

ASX RELEASE

6 February 2026

Settlement of legal proceedings with Redflex Traffic Systems Pty Ltd

Acusensus Limited (ASX:ACE) (**Acusensus** or the **Company**) announces that it has reached a global settlement with Redflex Traffic Systems Pty Ltd (**Redflex**) in relation to the Federal Court proceedings that Redflex served in June 2025 on Acusensus IP Pty Ltd (a subsidiary of the Company), the Company and Acusensus' Managing Director, Alexander Jannink (**Acusensus parties**).

The key outcomes of the settlement agreement are as follows:

- The proceedings will be dismissed with no order as to costs, subject to the Court making final orders to that effect.
- Without admission of liability or any wrongdoing, the Company will provide a total settlement package valued at AU\$16m to VM Consolidated, Inc., a wholly owned subsidiary of Verra Mobility (NASDAQ:VRRM) (the parent company of Redflex), comprising of a cash component of \$6m and 6,136,475 new shares in the Company to be held in voluntary escrow for 12 months¹.
- Acusensus IP Pty Ltd continues to be the registered proprietor of its existing worldwide patent portfolio and continues to use its technology unencumbered.
- Acusensus has agreed to provide a global non-exclusive licence of relevant patents held by Acusensus IP Pty Ltd to relevant Redflex entities and their affiliates.
- The parties and their affiliates have released one another from all claims on a worldwide basis related to the dispute and any associated actions.
- Redflex undertakes that Redflex and its relevant affiliates will not, and will not assist any third party to, challenge the validity of the relevant patents.

This outcome allows Acusensus to continue delivering its services to its customers and to grow its business without the distraction and ongoing costs of the litigation.

As part of the otherwise confidential settlement, Redflex and the Acusensus parties have agreed to the release of the following joint statement:

"Redflex and the Acusensus parties are pleased to jointly confirm that they have entered into a mutually agreed confidential and worldwide commercial resolution that fully and finally resolves all matters in dispute between the parties.

Acusensus has agreed to provide a global non-exclusive licence of relevant patents held by Acusensus IP Pty Ltd to relevant Redflex entities and their affiliates. As net deal

¹ The 6,136,475 new shares have a value of AU\$10m based on the Company's 20-day volume weighted average price of AU\$1.6296 as at 4 February 2026. The new shares will be issued following the release of the Company's 1H FY26 results.

consideration, Acusensus will pay Verra Mobility AU\$6 million in cash and issue 6,136,475 new Acusensus ordinary shares² to VM Consolidated, Inc., a wholly owned subsidiary of Verra Mobility, subject to customary terms and conditions.

In recognition of such resolution, legal proceedings will be dismissed with no order as to costs subject to approval by the court, and the parties will have no further claims against one another. The remaining terms of the resolution are confidential. There is no admission of liability by any party."

About Acusensus

Acusensus is a technology company that was founded in 2018 with a mission to design and develop artificial intelligence enabled road safety solutions. Collaborating with governments and commercial stakeholders to tackle distracted driving globally is Acusensus' first priority. Acusensus has pioneered intelligent solutions that provide anywhere, anytime digital evidence that can be used in conjunction with law enforcement to drive behavioural change and improve road safety. Acusensus technology is used to detect and provide prosecutable evidence of distracted driving (mobile phone use), seatbelt compliance, speeding, railway crossing compliance and the monitoring of vehicles of interest.

Leveraging AI and sensing expertise, Acusensus also provides technology that protects workers in live traffic environments. The Forsite by Acusensus road worker safety system integrates roadside sensors, connected wearables and real time analytics to give crews early warning of approaching vehicle risks, delivering the vital seconds needed to avoid harm while generating data that helps make worksites safer over time.

Acusensus listed on the Australian Securities Exchange in January 2023. Acusensus is headquartered in Melbourne, Australia, with offices also in Sydney, Brisbane, Perth, Auckland (New Zealand), Wellington (New Zealand), Christchurch (New Zealand), London (United Kingdom) and Las Vegas (United States).

² The 6,136,475 new shares have a value of AU\$10m based on Acusensus' 20-day volume weighted average price of AU\$1.6296 as at 4 February 2026. The new shares will be issued following the release of Acusensus' 1H FY26 results.
