

**15 December 2025**

## **2025 SUSTAINABILITY REPORT**

Deep Yellow Limited (**Deep Yellow** or the **Company**) is pleased to announce it has issued its 2025 Sustainability Report for the financial year ending 30 June 2025, now attached. This is the sixth Sustainability Report issued by the Company and the third one prepared in accordance with the Global Reporting Initiative (**GRI**) Standards, including the 2024 Mining Sector Standard. The GRI Standards provide a global framework with a common set of reporting metrics for business benchmarking. Deep Yellow will continue to expand its Sustainability Reporting as the Company progresses to development and production and grows in scale and complexity.

The 2025 Sustainability Report is also available to download on the Company website at:

<https://deepyellow.com.au/wp-content/uploads/2025SustainabilityReport.pdf>

An adjunct to this report is the 2025 Community Development Report (Namibia) covering details of the social projects undertaken in Namibia. This is available to download on the Company website at:
