## **2 Summary of material accounting policies**

The principal accounting policies applied in the preparation of these condensed interim financial statements are set out below. These policies have been consistently applied to all periods presented, unless otherwise stated in the following text.

### **(a) Basis of preparation**

These condensed interim financial statements have been prepared in accordance with Australian Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 *Interim Financial Reporting*. The Trust is a for-profit entity for the purpose of preparing the condensed interim financial statements.

These condensed interim financial statements do not include all the notes of the type normally included in annual financial statements. Accordingly, these interim financial reports are to be read in conjunction with the annual financial statements for the year ended 30 June 2025 and any public announcements made in respect of the Trust during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The Statement of financial position is presented on a liquidity basis. Assets and liabilities are presented in decreasing order of liquidity and do not distinguish between current and non-current. All balances are expected to be recovered or settled within 12 months, except for investments in financial assets and financial liabilities at fair value through profit or loss and net assets attributable to unitholders on the basis that the Trust is a long-term investor into the Qualitas Wholesale Real Estate Income Fund. The amount to be recovered or settled in relation to these balances remain subject to the performance of the Trust and its operations in accordance with the Constitution.

The Trust has been deemed to meet the definition of an investment entity, as the following conditions exist:

- The Trust has obtained funds for providing investors with investment management services;
- The Trust's business purpose, which was communicated directly to investors, is investing solely for returns from capital appreciation and investment income;
- The performance of investments made through the Trust are measured and evaluated on a fair value basis.

## 2 Summary of material accounting policies (continued)

### (a) Basis of preparation (continued)

The Trust and the sub-trust Qualitas Wholesale Real Estate Income Fund were structured in a way to comply with legal, regulatory, tax or similar requirements.

When considered together they display the characteristics of an investment entity:

- (a) the Trust indirectly holds more than one investment because the wholesale funds hold a portfolio of investments,
- (b) although the Qualitas Wholesale Real Estate Income Fund is wholly funded by the Trust, the Trust is funded by more than one investor who are related to the Trust; and
- (c) ownership in the Trust and the wholesale funds are represented by the Trust interests to which a proportion of the net assets of the investment entity are attributed.

### (b) Material accounting policies

The accounting policies applied in these condensed interim financial statements are the same as those applied to the Trust's financial statements for the year ended 30 June 2025.

There are no other standards, interpretations or amendments to existing standards that are effective for the first time for the half year beginning 1 July 2025 that have a material impact on the amounts recognised in the prior periods or will affect the current or future periods

## 3 Rounding of Amounts

The Trust is an entity of a kind referred to in ASIC Corporations (Rounding in Financial/Directors' Reports) Instrument 2016/191 issued by the Australian Securities and Investments Commission (ASIC) relating to the "rounding off" of amounts in the condensed interim financial statements. Amounts in the condensed interim financial statements have been rounded to the nearest thousand dollars in accordance with that ASIC Corporations Instrument, unless otherwise indicated.

## 4 Fair value measurement

The Trust discloses fair value measurements by level using the following fair value hierarchy:

- Level 1 - quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 - inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (as prices) or indirectly (derived from prices)
- Level 3 - inputs for the asset or liability that are not based on observable market data (unobservable inputs)

### (i) Fair value in an active market (Level 1)

The fair value of financial assets and liabilities traded in active markets is based on last traded prices at the end of the reporting period without any deduction for estimated future selling costs. For the majority of financial assets and liabilities, information provided by the quoted market independent pricing services is relied upon for valuation.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. An active market is a market in which transactions for the financial asset or liability take place with sufficient frequency and volume to provide pricing information on an ongoing basis.

### (ii) Fair value in an inactive or unquoted market (Level 2 and Level 3)

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

#### 4 Fair value measurement (continued)

Where discounted cash flow techniques are used, estimated future cash flows are based on the Manager's best estimates and the discount rate used is a market rate at the end of the reporting period applicable for an instrument with similar terms and conditions. For other pricing models, inputs are based on market data at the end of the reporting period.

Some of the inputs to these models may not be market observable and are therefore estimated based on assumptions.

The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions the Trust holds. Valuations are therefore adjusted, where appropriate, to allow for additional factors including liquidity risk and counterparty risk.

##### Recognised fair value measurements

The following table presents the Trust's financial assets and liabilities measured and recognised at fair value as at 31 December 2025 and 30 June 2025.

As at 31 December 2025	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000

<b>Total</b>	-	-	999,122	999,122

As at 30 June 2025	Level 1 \$'000	Level 2 \$'000	Level 3 \$'000	Total \$'000
<b>Financial assets at fair value through profit or loss</b>				
Qualitas Wholesale Real Estate Income Fund	-	-	946,004	946,004
<b>Financial assets not measured at fair value</b>				
Loan asset	-	-	19,810	19,810
<b>Total</b>	-	-	965,814	965,814

#### 4 Fair value measurement (continued)

(i) *Transfers between levels*

The Trust's policy is to recognise transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

There were no transfers between the levels in the fair value hierarchy for the half-year ended 31 December 2025.

(ii) *Fair value measurements using significant unobservable inputs (level3)*

The Trust uses the net asset value of Qualitas Wholesale Real Estate Income Fund as a key input in determining the fair value of its investment.

<b>As at 31 December 2025</b>	<b>\$'000</b>
Opening balance	946,004
Purchases	34,628
Net gains/(losses) on financial instruments at fair value through profit or loss	(415)
Closing balance	980,217
Unrealised gains/(losses) included in the Statement of Comprehensive Income for financial assets at the end of the period	(415)
<b>As at 30 June 2025</b>	<b>\$'000</b>
Opening balance	-
Transfer from level 2	650,092
Purchases	294,810
Net gains on financial instruments at fair value through profit or loss	1,102
Closing balance	946,004
Unrealised gains included in the Statement of Comprehensive Income for financial assets at the end of the year	1,102

(iii) *Valuation processes*

Portfolio reviews are undertaken regularly by the Manager to identify securities that potentially may not be actively traded or have stale security pricing. This process identifies securities which possibly could be regarded as being level 3 securities.

Further analysis, should it be required, is undertaken to determine the accounting significance of the identification. For certain security types, in selecting the most appropriate valuation model, the Manager performs back testing and considers actual market transactions. Changes in allocation to or from level 3 are analysed at the end of each reporting period.

The following table summarises the sensitivity of the Trust's operating profit/(loss) and net assets attributable to unitholders to market risks. The reasonably possible movements in the risk variables have been determined based on management's best estimate having regard to a number of factors, including historical levels of changes in interest rates and the historical correlation of the Trust's investments with the relevant benchmark and market volatility. However, actual movements in the risk variables may be greater or less than anticipated due to a number of factors, including unusually large market movements resulting from changes in the performance of and/or correlation between the performances of the economies, market and securities in which the Trust invests. As a result, historic variations in risk variables should not be used to predict future variances in the risk variables.

The Trust has agreed to provide a loan to the Manager, to assist with the working capital requirements of the Manager. For the avoidance of doubt, this includes, without limitation, for the purposes of paying costs and expenses incurred in relation to the capital raising of the Trust and may be paid or lent to related entities of the Manager. The Manager will repay the loan (including any payment of interest on the loan which will be interest income of the Trust) over a period of 10 years from the first draw of each new tranche. Given this the current termination date of the loan is 10 years from the first draw date of the newest tranche being 9 April 2025. The loan may be terminated and repaid earlier upon an event of default of the borrower as defined in the loan agreement. The loan is interest bearing at a rate of 5% p.a. During the half-year, interest of \$490,582 (31 December 2024: \$383,490) was charged on the loan asset. The fair value of the loan was assessed, and it was not materially different to the carrying value of the loan.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the Interim report of Qualitas Real Estate Income Fund does not comply with the *Corporation act 2001*, including:

- giving a true and fair view of the Trust's financial position as at 31 December 2025 and of its performance for the Half-year ended on that date; and

- Condensed statement of comprehensive income, Condensed statement of changes in equity and Condensed statement of cash flows for the Half-year ended on that date;

- The Directors' Declaration.

## Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Financial Report* section of our report.

We are independent of the Trust in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* issued by the Accounting Professional & Ethical Standards Board Limited (the Code) that are relevant to audits of annual financial reports of public interest entities in Australia. We have fulfilled our other ethical responsibilities in accordance with these requirements.

### Responsibilities of the Directors for the Interim Report

- the preparation of the Interim Report that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*; and
- such internal control as the Directors determine is necessary to enable the preparation of the Interim Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### Auditor's Responsibilities for the Review of the Interim Report

Our responsibility is to express a conclusion on the Interim Report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Interim Report does not comply with the *Corporations Act 2001* including giving a true and fair view of the Trust's financial position as at 31 December 2025 and its performance for the Half-Year ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a Half-year Financial Report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
