ASX Market Announcements

ASX Limited

4<sup>th</sup> Floor

20 Bridge Street

SYDNEY NSW 2000

Dear Sir/Madam

**OM MATERIALS (QINZHOU) CO LTD OPERATIONAL UPDATE**

The Board of OM Holdings Limited (ASX:OMH | BURSA:OMH-5298) ("OMH" or the "Company"), is pleased to provide an operational update on OM Materials (Qinzhou) Co., Ltd. ("OMQ"). OMQ has successfully recommissioned its Qinzhou smelter and sinter plant. Production had been suspended since December 2021 due to elevated power tariffs in China.

The Qinzhou smelter consists of two sets of furnaces, 25.5 MVA and 16.5 MVA respectively, with a closed-furnace design that enables the recycling of flue gases for sintering. The smelter has a design production capacity of 80,000 to 95,000 tonnes of manganese alloys per annum and 300,000 tonnes of sinter ore per annum.

The recommissioning of the Qinzhou smelter would be carried out in phases.

Commenting on the recommissioning, Mr. Low Ngee Tong, Executive Chairman and Chief Executive Officer of OMH said: "We are pleased to see the Qinzhou smelter plant back in operation following a recent production hiatus. The recommissioning of this facility represents a significant milestone for OMQ. We look forward to working with our joint venture partner, Shaanxi Sinian Metal, to optimize the plant's operations and deliver value to our shareholders through our continued strategic participation in OMQ."

OMQ is jointly owned by OM Materials (S) Pte. Ltd. ("OMS"), a wholly-owned subsidiary of OMH with a 40% interest, and Shaanxi Sinian Metal & Mining Co., Ltd ("Shaanxi Sinian Metal") with a 60% interest, following the successful completion of the sale of OMS's 60% interest as announced on [27 August 2025](#) and [23 September 2025](#).

Yours faithfully

**OM HOLDINGS LIMITED**

Heng Siew Kwee/Julie Wolseley  
**Joint Company Secretary**
