**SUCCESSFUL COMPLETION OF INSTITUTIONAL ENTITLEMENT OFFER**

29Metals Limited (ASX:29M) (**'29Metals'** or the **'Company'**) is pleased to announce that it has successfully completed the institutional component (**'Institutional Entitlement Offer'**) of its underwritten 1 for 3.66 accelerated non-renounceable entitlement offer (**'Entitlement Offer'**) of new 29Metals fully paid ordinary shares (**'New Shares'**), as announced on Tuesday, 20 January 2026.

The Institutional Entitlement Offer will raise approximately \$119m (subject to reconciliations) at an offer price of \$0.40 per share (**'Offer Price'**), representing a:

- 30.2% discount to TERP<sup>1</sup> of \$0.57 based on the last closing price on 19 January 2026;
- 35.5% discount to the last closing price of \$0.62 on 19 January 2026; and
- 26.6% discount to the 30-day VWAP of \$0.55 on 19 January 2026.

The Institutional Entitlement Offer received strong support from eligible existing institutional shareholders, with existing shareholders (excluding EMR Capital) subscribing for approximately 92% of their entitlements in the Institutional Entitlement Offer. New Shares not taken up by both eligible and ineligible institutional shareholders have been fully allocated to eligible institutional investors.

Chief Executive Officer, James Palmer, commented:

*"The level of support shown by our existing shareholders, as well as new investors, has been very encouraging. This equity raising is expected to allow us to maintain our commitments to our strategic growth objectives to accelerate value realisation across the portfolio. Specifically, the ongoing investment in Gossan Valley, progression of a Restart Definitive Feasibility Study at Capricorn Copper and drilling to test priority exploration targets across the portfolio."*

*I encourage eligible retail shareholders in Australia and New Zealand to consider the terms of the retail entitlement offer when it opens on 28 January 2026."*

The New Shares to be issued under the Institutional Entitlement Offer will rank equally with existing 29Metals shares in all respects from the date of their issue. Settlement of the approximately 298 million New Shares to be issued under the Institutional Entitlement Offer is expected to occur on Wednesday, 28 January 2026, with the New Shares to be allotted and expected to commence trading on Thursday, 29 January 2026.

Trading in 29Metals shares is expected to resume on ASX from market open today (Wednesday, 21 January 2026).

<sup>1</sup> The Theoretical Ex-Rights Price (**'TERP'**) is the theoretical price at which 29Metals shares should trade immediately after the ex-date for the Entitlement Offer. TERP is a theoretical calculation only and the actual price at which shares trade immediately after the ex-date for the Entitlement Offer will depend on many factors and may not equate to TERP. TERP is calculated by reference to 29Metals' closing price of \$0.62 on 19 January 2026.
