About Cogstate

Cogstate Ltd (ASX: CGS) is a neuroscience technology company optimising brain health assessments to advance the development of new medicines and to enable earlier clinical insights in healthcare. Cogstate technologies provide rapid, reliable and highly sensitive computerised cognitive tests across a growing list of domains and support partners in the delivery of electronic clinical outcome assessment (eCOA) solutions to replace costly and error-prone paper assessments with real-time data capture. The company's clinical trials solutions include quality assurance services for study endpoints that combine innovative operational approaches, advanced analytics and scientific consulting. For over 20 years, Cogstate has proudly supported the leading-edge research needs of biopharmaceutical companies and academic institutions, and the clinical care needs of physicians and patients around the world. In the Healthcare market, Cogstate seeks to provide primary care physicians and consumers with brief, accurate and scientifically validated digital measures of cognition, with a focus on easy to use, self-administered tests that inform patients and save physician time.
