savings achieved as presented in Apiam's FY25 financial results;
- the forecasts used in the Financial Model are used internally including as the basis for annual impairment testing. Apiam's management considers the assumptions to be "optimistic yet achievable" (rather than overly optimistic or pessimistic); and
- the forecasts used in the Financial Model have been reviewed and approved by Apiam's Board.

There are, however, considerable risks in relation to certain assumptions underlying the management forecasts which are outside management's control (e.g. the growth of the clinical veterinary industry) which could have a material impact on value. Furthermore, there is a risk that ongoing cost reduction initiatives are not achieved, or that they are delayed, or that implementation costs of the Strategic Reset Program are greater than anticipated. Consequently, Kroll has considered various scenarios to reflect the impact on value outcomes of these risks and opportunities.

We have not tested individual assumptions or attempted to substantiate the veracity or integrity of such assumptions in relation to any forward-looking financial information. However, we have made sufficient enquiries and, where considered necessary, have adjusted certain assumptions to reflect our judgement.

The cash flows within our DCF analysis do not constitute a forecast or projection by Kroll of the future performance of Apiam, and no assurance or warranty is provided that future performance will align with the assumptions adopted in the model. These assumptions do not, and do not purport to, represent the range of potential outcomes for Apiam's business operations.

Market approach

The market approach is based on comparing the asset or business to identical or comparable assets or businesses for which there is available price information. Application of this approach involves the capitalisation of the cash flows or earnings (or revenue) of a business at a multiple that reflects both the risks of the business and the future growth prospects of the income it generates. It is commonly adopted where:

- the asset or business or similar assets or businesses are actively publicly traded (**market comparable methodology**);
- there are frequent and/or observable transactions in comparable assets or businesses (**comparable transactions methodology**); and

- there is substantial operating history and a consistent earnings trend.

Apiam has a substantial operating history with an established track-record of earnings on which to apply multiples. However, given that the business is in the process of undertaking a significant turnaround as a result of its Strategic Reset Program, the historical financial performance is less relevant. Furthermore, while there are a few relevant transactions involving broadly similar companies, there is only one listed comparable veterinary services company with no veterinary services company listed in Australia. Consequently, a market approach is considered less appropriate than a DCF and has instead been used as a cross-check.

The earnings bases to which a multiple is commonly applied include revenue, EBITDA, earnings before interest and taxes (**EBIT**), and NPAT. The choice will typically depend on the industry and characteristics of the subject asset or business. We note that EBITDA is a commonly used earnings metric for Apiam and similar companies. Consequently, we consider EBITDA as the most appropriate earnings base to calculate multiples. When calculating these multiples we have reversed the impact of Australian Accounting Standards Board 16 (**AASB 16**) *Leases* to ensure consistency with our primary valuation approach and to align with how the industry considers EBITDA for valuation and internal reporting purposes.

In considering the appropriate earnings period of the asset or business being valued from which to calculate multiples, factors to consider include whether the historical performance of the asset or business reflects the expected level of future operating performance, such as whether the underlying business is cyclical and at what stage of the cycle the performance is being measured. Kroll has considered these issues as part of its analysis of market evidence. Given that Apiam has not provided specific earnings guidance and forward broker targets were significantly different from managements own FY26 budget, implied multiples have been calculated based on Apiam's historical earnings.

Rule-of-thumb valuation benchmarks are sometimes considered to be an application of the market approach. They generally should not be given substantial weight unless market participants place particular reliance on them. Kroll is not aware of any rules-of-thumb that are utilised in valuing veterinary services companies.

Cost approach

A cost-based approach is most appropriate for businesses where the value lies in the underlying assets and not the ongoing operations of the business (e.g. real estate holding companies). This approach does not generally capture growth potential or internally generated intangible value associated with Apiam and consequently, has not been adopted.

9.2.3 Control premium

Consistent with the requirements of RG 111, we have assumed 100% ownership in valuing Apiam and, therefore, our valuation is inclusive of a control premium. Successful transactions are commonly completed with an implied acquisition premium to the pre-trading equity price of the target in the order of 25% to 40% depending on the individual circumstances.⁴⁷ In considering the evidence provided by actual transactions, it is important to recognise that the observed premium for control is an outcome of the valuation process, not a determinant of value, and that each transaction will reflect to varying degrees the outcome of a unique combination of factors, including:

- the acquirer's capacity to realise full control over the strategy and cash flows of the target entity;
- the magnitude of synergies available to all acquirers, for example, the rationalisation of costs related to duplicated functions, or the removal of costs;
- uncertainties related to the timing of full realisation of target synergies;
- the expected costs to migrate and integrate the business;
- the nature of the bidder (i.e. whether the acquirer is a financial investor or a trade participant);
- synergistic or special value that may be unique to a particular acquirer;
- the interest acquired with consideration to the bidder's pre-existing shareholding in the target;

⁴⁷ Refer to footnote 15.

- the prevailing conditions of the economy and capital markets at the time of the transaction with consideration to the position in the overall market cycle;
- desire (or anxiety) for the acquirer to complete the transaction;
- whether the acquisition is competitive; and
- the extent the target company's share price already reflects a degree of takeover speculation.

The premium that is ultimately applied must have regard to the circumstances of each case. In some situations, it may be appropriate to apply no premium for control, for example, there are transactions where no corporate buyer is prepared to pay a price in excess of the prices paid by institutional investors through an initial public offering. Accordingly, an assessment as to an appropriate control premium, if any, is essentially a matter of judgement.

The multiples derived for listed comparable companies generally reflect prices at which portfolio interests are traded and consequently, they do not include a control premium. Accordingly, when valuing a business as a whole (i.e. on a 100% basis), it is appropriate to also reference the multiples achieved in recent transactions, where a control premium and breadth of purchaser interest are more fully reflected.

Kroll considers the most likely buyer for Apiam is a financial buyer. Consequently, Kroll has assumed that synergies are limited to public company costs which are estimated to be at \$0.8 million annually. Kroll has reflected these cost savings in the forecast cash flows in the DCF analysis. In cross-checking the implied value of Apiam utilising a market approach, potential synergy benefits have been included by incorporating a multiple that is based on recent transaction evidence and includes a control premium. Adding both an adjustment to earnings to reflect synergies and a control multiple in the valuation would result in an overstatement of the benefits of a transaction.

9.3 Discounted cash flow analysis

9.3.1 Summary

Kroll has assessed the market value of Apiam's operating business to be in the range of \$210.0 million to \$240.0 million under the income approach as the primary methodology and using a market approach as a cross check (refer to Section 9.4 of this report).

9.3.2 Discounted cash flow analysis

The DCF analysis for Apiam forecasts nominal, unlevered, after-tax cash flows on a pre-AASB 16 basis from 30 September 2025 until 30 June 2030, a period of 4.75 years (**Forecast Period**). The cash flows are discounted by a weighted average cost of capital (**WACC**) in the range of 11.3% to 12.5% (refer to Appendix 5 of this report for discount rate assumptions). A terminal value is calculated based on the Gordon Growth Model⁴⁸ using a terminal growth rate of 2.5% per annum, which considers long-term inflation forecasts from S&P Capital IQ and the Reserve Bank of Australia's inflation target of 2% to 3% per annum.

Base case assumptions

For Kroll's base case scenario (Scenario A), the FY26 to FY29 assumptions are forecast based on Apiam's management budget and forecasts as follows:

- revenue growth is forecast on a segment-by-segment basis. Revenue growth for CVS is expected to grow at 7.5% per annum from FY27 to FY29, in line with the expectation of strong industry tailwinds including the ageing of the COVID-19 pandemic class of pets into mid-life and the ramp up of revenue growth from greenfield clinics. No further acquisitions are assumed during the Forecast Period, with growth expected to be driven organically. Pigs and feedlot revenue is expected to grow between 3.0% and 5.0% per annum throughout the Forecast Period;
- gross margins for CVS are forecast in line with the historical average. Pigs and feedlot gross margins are expected to remain consistent throughout the Forecast Period in line with historical margins. Kroll notes that gross margins for the CVS segment in particular are protected by Apiam's ability to pass on cost increases to end consumers;

⁴⁸ Final year cash flow multiplied by (1+ perpetual growth rate) divided by (discount rate – perpetual growth rate).

- employee expenses in CVS are forecast to decline in FY26 before increasing at a slower rate than revenue growth for the remainder of the Forecast Period. This reflects clinic efficiency improvements expected as part of Apiam's Strategic Reset Program and results in improvements in Apiam's overall, EBITDA margins, which are forecast to reach 16.2% by FY29. Growth in employee expenses for the feedlot and pigs' segment is forecast to remain consistent over the Forecast Period, with forecast growth rates in line with award rates from the Fair Work Commission;
- other operating expenditure items and corporate costs are forecast to decline in FY26 in line with expected cost savings from Apiam's business support network in line with its current strategy. Beyond FY26, other operating expenditure and corporate costs are forecast to grow in line with forecast CPI;
- Kroll has included expected synergies of \$0.8 million in FY26 reflecting primarily public company costs savings;
- a corporate tax rate of 30% has been applied and carry forward tax losses of \$3.7 million, have been recognised with a 50% probability weighting applied;
- maintenance capital expenditure is forecast as a percentage of revenue and is expected to remain consistent with historical levels throughout the Forecast Period. Growth capital expenditure is forecast in line with budget in FY26; and
- working capital is forecast as a percentage of revenue, COGS and other operating expenditure and is expected to remain constant throughout the Forecast Period.

Kroll has adopted simplified assumptions for FY30 such that the terminal year represents a normalised view of Apiam's cash flows including growing operating earnings and capital expenditure at the terminal growth rate of 2.5% per annum and normalising forecast depreciation and amortisation such that it is aligned with forecast capital expenditure.

Scenario analysis

There is material uncertainty regarding Apiam's forecast earnings in the short-to-medium term given the elevated revenue growth rates forecast which are based on the expected growth in the companion animal health industry. Additionally, as discussed in Section 7.2 of this report, the Production Animal Health Industry is inherently cyclical with performance driven by a range of factors including economic, political and weather and climate factors and consequently there exists uncertainty in forecasting forward industry performance. Furthermore, there are considerable risks associated with the quantum and timing of cost savings and earnings margin expansion forecast in the CVS segment, which form the basis of our base case assumptions. These risks arise from the segment's reliance on the successful and timely execution of the Strategic Reset Program, which requires significant improvement in clinic performance and depends on initiatives that have not yet been fully implemented. Independent research highlights the risk inherent in large-scale transformation programs. A McKinsey & Company study⁴⁹ found that, on average:

- value leakage of approximately 2% occurs following approval of the business case;
- 33% of initiatives are cancelled after approval; and
- a significant number of initiatives experience delays in execution.

Risks associated with the successful execution of the Base Case forecasts include, but are not limited to, risks relating to:

- revenue-related risks, which include whether or not the companion animal health industry will experience high levels of growth in the short-to-medium term and whether Apiam is able to capture this growth, as well as the possibility of a softer than expected production animal market; and
- operating cost-related risks surrounding Apiam's ability to achieve clinic performance improvement and earnings margins in line with its strategy, particularly given that forecast margins are in excess of historical levels.

The combination of these factors results in there being a wide range of potential outcomes for Apiam, particularly on the downside. Kroll has developed a number of scenarios which reflect these risks. These

⁴⁹ M. Bucy, T. Fagan, B. Maraite and C. Piai. "Keeping Transformations on Target", McKinsey, 2017.

scenarios primarily focus on the period after FY26, as the FY26 forecast is consistent with Apiam's detailed budget and can be expected to be reasonably achievable. We have limited our scenarios to those we consider to be plausible based on the evidence available, rather than hypothetical or unrealistic scenarios.⁵⁰

These scenarios are summarised as follows.

Apiam Scenario Summary

Scenario Summary	
Scenario A	Base case assumptions as outlined in Section 9.3.2 of this report.
Scenario B	Scenario A, except CVS revenue growth is 1 percentage point lower per annum between FY27 and FY29.
Scenario C	Scenario A, except CVS operating expenditure growth is approximately 2 percentage points higher per annum between FY27 and FY29.
Scenario D	Scenario A, except CVS revenue growth is 1 percentage point lower per annum and CVS operating expenditure is approximately 2 percentage points higher per annum between FY27 and FY29.

The range of values for each scenario (based on our selected discount rate range of 11.3% to 12.5%) is illustrated in the following chart.

Apiam Scenario Analysis (\$ million)

Source: Kroll analysis.

Kroll has selected a value for Apiam in the range of \$210.0 million to \$240.0 million. In determining our value range for Apiam, we make the following observations in relation to the results of our scenario analysis:

- Scenario A's revenue growth assumptions are based on management's expectations for strong growth in CVS revenues primarily on the back of revenue growth in greenfield clinics and based on the expectation of increased demand for companion animal veterinary services driven by the ageing of the class of pets adopted during the COVID-19 pandemic. In practice, there are risks as to growth in the companion veterinary industry in the short-to-medium term and Apiam's ability to take advantage of this potential growth. Consequently, it would seem reasonable that lower forecast CVS revenue growth throughout the Forecast Period (Scenario B) is a plausible assumption;
- Scenario C shows the outcome of weaker than forecast profitability. Scenario A assumes Apiam is able to achieve a significant reduction in operating expenses within its veterinary clinics and corporate costs on the back of its Strategic Reset Program such that EBITDA margins are in line with much larger comparable companies. In practice, the ability to deliver the expected cost savings is uncertain and will depend on the ability of management to improve the performance of all underperforming clinics in a timely manner. In any event, it is unlikely that a hypothetical acquirer

⁵⁰ Refer to s670A(2) of the Corporations Act or s12DA of the ASIC Act, RG 111 Content of Expert Reports and RG 170 Prospective Financial Information.

would be willing to pay full value for initiatives which they would need to implement themselves. As a result, Kroll considers the potential for higher than forecast operating expenditure (Scenario C) to be a realistic scenario; and

- Scenario D reflects a downside case where both CVS revenue growth is lower than forecast and CVS operating expenditure is higher than expected. This scenario assumes that Apiam is unable to deliver on its planned clinic margin improvement initiatives and assumes weaker growth in the companion animal health industry. While considered less likely, this outcome illustrates the potential impact of execution risk on Apiam's strategy and the potential for more benign industry conditions.

Accordingly, Kroll considers that selecting a valuation range between Scenario A and the more likely forecasts in Scenarios B and C, is appropriate to reflect the risks in Apiam's future earnings.

9.4 Valuation cross-check

Summary

The value of Apiam of \$210.0 to \$240.0 million implies the following multiples of operating EBITDA.

Value of Apiam's operating business (\$ millions)¹		210.0	240.0
FY25 EBITDA (actual, adjusted) ¹	21.0	10.0	11.4

Transactions evidence

A comparison of Apiam's implied EBITDA multiple with those observed in comparable transactions involving Australian veterinary service providers is presented as follows.

Historical EBITDA Multiples – Comparable Transactions^{1,2}

Source: S&P Capital IQ; MergerMarket; Company Announcements; Kroll analysis.

Notes:

- Multiples are calculated on a pre-AASB 16 basis.
- VetPartners was not a public company and consequently there is limited publicly available information. The multiple was sourced from the Australian Financial Review article "EQT ramps up its pet portfolio with \$1.4b VetPartners play".

In relation to the implied EBITDA multiples of the comparable transactions we note:

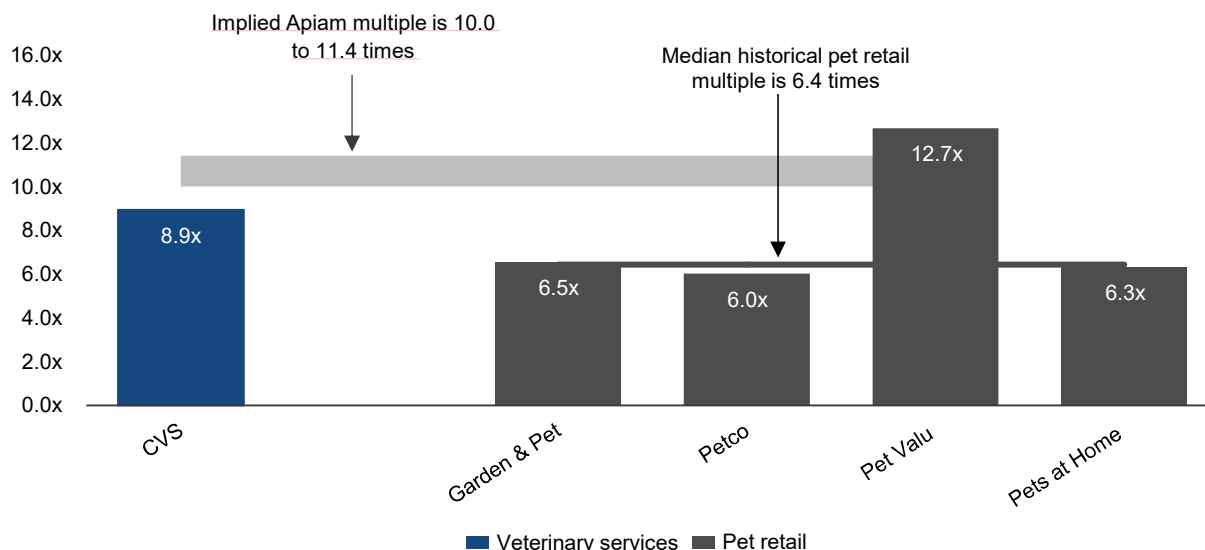

- the implied multiple for a transaction depends on a range of factors, including the anticipated strategic value and synergies expected to be achieved, the anticipated growth in profitability of the target, the size of the target, and the competitive nature of the bidding process;
- the acquirers comprised a mix of both financial and strategic buyers. Greencross and VetPartners Limited (**VetPartners**) were acquired by financial buyers, whereas National Veterinary Care Ltd (**NVC**) was acquired by a strategic acquirer. Expected synergies typically differ between financial and strategic buyers, with strategic buyers expected to be able to extract more synergies than financial acquirers. Kroll has assumed that the likely acquirer of Apiam would be a financial buyer;
- VetPartners, a leading provider of veterinary services in Australia and New Zealand, was acquired by EQT Partners, in October 2023. VetPartners' transaction multiple of 13.5 times is higher than Apiam's implied multiple range of 10.0 to 11.4 times, likely due to VetPartners' comparatively larger scale (enterprise value of \$1.4 billion) and broader geographic diversification;
- NVC, a pure-play veterinary service provider, was acquired in April 2020 for an implied enterprise value of \$300.9 million. The implied multiple of 14.5 times historical EBITDA is greater than Apiam's implied multiple range of 10.0 times to 11.4 times. We note that in the year prior to its acquisition, NVC had acquired an additional 32 clinics which were expected to provide considerable earnings growth in future years, with brokers forecasting a 18.0% CAGR growth in EBITDA over the subsequent two years. Additionally, at the time of the acquisition, NVC's earnings were derived from companion animals and are exposed to less cyclicalities compared to Apiam's which have significant exposure to the production animal health industry. Furthermore, we note that the acquisition of NVC was expected to yield significant cost synergies with the acquirer, VetPartners, being a strategic buyer with significant overlap in clinic locations. As a consequence, we consider it reasonable for NVC's implied transaction multiple to be in excess of Apiam's; and
- Greencross, primarily a pet retail business with a sizeable veterinary services segment, was acquired in February 2019 by TPG Capital. The acquisition occurred at an enterprise value of \$968.7 million and an implied historical EBITDA multiple of 9.9 times, which is similar to the implied multiples for Apiam. At the time of the acquisition, Greencross faced significant levels of competition in its retail business from the entrance of online marketplaces including Amazon and Pet Circle⁵¹ and consequently brokers forecast weak EBITDA growth of 1.9% for Greencross in the following two years. In comparison Apiam's forward EBITDA growth is forecast to exceed the growth rates for Greencross at the time of the transaction. Additionally, Apiam's earnings are not exposed to the same industry headwinds as Greencross. Despite this, Greencross is significantly larger than Apiam and as a consequence it is reasonable for Apiam's implied multiples to be relatively in line with that of Greencross.

⁵¹ Australian Financial Review: TPG dusts off pet care playbook with \$675m offer for Greencross, November 2018.

Market comparable evidence

Kroll notes that there is only one directly comparable company to Apiam, in CVS Group plc (**CVS Group**) which is a veterinary services company with clinics across the United Kingdom (**UK**) and Australia. Due to the lack of other directly comparable companies, Kroll has also considered pet retail companies with a share of earnings from veterinary services and pure-play pet retail companies. The following chart sets out the historical EBITDA multiples for the comparable companies as at 5 December 2025.

Historical EBITDA Multiples – Comparable Companies^{1,2}

Source: S&P Capital IQ; Company Announcements; Kroll analysis.

Notes:

1. Historical EBITDA multiples are on a LTM basis.
2. Multiples are calculated on a pre-AASB 16 basis.

In relation to the implied multiples of the comparative companies, we note the following:

- the presented multiples are based on share market prices and do not include a control premium whereas Kroll's valuation of Apiam includes a control premium;
- CVS Group is the most comparable company to Apiam as it focuses primarily on veterinary services, however, its earnings are more geographically diverse compared to Apiam's as it has operations in both the UK and Australia. Additionally, CVS Group is significantly larger than Apiam and has less cyclical earnings with no exposure to the production animal health industry. However, due to CVS Group's lower forecast EBITDA growth compared to Apiam, it is reasonable for Apiam's implied multiple to be relatively in line with that of CVS Group's;
- Garden & Pet, Petco, and Pet Valu generate the majority of their revenue from retail sales (i.e. pet food, accessories, and related products) and derive little to none of their earnings from veterinary services. Consequently, we consider that their implied multiples are less comparable to Apiam's; and
- Pets at Home's earnings includes a mix of both retail and veterinary services. Despite its much greater size (market capitalisation of \$1.9 billion) compared to Apiam, Pets at Home is forecast to experience a significant decline in earnings in FY26 and as a consequence we consider it reasonable for their implied multiples to be below Apiam's.

Further details of the comparable transaction and market comparable evidence is set out in Appendix 4.

9.5 Surplus assets and liabilities

Surplus assets and liabilities are those assets and liabilities not required to sustain the forecast level of earnings in the Financial Model. As at 30 June 2025, the estimated value of non-operating investments totalled \$0.3 million.

Based on our analysis and discussions with Apiam management, we are not aware of any other material surplus assets or liabilities that require consideration in our valuation of Apiam.

9.6 Adjusted net debt

In order to arrive at the value of equity, it is necessary to deduct the net borrowings (or add the surplus cash) from the unlevered value of Apiam. Kroll has assessed Apiam's net debt position to be \$65.7 million. This amount is based on Apiam's cash balance, and net borrowings as at 30 September 2025.

10 Valuation of HoldCo Shares

10.1 Overview

If the Scheme is approved and implemented, as an alternative to the All Cash Consideration, Apiam Shareholders (other than certain Ineligible Foreign Shareholders) may elect to the following scrip consideration alternatives for each Apiam Share held:

- **All Scrip Consideration**, comprising 100% of the consideration as Class B HoldCo Shares; or
- **Mixed Consideration Option One**, 25% Cash Consideration and 75% Scrip Consideration as Class B HoldCo Shares; or
- **Mixed Consideration Option Two**, 50% Cash Consideration and 50% Scrip Consideration as Class B HoldCo Shares.

These three scrip consideration alternatives are subject to scaleback arrangements as discussed in Section 1 of this report.

Apiam Shareholders who receive the Scrip Consideration will hold a minority interest in an unlisted and illiquid entity.

10.2 Approach

In order to provide Apiam Shareholders with a theoretical value comparison between the Scheme Cash Consideration, the All Scrip Consideration and the Mixed Consideration alternatives, Kroll has sought to assess the value HoldCo Shares on the following bases:

- **underlying economic value**
 - assuming 100% control of HoldCo and no restrictions on the transfer of shares;
 - represents the underlying economic value of a HoldCo Share immediately post implementation of the Scheme. Kroll notes that the underlying economic value of HoldCo Shares will change over time depending on the strategy adopted by Adamantem. Kroll notes that in Section 6.6 of the Scheme Booklet, BidCo intends to conduct a review of Apiam's operations on both a strategic and financial level to evaluate Apiam performance, profitability and prospects and identify opportunities to enhance operational efficiency, optimise the business structure, and support future growth initiatives. In addition, the HoldCo Group may enter into an agreement with Adamantem Capital (or one of its Related Bodies Corporate) in respect of time and resources that Adamantem Capital spends working with the HoldCo Group. These arrangements have not yet been determined;
 - Kroll has made an assessment of the underlying economic value of HoldCo Shares, immediately post implementation of the Scheme, on two bases, reflecting the minimum and maximum scrip election outcomes, which are consistent with those set out in Section 6.3(g) of the Scheme Booklet i.e. assuming:
 - **Illustrative Scenario 1:** this scenario assumes the Maximum Scrip Threshold is reached, representing a scenario where Commitment Shareholders, together with Apiam Shareholders who make valid elections for Scrip Consideration, receive Class B HoldCo Shares representing 24.0% of the issued share capital of HoldCo; and
 - **Illustrative Scenario 2:** only elections for the All Scrip Consideration or Mixed Consideration by Commitment Shareholders, who have pre-subscribed to scrip elections. Under this minimum election scenario, existing Apiam Shareholders end up owning 18.6% of HoldCo Shares.
 - reduced by the amount of the estimated \$21.7 million (including GST) in total transaction costs and funding initial liquidity (i.e. Apiam and Adamantem's transaction costs).
- **realisable value**
 - represents the price at which HoldCo Shareholders could theoretically realise their shares immediately post implementation of the Scheme ('theoretical cash equivalent');

- any definitive assessment of the quantum of a minority and marketability discount that would be applied to HoldCo Shares is difficult since:
 - the timing of an exit event is unknown; and
 - the form of an exit event is unknown and could take the form of an initial public offering, asset sale or trade sale. An initial public offering would attract a minority discount whereas a trade sale may attract a control premium.

10.3 Underlying economic value of the consideration

10.3.1 Underlying economic value of HoldCo equity

HoldCo is an unlisted Australian private company established for the purposes of the acquisition of Apiam pursuant to the Scheme. If the Scheme is approved and implemented, HoldCo's primary asset will be its equity interest in Apiam and associated borrowings. HoldCo has not undertaken any trading or business activities and does not own any material assets and liabilities.

HoldCo Group may enter into an agreement with Adamantem Capital (or one of its Related Bodies Corporate) in respect of time and resources that Adamantem Capital spends working with the HoldCo Group. These arrangements may result in a higher cost structure for HoldCo relative to Apiam, however, the terms of these arrangements have not yet been determined and as such, cannot be factored into a valuation of HoldCo.

The net debt position of HoldCo and its subsidiaries will differ from that of Apiam as at the date of the Scheme Implementation Deed. HoldCo will borrow \$111.2 million and will repay Apiam's forecast net debt as at the Implementation Date of \$64.6 million, representing a net increase in debt of \$46.5 million. The net proceeds will be used to fund the difference between the following;

- an increase in cash provided by Adamantem to subscribe for HoldCo Shares under the two scenarios:
 - Illustrative Scenario 1: \$105.4 million; and
 - Illustrative Scenario 2: \$112.8 million;
- a decrease to pay Cash Consideration under the two scenarios:
 - Illustrative Scenario 1: \$111.4 million; and
 - Illustrative Scenario 2: \$118.9 million;
- a decrease in cash of approximately \$18.8 million for the payment of dividends (assuming that the \$0.10 Special Dividend is paid in full); and
- the payment of transaction costs and funding initial liquidity of \$21.7 million.

HoldCo's pro forma net debt is calculated as follows.

Calculation of Pro Forma Net Debt (\$ million)

	Illustrative Scenario 1 ¹	Illustrative Scenario 2 ²
Net debt (excluding lease liabilities) as at Implementation Date³	(64.6)	(64.6)
Additional net debt to fund:		
Cash provided by Adamantem	105.4	112.8
Payment of the Cash Consideration to relevant Scheme Shareholders	(111.4)	(118.9)
Cash to pay the Special Dividend	(18.8)	(18.8)
Payment of transaction costs (including GST) and funding initial liquidity	(21.7)	(21.7)
Total additional net debt	(46.5)	(46.5)
Pro forma net debt (excluding lease liabilities)	(111.2)	(111.2)

Source: Scheme Booklet, Kroll analysis.

Notes:

1. Maximum election for Scheme Scrip Consideration by Apiam Shareholders, subject to scaleback arrangements such that maximum scrip threshold of 24.0% of HoldCo is reached.
2. Assumes the only Elections received are from the Commitment Shareholders, such that Apiam Shareholders end up holding 18.6% of HoldCo Shares.

3. As per Section 6.3(f)(2) of the Scheme Booklet. Based on Adamantem's analysis with reliance on Apiam's balance sheet and cash flow forecast.

Adamantem is contributing cash to HoldCo in exchange for HoldCo Shares to the extent that Apiam Shareholders do not submit elections for Scrip Consideration up to the full 24.0% of HoldCo Shares permissible under the Scheme. Consequently, the adjusted net debt and number of HoldCo Shares on issue is fixed across the scenarios.

Based on the above, the underlying economic value of HoldCo's equity immediately post implementation of the Scheme is as follows.

Underlying Economic Value of HoldCo Equity Immediately Post Implementation (\$ million)

	Section Reference	All Scenarios	
		Low	High
Value of Apiam's operating business	9.1	210.0	240.0
Non-operating assets	9.5	0.3	0.3
Enterprise value of Apiam		210.3	240.3
Pro forma net debt (excluding lease liabilities)	10.3.1	(111.2)	(111.2)
Underlying economic value of HoldCo equity		99.1	129.1

Source: Kroll analysis.

10.3.2 Number of HoldCo Shares

The number of new HoldCo Shares held by Apiam Shareholders post implementation of the Scheme will differ based upon the number of Apiam Shareholders who validly elect to receive the Scrip Consideration.

The following table sets out the aggregate number of HoldCo Shares immediately post implementation of the Scheme under Illustrative Scenarios 1 and 2.

Number of HoldCo Shares (million)

	Illustrative Scenario 1 ¹		Illustrative Scenario 2 ²	
	Number of Shares	% Interest	Number of Shares	% Interest
Class A Shares held by Adamantem	105.4	76.0%	112.8	81.4%
Class B Shares held by Rolling Scheme Shareholders	33.3	24.0%	25.8	18.6%
Total HoldCo Shares	138.6	100.0%	138.6	100.0%

Source: Kroll analysis.

Notes:

1. Maximum election for Scheme Scrip Consideration by Apiam Shareholders, subject to scaleback arrangements such that maximum scrip threshold of 24.0% of HoldCo is reached (refer to Section 10.2 of this report)
2. Assumes the only elections received are from the Commitment Shareholders, such that Apiam Shareholders end up holding 18.6% of HoldCo Shares.

10.3.3 Underlying economic value per HoldCo Share

Immediately post implementation of the Scheme, our assessed underlying economic value of a HoldCo Share will be lower than the value of an Apiam Share as a result of the estimated \$21.7 million (including GST) in total transaction costs and funding initial liquidity (i.e. including Apiam's and Adamantem's transaction costs). The value of HoldCo Shares is also lower by the amount of the Special Dividend, however, those Apiam Shareholders registered on the Special Dividend Record Date will be entitled to receive the Special Dividend (if determined and paid), as reflected in the calculation of the underlying economic value of the consideration in Section 10.4 of this report.

The underlying economic value per HoldCo Share is shown as follows.

Underlying Economic Value per HoldCo Share Immediately Post Implementation (\$ million)

	Section Reference	All Scenarios	
		Low	High
Underlying economic value of HoldCo equity	10.3.1	99.1	129.1
Number of HoldCo Shares (million)	10.3.2	138.6	138.6
Underlying economic value per HoldCo Share		\$0.71	\$0.93

Source: Kroll analysis.

10.4 Underlying economic value of the consideration

Based upon the underlying economic value of HoldCo per Apiam Share immediately post implementation of the Scheme under All Scenarios as presented in Section 10.2 of this report, we have assessed the total underlying economic value of the Scheme Consideration assuming an individual Apiam Shareholder elects to receive either:

- All Cash Consideration;
- Mixed Consideration Option One: 25% Cash Consideration, 75% Scrip Consideration;
- Mixed Consideration Option Two: 50% Cash Consideration, 50% Scrip Consideration; or
- All Scrip Consideration.

The Cash Consideration is \$0.87 per Apiam Share. The Scrip Consideration is 0.87 HoldCo Shares per Apiam Share.

Under the All Cash Consideration option, the Cash Consideration of \$0.87 per Apiam Share will be reduced by the \$0.10 Special Dividend per Apiam Share.

Under the Mixed Consideration Option One, the Cash Consideration of \$0.87 per Apiam Share in respect of 25% of the Apiam Shares held as at the Scheme Record Date will be reduced by the \$0.10 Special Dividend per Apiam Share in respect of all Apiam Shares held at the Scheme Record Date. The Scrip Consideration of 0.87 HoldCo Shares per Apiam Share will be received in respect of the other 75% of the Apiam Shares held as at the Scheme Record Date (subject to the Scaleback Arrangements and terms of the Scheme).

Under the Mixed Consideration Option Two, the Cash Consideration of \$0.87 per Apiam Share in respect of 50% of the Apiam Shares held as at the Scheme Record Date will be reduced by the \$0.10 Special Dividend per Apiam Share in respect of all Apiam Shares held at the Scheme Record Date. The Scrip Consideration of 0.87 HoldCo Shares per Apiam Share will be received in respect of the remaining 50% of the Apiam Shares held as at the Scheme Record Date (subject to the Scaleback Arrangements and terms of the Scheme).

Under the All Scrip Consideration option, the Scrip Consideration of 0.87 HoldCo Shares per Apiam Share held as at the Scheme Record Date will be reduced by the total number of HoldCo Shares which the shareholder would have otherwise received (if no Special Dividend was received) in respect of its Apiam Shares held as at the Scheme Record Date by 1/87th of that number for every cent in the cash amount per Apiam Share of the Special Dividend (subject to the Scaleback Arrangements and terms of the Scheme).

The value of the consideration under these elections immediately post implementation of the Scheme, noting that all Apiam Shareholders registered on the record date for the Special Dividend will be entitled to receive the Special Dividend, is as follows.

Underlying Economic Value of Consideration per Apiam Share Immediately Post Implementation – All Scenarios (\$)

	All Cash Consideration	Mixed Consideration Option One			Mixed Consideration Option Two			All Scrip Consideration

Source: Kroll analysis.

1. 25% Cash Consideration, 75% Scrip Consideration.

2. 50% Cash Consideration, 50% Scrip Consideration.

In relation to the above, Kroll notes that:

- for the Mixed Consideration and All Scrip Consideration alternatives, the mid-point of the underlying economic values of the total consideration (in the range of \$0.73 to \$0.79) is lower than the mid-point of Kroll's valuation of an Apiam Share (\$0.85). This is a result of the recipients of the Scrip Consideration bearing the total transaction costs and funding initial liquidity;
- for the Mixed Consideration and All Scrip Consideration alternatives, the high end of the range of total consideration is lower than the All Cash Consideration of \$0.87; and
- the greater the individual Apiam Shareholder's scrip component of their consideration, the lower the mid-point of the value of their total consideration.

10.5 Realisable value of the consideration

It is important to recognise that Kroll's assessed underlying economic value of HoldCo Shares do not represent the value that may be realised if shareholders theoretically sought to (and were able to) dispose of HoldCo Shares in the immediate or short-term post implementation of the Scheme (i.e. 'theoretical cash equivalent') as in our view, any such value would be subject to a minority and marketability discount. In this respect, it is not possible to reliably estimate the quantum of a minority and marketability discount that would be applied to HoldCo Shares since there are limited situations when shares can be disposed outside an exit event, and:

- the timing of an exit event is unknown; and
- the form of an exit event is unknown and could take the form of an initial public offering, asset sale or trade sale. An initial public offering would attract a minority discount whereas a control transaction may attract a control premium.

As such, it is not possible to also reliably estimate the realisable value of a HoldCo Share.

Kroll's valuation of an Apiam Share on a 100%, fully marketable basis of \$0.77 to \$0.93 as set out in Section 9.1 of this report reflects a significant premium over the closing price of Apiam Shares on 15 August 2025, the last trading day prior to the announcement of Adamantem's non-binding indicative proposal, of between 43.8% and 73.7%, which is equivalent to a discount of 30.5% to 42.5%. Although the exact quantum of a discount that would apply to HoldCo Shares relative to Kroll's value of Apiam Shares (100%, fully marketable basis) cannot be reliably determined (for the reasons noted above), Kroll considers that a significant discount is warranted for HoldCo Shares as a result of the following:

- HoldCo Shareholders will be subject to the provisions of the HoldCo Shareholders' Deed, which is included in Annexure 5 of the Scheme Booklet, and the HoldCo Constitution, which is included in

Annexure 6 of the Scheme Booklet. HoldCo Shareholders will have fewer rights as a shareholder in HoldCo compared to their current investment in Apiam, as discussed in Section 5.3 of this report;

- **reduced liquidity:** post implementation of the Scheme, HoldCo will be an unlisted public company. As such, there will be no public market for the trading of HoldCo Shares post implementation of the Scheme, nor is there expected to be any such market in the future. There are restrictions on the disposal of HoldCo Shares under the HoldCo Shareholders' Deed that will restrict any prospective seller of HoldCo Shares from trading in their HoldCo Shares. This will result in HoldCo Shares being substantially illiquid;
- **higher gearing:** HoldCo Shareholders will have an investment in a company that is more highly geared than Apiam is currently as increased borrowings will be required to fund the total transaction costs and the cash consideration to Apiam Shareholders. HoldCo is expected to have pro forma net debt at the Scheme Implementation Date of \$111.2 million (under Illustrative Scenario 1 and 2), whereas as at the Implementation Date, Apiam's forecast net debt is \$64.6 million (refer to Section 6.3(f) of the Scheme Booklet);
- **shareholder protections:** HoldCo will be an unlisted public company and the ASX Listing Rules nor, under certain conditions, Australia's takeover regime under Chapter 6 of the Corporations Act will apply to HoldCo Class B Shares. As such, Apiam Shareholders who elect to receive Scrip Consideration will no longer have the protections offered under the ASX Listing Rules and Australian corporate law for listed public companies in relation to takeovers, acquisition of substantial shareholdings, provisions relating to continuous disclosure, approval for changes in capital and share issues, restrictions on transactions with persons of influence and significant transactions and takeover provisions;
- **limited information rights:** Class B HoldCo Shareholders will receive more limited information in relation to HoldCo than they currently receive as Apiam Shareholders due to the difference in regulatory regimes between Apiam Shares and Class B HoldCo Shares;
- **voting:** Apiam Shareholders who receive HoldCo Shares will collectively have no more than a 24% interest in HoldCo and therefore will be subject to risks inherent with minority shareholdings. Apiam Shareholders will therefore, in most cases, be subject to the decisions made by Adamantem in relation to HoldCo; and
- **potential for reduced capacity to pay dividends in the near term:** compared to the payment of dividends by Apiam, in the near term there may be reduced capacity for HoldCo to pay dividends as a result of the terms of higher gearing. Further, subject to the provisions of the Corporations Act, a decision to pay, and the amount of, dividends will be at the sole discretion of the HoldCo Board, taking into account (as the Board considers appropriate) retention of such reasonable and proper reserves for working capital requirements, possible future acquisitions, capital expenditure, debt amortisation or other actual or contingent liabilities or commitments of the Group and such dividend not resulting in a breach of any covenant or undertaking of any Group Company to any bank or financial institution (refer to Section 6.3 of the Scheme Booklet).

As discussed in Section 3.3.1 of this report, observations from transaction evidence indicate that control premiums are broadly in the range of 25% to 40% for completed transactions depending on the individual circumstances.⁵² These premiums are equivalent to a minority discount of 20% to 29%. Marketability discounts are typically in the order of 25%⁵³ to 40%. These discounts are impacted by the specific facts and circumstances of each transaction including the size of the relevant shareholding. They are also not necessarily additive. Having regard to the rights and obligations and risks associated with HoldCo Shares, we consider that the realisable value of HoldCo Shares post implementation of the Scheme would be expected to incorporate a substantial minority and marketability discount.

The following sensitivity analysis shows the realisable value of the All Scrip Consideration and Mixed Consideration alternatives for a range of discounts under All Scenarios.

⁵² Source: 2025 FactSet Review. Range represents median premium from 2015 to 2024. Premiums are calculated based on the seller's closing price five business days before the initial announcement. The calculations exclude negative premiums and premiums over 250%.

Sensitivity Analysis – Realisable Value of the All Scrip Consideration and Mixed Consideration Alternatives for a Range of Discounts

Source: Kroll analysis.

Note: The discounts in the above chart refers to the marketability/minority discount on HoldCo Shares that makes the low end of Kroll's value range for an Apium Share of \$0.77 (Section 9.1 of this report) equivalent to the high end of the value range for the All Scrip Consideration, and Mixed Consideration alternatives (Section 10.4 of this report).

The sensitivity analysis indicates that:

- the greater the discount applied to HoldCo Shares, the lower the value of the All Scrip Consideration and Mixed Consideration options; and
- there is a breakeven point above which the All Scrip Consideration, Mixed Consideration Option One and Mixed Consideration Option Two sit above the low end of Kroll's assessed value range for an Apium Share. This occurs where the total economic value at the high end of the All Scrip Consideration, Mixed Consideration Option One and Mixed Consideration Option Two (based on the high end of the underlying economic value of a HoldCo Share immediately post implementation of the Scheme (\$0.93)) after deducting a minority/marketability discount on the HoldCo Shares, is equal to the low end of Kroll's assessed value range for an Apium Share of \$0.77. These break-even discount are 6.7%⁵⁴, 9.2%⁵⁵ and 17.5%⁵⁶, respectively. In other words, the realisable value of the All Scrip Consideration (based on 100% scrip), Mixed Consideration Option One (based on 25% cash, 75% scrip) and Mixed Consideration Option Two (based on 50% cash, 50% scrip) will sit below the low end of Kroll's assessed value range for an Apium Share for any discount above 6.7%, 9.2% and 17.5%, respectively.

⁵⁴ Calculated as $100\% \times 0.77$ (number of HoldCo Shares per Apium Share (under All Scrip Consideration)) \times \$0.93 (high end of underlying economic value of a HoldCo Share) \times (1-6.7%) + \$0.10 (Special Dividend) = \$0.77 (low end of controlling value of an Apium Share).

⁵⁵ Calculated as $75\% \times 0.87$ (Number of HoldCo Shares per Apium Share (under Mixed Consideration Option One)) \times \$0.93 (high end of underlying economic value of a HoldCo Share) \times (1-9.2%) + \$0.87 (cash (inclusive of Special Dividend)) \times 25% = \$0.77 (low end of controlling value of an Apium Share).

⁵⁶ Calculated as $50\% \times 0.87$ (Number of HoldCo Shares per Apium Share (under Mixed Consideration Option Two)) \times \$0.93 (high end of underlying economic value of a HoldCo Share) \times (1-17.5%) + \$0.87 (cash (inclusive of Special Dividend)) \times 50% = \$0.77 (low end of controlling value of an Apium Share).

Appendix 3 – Valuation methodologies

The purpose of the valuation methodology adopted is, in the absence of direct market evidence, to provide an estimate of value using methodologies that rely on other sources of evidence. Consistent with International Valuation Standards, valuation methodologies applicable to assets or businesses can be categorised under three approaches: market approach, income approach and cost approach.

These approaches have application in different circumstances. The decision as to which approach to adopt will depend on various factors including the availability and quality of information, the maturity of the business and the actual practice adopted by purchasers of the type of asset or business involved.

Market approach

The market approach is based on comparing the asset or business to identical or comparable assets or businesses for which there is available price information. It is commonly adopted where:

- the asset or business or similar assets or businesses are actively publicly traded;
- there are frequent and/or observable transactions in comparable transactions methodology; and
- there is substantial operating history and a consistent earnings trend.

The market comparable methodology indicates the value of a business by comparing it to publicly traded companies in similar lines of business. An analysis of the trading multiples of comparable companies yields insight into investor perceptions and, therefore, the value of the subject company. The multiples are evaluated and compared based on the relative growth potential and risk profile of the subject company vis-a-vis the publicly traded comparable companies. The multiples derived for comparable quoted companies are generally based on security prices reflective of the trades of small parcels of securities. As such, multiples are generally reflective of the prices at which portfolio interests change hands.

The comparable transaction methodology indicates value based on exchange prices in actual transactions. This process essentially involves the comparison and correlation of the subject company with other similar businesses recently sold or currently offered for sale. Considerations such as timeframe of transaction, premiums, and conditions of sale are analysed, and the observed transaction multiples are subjectively adjusted to indicate a value for the subject company.

A key step in both methods is determining the appropriate unit of comparison. In a business valuation common units of comparison include, revenue, EBITDA, EBIT, net profit after tax and book values. The choice will typically depend on the industry and characteristics of the subject asset.

Rule-of-thumb valuation benchmarks are sometimes considered to be an application of the market approach. They generally should not be given substantial weight unless market participants place particular reliance on them.

Income approach

Under an income approach the value of an asset is determined by converting future cash flows to a current value. It is commonly adopted when:

- the income producing ability is the critical element affecting value from a market participant perspective;
- future cash flows can be estimated on a reasonable basis; and
- there is not a substantial operating history or there is a variable pattern of cash flow or the asset has a finite life.

The most common methodology adopted is the DCF methodology. It has a strong theoretical basis and benefits by explicitly estimating future cash flows, allowing it to be used in a variety of circumstances, whether that be a start-up or an established business. It also allows for various scenarios and/or sensitivities to be modelled. Under a DCF methodology, forecast cash flows are discounted back to the valuation date resulting in a present value for the asset. Where there is an explicit forecast period a terminal value will typically be included, representing the value of the asset at the end of this period, which is also discounted back to the valuation date to give an overall value for the business. The rate at which the future cash flows are discounted (the discount rate) should reflect not only the time value of money, but also the risk associated with the asset or business' future operations. Whilst discount rates are generally determined from observable data, substantial judgement is required in their determination. Further, the cash flows

themselves also require considerable judgement in their preparation, placing significant importance on the quality of the underlying cash flow forecasts and the determination of an appropriate discount rate in order for a DCF methodology to produce a sensible valuation figure.

DCF's can also be extremely sensitive to what may be considered small changes in various assumptions and the longer the forecast period the more difficult it is in general to forecast cash flows with sufficient reliability. As such, it is important to adequately understand the basis and risks associated with the various assumptions used to derive the cash flow forecasts and recognise the impact it can have on resulting values including the value range. Notwithstanding, DCF methodologies are widely used and benefit from the rigour associated with the preparation of future cash flows.

Cost approach

Under a cost approach the value of an asset is determined having regard to the cost to replace or reproduce the asset. The most common methodologies include:

- the replacement cost;
- the reproduction cost method; and
- the summation method.

A cost based approach is most appropriate for businesses where the value lies in the underlying assets and not the ongoing operations of the business (e.g. real estate holding companies).

A premium is added, if appropriate, to the marked-to-market net asset value, reflecting the profitability, market position and the overall attractiveness of the business. The net asset value, including any premium, can be matched to the 'book' net asset value, to give a price to net assets, which can then be compared to that of similar transactions or quoted companies.

A net asset approach is also useful as a cross-check to assess the relative riskiness of the business (e.g. through measures such as levels of tangible asset backing).

Transactions descriptions

VetPartners / EQT

In October 2023, VetPartners entered into a definitive agreement to be acquired by EQT at an implied enterprise value of approximately \$1.4 billion. The acquisition price was based on pro-forma adjusted EBITDA of \$104 million. EQT's offer emerged as the winning bid following a competitive sale process, coming in 20% higher than the next best offer.

VetPartners is a leading veterinary services provider in Australia and New Zealand, operating a network of general practice, emergency, and specialty veterinary clinics. At the time of acquisition, the company employed over 1,400 veterinarians and had a total workforce exceeding 3,000 staff. The business spanned more than 250 clinics, offering comprehensive veterinary care across both urban and regional locations.

The transaction was completed in October 2023 at an implied historical EBITDA multiple of 13.5 times.

NVC/ VetPartners

On 16 December 2019, VetPartners agreed to acquire NVC at \$3.70 per share, implying an enterprise value of \$292.5 million. The offer price represented a 56.8% premium to NVC's last closing price of \$2.36 per share prior to the announcement. NVC operated over 100 veterinary businesses across Australia and New Zealand, including clinics, training centres, and managed services. The company pursued a growth strategy through the acquisition and integration of regional clinics, offering services such as diagnostics, blood tests, digital radiography, and preventative health programs. Additionally, NVC managed veterinary and vet nurse training centres. VetPartners, which owned more than 140 clinics across Australia, Singapore, and New Zealand, aimed to become the largest veterinary services provider in Australia and New Zealand through this acquisition, and leveraging NVC's infrastructure in Gold Coast, Melbourne, and Auckland to expand its presence.

The acquisition was completed on 8 April 2020 at an implied historical EBITDA multiple of 14.5 times.

Greencross Limited / TPG

On 5 November 2018, Greencross Limited entered into a scheme implementation agreement for a private buyout by entities associated with TPG Capital, including TPG Growth IV SF Pte. Ltd, TPG Asia VII SF Pte. Ltd, and co-investment vehicles at an implied enterprise value of \$968.7 million. The private buy-out allowed TPG to implement operational improvements and strategic changes without the constraints of public market reporting. Greencross is an integrated pet care company operating through retailing pet food, pet related products and pet accessories, as well as operating Australia's largest Veterinary services business. At the time of the acquisition, the company had 247 retail stores, 160 GP Veterinary clinics, 37 specialty and emergency centres and 106 grooming salons throughout Australia and New Zealand as at 1 July 2018. The company operates retail outlets through the brands of Petbarn and City Farmers in Australia, and Animates, a 50% joint venture with EBOS Group Limited, in New Zealand.

The acquisition was completed on 27 February 2019 at an implied historical EBITDA multiple of 9.9 times.

Appendix 5 – Discount rate

Kroll has selected a WACC in the range of 11.3% to 12.5% for Apiam based on the selected parameters presented in the table below. To calculate the WACC for Apiam, a cost of equity has been calculated using the capital asset pricing model (**CAPM**), and the cost of debt calculated based on long-term estimates based on market observations. The WACC is commonly employed as the basis for determining an appropriate discount rate where cash flow forecasts consist of free cash flows to both debt and equity holders. Whilst we have utilised the WACC, we recognise that market participants often use less precise methods for determining a discount rate, including target internal rates of return or hurdle rates. They also often do not distinguish between investment types or regions.

We have utilised the following parameters in deriving our discount rate for the Australian market given the Model has been derived in Australian dollars.

Selected WACC Parameters for Apiam

Parameter	Symbol	Low	High
Risk-free rate	R_f	4.0%	4.0%
Equity risk premium	ERP	6.0%	6.0%

The objective of the discount rate is to appropriately reflect the expected return of a hypothetical prudent purchaser, based upon the perceived risks associated with Apiam. In this respect, it is relevant to recognise that the selection of an appropriate discount rate to apply to the forecast cash flows of any asset or business operation is a matter of judgement and that the individual components should not be considered in isolation but rather as components of an overall discount rate. As a result of this subjectivity, the calculated discount rate should be treated as guidance rather than objective truth.

Furthermore, our discount rate reflects an assessment at a point in time as to both current market conditions and future expectations. To the extent that there are any changes in conditions and expectations over time, it is likely that an adjustment to the discount rate may be warranted.

Cost of equity

The cost of equity has been derived from the application of a modified CAPM.⁵⁷ The CAPM has been empirically tested and is widely accepted for the purpose of estimating a company's required return on equity. In applying the CAPM, the rate of return on equity is estimated as the current risk-free rate of return on a long-term government bond plus a market risk premium, multiplied by the "beta" for the shares. Beta is defined as a risk measure that reflects the sensitivity of a company's share price to the movements of the stock market as a whole and is a measure of systematic risk.

The modified Apiam rate of return on equity capital is calculated using the formula:

$$K_e = R_f + \beta \times (R_m - R_f) + \alpha$$

Where:

K_e = Rate of return on equity capital;

⁵⁷ CAPM is modified by the inclusion of an alpha.

R_f = Risk-free rate of return (normalised long-term Australian sovereign risk);

β = Beta or systematic risk for this type of equity investment, re-levered to reflect the debt-to-equity profile of the Investment;

$R_m - R_f$ = Market risk premium (**MRP**); the expected return on a broad portfolio of stocks in the market (R_m) less the risk-free rate (R_f); and

α = Alpha including where relevant, size or other company specific risk.

Risk-free rate

The risk-free rate is a key input in the CAPM. It is the return available, as of a valuation date, on a security that the market generally regards as free of the risk of default. When valuing a going-concern business, the risk-free rate is typically measured over a long-term period. In practice, long-dated bonds issued by governments considered to be generally safe have traditionally been accepted as a proxy for a risk-free security. As Apiam's forecast cash flows are denominated in Australian dollars, we have used the 10-year Australian Government Treasury yield as a proxy for the risk-free security. As at 5 December 2025, the spot 10-year yield was 4.6%.⁵⁸

Periods of high uncertainty are often accompanied by flights to quality, which means investors shift significant capital to liquid assets considered "safe", such as government securities of major advantaged economies, lowering yields on these securities. Australia is one of the very few countries in the world carrying a AAA sovereign debt rating and is therefore considered a safe haven by global investors.

In recent years, persistent high inflation globally and in Australia prompted central banks to repeatedly increase interest rates from 2022 until late 2023. This caused an increase in the spot 10-year Australian Commonwealth Government bond yield from 3.0% on 2 August 2022 to reach a peak of 4.9% on 1 November 2023, before declining throughout the remainder of 2023. Since the end of 2023, we have seen the 10-year bond yield fluctuate between 3.8% and 4.7%.

So far in 2025, and in response to moderating inflation, the RBA has lowered the Official Cash Rate by 25 basis points (**bps**) on three separate occasions (75bps in aggregate). The latest reduction was announced on 12 August 2025, with the Official Cash Rate currently at 3.6%. Whilst this evidences the commencement of an easing cycle, the RBA remains cautious about outlook, given the heightened level of uncertainty stemming from both domestic and international developments and has suggested that it will be attentive to data and the evolving assessment of risks to guide its decisions.

During these periods of massive central bank interventions, where risk-free rates appear to be volatile, Kroll recommends the use of a normalised risk-free rate. A normalised risk-free rate is an estimate of a risk-free security that would prevail in the absence of non-market factors affecting rates. A normalised risk-free rate can be accomplished in several ways, including

- (i) simple averaging; and
- (ii) various "build-up" methods.

The first method of estimating a normalised risk-free rate entails calculating averages of yields-to-maturity on long-term government securities over various periods. This method's implied assumption is that government bond yields will revert to the mean. As of 5 December 2025, the 10-year trailing average and the 5-year trailing average of the 10-year Australian Commonwealth Government bond yield were 2.7% and 3.3% respectively.

The second method is to normalise risk-free rates relied on build-up models based on the "Fisher equation", which consists of adding a country's projected real rate based on stabilised medium- to long-term economic conditions to the long-term expected inflation.⁵⁹ The long-term real rate cannot be observed directly in the

⁵⁸ Risk free rate data presented is the latest available data as at the Last Practicable Date.

⁵⁹ This is a simplified version of the "Fisher equation", named after Irving Fisher. Fisher's "The Theory of Interest" was first published by Macmillan (New York), in 1930. To be more precise, nominal interest rates incorporate not just inflation expectations, but also compensation for bearing inflation risk. In other words, inflation compensation economically consists of two components: expected inflation (the rate of inflation over the term of the risk-free investment) plus an inflation risk premium (the risk that expected inflation will increase or decrease relative to expected inflation). In essence, the inflation risk premium is related to the dispersion of forecasts of market participants around the expected future inflation rate. The greater the dispersion, the greater the uncertainty, the higher the premium demanded by investors to compensate for this risk.

market but there are academic papers that attempt to estimate such rate. In the case of Australia, we found that these estimates ranged between (0.3)% to 1.2%.⁶⁰ For the second component of the equation, we use a number of well-established surveys and economic forecasting providers, to arrive at consensus estimates for long-term expected inflation in Australia. As of October 2025, Kroll's analysis of the long-term Australian estimates of inflation produced estimates of 2.3% to 2.6%. Based on this approach we arrived at a normalised risk-free rate of 3.5% for Australia.

In determining an appropriate risk-free rate, in addition to the normalised risk-free rate, we have considered:

- the current spot 10-year yield on the Australian Commonwealth Government bond (4.6% as at 5 December 2025);
- the average 10-year yields on the Australian Commonwealth Government bond over the 3 and 6 months until 5 December 2025 which were both 4.3%; and
- that the RBA lowered the cash rate target to 3.6% in August 2025, which indicates recent yields could represent a peak in the cycle and that yields are set to decline in the future.

On this basis we have arrived at a risk-free rate of 4.0% which we have used to derive a cost of equity.

Equity risk premium

The ERP represents the required return for bearing the incremental risk of investing in a diversified portfolio of equities rather than investing in a risk-free asset (such as a government bond of a government considered safe of default). A forward-looking ERP is not directly observable in the market. Accordingly, valuation practitioners typically utilise historical data to estimate ERP. However, it is important to understand the level of risk-free rates used to measure the historical ERP and whether the resulting combination of risk-free rate and ERP result in a reasonable proxy for a forward-looking base cost of equity.

To the extent that the realised (i.e., historical) ERP equates on average to expected premiums in prior periods, the historical average ERP may be a useful starting point in developing a current forward-looking ERP estimate. A reason one might look to the historical ERP is that the expectations of investors will be framed from their experiences, and the average historical ERP might be expected to have an influence on investors' expectations about the future. Hence there is usually at least some reliance on average historical ERPs when developing current forward-looking ERP estimates.

However, this does not mean that the ERP estimate should be static over time. Periods of market stability (low volatility) likely indicate that the current forward-looking ERP estimate is below the historical average, and periods of heightened volatility likely indicate that the current forward-looking ERP estimate is above the historical average.

The historical ERP has been estimated from an Australian investor perspective over different periods by various researchers and regulatory authorities. In forming our view we have had particular regard to the work of Dr Bishop,⁶¹ as summarised and updated in "Appendix 3B: Additional Sources of Equity Risk Premium Data – Australia" in the *2021 Valuation Handbook – International Guide to the Cost of Capital*, published by Duff & Phelps (a Kroll business).⁶² Dr. Bishop estimated the historical Australian ERP for the period of 1900–2020 under different investor perspectives: (i) an Australian investor (in Australian Dollars, or AUD) with access to (i.e., eligible to receive) imputation tax benefits; (ii) an investor in AUD without access to imputation tax benefits.

The geometric average and the arithmetic average realised ERP were both calculated relative to Australian long-term government bonds. Both the geometric and arithmetic average ERP indications were estimated directly from the underlying data. We consider the arithmetic average to be more relevant for the valuation of businesses. The analysis indicated an arithmetic average ERP of 6.8% for an investor with access to imputation benefits and 6.4% for an investor without access to imputation benefits.

⁶² The 2021 Valuation Handbook – International Guide to the Cost of Capital is available in the Cost of Capital Navigator online platform.

In order to be consistent with the approach we adopted to estimate the risk-free rate (based on a normalised estimate), we have applied a long-term view in determining the ERP. On this basis we consider an ERP of 6.0% as appropriate for the long-term investment climate in Australia. Furthermore, an ERP of 6.0% is also within the range determined in various other academic studies and adopted by independent experts in comparable independent expert reports.

Beta

In selecting an appropriate beta to apply to Apiam, Kroll has considered betas for comparable companies up to 5 December 2025.

Notes:

1. The presented market capitalisations have been sourced from S&P Capital IQ on 5 December 2025.
2. Betas and Barra Betas for Apiam are as at 15 August 2025 the last undisturbed trading day prior to the announcement of the non-binding proposal from Adamantem.
3. Shaded values indicate outliers. Values that are shaded have been excluded from analysis.

With regards to the observed betas of comparable companies as at 5 December 2025 we note that:

- there are very few listed veterinary services companies with only one listed directly comparable company in CVS Group and no listed Australian veterinary services companies in Australia;
- share prices have been regressed against a local rather than a global index, since veterinary service and pet retail companies typically operate within a single geographic market;
- overall betas are relatively comparable when compared over a two-year period and a five-year period;
- trading in the shares of Apiam are illiquid and consequently the betas derived have very low statistical significance;
- CVS Group, which was the only listed veterinary services company has a five year unlevered beta of 1.01. We note that CVS Group is much larger and is more geographically diverse compared to Apiam with CVS Group having operations in both the UK and Australia. Additionally, CVS Group does not have material exposure to the more cyclical production animal industry unlike Apiam; and
- listed pet retail companies have median two-year and five-year unlevered betas of 0.89 and 1.01 respectively. We note that these companies do not have comparable operations to Apiam with pet retail having relatively different drivers to veterinary services companies.

Intuitively, we would expect a relatively high beta for Apiam given its exposure to the companion animal health and production animal health industries which would be relatively cyclical (production animals more so than companion animals). Compared to CVS Group, we note that Apiam is less geographically diverse

and has considerably more exposure to the production animal health industry and consequently we would expect that Apiam would have a beta in excess of CVS Group's. Having regards to the factors above, Kroll has selected an unlevered beta of between 1.20 and 1.35. Based on our selected market gearing of between 25.0% to 35.0%, as discussed below, this results in a levered beta of 1.65 to 1.67.

Gearing

In selecting an appropriate gearing ratio for Apiam for the purpose of re-leveraging our selected asset beta, we have considered the gearing levels of comparable companies and the level of debt estimated based on the likely level of debt available to Apiam, if acquired by an external market participant.

The gearing ratios, calculated as at 5 December 2025, for the selected comparable companies are set out as follows.

Comparable Companies Gearing as at 5 December 2025

Company	Market Cap ¹ (\$ millions)	As at 5 December 2025	
		2 year	5 year
<i>Vet Services</i>			
Apiam ²	98.4	45.1%	34.8%
CVS Group plc	1,733.2	23.4%	16.3%
<i>Pet Retail</i>			
Central Garden & Pet Company	2,913.4	17.4%	20.6%
Pet Valu Holdings Ltd.	2,176.5	12.0%	11.8%

Notes:

1. The presented market capitalisations have been sourced from S&P Capital IQ on 5 December 2025.

2. Apiam market capitalisation and gearing are calculated as at 15 August 2025, the last undisturbed day of trading prior to news of the Scheme.

For any company, there is likely to be a level of gearing that represents the optimal capital structure for that company. In estimating a discount rate, the gearing assumption should reflect this optimal or target capital structure, however, "optimal" as opposed to "actual" capital structures are not readily observable. In practice, both the existing capital structure and those of comparable businesses are used as a guide taking into account the specific circumstances of the relevant entity. We note that the two-year and five-year gearing ratios for the most comparable company to Apiam, CVS Group, were 23.4% and 16.3% respectively. We further note that Apiam maintains a target gearing ratio of approximately 2.0x EBITDA which equates to a gearing ratio of approximately 30%, based on Apiam's LTM EBITDA and equity value as at 15 August 2025, the last undisturbed trading date before the announcement of the non-binding indicative proposal. Having regard to these factors, we have selected a gearing ratio of 25.0% to 35.0% for Apiam.

Pre-tax cost of debt

For the purpose of assessing fair value, we have estimated a cost of debt from the perspective of the likely debt rate that would apply to Apiam if acquired by an external market participant. We have approximated the long-term, pre-tax cost of debt for Apiam with the following methodology:

- using our long-term risk-free rate (4.0%) as a base; and
- adding the credit risk spread (1.2%) between the ten-year BBB rated Australian corporate and the 10-year Australian Government bonds as at 31 October 2025,⁶³ after assessing market evidence.

⁶³ Data presented is the latest available data as at the Last Practicable Date.

Based on the above, a long-term pre-tax cost of debt of 5.2% is considered to be appropriate for the Apiam.

Tax rate

We have adopted the effective tax rate of 30% for Australia.

Company specific risk premium (alpha)

Under CAPM theory, it is assumed that diversified investors require no additional returns to compensate for specific risks because across a diversified portfolio the net effect of specific risks will on average, be zero. In practice, many investors include an additional risk premium to reflect company specific factors or risks which may not otherwise be captured in financial forecasts and it is common for companies to set hurdle rates for investments above their own estimates of the cost of capital to deal with these issues. Such adjustments are, however, not able to be observed and are inherently subjective.

Due to the small market capitalisation of Apiam, we have considered it appropriate to add a size premium to account for Apiam's relative size. We consider applying a size premium to be appropriate as smaller firms typically;

- have greater difficulty and less flexibility in raising capital compared to larger firms;
- face key person risk whereby important knowledge and skills are concentrated in fewer staff members than for larger firms;
- have greater dependency on individual customers compared to larger firms;
- have greater concentration risk due to being less diversified in regard to markets and products compared to larger firms; and
- lack the operational efficiency and economies of scales of larger firms making them more vulnerable to operational risks.

Based on the relative size of Apiam and the presence of the above-mentioned risks, we consider a size premium of 1.5% to be appropriate.

- (a) all the conditions in clause 3 of the Implementation Deed (other than the condition in clause 3.1(f) of the Implementation Deed relating to Court approval of this Scheme) having been satisfied or waived in accordance with the terms of the Implementation Deed by 8.00am on the Second Court Date;
- (b) neither the Implementation Deed nor the Deed Poll having been terminated in accordance with their terms by 8.00am on the Second Court Date;
- (c) approval of this Scheme by the Court under paragraph 411(4)(b) of the Corporations Act, including with any alterations made or required by the Court under subsection 411(6) of the Corporations Act and agreed to by Pepper Holdco and Apiam in writing;
- (d) such other conditions made or required by the Court under subsection 411(6) of the Corporations Act in relation to this Scheme and agreed to by Pepper Holdco and Apiam in writing having been satisfied or waived; and
- (e) the orders of the Court made under paragraph 411(4)(b) (and, if applicable, subsection 411(6)) of the Corporations Act approving this Scheme coming into effect, pursuant to subsection 411(10) of the Corporations Act on or before the End Date (or any later date Apiam and Pepper Holdco agree in writing).

3.2 Certificate

- (a) Apiam, Pepper Holdco and Pepper Bidco will provide to the Court on the Second Court Date a certificate, or such other evidence as the Court requests, confirming (in respect of matters within their knowledge) whether or not all of the conditions precedent in clauses 3.1(a) and 3.1(b) have been satisfied or waived.

- (b) The certificate referred to in clause 3.2(a) constitutes conclusive evidence that such conditions precedent were satisfied, waived or taken to be waived.

3.3 End Date

Without limiting any rights under the Implementation Deed, this Scheme will lapse and be of no further force or effect if:

- (a) the Effective Date does not occur on or before the End Date; or
- (b) the Implementation Deed or the Deed Poll is terminated in accordance with its terms,

unless Apiam and Pepper Holdco otherwise agree in writing (and, if required, as approved by the Court).

4 Implementation of this Scheme

4.1 Lodgement of Court orders with ASIC

Apiam must lodge with ASIC, in accordance with subsection 411(10) of the Corporations Act, an office copy of the Court order approving this Scheme as soon as possible after the Court approves this Scheme and in any event by 5.00pm on the first Business Day after the day on which the Court approves this Scheme.

4.2 Transfer of Scheme Shares

On the Implementation Date:

- (a) subject to the provision of the Scheme Consideration in the manner contemplated by clauses 5.3(b), 5.3(c), 5.3(d) and 5.4 and the Scaleback Arrangements, the Scheme Shares, together with all rights and entitlements attaching to the Scheme Shares as at the Implementation Date, must be transferred to Pepper Bidco, without the need for any further act by any Scheme Shareholder (other than acts performed by Apiam as attorney and agent for Scheme Shareholders under clause 8.5), by:
 - (1) Apiam delivering to Pepper Bidco a duly completed Scheme Transfer, executed on behalf of the Scheme Shareholders by Apiam, for registration; and
 - (2) Pepper Bidco duly executing the Scheme Transfer and delivering it to Apiam for registration; and
- (b) immediately following receipt of the Scheme Transfer in accordance with clause 4.2(a)(2), Apiam must enter, or procure the entry of, the name of Pepper Bidco in the Share Register in respect of all the Scheme Shares transferred to Pepper Bidco in accordance with this Scheme.

5 Scheme Consideration

5.1 Provision of Scheme Consideration

- (a) The Scheme Consideration in respect of each Scheme Share is either:
 - (1) the All Cash Consideration; or
 - (2) at the Election of the Apiam Shareholder (who is not an Ineligible Foreign Shareholder):
 - (A) the All Scrip Consideration;
 - (B) the Mixed Consideration Option One; or
 - (C) the Mixed Consideration Option Two.
- (b) Each Scheme Shareholder is entitled to receive either the All Cash Consideration, the Mixed Consideration Option One, the Mixed Consideration Option Two or the All Scrip Consideration, in respect of each Scheme Share held by that Scheme Shareholder, subject to the terms of this Scheme.
- (c) For the avoidance of doubt, any Scheme Shareholder that does not make, or is not entitled to make, an Election, shall receive the All Cash Consideration.

5.2 Election

- (a) An Apiam Shareholder, other than an Ineligible Foreign Shareholder, may make an election (**Election**) to receive either the All Cash Consideration, the Mixed Consideration Option One, the Mixed Consideration Option Two or the All Scrip Consideration for all of their Scheme Shares by completing the Election Form, such Election being subject to the terms of this Scheme including without limitation clauses 5.6, 5.7 and 5.9 and the Scaleback Arrangements.
- (b) Pepper Holdco must not issue any Scrip Consideration under this Scheme to or in respect of any Ineligible Foreign Shareholder. Accordingly, no Ineligible Foreign Shareholder may make an Election to receive the All Scrip Consideration, the Mixed Consideration Option One or the Mixed Consideration Option Two (and any such purported Election by or on behalf of an Ineligible Foreign Shareholder is void and of no effect), and neither Pepper Holdco nor Pepper Bidco is under any obligation to issue or procure the issue of the All Scrip Consideration, the Mixed Consideration Option One or the Mixed Consideration Option Two to any Ineligible Foreign Shareholder, but must pay the All Cash Consideration to each Ineligible Foreign Shareholder for the Scheme Shares they hold in accordance with this Scheme.
- (c) Subject to clauses 5.2(g), 5.2(i) and 5.2(j), for an Election to be valid:
 - (1) the Scheme Shareholder must not be an Ineligible Foreign Shareholder;
 - (2) the Scheme Shareholder must complete and sign the Election Form in accordance with the instructions in the Scheme Booklet and on the Election Form; and
 - (3) the Election Form must be received by the Apiam Registry before the Election Time at the address specified in the Scheme Booklet and on the Election Form.

- (d) A Scheme Shareholder that makes an Election may vary, withdraw or revoke that Election by lodging a replacement Election Form at the address specified in the Scheme Booklet and on the Election Form (such replacement Election Form to be requested from the Apiam Registry), provided such replacement Election Form is received by the Apiam Registry before the Election Time.
- (e) If:
 - (1) a Scheme Shareholder has purported to make an Election that is not a valid Election;
 - (2) a Scheme Shareholder who has purported to make an Election is an Ineligible Foreign Shareholder; or
 - (3) no Election is made by a Scheme Shareholder,then that Scheme Shareholder will be deemed to have elected to receive the All Cash Consideration in respect of all of their Scheme Shares.
- (f) Subject to this clause 5.2, clause 5.4 and the Scaleback Arrangements, if a Scheme Shareholder has made a valid Election, that Election will be deemed to apply in respect of that Scheme Shareholder's entire registered holding of Apiam Shares at the Scheme Record Date, regardless of whether the Scheme Shareholder's holding of Apiam Shares at the Scheme Record Date is greater or less than the Scheme Shareholder's holding at the time it made its Election.
- (g) In the manner considered appropriate by Apiam and Pepper Holdco (acting reasonably including after consultation with the Apiam Registry), a Scheme Shareholder who holds one or more parcels of Apiam Shares as trustee, nominee or custodian for, or otherwise on account of, another person, may make separate Elections in relation to each of those parcels of Scheme Shares, and if it does so will be treated as a separate Scheme Shareholder in respect of each such parcel in respect of which a separate Election is made (and in respect of any balance of its holdings), provided that if, at the Scheme Record Date, it holds fewer Apiam Shares than it held at the time it made the Election, then, unless it has at the time of any sale of Apiam Shares notified Apiam whether the Apiam Shares sold relate to any such separate Election (and if so which separate Election the Apiam Shares sold relate to), it will be treated as not having made a valid Election in respect of any of its Apiam Shares (or will be treated in any other manner that Pepper Holdco and Apiam agree writing is fair to the Scheme Shareholder, in all the circumstances acting reasonably).
- (h) Subject to clauses 5.2(i) and 5.2(j), an Election Form will not be valid unless the Election is valid pursuant to the terms of this Scheme and it is completed and received in accordance with the procedures set out in clause 5.2(c).
- (i) Pepper Holdco will determine, in consultation with Apiam, all questions as to the correct completion of an Election Form, and time of receipt of an Election Form. Pepper Holdco is not required to communicate with any Scheme Shareholder prior to making this determination. The determination of Pepper Holdco will be final and binding on the Scheme Shareholder.
- (j) Notwithstanding clause 5.2(b) and clause 5.2(h) and any other provision in this Scheme or the instructions in the Election Form or the Scheme Booklet, Pepper Holdco may, in consultation with Apiam and Apiam's Registry, at any time and without further communication to the relevant Scheme Shareholder, deem any Election Form it receives from a Scheme Shareholder to be a valid Election in respect of the relevant Scheme Shares, even if a requirement for a valid Election has not been complied with.

5.3 Provision of Aggregate Cash Consideration

- (a) Pepper Bidco must, by no later than the Business Day before the Implementation Date, deposit, or procure the deposit, in cleared funds an amount equal to the Aggregate Cash Consideration payable to all Scheme Shareholders into an Australian dollar denominated trust account with an ADI operated by Apiam as trustee for the Scheme Shareholders (**Trust Account**) (provided that any interest on the amounts deposited (less bank fees and other charges) will be credited to Pepper Bidco's account).
- (b) Subject to clause 5.3(d), on the Implementation Date, subject to funds having been deposited in accordance with clause 5.3(a), Apiam must pay or procure the payment of the Aggregate Cash Consideration from the Trust Account, by paying or procuring the payment to each Scheme Shareholder who:
- (1) has not made any Election;
 - (2) has purported to make an Election that is not a valid Election;
 - (3) has made or is deemed to have made a valid Election to receive the All Cash Consideration in respect of all (or if permitted pursuant to clause 5.2(g), some) of that Scheme Shareholders' Scheme Shares (including Ineligible Foreign Shareholders in accordance with clause 5.2(e)(2)); or
 - (4) has made a valid Election to receive the All Scrip Consideration, the Mixed Consideration Option One or the Mixed Consideration Option Two, to the extent that Scheme Shareholder's All Scrip Consideration, Mixed Consideration Option One or Mixed Consideration Option Two (as applicable) relates to the cash component or was scaled back under the Scaleback Arrangements determined in accordance with the terms of this Scheme,
- such amount of cash as is due to that Scheme Shareholder in respect of all of that Scheme Shareholder's Scheme Shares (in accordance with clauses 5.1 and 5.2 and the Scaleback Arrangements).
- (c) The obligations of Apiam under clause 5.3(b) will be satisfied by Apiam (in its absolute discretion, and despite any election referred to in clause 5.3(c)(1) or authority referred to in clause 5.3(c)(2) made or given by the Scheme Shareholder):
- (1) if a Scheme Shareholder has, before the Scheme Record Date, made a valid election in accordance with the requirements of the Apiam Registry to receive dividend payments from Apiam by electronic funds transfer to a bank account nominated by the Scheme Shareholder, paying, or procuring the payment of, the relevant amount in Australian currency by electronic means in accordance with that election;
 - (2) paying, or procuring the payment of, the relevant amount in Australian currency by electronic means to a bank account nominated by the Scheme Shareholder by an appropriate authority from the Scheme Shareholder to Apiam; or
 - (3) dispatching, or procuring the dispatch of, a cheque for the relevant amount in Australian currency to the Scheme Shareholder by prepaid post to their Registered Address (as at the Scheme Record Date), such cheque being drawn in the name of the Scheme Shareholder (or

in the case of joint holders, in accordance with the procedures set out in clause 5.6).

- (d) The cash component of the Scheme Consideration payable to a Scheme Shareholder with a Registered Address outside of Australia in any of the circumstances specified in clauses 5.3(b)(1) to 5.3(b)(4) will be paid to a bank account nominated by that Scheme Shareholder in the manner contemplated by clause 5.3(c)(1) or clause 5.3(c)(2) or other appropriate authority provided by the relevant Scheme Shareholder to Apiam. If a Scheme Shareholder with a Registered Address outside of Australia has not nominated a bank account for receipt of payments, Apiam may hold payment of the cash component of the Scheme Consideration owed to that Scheme Shareholder until a valid bank account has been nominated by an appropriate authority from the Scheme Shareholder to Apiam.
- (e) To the extent that, following satisfaction of Apiam's obligations under clauses 5.3(b) and 5.3(d), there is a surplus in the amount held by Apiam as trustee for the Scheme Shareholders in the Trust Account, that surplus may be paid by Apiam to Pepper Bidco (provided that any such amount or part thereof must be repaid to Apiam where required by Apiam to satisfy its obligations under this Scheme, including, without limitation, under clauses 5.3(d), 5.8 or 5.9).

5.4 Provision of Scrip Consideration

- (a) Subject to clauses 5.2, 5.7 and 5.9 and the Scaleback Arrangements, before 12.00pm (or such other time as Pepper Holdco and Apiam may agree in writing) on the Implementation Date, Pepper Holdco must:
 - (1) issue the Scrip Consideration to each Scheme Shareholder who has made a valid Election, to receive the All Scrip Consideration, the Mixed Consideration Option One or the Mixed Consideration Option Two, in accordance with this Scheme; and
 - (2) procure that the name and address of each Scheme Shareholder to whom Scrip Consideration is issued in accordance with clause 5.4(a)(1) is entered into the Pepper Holdco Register in respect of the Scrip Consideration to which it is entitled under this Scheme (either directly or through the Nominee to hold as bare trustee for the relevant Scheme Shareholders as contemplated by clause 5.4(b), the Nominee Deed and the Pepper Holdco Shareholders' Deed).
- (b) The Scrip Consideration in respect of which a Scheme Shareholder is entitled under clause 5.4(a) may, in Pepper Holdco's absolute discretion, be issued directly to that Scheme Shareholder (such that the Scheme Shareholder will be the legal holder of the relevant Scrip Consideration) or, pursuant to and in accordance with the terms of the Pepper Holdco Shareholders' Deed, issued to the Nominee to hold as bare trustee for that Scheme Shareholder under the terms of the Nominee Deed (such that the Scheme Shareholder will be the beneficial holder but not the legal holder of the relevant Scrip Consideration).
- (c) On or before the date that is five Business Days after the Implementation Date, Pepper Holdco must send, or procure the sending of, a certificate or other holding statement to each Scheme Shareholder or (if applicable) the Nominee entitled to receive Scrip Consideration under this Scheme, reflecting the issue of such Scrip Consideration, by express post to their Registered Address or as otherwise validly directed by the relevant Scheme Shareholder or the Nominee (as applicable).

5.5 Scaleback arrangements

- (a) If the Aggregate Scrip Election is less than or equal to the Maximum Scrip Threshold, each Scheme Shareholder who has made a valid Election to receive the All Scrip Consideration, the Mixed Consideration Option One or the Mixed Consideration Option Two will receive the Scrip Consideration the subject of their valid Elections in full, subject to the other terms and conditions in this Scheme.
- (b) If the Aggregate Scrip Election exceeds the Maximum Scrip Threshold, each Scheme Shareholder who has made a valid Election to receive the All Scrip Consideration, the Mixed Consideration Option One or the Mixed Consideration Option Two will, subject to clause 5.7, receive:

- (1) Scrip Consideration calculated in accordance with the formula below only (**Scaleback Shares**):

$$\text{Scaleback Shares} = A \times (B / C)$$

where:

A is:

- (i) if the Scheme Shareholder made a Mixed Election Option One, the number of Pepper Holdco Shares that would have been received by the Scheme Shareholder under Mixed Consideration Option One without rounding up or down (before the application of the Scaleback Arrangements); or
- (i) if the Scheme Shareholder made a Mixed Election Option Two, the number of Pepper Holdco Shares that would have been received by the Scheme Shareholder under Mixed Consideration Option Two without rounding up or down (before the application of the Scaleback Arrangements); or
- (ii) if the Scheme Shareholder made an All Scrip Election, the number of Pepper Holdco Shares that would have been received in exchange for 100% of the Scheme Shares held by the Scheme Shareholder without rounding up or down (before the application of the Scaleback Arrangements);

B is the Maximum Scrip Threshold;

C is the Aggregate Scrip Election; *plus*

- (2) the Cash Consideration for:

- (A) each Scheme Share they hold on the Scheme Record Date;
less

- (B) the number of Scheme Shares held by the Scheme Shareholder in respect of which the Scheme Shareholder will receive Scrip Consideration, calculated as A / D , where A has the meaning in clause 5.5(b)(1) and D is the number of Pepper HoldCo Shares per Scheme Share as set out in the definition of Scrip Consideration before any adjustments for the declaration or payment of a Special Dividend;

less

- (3) if a Special Dividend is declared or paid, the amount which is equal to the amount of the Special Dividend per Apiam Share multiplied by the number of the Scheme Shares held by that Scheme Shareholder.

5.6 Joint holders

In the case of Scheme Shares held in joint names:

- (a) subject to clause 5.3(c), any Scheme Consideration payable in cash in respect of those Scheme Shares is payable to the joint holders and any cheque required to be sent under this Scheme will be made payable to the joint holders and sent to either, at the sole discretion of Apiam, the holder whose name appears first in the Share Register as at the Scheme Record Date or to the joint holders;
- (b) any Scrip Consideration to be issued under this Scheme must be issued to and registered in the names of the joint holders or, if Scrip Consideration is issued to the Nominee to hold as bare trustee for the joint holders (as contemplated by clause 5.4), the joint holders will have joint beneficial ownership of that Scrip Consideration; and
- (c) any other document required to be sent under this Scheme, will be forwarded to either, at the sole discretion of Apiam (or, in the case of clause 5.4(c), Pepper Holdco), the holder whose name appears first in the Share Register as at the Scheme Record Date or to the joint holders.

5.7 Fractional entitlements and splitting

- (a) Where the Aggregate Scrip Election is less than or equal to the Maximum Scrip Threshold, and the calculation of Pepper Holdco Shares to be received by that Scheme Shareholder who has made a valid Election to receive the All Scrip Consideration, the Mixed Consideration Option One or the Mixed Consideration Option Two will result in that shareholder receiving a fractional entitlement, the fractional entitlement will be rounded to the nearest whole share.
- (b) Where the Aggregate Scrip Election is more than the Maximum Scrip Threshold, and the calculation of Pepper Holdco Shares to be received by that Scheme Shareholder under clause 5.5(b)(1) above will result in a fractional entitlement, the number of Pepper Holdco Shares to be received by that Scheme Shareholder will be rounded to the nearest whole share.
- (c) Where the calculation of the cash component of the Scheme Consideration to be received by a Scheme Shareholder would result in the Scheme Shareholder becoming entitled to receive a fraction of a cent, the fractional entitlement will be rounded to the nearest whole cent..
- (d) For the purposes of clauses 5.7(a), 5.7(b) and 5.7(c), any such fractional entitlement of less than 0.5 will be rounded down to the nearest whole number, and any fractional entitlement of 0.5 will be rounded up to the nearest whole number
- (e) If Pepper Holdco is of the opinion, formed reasonably, that several Scheme Shareholders, each of which holds a holding of Apiam Shares which results in a fractional entitlement to Scheme Consideration have, before the Scheme Record Date, been party to a shareholding splitting or division in an attempt to obtain an advantage by reference to the rounding provided for in the calculation of each Scheme Shareholder's entitlement to the Scheme Consideration, Pepper Holdco may direct Apiam to give notice to those Scheme Shareholders:

- (1) setting out the names and Registered Addresses of all of them;
- (2) stating that opinion; and
- (3) attributing to one of them specifically identified in the notice the Apiam Shares held by all of them,

and, after the notice has been so given, the Scheme Shareholder specifically identified in the notice shall, for the purposes of this Scheme, be taken to hold all those Apiam Shares and each of the other Scheme Shareholders whose names are set out in the notice shall, for the purposes of this Scheme, be taken to hold no Apiam Shares.

5.8 Unclaimed monies

- (a) Apiam may cancel a cheque issued under this clause 5 if the cheque:
 - (1) is returned to Apiam; or
 - (2) has not been presented for payment within six months after the date on which the cheque was sent.
- (b) During the period of 12 months commencing on the Implementation Date, on request in writing from a Scheme Shareholder to Apiam (or the Apiam Registry) (which request may not be made until the date which is 20 Business Days after the Implementation Date), Apiam must reissue a cheque that was previously cancelled under this clause 5.8.
- (c) The *Unclaimed Money Act* 2008 (VIC) will apply in relation to any Scheme Consideration which becomes 'unclaimed money' (as defined in section 3 of the *Unclaimed Money Act* 2008 (VIC)).

5.9 Orders of a court or Government Agency

If written notice is given to Apiam (or the Apiam Registry) or Pepper Holdco (or the Pepper Holdco Registry) of an order or direction made by a court of competent jurisdiction or by another Government Agency that:

- (a) requires consideration to be provided to a third party (either through payment of a sum or the issuance of a security) in respect of Scheme Shares held by a particular Scheme Shareholder, which would otherwise be payable or required to be issued to that Scheme Shareholder by Apiam in accordance with this clause 5, then Apiam shall be entitled to procure that provision of that consideration is made in accordance with that order or direction; or
- (b) prevents Apiam from providing consideration to any particular Scheme Shareholder in accordance with this clause 5, or the payment or issuance of such consideration is otherwise prohibited by applicable law, Apiam shall be entitled to (as applicable):
 - (1) retain an amount, in Australian dollars, equal to the cash component of the Scheme Consideration payable to a Scheme Shareholder; and
 - (2) direct Pepper Holdco not to issue, or to issue to a trustee or nominee, any Scrip Consideration that Scheme Shareholder would otherwise be entitled to under clause 5.4,

until such time as provision of the Scheme Consideration in accordance with this clause 5 is permitted by that (or another) order or direction or otherwise by law.

5.10 Status of Scrip Consideration

Subject to this Scheme becoming Effective, Pepper Holdco and Pepper Bidco must:

- (a) issue (or procure the issue of) the Scrip Consideration required to be issued by it under this Scheme on terms such that each share forming part of the Scrip Consideration will rank equally in all respects with each other existing share in Pepper Holdco of the same class and will have the rights set out in the Pepper Holdco Constitution and Pepper Holdco Shareholders' Deed; and
- (b) ensure that each such share is duly and validly issued in accordance with all applicable laws, the Pepper Holdco Constitution and the Pepper Holdco Shareholders' Deed, fully paid and free from any mortgage, charge, lien, encumbrance, pledge or other security interest (including any 'security interest' within the meaning of section 12 of the *Personal Property Securities Act 2009* (Cth)) and interests of third parties of any kind.

5.11 Withholding

- (a) Pepper Bidco must make all payments that become due under the Scheme free and clear and without deduction of all present and future withholdings (including Taxes or Duties), unless Pepper Bidco determines (acting reasonably) that it is required to by law or it is required to pay an amount to the Commissioner of Taxation pursuant to Subdivision 14-D of Schedule 1 to the *Taxation Administration Act 1953* (Cth) (**CGT Withholding Amount**).
- (b) Apiam confirms that at the time of signing this deed and Implementation Date, so far as Apiam is aware, none of the Scheme Shares will comprise indirect Australian real property interests as defined in section 855-25 of the *Income Tax Assessment Act 1997* (Cth) (on the basis that the 'principal asset test' referred to in paragraph 855-25(1)(b) of the *Income Tax Assessment Act 1997* (Cth) should not be satisfied) and therefore Pepper Bidco should not be required by Subdivision 14-D of Schedule 1 to the *Tax Administration Act 1953* (Cth) (Subdivision 14-D) to pay an amount to the Commissioner of Taxation under section 14-200 in Subdivision 14-D in respect of the acquisition of the Scheme Shares from Scheme Shareholders.
- (c) Pepper Bidco agrees not to contact any Scheme Shareholders in connection with the application of Subdivision 14-D or other withholding obligations to the Transaction without Apiam's prior written consent.

6 Dealings in Apiam Shares

6.1 Determination of Scheme Shareholders

To establish the identity of the Scheme Shareholders, dealings in Apiam Shares or other alterations to the Share Register will only be recognised if:

- (a) in the case of dealings of the type to be effected using CHESS, the transferee is registered in the Share Register as the holder of the relevant Apiam Shares before the Scheme Record Date; and

- (b) in all other cases, registrable transfer or transmission applications in respect of those dealings, or valid requests in respect of other alterations, are received before the Scheme Record Date at the place where the Share Register is kept,

and Apiam must not accept for registration, nor recognise for any purpose (except a transfer to Pepper Bidco pursuant to this Scheme and any subsequent transfer by Pepper Bidco or its successors in title), any transfer or transmission application or other request received after such times, or received prior to such times but not in registrable or actionable form, as appropriate.

6.2 Register

- (a) Apiam must register registrable transmission applications or transfers of the Scheme Shares that are received in accordance with clause 6.1(b) before the Scheme Record Date provided that, for the avoidance of doubt, nothing in this clause 6.2(a) requires Apiam to register a transfer that would result in a Apiam Shareholder holding a parcel of Apiam Shares that is less than a 'marketable parcel' (for the purposes of this clause 6.2(a) 'marketable parcel' has the meaning given in the Operating Rules).
- (b) If this Scheme becomes Effective, a holder of Scheme Shares (and any person claiming through that holder) must not dispose of or otherwise deal with, or purport or agree to dispose of or otherwise deal with, any Scheme Shares or any interest in them on or after the Scheme Record Date otherwise than pursuant to this Scheme, and any attempt to do so will have no effect and Apiam shall be entitled to disregard any such disposal or otherwise dealing.
- (c) For the purpose of determining entitlements to the Scheme Consideration, Apiam must maintain the Share Register in accordance with the provisions of this clause 6.2 until the Scheme Consideration has been paid to the Scheme Shareholders. The Share Register in this form will solely determine entitlements to the Scheme Consideration.
- (d) All statements of holding for Apiam Shares (other than statements of holding in favour of Pepper Bidco or any Excluded Shareholders) will cease to have effect after the Scheme Record Date as documents of title in respect of those shares and, as from that date, each entry current at that date on the Share Register (other than entries on the Share Register in respect of Pepper Bidco or any Excluded Shareholder) will cease to have effect except as evidence of entitlement to the Scheme Consideration in respect of the Apiam Shares relating to that entry.
- (e) As soon as possible on or after the Scheme Record Date, and in any event by 5.00pm on the first Business Day after the Scheme Record Date, Apiam will ensure that details of the names, Registered Addresses and holdings of Apiam Shares for each Scheme Shareholder as shown in the Share Register are available to Pepper Holdco in the form Pepper Holdco reasonably requires.

7 Quotation of Apiam Shares

- (a) Apiam must apply to ASX to suspend trading on the ASX in Apiam Shares with effect from the close of trading on the Effective Date.
- (b) On a date after the Effective Date, Apiam must apply:

- (1) for termination of the official quotation of Apiam Shares on the ASX;
and
- (2) to have itself removed from the official list of the ASX,
effective on a date on or after the Implementation Date as determined by
Pepper Holdco.

8 General Scheme provisions

8.1 Consent to amendments to this Scheme

If the Court proposes to approve this Scheme subject to any alterations or conditions:

- (a) Apiam may by its counsel consent on behalf of all persons concerned to those alterations or conditions to which Pepper Holdco has consented in writing or by its counsel; and
- (b) each Scheme Shareholder agrees to any such alterations or conditions which Apiam has consented to in accordance with clause 8.1(a).

8.2 Scheme Shareholders' agreements and warranties

 - (3) agrees to, at the direction of Pepper Bidco, destroy any share certificates or holding statements relating to their Scheme Shares;

 - (5) to the extent they are to receive Scrip Consideration as a component of the Scheme Consideration to which they are entitled under this Scheme and that Scrip Consideration is issued to the Nominee to hold as bare trustee for the Scheme Shareholder (as contemplated by clause 5.4(b)), also agrees to be bound by the Nominee Deed;
 - (6) who holds their Apiam Shares in a CHESS Holding agrees to the conversion of those Apiam Shares to an Issuer Sponsored Holding and irrevocably authorises Apiam to do anything necessary or expedient (whether required by the Settlement Rules or otherwise) to effect or facilitate such conversion;
 - (7) acknowledges and agrees that this Scheme binds Apiam and all Scheme Shareholders (including those who do not attend the Scheme

- Meeting and those who do not vote, or vote against this Scheme, at the Scheme Meeting);
- (8) irrevocably consents to Pepper Bidco and Apiam doing all things and executing all deeds, instruments, transfers or other documents on the Scheme Shareholder's behalf as may be necessary, incidental or expedient to the implementation and performance of this Scheme, including any deed or document in respect of the Pepper Holdco Shareholders' Deed or the Nominee Deed; and
 - (9) who is an Ineligible Foreign Shareholder agrees and acknowledges that the payment to it of an amount in accordance with clause 5.2(b) constitutes the satisfaction in full of its entitlement to the Scheme Consideration.
- (b) Each Scheme Shareholder is taken to have warranted to Apiam and Pepper Bidco on the Implementation Date, and appointed and authorised Apiam as its attorney and agent to warrant to Pepper Bidco on the Implementation Date, that:
- (1) all their Apiam Shares (including any rights and entitlements attaching to those shares) which are transferred under this Scheme will, at the date of transfer, be fully paid and free from all mortgages, charges, liens, encumbrances, pledges, security interests (including any 'security interests' within the meaning of section 12 of the *Personal Property Securities Act 2009* (Cth)) and interests of third parties of any kind, whether legal or otherwise, and restrictions on transfer of any kind, and that they have full power and capacity to transfer their Apiam Shares to Pepper Bidco together with any rights and entitlements attaching to those shares. Apiam undertakes that it will provide such warranty to Pepper Bidco as agent and attorney of each Scheme Shareholder; and
 - (2) they have no existing right to be issued any Apiam Shares, options, performance rights exercisable into Apiam Shares, convertible notes in Apiam or any other Apiam securities.

8.3 Title to and rights in Scheme Shares

- (a) To the extent permitted by law, the Scheme Shares (including all rights and entitlements attaching to the Scheme Shares) transferred under this Scheme to Pepper Bidco will, at the time of transfer of them to Pepper Bidco, vest in Pepper Bidco free from all mortgages, charges, liens, encumbrances, pledges, security interests (including any 'security interests' within the meaning of section 12 of the *Personal Property Securities Act 2009* (Cth)) and interests of third parties of any kind, whether legal or otherwise and free from any restrictions on transfer of any kind.
- (b) Immediately upon the provision of the Scheme Consideration to each Scheme Shareholder in the manner contemplated by clauses 5.3(b), 5.3(c), 5.3(d) and 5.4 and the Scaleback Arrangements, Pepper Bidco will be beneficially entitled to the Scheme Shares to be transferred to it under this Scheme pending registration by Apiam of Pepper Bidco in the Share Register as the holder of the Scheme Shares.

8.4 Appointment of sole proxy

Immediately upon the provision of the Scheme Consideration to each Scheme Shareholder in the manner contemplated by clauses 5.3(b), 5.3(c), 5.3(d) and 5.4 and the Scaleback Arrangements, and until Apiam registers Pepper Bidco as the holder of all Scheme Shares in the Share Register, each Scheme Shareholder:

- (a) is deemed to have irrevocably appointed Pepper Bidco as attorney and agent (and directed Pepper Bidco in each such capacity) to appoint any director, officer, secretary or agent nominated by Pepper Bidco as its sole proxy and, where applicable or appropriate, corporate representative to attend shareholders' meetings, exercise the votes attaching to the Scheme Shares registered in their name and sign any shareholders' resolution or document;

- (b) if on or after the First Court Date, the variation is agreed to by Apiam and the Court indicates that the variation would not of itself preclude approval of the Scheme,

in which event Pepper Holdco and Pepper Bidco will enter into a further deed poll in favour of the Scheme Shareholders giving effect to the variation.

Date: 3 February 2026

Time: 11.00am (Melbourne time)

Venue: Herbert Smith Freehills Kramer, Level 24, 80 Collins Street, Melbourne Victoria 3000 and online via the online platform at <https://meetings.lumiconnect.com/300-490-877-328>

Purpose of the meeting

The purpose of the Scheme Meeting is to consider and, if thought fit, to agree to a scheme of arrangement (with or without amendment or any alterations or conditions required by the Court to which Apiam and Pepper Holdco Limited agree) proposed to be made between Apiam and Apiam Shareholders (the **Scheme**).

A copy of the Scheme and a copy of the explanatory statement required by section 412 of the Corporations Act in relation to the Scheme are contained in the Scheme Booklet, of which this notice forms part.

Scheme Resolution

The Scheme Meeting will be asked to consider and, if thought fit, pass (with or without amendment) the following resolution (the **Scheme Resolution**):

Explanatory notes

1 General

This notice of meeting (**Notice of Scheme Meeting**) relates to the Scheme and should be read in conjunction with the Scheme Booklet of which this Notice of Scheme Meeting forms part. The Scheme Booklet contains important information to assist you in determining how to vote on the Scheme Resolution.

A copy of the Scheme is set out in Annexure 2 of the Scheme Booklet.

Capitalised terms used but not defined in this Notice of Scheme Meeting have the meanings set out in section 10 of the Scheme Booklet unless the context otherwise requires.

2 Scheme Meeting format

The Scheme Meeting will be held as a hybrid meeting. This means that Apiam Shareholders and their authorised proxies, attorneys and corporate representatives will be able to either attend and participate in the Scheme Meeting in person at Herbert Smith Freehills Kramer, Level 24, 80 Collins Street, Melbourne Victoria 3000 or participate in the Scheme Meeting online via the online platform at <https://meetings.lumiconnect.com/300-490-877-328>.

Further details on how to participate and vote are set out in this Notice of Scheme Meeting.

3 Shareholder approval

For the proposed Scheme to be binding in accordance with section 411 of the Corporations Act, the Scheme Resolution must be agreed to by the Requisite Majorities, being:

- unless the Court orders otherwise, a majority in number (more than 50%) of Apiam Shareholders (other than Excluded Shareholders) present and voting (either in person or by proxy, attorney or, in the case of corporate Apiam Shareholders, corporate representative) at the Scheme Meeting; and
- at least 75% of the total number of votes cast on the Scheme Resolution (either in person or by proxy, attorney or, in the case of corporate Apiam Shareholders, corporate representative) at the Scheme Meeting by Apiam Shareholders (other than Excluded Shareholders).

4 Court approval

Under paragraph 411(4)(b) of the Corporations Act, the Scheme (with or without alterations or conditions made or required by the Supreme Court of New South Wales to which Apiam and Pepper Holdco Limited agree in writing) is subject to the approval of the Court.

If the Scheme Resolution is agreed to by the Requisite Majorities (referred to in section 3 above) and the other Conditions Precedent to the Scheme (other than approval by the

Court) are satisfied or waived by the time required under the Scheme, Apiam intends to apply to the Court for the necessary orders to give effect to the Scheme.

In order for the Scheme to become Effective, it must be approved by the Court and a sealed office copy of the orders of the Court approving the Scheme must be lodged with ASIC.

5 Eligibility to vote

In accordance with regulation 7.11.37 of the *Corporations Regulations 2001* (Cth), the Apiam Board has determined that the time for determining eligibility to vote at the Scheme Meeting is **7.00pm (Melbourne time) on 1 February 2026**. Only those Apiam Shareholders entered on the Apiam Share Register at that time will be entitled to attend and vote at the Scheme Meeting, either in person, by proxy or attorney, or in the case of a corporate Apiam Shareholder, by a corporate representative. The remaining comments in these explanatory notes are addressed to Apiam Shareholders entitled to attend and vote at the Scheme Meeting.

All persons planning to attend the Scheme Meeting are asked to arrive at the venue at least 30 minutes before the scheduled time for commencement of the Scheme Meeting, so that your shareholding can be checked against the Apiam Share Register, any power of attorney or certificate of appointment of corporate representative verified, and your attendance noted.

Please note that it is recommended that you login at least 30 minutes before the scheduled time of the Scheme Meeting. If an Apiam Shareholder would like a proxy to attend the online meeting, they will need to contact Boardroom in advance of the meeting to obtain a username and password. Please refer to the Online Meeting Guide at Annexure 8 of the Scheme Booklet for further details.

7 How to vote

In accordance with Apiam's constitution, voting will be conducted by poll.

If you are an Apiam Shareholder entitled to vote at the Scheme Meeting, you may vote:

- **in person**, by physically attending the Scheme Meeting at Herbert Smith Freehills Kramer, Level 24, 80 Collins Street, Melbourne Victoria 3000 and voting in person;

- **online**, by participating and voting online at the Scheme Meeting via the online platform at <https://meetings.lumiconnect.com/300-490-877-328>. To vote online, you will need follow the instructions set out in the Online Meeting Guide at Annexure 8 of the Scheme Booklet;
- **by proxy**, by appointing one or two proxies to attend and vote on your behalf (either in person or online), using the proxy form that accompanies this Scheme Booklet or submitting a proxy vote online at <https://www.votingonline.com.au/ahxscheme2026>. To submit a proxy vote online, you will need your postcode or country of residence and Voting Access Code;
- **by attorney**, by appointing an attorney to attend and vote at the Scheme Meeting on your behalf (either in person or online), using a duly executed power of attorney; or
- **by corporate representative**, in the case of a body corporate, by appointing a corporate representative to attend the Scheme Meeting and vote on your behalf (either in person or online), using a duly executed certificate of appointment of corporate representative.

Every Apiam Shareholder present in person or by attorney or by proxy or, in the case of a body corporate, by a corporate representative shall have one vote for each Apiam Share held by them, provided that all Apiam Shares are fully paid.

8 Jointly held securities

If you hold Apiam Shares jointly with one or more other persons, only one of you may vote. If more than one of you attempts to vote in person at the Scheme Meeting, only the vote of the holder whose name appears first on the Apiam Share Register will be counted.

See also section 9.3 below regarding the appointment of a proxy by persons who jointly hold Apiam Shares.

9 Voting

9.1 Voting in person

To vote in person, you must attend the Scheme Meeting, either physically or online.

To vote in person at the Scheme Meeting, you must attend the physical Scheme Meeting at Herbert Smith Freehills Kramer, Level 24, 80 Collins Street, Melbourne Victoria 3000.

9.2 Voting online

To vote online, you must participate in the Scheme Meeting via the online platform at <https://meetings.lumiconnect.com/300-490-877-328>.

Online voting will be open when the Chair of the Scheme Meeting declares the poll open and will close at the closing of voting as announced by the Chair during the Scheme Meeting.

Further details on how to participate and vote online are set out in the Online Meeting Guide at Annexure 8 of the Scheme Booklet.

9.3 Voting by proxy

If you are an Apiam Shareholder entitled to vote at the Scheme Meeting, you may appoint an individual or a body corporate as a proxy to attend the Scheme Meeting in person or online and vote on your behalf.

Please note that:

- an Apiam Shareholder entitled to attend and vote at the Scheme Meeting is entitled to appoint no more than two proxies;
- an instrument appointing a proxy must be in the form of the proxy form accompanying this Scheme Booklet;
- where more than one proxy is appointed, each proxy may be appointed to represent a specified proportion of the Apiam Shareholder's voting rights. If an Apiam Shareholder appoints two proxies, and the appointment does not specify the proportion of the Apiam Shareholder's voting rights, each proxy may exercise one-half of the voting rights; and
- a proxy need not be another Apiam Shareholder.

The appointment of a proxy does not preclude you from attending in person or online and voting at the Scheme Meeting. Please note that if you do attend and vote, your proxy is not permitted to vote on the Scheme Resolution.

A vote given in accordance with the terms of a proxy appointment is valid despite the revocation of that appointment, unless notice in writing of the revocation has been received by the Apiam Registry before the start of the Scheme Meeting (or, if the Scheme Meeting is adjourned or postponed, before the resumption of the Scheme Meeting in relation to the resumed part of the Scheme Meeting).

You should consider how you wish your proxy to vote. That is, whether you want your proxy to vote 'for' or 'against', or abstain from voting on, the Scheme Resolution, or whether to leave the decision to the proxy after considering the matters discussed at the Scheme Meeting.

If you do not direct your proxy how to vote on the Scheme Resolution, the proxy may vote, or abstain from voting, as they choose.

If you instruct your proxy to abstain from voting on the Scheme Resolution, your proxy is directed not to vote on your behalf, and the Apiam Shares the subject of the proxy appointment will not be counted in computing the Requisite Majorities.

If you return your proxy form:

- without identifying a proxy on it, you will be taken to have appointed the Chair of the Scheme Meeting as your proxy to vote on your behalf; or
- with a proxy identified on it but your proxy does not participate in the Scheme Meeting, the Chair of the Scheme Meeting will act in place of your nominated proxy and vote in accordance with any directions on your proxy form.

The Chair of the Scheme Meeting intends to vote all available proxies in favour of the Scheme Resolution, in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interest of Apiam Shareholders.

To appoint a proxy, you should complete and return the proxy form that accompanies this Scheme Booklet in accordance with the instructions on that form. If you appoint two proxies, you should complete two separate proxy forms and clearly indicate on the second proxy form that it is a second proxy and not a revocation of your first proxy. You may obtain an additional proxy form by contacting the Apiam Registry on 1300 737 760 (in Australia) +61 2 9290 9600 (International) or by email to enquiries@boardroomlimited.com.au.

To be valid, you must deliver the signed and completed proxy form(s) to the Apiam Registry **by 11.00am (Melbourne time) on 1 February 2026** (or, if the Scheme Meeting is adjourned or postponed, no later than 48 hours before the resumption of the Scheme Meeting in relation to the resumed part of the Scheme Meeting) in any of the following ways:

To be valid, a proxy form must be signed by the relevant Apiam Shareholder or their attorney or, if the Apiam Shareholder is a corporation, executed in accordance with Apiam's constitution and the Corporations Act (and may be signed on behalf of the corporation by its attorney). If a proxy form is completed under power of attorney or other authority, the power of attorney or other authority, or a certified copy of the power of attorney or other authority, must accompany the completed proxy form and be provided to the Apiam Registry by no later than **11.00am (Melbourne time) on 1 February 2026** unless the power of attorney or other authority has previously been provided to the Apiam Registry.

If you hold Apiam Shares jointly with one or more other persons, in order for your proxy appointment to be valid, each of you must sign the proxy form.

9.4 Voting by attorney

If you are an Apiam Shareholder entitled to vote at the Scheme Meeting, you may appoint an attorney to attend and vote at the Scheme Meeting on your behalf. Your attorney need not be another Apiam Shareholder. Each attorney will have the right to vote on the poll and also to speak at the Scheme Meeting.

The power of attorney appointing your attorney to attend and vote at the Scheme Meeting must be duly executed by you and specify your name, the company (that is, Apiam), and the attorney, and also specify the meetings at which the appointment may be used. The appointment may be a standing one.

The power of attorney, or a certified copy of the power of attorney, should be lodged at the registration desk on the day of the Scheme Meeting, or with the Apiam Registry **by 11.00am (Melbourne time) on 1 February 2026** (or, if the Scheme Meeting is adjourned or postponed, no later than 48 hours before the resumption of the Scheme Meeting in relation to the resumed part of the Scheme Meeting) in any of the following ways:

<hr/>	
by email:	addressed to proxy@boardroomlimited.com.au
<hr/>	
by facsimile:	+61 2 9290 9655
<hr/>	

The appointment of an attorney does not preclude you from attending in person or online and voting at the Scheme Meeting. Please note that if you do so, your attorney is not permitted to vote on the Scheme Resolution.

9.5 Voting by corporate representative

If you are an Apiam Shareholder entitled to vote at the Scheme Meeting and you are a body corporate, you may appoint an individual to act as your corporate representative. The appointment must comply with the requirements of section 250D of the Corporations Act, meaning that Apiam will require a certificate or letter of appointment of corporate representative to be executed by you in accordance with the Corporations Act.

A form of certificate or letter may be obtained by contacting the Apiam Registry via email (enquiries@boardroomlimited.com.au), via phone (1300 737 760 (in Australia) or +61 2 9290 9600 (International)) or by clicking the link here: <https://boardroomlimited.com.au/wordpress/wp-content/uploads/2021/05/Appointment-of-Corporate-Representative.pdf>.

The certificate should be lodged at the registration desk on the day of the Scheme Meeting, or with the Apiam Registry at least 24 hours in advance of the Scheme Meeting in any of the following ways:

by post:	Boardroom Pty Limited GPO Box 3993 Sydney NSW 2001
<hr/>	
by hand delivery:	Boardroom Pty Limited Level 8, 210 George Street Sydney NSW 2000 Australia
<hr/>	
by email:	addressed to proxy@boardroomlimited.com.au
<hr/>	
by facsimile:	+61 2 9290 9655
<hr/>	

If a certificate is completed under power of attorney or other authority, the power of attorney or other authority, or a certified copy of the power of attorney or other authority,

must accompany the completed certificate unless the power of attorney or other authority has previously been provided to the Apiam Registry.

10 How to ask questions

Apiam Shareholders will have a reasonable opportunity to ask questions about, or make comments on, the Scheme, during the Scheme Meeting, whether they attend in person or participate via the online platform. To ask a question via the online platform, Apiam Shareholders are to follow the instructions in section 6.2 and the Online Meeting Guide.

Questions may be moderated to avoid repetition and to make them more concise.

The Chair of the Scheme Meeting will endeavour to address as many of the more frequently raised relevant questions as possible during the course of the Scheme Meeting. However, there may not be sufficient time available at the Scheme Meeting to address all of the questions raised. Individual responses will not be sent to Apiam Shareholders.

11 Technical difficulties

Technical difficulties may arise during the Scheme Meeting. The Chair of the Scheme Meeting has discretion as to whether and how the Scheme Meeting should proceed in the event that a technical difficulty arises.

Where the Chair of the Scheme Meeting considers it appropriate, the Chair may continue to hold the Scheme Meeting and transact business, including conducting a poll and voting in accordance with proxy instructions. For this reason, Apiam Shareholders are encouraged to lodge a directed proxy by **11.00am (Melbourne time) on 1 February 2026** even if they plan to attend the Scheme Meeting in person or online.

In the event of a technological failure that prevents Apiam Shareholders from having a reasonable opportunity to participate in the Scheme Meeting, the Chair will have regard to the number of Apiam Shareholders impacted and the extent to which participation in the business of the Scheme Meeting is affected. If required, Apiam will provide an update on its website and the ASX to communicate details of any postponement or adjournment of the meeting to Apiam Shareholders. Apiam Shareholders may experience local technical difficulties, such as poor internet connection, and for this reason are encouraged to lodge a directed proxy in advance.

 - (i) have rights and obligations under this document that are in effect equivalent to (but not additional to) those of Shareholders; and
 - (ii) do not hold legal title to Shares and are instead Appointing Beneficiaries in relation to their respective Beneficial Shares,

such that the voting, economic and other interests of an Appointing Beneficiary under this document and in respect of its Beneficial Shares should, assuming that the Nominee, Class B Shareholder, Management Shareholder and holder of Beneficial Shares (as the case may be) act in accordance with this document and the Nominee Deed, be neither enhanced nor impaired as a consequence of appointing the Nominee as bare trustee in respect of that Appointing Beneficiary's Beneficial Shares.

- (b) Each Party must take all actions within its power and authority, including giving relevant instructions to the Nominee and, in the case of an Appointing Beneficiary, exercising its rights in its capacity as appointor of the Nominee as bare trustee for it, to give effect to the principle in clause 22.2(a).

- (e) This clause 22 applies separately in relation to the Nominee in its capacity as bare trustee for each Appointing Beneficiary.

- (a) If the Nominee is the registered holder of Shares, for the purposes of any references in this document to the Shareholder's or holder's Shares, or to Shares held by the Shareholder or holder (or any similar expression), the Appointing Beneficiary is to be regarded as holding its Beneficial Shares. For the avoidance of doubt (but without limitation):
 - (i) in the context of a Required Resolution, Simple Majority, Class B Special Resolution or any requirement that an act be approved by Shareholders or holders holding at least a given percentage of all Shares, Appointing Beneficiaries are to be treated as holding their Beneficial Shares;
 - (ii) the Shares of, or held by, the Class B Shareholder, Management Shareholder or Shareholder (or any comparable expression, including for the purposes of determining the Relevant Proportions or pro rata entitlements of Class B Shareholders, Management Shareholders or other Shareholders), are to be regarded as if the Class B Shareholder, Management Shareholder or other Shareholders (as applicable) holds legal title to its Beneficial Shares; and
 - (iii) the Class B Shareholder, Management Shareholder or other Shareholders taking any action in respect of any Shares, is taken to also include a reference to the Nominee taking that action as bare trustee for the Class B Shareholder, Management Shareholder or other Shareholder that is the Appointing Beneficiary.
- (b) Each Appointing Beneficiary will continue to have the benefit of, and be bound by, all the provisions of this document which would have applied to the Appointing Beneficiary by virtue of, or in relation to, that Appointing Beneficiary's holding of its Beneficial Shares had it been issued or continued to hold legal title to its Beneficial Shares or not transferred legal title to its Beneficial Shares to the Nominee (**Relevant Rights and Obligations**), subject to the terms of this document and the Nominee Deed.
- (c) The Relevant Rights and Obligations will so far as possible have application to the Nominee and the relevant Appointing Beneficiary in the same way as they would have applied to the Appointing Beneficiary if it held legal title to its Beneficial Shares.
- (d) Each Appointing Beneficiary undertakes to the Company and to the Investor Shareholders that it will not:
 - (i) take any action, or omit to take any action (including the giving of any instruction to the Nominee or failing to give any instruction to the Nominee) which would breach its or a Shareholder's obligations under this document;

- (ii) fail to give, or delay in giving, any instruction to the Nominee which is required to enable the Appointing Beneficiary, a Shareholder or the Nominee to comply with their respective obligations under this document or the Nominee Deed; or
- (iii) give an instruction to the Nominee which has the effect of cancelling or superseding an instruction given on behalf of the Appointing Beneficiary by an attorney acting on behalf of the Appointing Beneficiary under clause 22.1 or clause 26.

22.4 Definitions and interpretation

- (a) Where the context requires to give effect to clauses 22.2 and 22.3 and without limiting any other provision of this document, including clause 22.3(c), any reference in this document to a Class B Shareholder, Management Shareholder or Shareholder who is an Appointing Beneficiary is to be taken to also include a reference to the Nominee as bare trustee for that Appointing Beneficiary.
- (b) A Class B Shareholder, Management Shareholder or Shareholder will continue to be a Class B Shareholder, Management Shareholder or Shareholder (as applicable) for the purposes of this document irrespective of whether legal title to all or any of that person's Shares are held by the Nominee.
- (c) Obligations under this document or the Constitution on a Class B Shareholder, Management Shareholder or Shareholder who is an Appointing Beneficiary to exercise voting rights or take other actions (including signing documents) as the registered holder or beneficial owner of Shares are to be interpreted as obligations to ensure that the Nominee takes the relevant actions at the Appointing Beneficiary's direction, or by the Company on behalf of the Appointing Beneficiary, acting under power of attorney, or otherwise.
- (d) The Nominee is not itself to be regarded for the purposes of this document as:
 - (i) a Shareholder, Investor Shareholder, Class B Shareholder or Management Shareholder; or
 - (ii) otherwise as a holder of any Shares who has independent obligations in their capacity as such.

22.5 Voting

Instructions may be given by each Appointing Beneficiary to the Nominee (as the person legally entitled to voting rights, dividends and distributions in respect of those Shares) in accordance with this document and the Nominee Deed:

- (a) in relation to voting, Disposals and other dealings in respect of the Appointing Beneficiary's Beneficial Shares; and
- (b) in respect of the payment of dividends and distributions.

22.6 Dividends

Each Appointing Beneficiary directs the Company to pay dividends and distributions in respect of its Beneficial Shares as it directs in accordance with the Nominee Deed. This clause 22.6 does not affect the right of an Appointing Beneficiary to change such a direction from time to time.

22.7 Disposals of Shares

- (a) References to a Disposal of Shares in this document and the Constitution include a Disposal of a beneficial interest in Beneficial Shares and any Disposal of the legal title to those Shares by the Nominee (at the Appointing Beneficiary's direction, or by the Company or another attorney on behalf of the Appointing Beneficiary acting under power of attorney, or otherwise).
- (b) Where this document contemplates the sale, purchase or transfer of some or all of a Class B Shareholders', Management Shareholders' or Shareholders' Shares and the Nominee is the registered holder of Shares, the relevant provisions apply so that references to the sale, purchase or transfer of the relevant Shares are to be construed as references to:
 - (i) the sale, purchase or transfer of Beneficial Shares; and
 - (ii) (without limiting circumstances where the Nominee is to retain legal title to the relevant Shares) the Party procuring the concurrent transfer of legal title in those Beneficial Shares by the Nominee,

and obligations on Class B Shareholders, Management Shareholders or Shareholders to offer Shares for sale, purchase, or transfer are to be construed in a corresponding manner.
- (c) Where this document permits the Company to issue or any other Party to transfer, sell or otherwise Dispose of Shares to any person, that provision includes permission to issue, transfer, sell or otherwise Dispose of Shares to the Nominee as bare trustee for the Appointing Beneficiary.
- (d) Where an Appointing Beneficiary Disposes of Shares to a Permitted Holder, in circumstances where the Nominee continues to hold the relevant Beneficial Shares, such transferee Permitted Holder must execute and deliver to the Company an Accession Deed Poll and Nominee Accession Deed.

22.8 **Additional Shares**

- (a) If an Appointing Beneficiary becomes entitled to receive any additional Shares, whether by way of issue or Disposal (and whether under this document or otherwise), then unless the Board has approved another holding arrangement in relation to the relevant transaction, the issue or Disposal must be made in favour of the Nominee on the basis that the Shares are to be held by the Nominee as bare trustee for the Appointing Beneficiary and will be Beneficial Shares of the Appointing Beneficiary.
- (b) An offer to an Appointing Beneficiary to participate in an issue of Shares or other transaction on the basis that legal title to the relevant Shares will be issued to the Nominee as bare trustee for the Appointing Beneficiary will not be regarded for that reason alone as being on different terms from the terms offered to other Shareholders.

22.9 **Notices**

All notices or communications under this document or the Nominee Deed which are provided to the Nominee in its capacity as bare trustee for a particular Appointing Beneficiary must also be provided at the same time to the relevant Appointing Beneficiary.

22.10 **Liability of Nominee**

Each Party acknowledges that, subject to the terms of the Nominee Deed, the Nominee is obliged to act in accordance with the directions of the Appointing Beneficiaries in

relation to their respective Beneficial Shares. Each Party agrees that any breach of this document or the Constitution which arises as a result of the Nominee complying with a direction given by an Appointing Beneficiary (**Directed Breach**) is to be construed for all purposes as a breach by the relevant Appointing Beneficiary for which the Appointing Beneficiary is personally liable (including in accordance with the Nominee Deed) and not by the Nominee and without limiting the foregoing but subject to clause 22.11:

- (a) the Nominee is released from any claim or Liability in respect of any Directed Breach; and
- (b) each Party (other than the Nominee) covenants not to claim, sue or take any action against the Nominee in respect of any Directed Breach.

22.11 Limitation of Nominee's liability

- (a) Each Party acknowledges that the Nominee will be bound by the terms of this document in its capacity as bare trustee of the Bare Trusts and in no other capacity.
- (b) Any Liability of the Nominee arising under or in connection with this document is limited to, and can be enforced against the Nominee only to the extent to which under the Nominee Deed the Nominee is actually indemnified for the Liability. This limitation of the Nominee's Liability applies despite any other provision of this document and extends to all Liabilities of the Nominee in any way connected with any representation, warranty, conduct, omission, agreement or transaction related to this document or the Nominee Deed.
- (c) No Party may sue the Nominee in any capacity other than as trustee of a Bare Trust, including seeking the appointment of a receiver (except in relation to property of a Bare Trust), a liquidator, an administrator, or any similar person to the Nominee nor may any Party prove in any liquidation, administration or arrangement of or affecting the Nominee (except in relation to property of the relevant Bare Trust).
- (d) The provisions of clauses 22.10 and 22.11 do not apply to any Liability of the Nominee to the extent that it is not satisfied under the Nominee Deed or by operation of law or there is a reduction in the extent of the Nominee's indemnification, in each case as a result of the Nominee's fraud, negligence or wilful default.
- (e) No attorney, agent, receiver or receiver and manager appointed in accordance with this document has authority to act on behalf of the Nominee in a way which exposes the Nominee to any personal Liability.

22.12 Indemnity from Appointing Beneficiaries and costs

- (a) If the Company pays, suffers, incurs or is liable to the Nominee for any Liabilities under the Nominee Deed arising out of or in connection with any Shares held by the Nominee on behalf of an Appointing Beneficiary, the relevant Appointing Beneficiary must indemnify the Company against those Liabilities.
- (b) The Parties acknowledge that each Appointing Beneficiary will be bound by the terms of the Nominee Deed which contemplate that the Appointing Beneficiary:
 - (i) indemnifies the Nominee for or in respect of any Liability or Loss which the Nominee pays, suffers, incurs or is liable for arising out of or in connection with; and

- (ii) covenants with the Nominee not to claim, sue or take any action against the Nominee in relation to,

anything done by the Nominee at the direction of or on behalf of the Appointing Beneficiary, or by reason of the Appointing Beneficiary's Beneficial Shares being registered in the name of the Nominee, other than:

- (iii) Liabilities or Losses arising of the Nominee's (or any of its officers', employees', or agents') fraud, negligence, dishonesty, wilful misconduct, breach of any of its obligations under this document or the Nominee Deed or breach of trust;
 - (iv) overhead costs (including rent, office maintenance and salaries) of the Nominee, fees of a Related Body Corporate of the Nominee acting as custodian of the Nominee and fees of a subcustodian, nominee or other delegate of such a custodian of the Nominee; or
 - (v) to the extent the Nominee is entitled to recover and is actually indemnified for any such amounts in paragraphs (iii) or (iv) above by the Company under the terms of the Nominee Deed or from the assets of the relevant Bare Trust under the terms of the Nominee Deed.
- (c) Each indemnity given by an Appointing Beneficiary referred to in this clause 22.12:
- (i) is an additional, separate and independent obligation of the Appointing Beneficiary and no one indemnity limits the generality of any other indemnity; and
 - (ii) survives termination of this document and the Nominee Deed.

22.13 **Conversion and termination**

- (a) if the Company applies to the Australian Securities and Investments Commission to change its type to a proprietary company at a time when it has more than 50 non-employee Appointing Beneficiaries:
 - (i) the bare trustee arrangements contemplated in this clause 22 will terminate on the date on which the change of company type takes effect (**Termination Date**); and
 - (ii) the Nominee must as soon as reasonably possible (and, in any event, before the Termination Date), transfer legal title in respect of all of the Beneficial Shares held by it to the relevant Appointing Beneficiaries who must be registered in the register of members of the Company as legal holders of such Beneficial Shares.
- (b) The provisions of clause 22.13(a) must not be amended or varied unless such amendment or variation has been approved by resolution by at least 75% of the votes cast by Appointing Beneficiaries where:
 - (i) only Appointing Beneficiaries can vote on the resolution;
 - (ii) each Appointing Beneficiary is entitled to cast a vote for each security held on trust for, or on behalf of, it under the Bare Trust; and
 - (iii) Part 2G.2 of the Corporations Act applies as if each Appointing Beneficiary were a member of the Company.

22.14 **No termination of Bare Trust**

Each Appointing Beneficiary undertakes to the Company that it will not, without the prior written approval of the Board, give any notice pursuant to the terms of the Nominee Deed (including giving a notice under clause 8.1(b) of the Nominee Deed) to terminate the Nominee's appointment as nominee of its Bare Trust.

23. **Representations and warranties**

23.1 **Representations and warranties**

23.2 **Reliance on representations and warranties**

Each Party acknowledges that the other Parties have executed this document and agreed to perform its obligations under this document in reliance on the representations and warranties that are made or repeated in this clause 23.

24. **Restraint**

24.1 **Definitions**

24.3 **Deletion of restrictions**

If any part of the restrictions in clause 24.2 goes beyond what is reasonable in the circumstances but would be reasonable in the circumstances if any activity were deleted or a period or area were reduced, then the restriction in clause 24.2 applies with that activity deleted or period or area reduced by the minimum amount necessary to make the restriction reasonable in the circumstances.

24.4 **Severance**

Each part of a restriction in clause 24.2 resulting from the various combinations of the Restricted Periods and Restricted Areas is independent and has effect as a separate and severable restriction and is to be enforced accordingly. If any part of the restriction in clause 24.2 is unenforceable it may be severed without affecting the remaining enforceability of that part or any other part of any other restriction in clause 24.2.

24.5 **Exceptions**

This clause 24 does not restrict a Restricted Person from:

- (a) holding an interest in any Shares;
- (b) holding 5% or less of the securities of an entity listed on a stock exchange provided such holding is only a passive portfolio holding for investment purposes where neither the Restricted Person nor any of its Affiliates directly or indirectly exercises a role in the operational direction or management of the relevant entity;

24.7 Restrained Parties

Each Restricted Person will procure that its Affiliates and its Relevant Manager comply with each restriction in clause 24.2.

24.8 Injunctive relief

25. Disclaimers

25.1 No representations

None of the Investor Shareholders, the Company nor any of their respective Representatives makes:

- (a) declares that all acts and things done by an Attorney in exercising powers under the power of attorney in this clause 26 will be as good and valid as if they had

 - (ii) personally take any action which would result in the suspension of the power of attorney in this clause 26 or otherwise be contradictory or inconsistent with the power of attorney in this clause 26, including attending any meeting and voting at that meeting if an Attorney is present and intends to vote at the meeting pursuant to a lawful exercise of the Attorney's powers;
- (d) agrees that it will not challenge the validity of any act carried out by an Attorney on behalf of the Appointer;

Without limiting clause 17.9, if an Appointer defaults in completing the Disposal of any Shares pursuant to any provision of this document:

- (a) subject to clause 26.4(b), the Company (or an independent person nominated by the Company) may hold any proceeds which are payable to the defaulting Appointer for the benefit of the Appointer (and any interest earned on such proceeds belongs to the Company unless the Company otherwise agrees but the Company has no obligation to invest such proceeds);
- (b) the Company may deduct any costs of performing its rights and obligations under this clause 26 (including legal fees and disbursements on a full indemnity basis), which are incurred by or on behalf of a Group Company or the Directors, from the defaulting Appointer's proceeds;
- (c) subject to clause 26.4(b), receipt by the Company of the defaulting Appointer's proceeds will be good discharge of the relevant buyer's obligation to the defaulting Appointer and the buyer will not be bound to see to the application of any such proceeds; and

- (d) subject to clause 26.4(b), the Company must pay the defaulting Appointer's proceeds to the defaulting Appointer as soon as practicable after the defaulting Appointer has observed the applicable requirements for the Disposal.

26.5 **Irrevocable grant of attorney**

Each Appointer declares that the power of attorney in this clause 26 is given for valuable consideration and is irrevocable. Each Appointer agrees that if some or all of the Appointer's Shares are Disposed of in accordance with this document, this clause 26 remains effective in respect of the Appointer and the remaining Shares held by or on behalf of the Appointer.

26.6 **Conflict of interest**

If a Party provides a payment for or any satisfaction of a Claim or a right to Claim under or in connection with this document (for example, for misleading or deceptive conduct or for misrepresentation or for a breach of any warranty or for indemnity or for reimbursement of any expense) that gives rise to a liability for GST, the provider must pay, and indemnify the recipient on demand against, the amount of that GST.

The supplier must promptly create an adjustment note for, or apply to the Commissioner of Taxation for, a refund of, and refund to the recipient any overpayment by the recipient for GST, but the supplier need not refund to the recipient any amount for GST paid to the Commissioner of Taxation unless the supplier is entitled to a refund or credit of that amount.

A Director may, if permitted by law, vote in favour of the exercise of those voting rights even if he or she is, or

may be about to be appointed, a director or other officer of that other body corporate.

8.3 Agreements with third parties

The Company cannot avoid an agreement with a third party merely because a Director:

- (a) fails to make a disclosure of a conflict of interest or duty; or
- (b) is present at, or counted in the quorum for, a Board meeting that considers or votes on that agreement.

9. Directors' remuneration

9.1 Remuneration of Directors

Subject to the Shareholders Deed and any contract with the Company, the Board may fix the remuneration of each Director. That remuneration may consist of salary, bonuses, commission on profits or dividends, participation in profits or any other elements. The Directors are entitled to be paid, out of the funds of the Company, an amount of remuneration which:

Remuneration under this rule may be either in addition to or in substitution for any remuneration to which that Director is entitled under rule 9.1.

- (a) to an executive director of the Company as remuneration;

- (b) the Company may make a payment (whether by way of advance, loan or otherwise) in respect of legal costs incurred by an officer or employee or auditor in defending an action for a Liability incurred as such an officer, employee or auditor or in resisting or responding to actions taken by a government agency or a liquidator.

In this rule, **Liability** means a liability of any kind (whether actual or contingent and whether fixed or unascertained) and includes costs, damages and expenses, including costs and expenses incurred in connection with any investigation or inquiry by a government agency or a liquidator.

The indemnity in this rule operates only to the extent the Liability is not covered by insurance.

10.2 **Insurance**

Subject to the Act and any other applicable law, the Company may enter into, and pay premiums on, a contract of insurance in respect of any person.

10.3 Former officers

The indemnity in favour of officers under rule 10.1 is a continuing indemnity. It applies in respect of all acts done by a person while an officer of the Company or one of its related bodies corporate even though the person is not an officer at the time the claim is made.

10.4 Deeds

Subject to any applicable law, the Company may, without limiting a person's rights under this rule 10, enter into an agreement with or execute a deed in favour of a person who is or has been an officer of the Company or any of the Company's subsidiaries, to give effect to the rights of the person under this rule 10 on any terms and conditions that the Board thinks fit.

 - (i) each Director who is in Australia; and
 - (ii) each Alternate in respect of whom the Appointor has given notice under rule 3.2 requiring notice of Board meetings to be given to that Alternate or whose Appointor is not given notice due to being outside Australia; and

but accidental failure to give notice to, or non-receipt of notice by, a Director does not result in a Board meeting being invalid.

11.3 Use of technology

A Board meeting may be held using any means of audio or audio-visual communication by which each Director participating can hear and be heard by each other Director participating or in any other way permitted by section 248D. 11.4 Chairing Board meetings

The Board may elect a Director to chair its meetings and decide the period for which that Director holds that office. An Alternate who is also a Director or a person who is an Alternate for more than one Appointor may only be counted once toward a quorum.
- (c) A Director is treated as present at a meeting held by audio or audio-visual communication if the Director is able to hear and be heard by all others attending. 11.6 **Board decisions**

- (a) If the Shareholders Deed is in force, a resolution of the Board is passed as set out in the applicable provisions of the Shareholders Deed.
- (b) If the Shareholders Deed is not in force a resolution of the Board is passed if a majority of the votes cast by Directors entitled to vote on the resolution are in favour of it. The chair of a Board meeting does not have a casting vote. If an equal number of votes is cast for and against a resolution, the matter is decided in the negative.

11.7 **Procedural rules**

Subject to this document, the Board may meet, adjourn and otherwise regulate its meetings as required by the Shareholders Deed and, in other cases, as it thinks fit.

11.8 **Written resolution**

- (a) If the Shareholders Deed is in force, a resolution of the Board is also passed as a written resolution if the applicable provisions of the Shareholders Deed are complied with.
- (b) If all of the Directors entitled to receive notice of a Board meeting and to vote on the resolution sign a document containing a statement that they are in favour of the resolution set out in the document, a Board resolution in those terms is passed at the time when the last Director signs.

11.10 **Valid proceedings**

Each resolution passed or thing done by, or with the participation of, a person acting as a Director or member of a committee is valid even if it is later discovered that:

a resolution may be proposed and passed at a meeting of which less than 21 days' notice has been given.

12.10 Class meetings

Rules 12 to 16 apply to a separate meeting of a class of members as far as they are capable of application and modified as necessary.

13. Proceedings at meetings of members

13.5 Members rights suspended in certain circumstances

- (a) If a call on a Share is due and unpaid, the holding of that Share does not entitle the member to be present, speak or vote at, or be counted in the quorum for, a meeting of members.
- (b) The rights of members to be present, speak or vote at, or be counted in the quorum for a meeting of members are also suspended in circumstances where the Shareholders Deed provides for their suspension.

13.6 Adjournment

Subject to the Shareholders Deed and to rule 12.6, the chair of a meeting of members at which a quorum is present:

- (a) may; and
- (b) must, if directed by ordinary resolution of the meeting,

adjourn it to another time and place.

13.7 Business at adjourned meetings

The only business that may be transacted at a meeting resumed after an adjournment is the business left unfinished immediately before the adjournment.

13.8 Meetings of a class of members

- (a) Subject to the Shareholders Deed, all the provisions of this document relating to a meeting of members apply so far as they are capable of application and with any necessary changes to a meeting of a class of members required to be held pursuant to this document or the Act.
- (b) For this purpose, and other than for Class B Shareholder Meetings, all Ordinary Shares, irrespective of their designation, are a single class such that the members holding Ordinary Shares shall meet and vote together as a single class.

14. Proxies, attorneys and representatives

14.1 Appointment of proxies

Each member may appoint a proxy to attend and act for the member at a meeting of members. If the member is entitled to cast two or more votes at the meeting, the member may appoint two proxies to attend and act for the member at a meeting of members. An appointment of proxy must be made by written notice to the Company that:

- (a) complies with section 250A(1) or is made pursuant to the Shareholders Deed; or
- (b) is in a form and mode, and is signed or otherwise authenticated by the member in a manner, satisfactory to the Board.

If a member appoints two proxies and the appointment does not specify the proportion or number of the member's votes each proxy may exercise, each proxy may exercise half of those votes.

14.2 Member's attorney

- (a) A member may appoint an attorney to act, or to appoint a proxy to act, at a meeting of members.
- (b) If the Shareholders Deed is in force, the members of the Company have granted the attorney appointments contemplated by the Shareholders Deed and the Nominee Deed.

14.3 Deposit of proxy appointment forms, powers of attorney and proxy appointment authorities

An appointment of a proxy or an attorney is not effective for a particular meeting of members unless:

- (a) in the case of a proxy, the proxy appointment form and, if it is executed or otherwise authenticated in a manner prescribed by a regulation made for the purposes of section 250A(1) by an attorney that was not granted pursuant to the terms of the Shareholders Deed or the Nominee Deed, the relevant power of attorney or other authority under which the appointment was authenticated or a certified copy of it; and
- (b) in the case of an attorney that was not granted pursuant to the terms of the Shareholders Deed or the Nominee Deed, the power of attorney or a certified copy of it,

are received by the Company in accordance with section 250B(3) at least 48 hours before the time for which the meeting was called or, if the meeting has been adjourned, before the resumption of the meeting.

14.4 Corporate representatives

A member that is a body corporate may appoint an individual to act as its representative at meetings of members as permitted by section 250D.

14.5 Appointment for particular meeting, standing appointment and revocation

Subject to the Shareholders Deed and the Nominee Deed, a member may appoint a proxy, attorney or representative to act at a particular meeting of members or make a standing appointment and may revoke any appointment. A proxy, attorney or representative may, but need not, be a member.

14.6 Position of proxy or attorney if member present

Subject to the Shareholders Deed and the Nominee Deed, the appointment of a proxy or attorney is not revoked by the member attending and taking part in the general meeting, but if the member votes on a resolution, the proxy or attorney is not entitled to vote, and must not vote, as the member's proxy or attorney on the resolution.

14.7 Priority of conflicting appointments of attorney or representative

Subject to the Shareholders Deed and the Nominee Deed, if more than one attorney or representative appointed by a member is present at a meeting of members and the Company has not received notice of revocation of any of the appointments:

- (a) an attorney or representative appointed to act at that particular meeting may act to the exclusion of an attorney or representative appointed under a standing appointment; and
- (b) subject to rule 14.7(a), an attorney or representative appointed under a more recent appointment may act to the exclusion of an attorney or representative appointed earlier in time.

14.8 More than two current proxy appointments

An appointment of proxy by a member is revoked (or, in the case of a standing appointment, suspended for that particular meeting) if the Company receives a further appointment of proxy from that member which would result in there being more than two proxies of that member entitled to act at a meeting. The appointment of proxy made first in time is the first to be treated as revoked or suspended by this rule.

14.9 Continuing authority

An act done at a meeting of members by a proxy, attorney or representative is valid even if, before the act is done, the appointing member:

- (a) dies or becomes mentally incapacitated;
- (b) becomes bankrupt or an insolvent under administration or is wound up;
- (c) revokes the appointment or revokes the authority under which the appointment was made by a third party; or
- (d) transfers the Share to which the appointment relates,

unless the Company has received written notice of the matter before the start or resumption of the meeting at which the vote is cast.

15. Entitlement to vote

15.1 Number of votes

Subject to sections 250BB(1) and 250BC, rules 13.5, 14, 15.3, 15.4 and 15.5, the Shareholders Deed and the terms on which Shares are issued:

- (a) on a show of hands:
 - (i) if a member has appointed two proxies, neither of those proxies may vote;
 - (ii) a member who is present and entitled to vote and is also a proxy, attorney or representative of another member has one vote; and
 - (iii) subject to paragraphs (a)(i) and (a)(ii), every individual present who is a member, or a proxy, attorney or representative of a member or members, entitled to vote has one vote; and
- (b) on a poll, a member has one vote for every Share held.

15.2 Casting vote of chair

The chair of a meeting of members does not have a casting vote. If an equal number of votes is cast for and against a resolution the matter is decided in the negative.

15.3 Votes of joint holders

If there are joint holders of a Share, any one of them may vote at a meeting of members, in person or by proxy, attorney or representative, as if that holder were the sole owner of the Share. If more than one of the joint holders of a Share (including, for the purposes of this rule, joint legal personal representatives of a dead member) are present at a meeting of members, in person or by proxy, attorney or representative, and tender a vote in respect of the Share, the Company may only count the vote cast by, or on behalf of, the most senior joint holder who tenders a vote. For this purpose, seniority depends on the order in which the names of the joint holders are listed in the Register.

15.4 Votes of transmittes and guardians

Subject to section 1072C, if the Board is satisfied at least 48 hours before the time fixed for a meeting of members, that a person:

- (a) is entitled to the transmission of a Share under rule 29; or
- (b) has power to manage a member's property under a law relating to the management of property of the mentally incapable,

that person may vote as if registered as the holder of the Share and the Company must not count the vote (if any) of the actual registered holder.

15.5 Voting restrictions

If:

- (a) the Shareholders Deed or the Act requires that some members are not to vote on a resolution, or that some members' right to vote is suspended, or that votes cast by some members be disregarded, in order for the resolution to have an intended effect; and
- (b) the notice of the meeting at which the resolution is proposed states that fact,

those members have no right to vote on that resolution and the Company must not count any votes purported to be cast by those members. If a proxy purports to vote in a

way or in circumstances that contravene section 250BB(1), on a show of hands the vote is invalid and the Company must not count it and on a poll rule 16.3(c) applies.

15.6 Decision on right to vote

A Voting Member or Director may challenge a person's right to vote at a meeting of members. A challenge may only be made at the meeting. A challenge, or any other doubt as to the validity of a vote, must be decided by the chair, whose decision is final.

16. How voting is carried out and written resolutions

16.1 Method of voting and Direct Voting

- (a) A resolution put to the vote at a meeting of members must be decided on a show of hands unless a poll is demanded under rule 16.2 either before or on declaration of the result of the vote on a show of hands. Unless a poll is demanded, the chair's declaration of a decision on a show of hands is final.
- (b) The Board may determine that members entitled to attend and vote at a meeting of members or a meeting of a class of members may vote at that meeting without an Attending Member in respect of that person being present at that meeting (and voting in this manner is referred to in this rule 16.1(b) as **Direct Voting**). The Board may determine rules and procedures in relation to Direct Voting, including the class of members entitled to cast a Direct Vote, the manner in which a Direct Vote may be cast, the circumstances in which a Direct Vote will be valid and the effect of a member casting both a Direct Vote and a vote in any other manner. Where a notice of meeting specifies that Direct Voting may occur by eligible members, a Direct Vote cast by an eligible member is taken to have been cast by that person at the meeting if the rules and procedures for Direct Voting determined by the Board (whether set out in the notice of meeting or otherwise) are complied with.

16.2 Demand for a poll

A poll may be demanded on any resolution (except a resolution concerning the election of the chair of a meeting) by:

- (a) at least five members entitled to vote on the resolution; or
- (b) members entitled to cast at least 5% of the votes that may be cast on the resolution on a poll (worked out as at the midnight before the poll is demanded); or
- (c) the chair.

The demand for a poll does not affect the continuation of the meeting for the transaction of other business and may be withdrawn.

16.3 When and how polls must be taken

If a poll is demanded:

- (a) if the resolution is for the adjournment of the meeting, the poll must be taken immediately and, subject to rule 16.3(c), in the manner that the chair of the meeting directs;
- (b) in all other cases, the poll must be taken at the time and place and, subject to rule 16.3(c), in the manner that the chair of the meeting directs;

- (c) votes which sections 250BB(1) or 250BC require to be cast in a given way must be treated as cast in that way;
- (d) a person voting who has the right to cast two or more votes need not cast all those votes and may cast those votes in different ways; and
- (e) the result of the poll is the resolution of the meeting at which the poll was demanded.

16.4 Written resolutions

- (a) If the Shareholders Deed is in force, the Company may pass a resolution without a general meeting being held in accordance with the terms of the Shareholders Deed.
- (b) If the Shareholders Deed is not in force, the Company may pass a resolution without a general meeting being held if the number of members as would be required to pass the resolution sign a document containing a statement that they are in favour of a resolution set out in that document, and the resolution is taken to be passed when the last person satisfying the relevant number of members signs the document.
- (c) The passage of a resolution in accordance with this rule 16.4 satisfies any requirement in the Act, or in this document, that the resolution be passed at a general meeting.

17. Secretary

17.1 Appointment of Secretary

The Board:

- (a) must appoint at least one individual; and
- (b) may appoint more than one individual,

to be a Secretary either for a specified term or without specifying a term.

17.2 Terms and conditions of office

A Secretary holds office on the terms (including as to remuneration) that the Board decides. The Board may vary any decision previously made by it in respect of a Secretary.

17.3 Cessation of Secretary's appointment

A person automatically ceases to be a Secretary if the person:

- (a) is not permitted by the Act (or an order made under the Act) to be a secretary of a company;
- (b) becomes disqualified from managing corporations under Part 2D.6 and is not given permission or leave to manage the Company under section 206F or 206G;
- (c) becomes of unsound mind or physically or mentally incapable of performing the functions of that office;
- (d) resigns by notice in writing to the Company; or
- (e) is removed from office under rule 17.4.

17.4 Removal from office

The Board may remove a Secretary from that office whether or not the appointment was expressed to be for a specified term.

18. Minutes

18.1 Minutes must be kept

Minutes of:

- (a) proceedings and resolutions of meetings of the Company's members;
- (b) the names of Directors present at each Board meeting or committee meeting;
- (c) proceedings and resolutions of Board meetings (including meetings of a committee to which Board powers are delegated under rule 7);
- (d) resolutions passed by Directors without a meeting; and
- (e) disclosures and notices of Directors' interests,

must be kept in accordance with sections 191, 192 and 251A.

18.2 Minutes as evidence

A minute recorded and signed in accordance with section 251A is evidence of the proceeding, resolution or declaration to which it relates unless the contrary is proved.

18.3 Inspection of minute books

The Company must allow members to inspect, and provide copies of, the minute books for the meetings of members in accordance with section 251B.

19. Execution of documents

19.1 General

- (a) The Company may sign or execute a document (including a deed) as set out in section 127.
- (b) Without limiting the ways a person may sign a document, a document to which Division 1 of Part 1.2AA of the Act applies may be signed by a person in accordance with that Division.

19.2 Common seal

The Board:

- (a) may decide whether or not the Company has a common seal; and
- (b) is responsible for the safe custody of that seal (if any) and any duplicate seal it decides to adopt under section 123(2).

19.3 Use of seals

The common seal and duplicate seal (if any) may only be used with the authority of the Board. The Board must not authorise the use of a seal that does not comply with section 123.

19.4 Fixing seals to documents

The fixing of the common seal, or any duplicate seal, to a document must be witnessed:

- (a) as set out in section 127(2); or
- (b) as otherwise authorised by the Board.

20. **Financial reports and audit**

20.1 **Financial reporting**

The Board must cause the Company to prepare a financial report and a directors' report that comply with Part 2M.3 and must report to members in accordance with section 314 no later than the deadline set by section 315.

20.2 **Audit**

The Board must cause the Company's financial report for each financial year to be audited and obtain an auditor's report. The eligibility, appointment, removal, remuneration, rights and duties of the auditor are regulated by Division 3 of Part 2M.3, Divisions 1 to 6 of Part 2M.4 and sections 1280, 1289, 1299B and 1299C.

20.3 **Inspection of financial records and books**

Subject to rule 18.3 and section 247A, a member who is not a Director does not have any right to inspect any document of the Company except as authorised by the Board or by ordinary resolution.

21. **Shares**

21.1 **Issue at discretion of Board**

- (a) Subject to the Act, Shareholders Deed and any rights and restrictions attached to a class of Shares or other securities, the Board may, on behalf of the Company, issue, grant options over or otherwise dispose of, unissued shares to any person on the terms, with the rights, and at the times that the Board decides.
- (b) An issue of any class of Shares in accordance with this document and, if applicable, the Shareholders Deed will not constitute a variation of the rights attaching to any other Shares.

21.2 **Preference Shares**

- (a) Subject to the Shareholders Deed, the Company may issue preference shares and may convert any issued Shares into preference shares, from time to time. Preference shares have the following rights and restrictions:
 - (i) **repayment of capital:** the right in priority to any other class of shares to repayment of the amount paid on the preference share:
 - (A) in a winding up or reduction of capital; and
 - (B) in the case of a redeemable preference share, on redemption;
 - (ii) **dividends:** the right to payment of a cumulative preferential dividend in priority to the payment of a dividend on any other class of shares, accruing from day to day and payable on the amount paid on the preference share at the time and at the rate, which may be fixed or variable, specified or determined under the terms of issue;
 - (iii) **accrued dividends:** the right in priority to any other class of shares to the amount of any dividend accrued but unpaid on the preference share:
 - (A) in a winding up or reduction of capital; and

- (B) in the case of a redeemable preference share, on redemption;
- (iv) **participation in surplus assets and profits:** no rights to participate in the profits or property of the Company other than as set out in this rule 21.2 whether on a winding up, reduction of capital or, in the case of a redeemable preference share, on redemption;
- (v) **voting:** has no right to attend or vote at any meeting of members except in the following circumstances:
 - (A) while a dividend or part of a dividend in respect of the preference share is unpaid;
 - (B) on a proposal to reduce the Company's share capital;
 - (C) on a resolution to approve the terms of a buy-back agreement;
 - (D) on a proposal that affects rights attached to the Share;
 - (E) on a proposal to wind up the Company;
 - (F) on a proposal for the disposal of the whole of the Company's property, business and undertaking; and
 - (G) during the winding up of the Company.
- (vi) **redemption:** in the case of a redeemable preference share, the right to require the Company to redeem the preference share at the time and place specified under the terms of issue; and
- (vii) **restrictions:** any other restrictions specified in the terms of issue.
- (b) An issue of preference shares in accordance with this document and, if applicable, the Shareholders Deed will not constitute a variation of the rights attaching to any other class of Shares.

21.3 **Ordinary Shares which are designated as Class A Shares**

- (a) Class A Shares are a separate designation (but not a separate class) of Ordinary Shares that may be issued by the Company. To avoid doubt, Class A Shares are Ordinary Shares and form one and the same class of Shares with all other designations of Ordinary Shares.
- (b) The provisions of this document and the Shareholders Deed (if in force) apply to Class A Shares.
- (c) A Class A Share shall be redesignated in the circumstances provided for such redesignation in the Shareholders Deed.
- (d) A Class A Share is convertible or variable in accordance with rule 30.3 and rule 30.8, respectively, in the circumstances provided for such conversion or variation in the Shareholders Deed.
- (e) Relevantly:
 - (i) Class A Shares are a separate designation for Ordinary Shares held by the Investor Shareholders (unless the Investor Shareholders determine otherwise).

- (ii) Each Class A Share when issued will rank equally in all respects with each other Ordinary Share.
- (iii) Class A Shares confer the following rights to the holders thereof, in each case, subject to the terms of the Shareholders Deed and the Act:
 - (A) **attending general meetings:** the right to:
 - (aa) receive notice of a general meeting; and
 - (bb) attend the general meeting;
 - (B) **voting:** the right to vote with such number of votes being equivalent to the number of fully paid Class A Shares held by it;
 - (C) **dividends:** the right to participate in dividends declared in relation to Ordinary Shares; and
 - (D) **other rights:** all other rights of holders of Class A Shares specified in the Shareholders Deed or otherwise provided for under the Act.
- (f) For the avoidance of doubt, any reference in the Company's documents to "Ordinary Shares" shall mean to include "Class A Shares".

21.4 **Ordinary Shares which are designated as Class B Shares**

- (a) Class B Shares are a separate designation (but not a separate class) of Ordinary Shares that may be issued by the Company. To avoid doubt, Class B Shares are Ordinary Shares and form one and the same class of Shares with all other designations of Ordinary Shares.
- (b) The provisions of this document and the Shareholders Deed (if in force) apply to Class B Shares.
- (c) A Class B Share shall be redesignated in the circumstances provided for such redesignation in the Shareholders Deed.
- (d) A Class B Share is convertible or variable in accordance with rule 30.3 and rule 30.8, respectively, in the circumstances provided for such conversion or variation in the Shareholders Deed.
- (e) Relevantly:
 - (i) Class B Shares are a separate designation for Ordinary Shares held by Class B Shareholders.
 - (ii) Each Class B Share when issued will rank equally in all respects with each other Ordinary Share.
 - (iii) Class B Shares confer the following rights to the holders thereof, in each case, subject to the terms of the Shareholders Deed and the Act:
 - (A) **attending general meetings:** the right to:
 - (aa) receive notice of a general meeting; and
 - (bb) attend the general meeting;
 - (B) **voting:** the right to vote with such number of votes being equivalent to the number of fully paid Class B Shares held by it;

- (C) **dividends:** the right to participate in dividends declared in relation to Ordinary Shares; and
- (D) **other rights:** all other rights of holders of Class B Shares specified in the Shareholders Deed or otherwise provided for under the Act.
- (f) For the avoidance of doubt, any reference in the Company's documents to "Ordinary Shares" shall mean to include "Class B Shares".

21.5 **Conversion or variation of rights of Class A or Class B**

- (a) Subject to the Shareholders Deed and any Management Equity Plan, the Board may convert or vary any of the rights attaching to the Class A Shares or the Class B Shares at any time by resolution of the Board (a **Share Term Variation**), with the Share Term Variation being effective from the date the applicable resolution was passed by the Board, so long as each affected member has been given notice of such Share Term Variation within seven days of the resolution of the board of directors effectuating such Share Term Variation. Each affected member will be deemed to have automatically consented to any such Share Term Variation.
- (b) Notwithstanding any other provision of this document, if the Investor Shareholders have submitted a Drag Notice (as that term is defined under the Shareholders Deed) that requires such member receiving the Drag Notice (as that term is defined in the Shareholders Deed) to convert or vary their Shares into Class A Shares prior to a sale of those Shares to a third party, such Shares may be re-classified as Class A Shares as determined by the Investor Shareholders and any such re-classification will not require the consent of any other member of the Company, and to the extent any such consent is required under the Act, each such member will be deemed to have automatically consented to such re-classification.

21.6 **Surrender of shares**

The Board may accept a surrender of Shares:

- (a) to compromise a question as to whether those Shares have been validly issued; or
- (b) if surrender is otherwise within the Company's powers.

The Company may sell or re-issue surrendered Shares in the same way as forfeited Shares.

22. **Certificates**

22.1 **Issue of share certificate**

Subject to the Act, the Company may issue a certificate of title to Shares, cancel any certificates of title for Shares, and replace lost or destroyed or defaced certificates of title to Shares, on the basis and in the form which the Board resolves.

23. **Register**

23.1 **Joint holders**

If the Register names two or more joint holders of a Share, the Company may treat only the person named first in the Register in respect of that Share as the sole owner of it for all purposes (including the giving of notice) except in relation to:

- (a) the right to vote (to which rule 15.3 applies);
- (b) the power to give directions as to payment of, or a receipt for, dividends (to which rules 26.7 and 26.8 apply);
- (c) liability for instalments or calls (which, subject to section 1072E(8), is joint and several); and
- (d) transfers of that Share.

23.2 **Non-beneficial holders**

Subject to sections 169(5A) and 1072E, unless otherwise ordered by a court of competent jurisdiction or required by statute, the Company:

- (a) may treat the registered holder of any Share as the absolute owner of it; and
- (b) need not recognise any equitable or other claim to or interest in a Share by any person except a registered holder.

24. **Partly paid shares**

24.1 **Fixed instalments**

If a Share is issued on terms that some or all of the issue price is payable by instalments, the registered holder of the Share must pay every instalment to the Company when due. If the registered holder does not do so, rules 24.6 to 24.15 apply as if the registered holder had failed to pay a call.

24.2 **Prepayment of calls**

The Board may:

- (a) accept prepayment of some or all of the amount unpaid on a Share above the sums actually called as a payment in advance of calls;
- (b) agree:
 - (i) to payment by the Company of interest at a rate no higher than the Interest Rate on that part of the advance payment which for the time being exceeds the aggregate amount of the calls then made on the Shares in respect of which it was paid; or
 - (ii) that the amount paid in advance will be taken into account in calculating participation in profit or ascertaining entitlement to surplus on a winding up or other distributions attributable to that Share; and
- (c) unless otherwise agreed between the member and the Company, repay the sum or part of it.

24.3 **Calls made by Board**

Subject to the terms of issue of a Share, the Board may:

- (a) make calls on a member for some or all of the money unpaid on a Share held by that member;
- (b) make a call payable by instalments; and
- (c) revoke or postpone a call before the due date for payment,

and must give the relevant member written notice of the call specifying to whom the call must be paid and the time for payment (which must be at least 14 days after the notice is given).

24.4 Classes of shares

The Board may issue Shares on terms as to the amount of calls to be paid and the time for payment of those calls which are different as between the holders of those Shares. The Board may make different calls on different classes of Shares.

24.5 Obligation to pay calls

Subject to section 1072E(8), a member subject to a call must pay the amount of the call to the payee named in the notice of call no later than the time specified in the notice. Joint holders of a Share are jointly and severally liable for calls.

24.6 Called Amounts

- (a) If a call is not paid on or before the day specified for payment, the Board may require the member liable for the call to pay:
 - (i) interest on the amount of the call at the Interest Rate from that day until payment is made; and
 - (ii) all costs and expenses incurred by the Company because payment was not made on that day.
- (b) The Board may, to the extent permitted by law, waive or comprise all or any part of any payment due to the Company of a Called Amount.

24.7 Proof of call

If on the hearing of an action for recovery of a Called Amount it is proved that:

- (a) the minute books of the Company record the Board's resolution making the call;
- (b) notice of the call was given under rules 24.3 and 33; and
- (c) the person sued appears in the Register as a holder of the Share in respect of which the call was made,

proof of those matters is conclusive proof of the debt.

24.8 Forfeiture notice

At any time until a Called Amount is paid, the Board may give the relevant member a notice which:

- (a) requires the member to pay the Called Amount;
- (b) states the Called Amount at the date of the notice;
- (c) specifies how to calculate the Called Amount when payment is made;
- (d) specifies a date at least 14 days after the date of the notice by which and a place at which payment must be made; and
- (e) states that if payment is not made at that place on or before that date, the Share to which the call relates is liable to be forfeited.

24.9 Forfeiture

If the requirements of a notice given under rule 24.8 are not satisfied, the Board may forfeit the Share in respect of which that notice was given (and all dividends, interest and other money payable in respect of that Share and not actually paid before the forfeiture) by resolution passed before the Called Amount is paid.

24.10 Disposal and re-issue of forfeited shares

A Share forfeited under rule 24.9 immediately becomes the property of the Company and the Board, on behalf of the Company, may:

- (a) re-issue the Share with or without any money paid on it by any former holder credited as paid; or
- (b) sell or otherwise dispose of the Share, and execute and register a transfer of it, to the person and on the terms it decides.

24.11 Notice of forfeiture

The Company must promptly:

- (a) give notice of the forfeiture of a Share to the member who held the Share immediately before the resolution for forfeiture was passed; and
- (b) enter the forfeiture and its date in the Register.

A written declaration that a Share was forfeited on a specified date and notice of forfeiture was given in accordance with this document signed by a Director or Secretary is, in the absence of proof to the contrary, evidence of those facts and of the Company's right to dispose of the Share.

24.12 Cancellation of forfeiture

The Board may cancel the forfeiture of a Share on any terms at any time before it disposes of that Share under rule 24.10.

24.13 Effect of forfeiture

A person who held a Share which has been forfeited under rule 24.9 ceases to be a member in respect of that Share but remains liable to pay the Called Amount until it is paid in full. The Board may elect not to enforce payment of an amount due to the Company under this rule.

24.14 Application of proceeds

The Company must:

- (a) apply the net proceeds of any re-issue, sale or disposal of a forfeited Share under rule 24.10 (after payment of all costs and expenses) to satisfy the Called Amount; and
- (b) pay any surplus to the person who held the Share immediately before forfeiture.

24.15 Title of new holder

The title of the new holder of a forfeited Share is not affected by any irregularity in the forfeiture or the re-issue, sale or disposal. The sole remedy of any person previously interested in the Share is damages which may be recovered only from the Company. The new holder is not liable for the Called Amount.

24.16 Mortgage of uncalled capital

If the Company grants a mortgage or charge over uncalled capital, the Board may delegate the power to make calls to:

- (a) the person in whose favour the mortgage or charge is granted; or
- (b) a trustee or agent for that person,

on the terms (including power to further delegate) and subject to any restrictions the Board decides. If the Board does so, a call made in accordance with the delegation is treated as made by the Board.

This rule does not limit rule 7.

25. Company liens

25.1 Existence of liens

Unless the terms of issue provide otherwise, the Company has a first and paramount lien on each Share for:

- (a) all money called or payable at a fixed time in respect of that Share (including money payable under rule 24.6) whether or not payment is due; and
- (b) amounts for which the Company is indemnified under rule 25.3.

The lien extends to all dividends payable in respect of the Share and to proceeds of sale of the Share.

25.2 Sale under lien

If:

- (a) the Company has a lien on a Share;
- (b) an amount secured by the lien is due and payable;
- (c) the Company has given notice to the member registered as the holder of the Share:
 - (i) requiring payment of the amount which is due and payable and secured by the lien;
 - (ii) stating the amount due and payable at the date of the notice;
 - (iii) specifying how to calculate the amount due when payment is made; and
 - (iv) specifying a date (at least 14 days after the date of the notice) by which and a place at which payment of that amount must be made; and
- (d) the requirements of the notice given under paragraph (c) are not fulfilled,

the Company may sell the Share as if it had been forfeited under rule 24.9.

Rules 24.10, 24.14 and 24.15 apply, to the extent practical and modified as necessary, as if the Called Amount in respect of that Share were the aggregate of the amount referred to in paragraph (b) and the costs and expenses incurred by the Company because the amount was not paid when due.

25.3 Indemnity for payments required to be made by the Company

If the law of any jurisdiction imposes or purports to impose any immediate, future or possible liability on the Company, or empowers or purports to empower any person to require the Company to make any payment, on account of a member or referable to a Share held by that member (whether alone or jointly) or a dividend or other amount payable in respect of a Share held by that member, the Company:

- (a) is fully indemnified by that member from that liability;
- (b) may recover as a debt due from the member the amount of that liability together with interest at the Interest Rate from the date of payment by the Company to the date of repayment by the member; and
- (c) subject to rule 28.3, may refuse to register a transfer of any Share by that member until the debt has been paid to the Company.

Nothing in this document in any way prejudices or affects any right or remedy which the Company has (including any right of set off) and, as between the Company and the member, any such right or remedy is enforceable by the Company.

26. Dividends

26.1 Accumulation of reserves

The Board may:

- (a) set aside out of profits of the Company reserves to be applied, in the Board's discretion, for any purpose it decides and use any sum so set aside in the business of the Company or invest it in investments selected by the Board and vary and deal with those investments as it decides; or
- (b) carry forward any amount out of profits which the Board decides not to distribute without transferring that amount to a reserve; or
- (c) do both.

26.2 Payment of dividends

Subject to the Act, rules 26.3 and 26.9, the Shareholders Deed and the terms of issue of Shares, the Board may resolve to pay any dividend (including an interim dividend) it thinks appropriate and fix the time for payment. The Company does not incur a debt merely by fixing the amount or time for payment of a dividend. A debt arises only when the time fixed for payment arrives. The decision to pay a dividend may be revoked by the Board at any time before then.

26.3 Amount of dividend

Subject to the Shareholders Deed and the terms of issue of Shares, the Company may pay a dividend on one class of Shares to the exclusion of another class and at different rates for different classes of Shares. Subject to rule 26.4, each Share of a class on which the Board resolves to pay a dividend carries the right to participate in the dividend in the same proportion that the amount for the time being paid on the Share bears to the total issue price of the Share. For the avoidance of doubt, all fully paid Ordinary Shares (whether Class A Shares, Class B Shares or any other ordinary shares in the capital of the Company) have the same rights to dividends.

26.4 Prepayments and payments during dividend period

For the purposes of rule 26.3:

- (a) an amount paid in advance of calls is not taken into account as part of the amount for the time being paid on a Share; and
- (b) if an amount was paid on a Share during the period to which a dividend relates, the Board may resolve that only the proportion of that amount which is the same as the proportion which the period from the date of payment to the end of the period to which the dividend relates bears to the total period to which the dividend relates, counts as part of the amount for the time being paid on the Share.

26.5 Dividends in kind

The Board may resolve to pay a dividend (either generally or to specific members) in cash or satisfy it by distribution of specific assets (including shares or securities of any other corporation), the issue of Shares or the grant of options. If the Board satisfies a dividend by distribution of specific assets, the Board may:

- (a) fix the value of any asset distributed;
- (b) make cash payments to members on the basis of the value fixed so as to adjust the rights of members between themselves; and
- (c) vest an asset in trustees.

26.6 Payment of dividend by way of securities in another corporation

- (a) Where the Company satisfies a dividend by way of distribution of specific assets, being shares or other securities in another corporation, each member is taken to have agreed to become a member of that corporation and to have agreed to be bound by the constitution of that corporation.
- (b) Each member also appoints each Director and each Secretary as their agent and attorney to:
 - (i) agree to the member becoming a member of that corporation;
 - (ii) agree to the member being bound by the constitution of that corporation; and
 - (iii) execute any transfer of shares or securities, or other document required to give effect to the distribution of shares or other securities to that member.

26.7 Method of payment

The Company may pay any cash dividend, interest or other money payable in respect of Shares by cheque sent, and may distribute assets by sending the certificates or other evidence of title to them, through the post directed to:

- (a) the address of the member (or in the case of a jointly held Share, the address of the joint holder named first in the Register); or
- (b) to any other address the member (or in the case of a jointly held Share, all the joint holders) directs in writing,

or by any other method of payment or distribution the Board decides.

26.8 Joint holders' receipt

Any one of the joint holders of a Share may give an effective receipt for any dividend, interest or other money payable in relation to that Share.

26.9 Retention of dividends by Company

The Company may retain the dividend payable on a Share:

- (a) of which a person seeks to be registered as the holder under rule 29.2 or 29.3, until that person is registered as the holder of that Share or transfers it; or
- (b) on which the Company has a lien, to satisfy the liabilities in respect of which the lien exists.

26.10 No interest on dividends

No member may claim, and the Company must not pay, interest on a dividend (either in money or kind).

27. Share plans

27.1 Implementing share plans

Subject to the Shareholders Deed, the Company may establish and implement any of the following on any terms as the Board resolves:

- (a) a re-investment plan under which any dividend or other cash payment in respect of a Share or convertible security may, at the election of the person entitled to it, be:
 - (i) retained by the Company and applied in payment for fully paid Shares issued under the plan; and
 - (ii) treated as having been paid to the person entitled and simultaneously repaid by that person to the Company to be held by it and applied in accordance with the plan;
- (b) any other plan under which members or security holders may elect that dividends or other cash payments in respect of Shares or other securities:
 - (i) be satisfied by the issue of shares or other securities of the Company or a related body corporate, or that issues of shares or other securities of the Company or a related body corporate be made in place of dividends or other cash payments;
 - (ii) be paid out of a particular reserve or source; or
 - (iii) be forgone in consideration of another form of distribution from the Company, another body corporate or a trust; or
- (c) a plan under which shares or other securities of the Company or a related body corporate may be issued or otherwise provided for the benefit of employees, contractors or Directors of the Company or any of its related bodies corporate.

27.2 Board obligations and discretions

- (a) The Board may:
 - (i) vary the rules governing; or
 - (ii) suspend or terminate the operation of,a plan implemented under rule 27.1 as it thinks appropriate.

- (b) The Board is under no obligation to admit any person as a participant in any plan nor to comply with any request made by a holder of Shares who is not admitted as a participant in a plan.

28. Transfer of shares

28.1 Modes of transfer

- (a) Subject to this document, the Shareholders Deed, each Management Equity Plan, any restrictions attached to a Share and rule 28.2, a member may transfer a Share by a document the form of which is permitted by law and which is signed by or on behalf of both the transferor and the transferee.
- (b) The Company must not register a transfer that does not comply with this rule. A member must comply with the Shareholders Deed or the relevant Management Equity Plan (as applicable to the member and the Shares which are being transferred) when transferring Shares in the Company.

28.2 Delivery of transfer and certificate

A document of transfer under rule 28.1 must be:

- (a) delivered to the registered office of the Company or the address of the Register last notified to members by the Company;
- (b) accompanied by the certificate (if any) for the Shares to be transferred or evidence satisfactory to the Board of its loss or destruction; and
- (c) marked with payment of any stamp duty payable, if required by law.

Property in and title to a document of transfer that is delivered to the Company (but not the Shares to which it relates) passes to the Company on delivery.

28.3 Refusal to register transfer

- (a) Subject to the Shareholders Deed, rule 28.3(b) and rule 28.4, the Board, without giving any reason, may refuse to register a transfer of Shares and, subject to section 259C, must not register a transfer to a subsidiary of the Company. If the Board refuses to register a transfer, the Company must give the transferee notice of the refusal within two months after the date on which the transfer was delivered to it.
- (b) If the Shareholders Deed is in force, then notwithstanding any other provision of this document, the Company must not decline to register a transfer of Shares that complies with the terms of the Shareholders Deed, and must not register a transfer that does not comply with the terms of the Shareholders Deed.

28.4 Qualifications on restrictions on share transfers

Subject to rule 28.3(b), any Share in the Company that:

- (a) is the subject of a Security Interest; and
- (b) is registered in the name of the person granting the Security Interest or the holder of the Security Interest,

may, on the exercise of rights under that Security Interest, be transferred to the holder or beneficiary of that Security Interest, its nominee, or any purchaser of that Share, free from any transfer or procedural restrictions under this document and the Board must not refuse to register the relevant transfer for any reason.

28.5 Transferor remains holder until transfer registered

The transferor of a Share remains the holder of it until the transfer is registered and the name of the transferee is entered in the Register in respect of it.

28.6 Powers of attorney

The Company may assume, as against a member, that a power of attorney granted by that member that is lodged with or produced or exhibited to the Company remains in force, and may rely on it, until the Company receives express notice in writing at its registered office of:

- (a) the revocation of the power of attorney; or
- (b) the death, dissolution or insolvency of the member.

This does not affect any power of attorney granted pursuant to the Shareholders Deed which the Company may rely on absolutely.

29. Transmission of shares

29.1 Death of joint holder

The Company may recognise only the surviving joint holders as being entitled to Shares registered jointly in the names of a deceased member and others. The estate of the deceased joint holder is not released from any liability in respect of the Shares.

29.2 Death of single holder

The Company must not recognise anyone except the legal personal representative of the deceased member as having any title to Shares registered in the sole name of a deceased member. If the personal representative gives the Board the documents described in section 1071B(9) or 1071B(13) or other information that satisfies the Board of the representative's entitlement to be registered as holder of the Shares:

- (a) subject to rules 28.3 and 29.4 the Company must register the personal representative as the holder of the Shares as soon as practical after receipt of a written and signed notice to the Company from the representative requiring it to do so; and
- (b) whether or not registered as the holder of the Shares, the personal representative:
 - (i) may, subject to rule 28, transfer the shares to another person; and
 - (ii) has the same rights as the deceased member.

29.3 Transmission of Shares on insolvency or mental incapacity

Subject to the *Bankruptcy Act 1966* (Cth), if a person entitled to Shares because of the insolvency or mental incapacity of a member gives the Board the information it reasonably requires to establish the person's entitlement to be registered as holder of the Shares:

- (a) subject to rules 28.3 and 29.4 the Company must register that person as the holder of the Shares as soon as practical after receipt of a written and signed notice to the Company from that person requiring it to do so; and
- (b) whether or not registered as the holder of the Shares, that person:
 - (i) may, subject to rule 28, transfer the Shares to another person; and

- (ii) has the same rights as the insolvent or incapable member.

If section 1072C applies, this rule is supplemental to it.

29.4 Refusal to register holder

The Company has the same right to refuse to register a personal representative or person entitled to Shares on the insolvency or mental incapacity of a member as it would have if that person were the transferee named in a transfer signed by a living, solvent, competent members.

30. Alteration of share capital

30.1 Capitalisation of profits

The Company may capitalise profits, reserves or other amounts available for distribution to members. Subject to the Shareholders Deed and the terms of issue of Shares, members are entitled to participate in a capital distribution in the same proportions in which they are entitled to participate in dividends.

30.2 Adjustment of capitalised amounts

The Board may settle any difficulty that arises in regard to a capitalisation of profits as it thinks appropriate and necessary to adjust the rights of members among themselves, including:

- (a) fix the value of specific assets;
- (b) issue fractional certificates;
- (c) make cash payments to members on the basis of the value fixed for assets or in place of fractional entitlements so as to adjust the rights of members between themselves;
- (d) disregard fractional entitlements; and
- (e) vest cash or specific assets in trustees.

30.3 Conversion of shares

- (a) Subject to Part 2H.1, rule 30.8, the Shareholders Deed and the terms of issue of each class of Shares, the Board may convert Shares from one class to another in accordance with the terms of the Shareholders Deed, or by ordinary resolution of members with the approval of the Board, including converting:

- (i) an Ordinary Share into a preference Share;
- (ii) a preference Share into an Ordinary Share; and
- (iii) all or any of its Shares into a larger or smaller number of Shares,

and the conversion of any class of Share into any other class of Share will not constitute a cancellation, redemption or termination of the Share or the issue, allotment or creation of new Shares, but will have the effect of varying the status of, and the rights attaching to the Share so that it becomes a Share of the class into which it converts.

- (b) A redesignation of an Ordinary Share (including a Class A Share being redesignated to a Class B Share or vice versa) is not a conversion as it does not involve converting Shares from one class to another (and involves only redesignating Shares within the same class).

30.4 **Adjustments on conversion**

The Board may do anything it thinks appropriate and necessary to give effect to a conversion of Shares including, if a member becomes entitled to a fraction of a Share as a result of the conversion:

- (a) issue fractional certificates;
- (b) make cash payments to members or disregard fractional entitlements so as to adjust the rights of members between themselves; or
- (c) vest fractional entitlements in a trustee.

30.5 **Reduction of capital**

Subject to the Shareholders Deed, the Company may reduce its share capital:

- (a) by reduction of capital in accordance with Division 1 of Part 2J.1;
- (b) by buying back Shares in accordance with Division 2 of Part 2J.1;
- (c) in the ways permitted by sections 258E and 258F; or
- (d) in any other way for the time being permitted by the Act and the Shareholders Deed.

30.6 **Payments in kind**

Where the Company reduces its share capital in accordance with Division 1 of Part 2J.1, it may do so by way of payment of cash, distribution of specific assets (including shares or other securities in another corporation), or in any other manner permitted by law. If the reduction is by distribution of specific assets, the Board may:

- (a) fix the value of any assets distributed;
- (b) make cash payments to members on the basis of the value fixed so as to adjust the rights of members between themselves; and
- (c) vest an asset in trustees.

30.7 **Payment in kind by way of securities in another corporation**

Where the Company reduces its share capital by way of distribution of specific assets, being shares or other securities in another corporation, each member is taken to have agreed to become a member of that corporation and to have agreed to be bound by the constitution of that corporation. Each member also appoints each Director and each Secretary their agent and attorney to:

- (a) agree to the member becoming a member of that corporation;
- (b) agree to the member being bound by the constitution of that corporation; and
- (c) execute any transfer of shares or securities, or other document required to give effect to the distribution of shares or other securities to that member.

30.8 **Variation of rights**

- (a) Subject to the Act, the Shareholders Deed, any Management Equity Plan and the terms of issue of Shares in a particular class (and without limiting rule 21.5), the Company may vary or cancel rights attached to Shares in that class:
 - (i) in accordance with the Shareholders Deed;

- (ii) by special resolution passed at a meeting of the members holding the issued Shares of the affected class; or
- (iii) with the written consent of members who are entitled to at least 75% of the votes that may be cast in respect of issued Shares of the affected class, and for this purpose all Ordinary Shares, irrespective of their designation, are a single class,

and the variation of any class of Share into any other class of Share will not constitute a cancellation, redemption or termination of the Share or the issue, allotment or creation of new Shares, but will have the effect of varying the status of, and the rights attaching to the Share so that it becomes a Share of the class into which it converts.

- (b) A redesignation of an Ordinary Share (including a Class A Share being redesignated to a Class B Share or vice versa) is not a variation as it does not involve varying Shares from one class to another (and involves only redesignating Shares within the same class).
- (c) Subject to the terms of issue of Shares, the rights attached to a class of Shares are not treated as varied by:
 - (i) the issue of further Shares of that class; or
 - (ii) the issue of any Shares of any other class.

31. Winding up

31.1 Entitlement of members

Subject to the terms of issue of Shares and this rule 31, the surplus assets of the Company remaining after payment of its debts are divisible among the members in proportion to the number of fully paid Shares held by them and, for this purpose, a partly paid Share is counted as a fraction of a fully paid Share equal to the proportion which the amount paid on it bears to the total issue price of the Share.

31.2 Distribution of assets generally

If the Company is wound up, the liquidator may, with the sanction of a special resolution:

- (a) divide the assets of the Company among the members in kind;
- (b) for that purpose fix the value of assets and decide how the division is to be carried out as between the members and different classes of members; and
- (c) vest assets of the Company in trustees on any trusts for the benefit of the members as the liquidator thinks appropriate.

31.3 No distribution of liabilities

The liquidator cannot compel a member to accept marketable securities in respect of which there is a liability as part of a distribution of assets of the Company.

31.4 Distribution not in accordance with legal rights

If the liquidator decides on a division or vesting of assets of the Company under rule 31.2 which does not accord with the legal rights of the contributories, any contributory who would be prejudiced by it may dissent and has ancillary rights as if that decision were a special resolution passed under section 507.

32. **Trustee limitation of liability**

- (a) Any member who becomes a member of the Company as trustee (**Trustee**) of a trust (**Trust**) is bound by this constitution in its capacity as trustee of the Trust and in no other capacity.
- (b) The parties acknowledge that a Trustee incurs the Trustee Liabilities solely in its capacity as trustee of the Trust and agree that (to the maximum extent permitted by law) the Trustee will cease to have any Trustee Liability if the Trustee ceases for any reason to be trustee of the Trust.
- (c) A Trustee Liability may be enforced against a Trustee only to the extent to which:
 - (i) the Trustee is actually indemnified in respect of that Trustee Liability out of the property of the Trust; and
 - (ii) there is sufficient property held by the Trustee as trustee at the time, which is available to meet that indemnity (after all Trust assets have been allocated to meet the indemnity and any other valid claims).
- (d) Subject to rule 32(e) of this constitution, no person will be entitled to:
 - (i) claim from or commence proceedings against a Trustee in respect of any Trustee Liability in any capacity other than as trustee of the Trust;
 - (ii) enforce or seek to enforce any judgment in respect of any Trustee Liability against any property of a Trustee other than property held by that Trustee as trustee of the Trust;
 - (iii) take any steps to procure or support the appointment of a liquidator, administrator or any other similar office holder to a Trustee on the basis of a Trustee Liability, or prove in any liquidation, administration or arrangement of or affecting that Trustee; or
 - (iv) in respect of a Trustee Liability, appoint or take any steps to procure or support the appointment of a receiver or receiver and manager to any property of a Trustee, other than property which is held by it in its capacity as trustee of the Trust.
- (e) The restrictions in rules 32(c) and 32(d) of this constitution do not apply to any Trustee Liability to the extent to which there is, whether under the trust deed constituting the Trust or by operation of law, a reduction in the extent of the relevant Trustee's indemnification, or in respect of which the relevant Trustee is not entitled to be indemnified, out of the property of the Trust, as a result of that Trustee's fraud, negligence, or wilful default.
- (f) Each other member agrees that no act or omission of a Trustee (including any related failure to satisfy any Trustee Liabilities) will constitute fraud, negligence or wilful default of that Trustee for the purposes of rule 32(e) of this constitution to the extent to which the act or omission was caused or contributed to by any failure of that party to fulfil its obligations relating to the Trust or by any other act or omission of that party.
- (g) No attorney, agent or other person appointed in accordance with this constitution has authority to act on behalf of a Trustee in a way which exposes that Trustee to any personal liability, and no act or omission of such a person will be considered fraud, negligence, or wilful default of that Trustee for the purposes of rule 32(e) of this constitution.

- (h) This limitation of the Trustee Liability applies despite any other provisions of this constitution and extends to all Trustee Liabilities of a Trustee in any way connected with this constitution.
- (i) A Trustee is not obliged to do or refrain from doing anything under this constitution (including incur any liability) unless the Trustee Liability is limited in the same manner as set out in rules 32(a) to 32(h) of this constitution.
- (j) In this rule 32, “**Trustee Liability**” means any liability or obligation (of any kind including, without limitation, for negligence, in tort, in equity, or under statute) of a Trustee which arises in any way under or in connection with this constitution.
- (k) The provisions of this rule 32 are paramount and apply regardless of any other provision in this constitution, even another provision which seeks to apply regardless of any other provision.

33. **Notices**

33.1 **Overseas members**

A member whose registered address is not in Australia may notify the Company in writing of an address in Australia to which notices may be sent.

33.2 **When notice is given**

A notice (including a notice of meeting) is taken to be given to a member (or person entitled to be a member as a result of a transmission event contemplated by rule 29):

- (a) if it is given in accordance with the notice provisions of the Shareholders Deed;
- (b) by any means permitted by the Act;
- (c) by serving it personally at, or by sending it by post in a prepaid envelope to, or by air-mail to, the member's address or email address as shown in the register of members or such other address or email as the member has supplied to the Company for the giving of notices (or in the case of a person entitled to be a member as a result of a transmission event contemplated by rule 29, to the member as if the transmission event had not occurred). For the purposes of this rule, any notice may be given by attaching a file containing it to, or providing a URL link to it from, the email or other electronic communication; or
- (d) if the member does not have a registered address or email and has not supplied another address to the Company for the giving of notices, by exhibiting it at the registered office of the Company for 48 hours.

A certificate in writing signed by a Director or Secretary stating that a notice was sent, and setting out the means by which and date on which it was sent, is conclusive evidence of those facts.

33.3 **Notices to directors**

A notice may be given by the Company to any director or alternate director either by serving it personally at, or by sending it by post in a prepaid envelope to, the director's or alternate director's usual residential or business address or email address, or such other address or email as the director or alternate director has supplied to the Company for the giving of notices.

33.4 Notices to the Company

Subject to this document, a notice may be given by a member, director or alternate director to the Company by serving it on the Company at, or by sending it by post in a prepaid envelope to, the registered office of the Company or by email to the nominated email address at the registered office of the Company.

33.5 When a notice is deemed given

- (a) If the Shareholders Deed is in force, a notice is deemed to be given in accordance with the Shareholders Deed.
- (b) If the Shareholders Deed is not in force:
 - (i) where a notice is served personally, service of the notice is taken to be effected when delivered;
 - (ii) where a notice is sent by email or other electronic communication, when the transmission is sent provided that the sender does not receive an automated message stating the transmission failed; or
 - (iii) where a notice is sent by post or air-mail, the day after it is posted or mailed.
- (c) A notice given to a member in accordance with rule 33.2 is, despite the occurrence of a transmission event contemplated by rule 29 and whether or not the Company has notice of that occurrence:
 - (i) duly given in respect of any shares registered in that person's name, whether solely or jointly with another person; and
 - (ii) sufficient service on any person entitled to the shares as a result of the transmission event.
- (d) A notice given to a person who is entitled to a share as a result of a transmission event contemplated by rule 29 is sufficient service on the member in whose name the share is registered.

33.6 Notice to joint holders

Notice to joint holders of Shares must be given to the joint member named first in the Register. Every person who becomes entitled to a Share is bound by every notice in respect of that Share that was properly given to a person registered as the holder of the Share before the transfer or transmission of the Share was entered in the Register.

34. Unclaimed money

The Company must deal with unclaimed dividends and distributions and unclaimed proceeds of Shares sold or reissued under this document in accordance with the Act.

YOUR VOTE IS IMPORTANT

For your proxy appointment to be effective it must be received by the Apiam Registry **by no later than 11.00am (Melbourne time) on Sunday, 1 February 2026**, being not later than 48 hours before the commencement of the Scheme Meeting. Any proxy appointments received after that time will not be valid. Capitalised terms used but not defined in this Proxy Form have the same meaning given to them in Apiam Animal Health Limited (Apiam or Company) Scheme Booklet (unless the context otherwise requires).

🖨 TO APPOINT A PROXY ONLINE

📱 BY SMARTPHONE

STEP 1: VISIT <https://www.votingonline.com.au/ahxscheme2026>

STEP 2: Enter your Postcode OR Country of Residence (if outside Australia)

STEP 3: Enter your Voting Access Code (VAC):

Scan QR Code using smartphone
QR Reader App

TO VOTE BY COMPLETING THE PROXY FORM

STEP 1 APPOINTMENT OF PROXY

Indicate who you want to appoint as your Proxy.

If you wish to appoint the Chair of the Scheme Meeting as your proxy, mark the box. If you wish to appoint someone other than the Chair of the Scheme Meeting as your proxy, please write the full name of that individual or body corporate. If you leave this section blank, or your named proxy does not attend the Scheme Meeting, the Chair of the Scheme Meeting will be your proxy and is required to vote the proxy as directed. The Chair intends to vote all undirected proxies in favour of the Scheme Resolution, in the absence of a Superior Proposal and subject to the Independent Expert continuing to conclude that the Scheme is in the best interest of Apiam Shareholders. A proxy need not be a securityholder of the Company. Do not write the name of Company or the registered securityholder in the space.

Appointment of a Second Proxy

You are entitled to appoint up to two proxies to attend the Scheme Meeting and vote. If you wish to appoint a second proxy, an additional Proxy Form may be obtained by contacting the Apiam Registry on the details in the Notice of Scheme Meeting, or you may copy this form.

To appoint a second proxy you must:

- complete two Proxy Forms. On each Proxy Form, state the percentage of your voting rights or the number of Apiam Shares applicable to that form. You should clearly indicate on the second Proxy Form that it is a second proxy and not a revocation of your first proxy. If the appointments do not specify the percentage or number of votes that each proxy may exercise, each proxy may exercise half your votes. Fractions of votes will be disregarded; and
- return both forms together in the same envelope.

STEP 2 VOTING DIRECTIONS TO YOUR PROXY

To direct your proxy how to vote, mark one of the boxes opposite each item of business. All your Apiam Shares will be voted in accordance with such a direction unless you indicate only a portion of Apiam Shares are to be voted on any item by inserting the percentage or number that you wish to vote in the appropriate box or boxes. If you do not mark any of the boxes on a given item, your proxy may vote as he or she chooses. If you mark more than one box on an item for all your Apiam Shares, your vote on that item will be invalid.

Proxy which is a Body Corporate

Where a body corporate is appointed as your proxy, the representative of that body corporate attending the Scheme Meeting must have provided a signed certificate or letter of appointment prior to admission to the Scheme Meeting. A form may be obtained by clicking the following link or contacting the Apiam Registry: <https://boardroomlimited.com.au/wordpress/wp-content/uploads/2021/05/Appointment-of-Corporate-Representative.pdf>.

STEP 3 SIGN THE FORM

Election Form

To make a valid Election to receive the All Scrip Consideration or Mixed Consideration, your Election Form must be received by the Apiam Registry by no later than 7.00pm (Melbourne time) on 27 January 2026.

This is an important document that requires your immediate attention.

This Election Form relates to the proposed acquisition of Apiam Animal Health Limited (**Apiam**) by Pepper Bidco Pty Ltd (**BidCo**), an entity owned and controlled by funds managed and advised by Adamantem Capital Management Pty Ltd (together, **Adamantem**), under which BidCo will acquire 100% of the issued share capital of Apiam, by way of a scheme of arrangement under Part 5.1 of the *Corporations Act 2001* (Cth) (**Scheme**). Unless the context otherwise requires, the definitions contained in the Scheme Booklet dated 12 December 2025 (**Scheme Booklet**) also apply in this Election Form.

You should read the Scheme Booklet, including the Independent Expert's Report included at Annexure 1, carefully before completing and returning this Election Form. If you are in doubt about how to deal with this Election Form, please contact your legal, financial, tax or other professional advisor. Note this Election Form can only be used in relation to the holding information set out in the overleaf.

Please use this Election Form to mark the box that relates to **ONE** of the options below to make your election for the Scheme Consideration you wish to receive pursuant to the Scheme. In order to make a valid Election for All Scrip Consideration, Mixed Consideration Option One or Mixed Consideration Option Two, you must be an Apiam Shareholder who is an Eligible Apiam Shareholder and hold Apiam Shares on the Scheme Record Date. Further details of who is an Eligible Apiam Shareholder are set out in the Scheme Booklet.

Please do not select more than one of the options below or your Election will be invalid and you will receive the All Cash Consideration for all of your Apiam Shares held on the Scheme Record Date. **You do not need to make an Election if you wish to receive the All Cash Consideration for all of your Apiam Shares held on the Scheme Record Date.**

The Nominee is required to complete customary onboarding and identity verification processes for those persons or entities who wish to receive the All Scrip Consideration or the Mixed Consideration. As part of this process, you **must provide a valid email address** in your Election Form. Following receipt of your valid Election Form by the Apiam Registry, you will receive an email at the address provided containing instructions to complete the required 'know your customer' procedures and any associated onboarding steps. **You may not be eligible to receive the All Scrip Consideration or the Mixed Consideration if you do not complete the Nominee 'know your customer' requirements by 5.00pm (Melbourne time) on 10 February 2026, which will be emailed to the email address provided by you, and in those circumstances you may receive the All Cash Consideration without any further notice being provided to you.**

If you have lodged an Election Form and you wish to change or withdraw your Election, you can do so by lodging a replacement Election Form with the Apiam Registry by **no later than 7.00pm (Melbourne time) on 27 January 2026**. Any such replacement Election Form must be received by the Apiam Registry before the Election Time in order to be valid. If the Scheme becomes Effective and you hold Apiam Shares on the Scheme Record Date, you will participate in the Scheme and receive the Scheme Consideration to which you are entitled under, and in accordance with, your Election (as applicable) and the terms of the Scheme. As noted above, if you wish to receive the All Cash Consideration for your Apiam Shares under the Scheme, you do not need to complete this Election Form.

Step 1: Registration Name & Address Details

Details of your Apiam Shareholding are shown overleaf. Please check the details provided and update your address by contacting the Apiam Registry on 1300 737 760 (in Australia) +61 2 9290 9600 (International) or by email to enquiries@boardroomlimited.com.au if any of the details are incorrect.

If you have a CHESSE sponsored holding, please contact your CHESSE sponsor to notify a change of address. Any Class B Shares in Pepper Holdco Limited (**HoldCo**) issued as Scheme Consideration pursuant to a valid Election and the terms of the Scheme will be issued to the name(s) as they appear on the Apiam Register as at the Scheme Record Date.

Subject to the 'know your customer' requirements being satisfied as mentioned above, the legal title to such Class B Shares will be held by, and such Class B Shares will be issued to, the Nominee as bare trustee for the relevant Scheme Shareholder in accordance with clauses 5.4(b) and 8.3(d) of the Scheme. Election Form

Registration Name & Address Details

IMPORTANT INFORMATION

- Apiam Shareholders may only submit an Election Form in relation to all (i.e. not only some) of their Apiam Shares for the shareholding details set out above.
- **IMPORTANT NOTICE:** By making a valid Election for the All Scrip Consideration, Mixed Consideration Option One or Mixed Consideration Option Two you agree to become a member of HoldCo from the Implementation Date and become bound by the HoldCo Shareholders' Deed, the HoldCo Constitution and the Nominee Deed from the Implementation Date.
- If you wish to receive the default All Cash Consideration, you do not need to complete or return this form.
- If you have already sold all your Apiam Shares or will not be an Apiam Shareholder on the Scheme Record Date, do not complete or return this form.
- Ineligible Foreign Shareholders should not make an Election. Ineligible Foreign Shareholders who hold Apiam Shares on the Scheme Record Date will still participate in the Scheme, however the Class B Shares will not be issued to them. Instead, they will receive the All Cash Consideration for their Scheme Shares. Any Election Form received by the Apiam Registry from an Ineligible Foreign Shareholder or received after the Election Time will be invalid, subject to the terms of the Scheme.
- HoldCo will determine, in consultation with Apiam, all questions as to the correct completion of an Election Form, and time of receipt of such form. None of Apiam, HoldCo or BidCo are required to communicate with any Apiam Shareholder prior to making this determination. The determination of HoldCo will be final and binding.
- Determination of eligibility to participate in the Scheme will be made on the basis of the Apiam Register as at the Scheme Record Date (expected to be 7.00pm (Melbourne time) on 18 February 2026), which will be after the Election Time (expected to be 7.00pm (Melbourne time) on 27 January 2026). Accordingly, Scheme Shareholders are cautioned that an Election Form must be received by the Apiam Registry by the Election Time to be valid, even though the determination of eligibility to participate in the Scheme will only be made after that date.
- If a valid Election Form is not received by the Election Time and the Scheme becomes Effective, you will receive your entitlement to the All Cash Consideration in accordance with the terms and conditions in the Scheme Booklet. You may also receive All Cash Consideration if you do not complete the 'know your customer' requirements of the Nominee by 5.00pm (Melbourne time) on 10 February 2026.
- Issuance of the Scheme Consideration is subject to the Scheme being implemented. If the Scheme is not implemented, no Scheme Consideration will be issued, and you will continue to hold your Apiam Shares (unless you otherwise dispose of them).
- Once made, you may withdraw your Election by lodging a replacement Election Form with the Apiam Registry by **no later than 7.00pm (Melbourne time) on 27 January 2026**. You can obtain a replacement Election Form by contacting the Apiam Registry on 1300 737 760 (in Australia) +61 2 9290 9600 (International) or by email to enquiries@boardroomlimited.com.au or the Apiam Shareholder Information Line on 1300 948 609 (within Australia) or +61 2 9000 7011 (if calling from overseas) Monday to Friday between 8.00am and 5.00pm (Melbourne, Australia time) (excluding national public holidays).

TRUSTEES/NOMINEES/CUSTODIANS

If you are registered as the holder of one or more parcels of Apiam Shares as trustee, or nominee or custodian for, or otherwise on account of, another person, you may make an Election in respect of each of those distinct parcels and any distinct parcel you hold in your own right. However if, at the Scheme Record Date, you hold fewer Apiam Shares than you held at the time it made the Election, then, unless you have at the time of any sale of Apiam Shares notified Apiam whether the Apiam Shares sold relate to any such separate Election (and if so which separate Election the Apiam Shares sold relate to), you will be treated as not having made a valid Election in respect of any of your Apiam Shares (or will be treated in any other manner that HoldCo and Apiam agree writing is fair to the Scheme Shareholder, in all the circumstances acting reasonably). If, for these purposes, you require additional copies of this Scheme Booklet and/or the Election Form, please call the Apiam Shareholder Information Line on 1300 948 609 (within Australia) or +61 2 9000 7011 (if calling from overseas) Monday to Friday between 8.00am and 5.00pm (Melbourne, Australia time) (excluding national public holidays) or contact the Apiam Registry on 1300 737 760 (in Australia) +61 2 9290 9600 (International) or by email to enquiries@boardroomlimited.com.au.
