# Directors' Report

The Directors of Vicinity Centres RE Ltd, the responsible entity (**RE**) of Vicinity Centres Trust (**the Trust** or **VCT**), present the Financial Report of Vicinity Centres Trust and its controlled entities (**VCT Group** or **the Trust Group**) for the half year ended 31 December 2025.

The Trust is stapled to Vicinity Limited to form the stapled group, Vicinity Centres (**the Vicinity Centres Group**), which is traded collectively on the Australian Securities Exchange (**ASX**), under the code 'VCX'. Accordingly, the Financial Report for Vicinity Centres Trust should be read in conjunction with the Financial Report of Vicinity Centres Group available at [vicinity.com.au](http://vicinity.com.au).

## Directors

The following persons were members of the Vicinity Centres RE Ltd Board from 1 July 2025 and up to the date of this report unless otherwise stated:

**(i) Chairman**

Trevor Gerber (Independent)

**(ii) Non-executive Directors**

Angus McNaughton

Dion Werbeloff

Georgina Lynch (Independent)

Janette Kendall AM (Independent)

Michael Hawker AM (Independent) (retired 31 August 2025)

Peter Kahan (Independent)

Tiffany Fuller (Independent)

Tim Hammon (Independent)

**(iii) Executive Director**

Peter Huddle (CEO and Managing Director)

## Company Secretaries

Carolyn Reynolds

Rohan Abeyewardene

## Principal activities

The principal activity of the Trust Group during the period continued to be investment in a portfolio of retail investment properties. The principal place of business of the Trust and the RE of the Trust is Level 4, Chadstone Tower One, 1341 Dandenong Road, Chadstone, Victoria 3148.

## Distributions

On 18 February 2026, the Directors declared a distribution in respect of the Trust Group's earnings for the half year ended 31 December 2025 of 6.20 cents per unit. This equates to total interim distributions of \$285.2 million. The interim distribution will be settled on 12 March 2026. The Vicinity Centres Distribution Reinvestment Plan (**DRP**) will apply to the interim distribution.

On 16 September 2025, the Trust Group settled a distribution in respect of earnings for the six-months to 30 June 2025 of 6.05 cents per unit or \$276.0 million in total.

## Review of results and operations

The review of the results and operations for the Vicinity Centres Group including further information on strategy, operations and risks is contained in the Directors' Report in the Vicinity Centres Group Financial Report available at [vicinity.com.au](http://vicinity.com.au). The following sections relate to the results and operations of the Trust Group only and therefore do not include items and amounts relating to Vicinity Limited.

### (a) Financial performance

The statutory net profit after tax of the Trust Group for the half year ended 31 December 2025 was \$799.9 million, an increase of \$311.2 million on the prior period (31 December 2024: net profit after tax of \$488.7 million). This result was mainly driven by:

- Net property revaluation increment on directly owned properties of \$428.1 million (31 December 2024: increment of \$190.4 million);
- Net foreign exchange gain on interest bearing liabilities of \$62.1 million (31 December 2024: loss of \$127.1 million); and
- Lower landholder duty and transaction costs written off as there was no property transaction in the current period (31 December 2024: \$22.5 million); offset by
- Net mark-to-market loss on derivatives of \$12.3 million (31 December 2024: gain of \$130.5 million).

Cash flows from operating activities for the half year were \$343.2 million (31 December 2024: \$324.5 million).

### (b) Financial position

At 31 December 2025 the Trust Group's net assets were \$11,854.8 million, up \$615.1 million from \$11,239.7 million at 30 June 2025. This increase was largely due to the aforementioned property revaluation increments on directly owned investment properties and units issued under DRP of \$428.1 million and \$91.2 million respectively.

### (c) Capital management

During the period, the following capital management activities have been completed:

- Net drawdowns in the period of \$101.0 million to fund development activities at Chatswood Chase, Chadstone and Galleria, and other capital expenditure, partially offset by repayments from operating cash flows and units issued under DRP of \$91.2 million;
- Repaid US\$224.0 million US Private Placement notes with US\$ proceeds received under the related cross currency swap in December 2025 (equivalent to \$309.0 million);
- Cancelled \$250.0 million of bank debt facilities; and
- Executed \$100.0 million of new interest rate swaps for a 4-year tenor.

## Auditor's independence declaration

A copy of the Auditor's Independence Declaration as required under section 307C of the *Corporations Act 2001* (Cth) is included immediately following the Directors' Report.

## Events occurring after the end of the reporting period

Subsequent to period end, the Trust Group irrevocably accepted the co-owner's offer to sell its 75% interest of Uptown in Brisbane, Queensland, for \$212.0 million (excluding stamp duty). The contracts are expected to be exchanged by the end of April 2026, with the acquisition then expected to settle in June 2026, following receipt of the required Ministerial consent in relation to certain ancillary land rights.

Other than the matter described above, no matters have arisen since the end of the period which have significantly affected, or may significantly affect, the operations of the Trust Group, the results of those operations, or the state of affairs of the Trust Group in future financial periods.

## Rounding of amounts

The Trust Group is an entity of a kind referred to in Legislative Instrument 2016/191, issued by the Australian Securities and Investments Commission (**ASIC**), relating to the "rounding off" of amounts in the Directors' Report. Accordingly, amounts in the Directors' Report have been rounded off to the nearest tenth of a million dollars (**\$m**) in accordance with that Legislative Instrument, unless stated otherwise.

Signed in accordance with a resolution of Directors.

# About This Report

## Reporting entity

The financial statements are those of the consolidated entity comprising Vicinity Centres Trust (**the Trust**) and its controlled entities (collectively '**the Trust Group**'). The Trust is a for-profit entity that is domiciled and operates wholly in Australia.

The Trust is stapled to Vicinity Limited (**the Company**) to form the stapled group Vicinity Centres (**the Vicinity Centres Group**). Accordingly, the financial report for Vicinity Centres Trust should be read in conjunction with the Vicinity Centres Group Financial Report available at [vicinity.com.au](http://vicinity.com.au).

## Basis of preparation

The condensed consolidated financial report for the half year ended 31 December 2025 (**the Financial Report**):

- Has been prepared in accordance with the *Corporations Act 2001* (Cth), AASB 134 *Interim Financial Reporting* and other mandatory professional reporting requirements. The accounting policies adopted are consistent with those of the previous financial year except for the impact of the new and amended accounting standards described below;
- Does not include all the notes of the type normally included in an annual financial report unless otherwise stated. Accordingly, this report is to be read in conjunction with the 30 June 2025 Financial Report and any public announcements issued by Vicinity Centres during the half year in accordance with the continuous disclosure requirements of the *Corporations Act 2001* (Cth) and the Listing Rules of the ASX;
- Is presented in Australian dollars (\$) and rounded to the nearest tenth of a million dollars (\$m) in accordance with Australian Securities and Investments Commission (**ASIC**) Legislative Instrument 2016/191 (unless otherwise stated);
- Has been prepared in accordance with the historical cost convention, except for certain financial assets and liabilities, and investment properties which have been recognised at fair value; and
- Was authorised for issue by the Board of Directors of Vicinity Centres RE Ltd as the responsible entity (**RE**) of the Vicinity Centres Trust on 18 February 2026.

## Going concern

The Trust Group recorded a net current asset deficiency of \$477.9 million (current liabilities exceed current assets) at reporting date (30 June 2025: net deficiency \$1,084.1 million), predominately due to the carrying amount of interest-bearing liabilities maturing within the next twelve months of \$704.1 million (30 June 2025: \$1,076.2 million). The Trust Group has access to undrawn facilities of \$1,037.0 million (30 June 2025: \$1,697.0 million) to settle these borrowings. Further information regarding the Trust Group's available facilities is disclosed in Note 5(b).

In addition, the Trust Group has cash and cash equivalents of \$47.1 million (30 June 2025: \$62.3 million) and is expected to generate sufficient operating cash flows to pay its debts as and when they fall due for a period of 12 months from the date of these financial statements. Accordingly, the Financial Report has been prepared on a going concern basis.

## Impact of new and amended accounting standards

New and amended standards that became effective as of 1 July 2025 did not have a material impact on the financial statements of the Trust Group as they are either not relevant to the Trust Group's activities or require accounting which is consistent with the Trust Group's accounting policies.

## Future impact of Accounting Standards and Interpretations issued but not yet effective

The Trust Group has not adopted any standard, interpretation or amendment that has been issued but is not yet effective and these are not expected to have a material impact on the Trust Group's financial position or performance.

The AASB issued AASB 18 *Presentation and Disclosure in Financial Statements* in June 2024, which will be effective for the Trust Group in the financial year ending 30 June 2028. While not expected to have a material impact on the Trust Group's financial position or performance, AASB 18 is expected to change the presentation of certain items in the financial statements in future periods.

## Significant accounting judgements, estimates and assumptions

The preparation of financial statements requires the Trust Group to make judgements in the application of accounting policies and estimates when developing assumptions that affect the reported amounts of certain revenues, expenses, assets and liabilities. These judgements and estimates are made considering historical experience and other reasonable and relevant factors but are inherently uncertain. Due to this inherent uncertainty, actual results may differ from these judgements and estimates.

The updates to the following significant judgements and estimates are included in the relevant notes to this half year Financial Report:

Area of judgement or estimation	Note
Valuation of investment properties	3

In respect of valuation of derivative financial instruments, there was no significant change to the judgements and estimates at 31 December 2025.

# Operations

## 1. Segment information

As described in the 'About This Report' section, the units in the Trust Group are stapled together with the shares of the Company and are traded jointly on the Australian Securities Exchange (**ASX**), under the ASX code 'VCX'.

As a result of this stapled structure, management does not report the individual results of the Trust Group to the Chief Operating Decision Makers (**CODM**). Rather management reports segment results for the stapled Vicinity Centres Group. Consequently, the Trust Group is considered to have only one operating segment as represented in the Statement of Comprehensive Income and Balance Sheet.

## 2. Revenue and income

### (a) Summary of revenue and income

A summary of the Trust Group's total revenue and income included within the Statement of Comprehensive Income is shown below.

	31-Dec-25 \$m	31-Dec-24 \$m
Recovery of property outgoings <sup>1,2</sup>	94.8	92.1
Other property-related revenue <sup>1</sup>	40.9	41.1
<b>Total revenue from contracts with customers</b>	<b>135.7</b>	<b>133.2</b>
Lease rental income <sup>1,2,3</sup>	488.7	483.6
Interest and other income	18.4	22.4
<b>Total income</b>	<b>507.1</b>	<b>506.0</b>
<b>Total revenue and income</b>	<b>642.8</b>	<b>639.2</b>

1. Included within 'Property ownership revenue and income' in the Statement of Comprehensive Income.
2. Recovery of property outgoings includes estimated recoveries of property outgoings of gross and semi-gross deals, accounted for as revenue from contracts with customers as the income is earned. The estimate is updated half yearly based on recoveries of property outgoings of net deals in the period.
3. Lease rental income includes percentage rent income of \$14.5 million (31 December 2024: \$13.3 million).

### 3. Investment properties

The Trust Group's investment properties represent freehold and leasehold interests in land and buildings held either to derive rental income or for capital appreciation, or both. They are initially measured at cost, including related transaction costs. Subsequently, at each reporting period, they are carried at their fair values based on the market value, being the price that would be received to sell an investment property in an orderly, arm's length transaction between market participants at the reporting date.

Fair values for investment properties are determined by independent (external) valuers or internal valuations. These valuations include the cost of capital works in progress on development projects. As at 31 December 2025, 28 assets were independently valued and 20 assets were valued internally (30 June 2025: 23 independent valuations and 25 internal valuations).

1. The discount and capitalisation rates are used in the 'discounted cash flow' and 'capitalisation of net income' valuation methods respectively. The adopted fair value is within the range calculated with reference to the two methods.
2. The discount and capitalisation rates relate to the core retail component excluding non-retail or ancillary properties.
3. Northgate was reassessed as meeting the requirements of a Neighbourhood centre and therefore reclassified from Sub Regional to Neighbourhood as at 31 December 2025.
4. Planning and holding costs relating to planned major development projects are capitalised and carried within the overall investment property balance. The status of each project is reviewed at each period end to determine if continued capitalisation of these costs remains appropriate.
5. Represents certain equipment which forms part of the individual fair values of the Trust Group's investment properties but is held by Vicinity Limited.
6. Represents the carrying amount of Victoria Park Central, Gympie Central, Whitsunday Plaza and Armidale Central, which are classified as investment properties held for sale (current asset), as the Trust Group has entered into unconditional sale contracts as at 31 December 2025. These properties have been recorded at their fair value at balance date, which approximated the selling price net of estimated purchase price adjustments.

<b>Closing balance at 31 December</b>	<b>15,177.9</b>	<b>14,540.0</b>

1. Includes development and maintenance capital expenditure, lease incentives, fit-out, and other capital costs.
2. Borrowing costs incurred in the construction of qualifying assets have been capitalised at a weighted average rate of 5.0% (31 December 2024: 5.0%).
3. Excludes the property revaluation increment of \$0.3 million (31 December 2024: \$0.7 million increment) of investment property leaseholds held at fair value.
4. For lease arrangements where Vicinity is the lessor.

#### (c) Portfolio valuation

##### Valuation process

The Trust Group's valuation process has not changed significantly since 30 June 2025. Further details of the Trust Group's valuation process are provided within Note 4(c) of the 30 June 2025 Financial Report.

##### Significant Judgement and Estimate

The determination of an investment property valuation requires assumptions to be made which may not be based on observable market data in all instances (i.e. discount and capitalisation rates), estimating the future impact of events such as subsequent movements in interest rates, market rents and estimating the cost to complete for properties under development. This means the valuation of an investment property requires significant judgement and estimation.

##### Key assumptions and inputs

As the capitalisation of income and discounted cash flow (**DCF**) valuation methods include key inputs that are not based on observable market data (namely derived capitalisation and discount rates), investment property valuations are considered "Level 3" on the fair value hierarchy (refer to Note 21 in the 30 June 2025 Financial Report for further details on the fair value hierarchy).

### 3. Investment properties (continued)

#### (c) Portfolio valuation (continued)

##### Key assumptions and inputs (continued)

Key unobservable inputs used by the Trust Group in determining the fair value of its investment properties are summarised below. These are consistent with key inputs assessed at 30 June 2025.

Unobservable inputs	31-Dec-25		30-Jun-25		Sensitivity
	Range of inputs	Weighted average inputs	Range of inputs	Weighted average inputs	
Capitalisation rate <sup>1</sup>	4.25% – 9.00%	5.48%	4.25% – 9.00%	5.60%	
Discount rate <sup>2</sup>	5.25% – 10.00%	6.94%	5.25% – 10.00%	7.05%	
Terminal yield <sup>3</sup>	4.50% – 7.50%	5.70%	4.50% – 7.75%	5.82%	
Expected downtime (for tenants vacating)	3 to 12 months	6 months	3 to 12 months	6 months	The higher the capitalisation rate, discount rate, terminal yield, and expected downtime due to tenants vacating, the lower the fair value.
Market rental growth rate	2.28% – 3.96%	3.22%	2.28% – 3.77%	3.23%	The higher the assumed market rental growth rate, the higher the fair value.

1. The capitalisation rate is the required annual yield of net market income used to determine the value of the property. The rate is determined with regard to comparable market transactions.
2. The discount rate is a required annual total rate of return used to convert the forecast cash flow of an asset into present value terms. It should reflect the required rate of return of the property given its risk profile relative to competing uses of capital. The rate is determined with regard to comparable market transactions.
3. The terminal yield is the capitalisation rate used to convert forecast annual income into a forecast asset value at the end of the holding period when carrying out a DCF calculation. The rate is determined with regard to comparable market transactions and the expected risk inherent in the cash flows at the end of the cash flow period. Leasehold properties with tenure less than 20 years (at the end of the 10-year investment horizon) have been excluded from this sensitivity for comparative reasons given the terminal value calculation can differ to take into account the finite term remaining on the leasehold at that time.

All of the above key assumptions have been taken from the 31 December 2025 external valuation reports and internal valuation assessments (where applicable). For all investment properties, the current use is considered the highest and best use.

##### Sensitivity analysis

The following sensitivities illustrate the impact of changes in key unobservable inputs (in isolation) on the fair value of the Trust Group's investment properties as at 31 December 2025. Specific key unobservable inputs may impact only the capitalisation of net income method, the DCF method or both methods.

##### DCF method

31-Dec-25	Carrying value	Discount rate	Discount rate	10-year rental growth rate	10-year rental growth rate
\$m		-0.25%	+0.25%	-0.25%	+0.25%

Resulting valuation		15,187.6	14,647.9	14,736.2	15,086.6

1. Excludes planning and holding costs, properties held for sale and investment property leaseholds, and includes property holdings by Vicinity Limited.

##### Capitalisation of net income method

31-Dec-25	Carrying value	Capitalisation rate	Capitalisation rate
\$m		-0.25%	+0.25%
Actual valuation <sup>1</sup>	14,910.6		
Impact on actual valuation		725.8	(658.5)
Resulting valuation		15,636.4	14,252.1

1. Excludes planning and holding costs, properties held for sale and investment property leaseholds, and includes property holdings by Vicinity Limited.

## 4. Equity accounted investments

Equity accounted investments primarily consist of investment property joint ventures with strategic partners where the property ownership interest is held through a jointly owned trust rather than direct ownership into the property title. The Trust Group has contractual arrangements that establish joint control over the economic activities of these trusts, based on standard market terms.

These investments are accounted for using the equity method.

### (a) Summary of equity accounted investments

The Trust Group holds the following investments that are equity accounted:

	Ownership		Carrying value	
	31-Dec-25 %	30-Jun-25 %	31-Dec-25 \$m	30-Jun-25 \$m
Joondalup Trust (Joint Venture) <sup>1</sup>	50	50	453.6	449.1
Victoria Gardens Retail Trust (Joint Venture) <sup>1</sup>	50	50	108.2	91.0
<b>Closing balance</b>			<b>561.8</b>	<b>540.1</b>

1. The primary asset of the joint ventures is investment property held at fair value. As such the carrying value of equity accounted investments are subject to the same significant judgement and estimate as disclosed in Note 3(c).

### (b) Movements for the period

A reconciliation of the movements in equity accounted investments is shown in the table below.

	31-Dec-25 \$m	31-Dec-24 \$m
<b>Opening balance</b>	<b>540.1</b>	<b>91.4</b>

## 5. Interest bearing liabilities and derivatives

Interest bearing liabilities are initially recognised at fair value, net of transaction costs incurred and subsequently measured at amortised cost using the effective interest rate method. Foreign currency denominated notes are translated to AUD at the applicable exchange rate at each reporting period with the gain or loss attributable to exchange rate movements recognised in the Statement of Comprehensive Income.

### (a) Summary of facilities

The following table outlines the Trust Group's unsecured interest bearing liabilities at balance date:

	31-Dec-25 \$m	30-Jun-25 \$m
<b>Current liabilities</b>		
US Private Placement Notes ( <b>USPP</b> )	-	342.4
GBP European Medium Term Notes ( <b>GBMTN</b> )	704.1	733.8

<b>Total non-current liabilities</b>	<b>3,765.4</b>	<b>3,381.9</b>
<b>Total interest bearing liabilities</b>	<b>4,469.5</b>	<b>4,458.1</b>

- Includes \$300.0 million of Green Bonds. The proceeds of Green Bonds were utilised to fund eligible green projects and assets with high sustainability rating (e.g. National Australian Built Environment Rating system energy rating of 5 stars or higher).
- Deferred debt costs comprise the unamortised value of borrowing costs paid on establishment or refinance of debt facilities. These costs are deferred on the Balance Sheet and amortised at the effective interest rate to borrowing costs in the Statement of Comprehensive Income.

### (b) Facility maturity and availability

The following table summarises the maturity profile of the Trust Group's drawn debt and undrawn facilities:

	31-Dec-25				30-Jun-25			
	Less than 1 year \$m	1 to 3 years \$m	Greater than 3 years \$m	Total \$m	Less than 1 year \$m	1 to 3 years \$m	Greater than 3 years \$m	Total \$m

- Excludes accounting adjustments such as fair value, foreign exchange movements and deferred debt costs amounting to \$188.4 million (30 June 2025: \$278.0 million).

## 5. Interest bearing liabilities and derivatives (continued)

### (c) Borrowing costs

Borrowing costs consist of interest and other costs incurred in connection with borrowing funds (such as establishment fees, legal and other fees). Borrowing costs are expensed to the Statement of Comprehensive Income using the effective interest rate method, except for borrowing costs incurred for the development of qualifying investment properties which are capitalised to the cost of the investment property during the period of development. Borrowing costs also include finance charges on lease liabilities.

	31-Dec-25 \$m	31-Dec-24 \$m
Interest and other costs on interest bearing liabilities and derivatives	106.0	108.7
Amortisation of deferred debt costs	2.3	2.1
Amortisation of face value discounts	0.6	0.6
Amortisation of fair value adjustments relating to discontinued hedge accounting	(0.9)	(0.8)
Interest charge on lease liabilities	14.0	13.9
Capitalised borrowing costs	(8.8)	(8.1)
<b>Total borrowing costs</b>	<b>113.2</b>	<b>116.4</b>

### (d) Capital management

The Vicinity Centres Group seeks to maintain a strong and conservative capital structure with appropriate liquidity, low gearing, and a diversified debt profile (by source and tenor). The Vicinity Centres Group has long-term credit ratings of 'A2/stable' from Moody's Investors Service and 'A/stable' from Standard & Poor's Global Ratings.

Key metrics monitored by the Vicinity Centres Group include the gearing ratio, interest cover ratio, unencumbered total tangible assets to unsecured debt and the permitted encumbrance ratio. Refer to Note 5 of the Vicinity Centres Group 31 December 2025 half year Financial Report available at [vicinity.com.au](http://vicinity.com.au) for further details of these metrics.

### (e) Fair value of interest bearing liabilities

As at 31 December 2025, the Trust Group's interest bearing liabilities had a fair value of \$4,424.7 million (30 June 2025: \$4,423.6 million).

The carrying amount of these interest bearing liabilities was \$4,469.5 million (30 June 2025: \$4,458.1 million). The difference between the carrying amount and the fair value of interest bearing liabilities is due to:

- Deferred debt costs included in the carrying amount which are not included in the fair value; and
- Movements in market discount rates on interest bearing liabilities since initial recognition. As fair value is calculated by discounting the contractual cash flows using prevailing market discount rates (with similar terms, maturity, and credit quality), any movements in these discount rates since initial recognition will give rise to differences between fair value and the carrying amount (which is carried at amortised cost).

Had the interest bearing liabilities been recognised at fair value, these would have been classified as Level 2 under the fair value hierarchy as the market discount rates used are indirectly observable.

### (f) Defaults and covenants

The Trust Group had no defaults on debt obligations or breaches of lending covenants at 31 December 2025 (30 June 2025: nil).

## 6. Contributed equity

An ordinary stapled security of the Vicinity Centres Group comprises one share in the Company and one unit in the Trust. Ordinary stapled securities entitle the holder to participate in distributions and the proceeds on winding up of the Vicinity Centres Group (if enacted) in proportion to the number of securities held. Ordinary stapled securities are classified as equity. All ordinary securities are fully paid.

Incremental costs directly attributable to the issue of new stapled securities are shown in equity as a deduction, net of tax, from the proceeds.

	31-Dec-25 Number (m)	31-Dec-24 Number (m)	31-Dec-25 \$m	31-Dec-24 \$m
Total stapled securities on issue at the beginning of the half year	4,562.9	4,552.3	8,583.4	8,560.8

<b>Total stapled securities on issue at the end of the half year<sup>2</sup></b>	<b>4,599.7</b>	<b>4,552.3</b>	<b>8,674.6</b>	<b>8,560.8</b>

1. Units issued under Vicinity Centres Group's DRP during the period.
2. Vicinity Centres Group held 0.3 million or \$0.8 million of treasury securities at 31 December 2025 (31 December 2024: 0.4 million securities or \$0.7 million).

The following weighted average number of units are used in the denominator in calculating earnings per unit:

	31-Dec-25 Number (m)	31-Dec-24 Number (m)
Weighted average number of units used as the denominator in calculating basic earnings per unit	4,584.3	4,552.3
Effect of potential dilution from performance and restricted rights	8.9	11.3
<b>Weighted average number of units used as the denominator in calculating diluted earnings per unit</b>	<b>4,593.2</b>	<b>4,563.6</b>

## 7. Distributions

Decrease/(increase) in receivables including distributions receivable and other assets	10.9	(8.6)
<b>Net cash inflows from operating activities</b>	<b>343.2</b>	<b>324.5</b>

## 9. Other accounting matters

### (a) Capital commitments

Estimated maintenance, development, and leasing capital of the Trust Group committed at reporting date but not recognised on the Balance Sheet amounted to \$184.8 million (30 June 2025: \$237.6 million).

## 10. Events occurring after the end of the reporting period

Subsequent to period end, the Trust Group irrevocably accepted the co-owner's offer to sell its 75% interest of Uptown in Brisbane, Queensland, for \$212.0 million (excluding stamp duty). The contracts are expected to be exchanged by the end of April 2026, with the acquisition then expected to settle in June 2026, following receipt of the required Ministerial consent in relation to certain ancillary land rights.

Other than the matter described above, no matters have arisen since the end of the period which have significantly affected, or may significantly affect, the operations of the Trust Group, the results of those operations, or the state of affairs of the Trust Group in future financial periods.

## Directors' Declaration

In the Directors' opinion:

- (a) the half year financial statements and notes of Vicinity Centres Trust (**the Trust**) and its controlled entities (**the Trust Group**) set out on pages 7 to 21 are in accordance with the *Corporations Act 2001* (Cth), including:
  - i. complying with Australian Accounting Standards, the *Corporations Regulations 2001* (Cth) and other mandatory professional reporting requirements; and
  - ii. giving a true and fair view of the Trust Group's financial position as at 31 December 2025 and of its performance, as represented by the results of its operations, changes in equity and its cash flows, for the half year ended on that date; and
- (b) there are reasonable grounds to believe that the Trust Group will be able to pay their debts as and when they become due and payable.

Signed in accordance with a resolution of the Directors of Vicinity Centres RE Ltd.

## Independent Auditor's Review Report to the Unitholders of Vicinity Centres Trust

### Conclusion

We have reviewed the accompanying half-year financial report of Vicinity Centres Trust (the "Trust") and the entities it controlled (collectively the "Group"), which comprises the consolidated balance sheet as at 31 December 2025, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the half-year ended on that date, explanatory notes and the directors' declaration of the directors of Vicinity Centres RE Ltd, the Responsible Entity of the Trust (the "RE").

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of the Group does not comply with the *Corporations Act 2001*, including:

- a. Giving a true and fair view of the consolidated financial position of the Group as at 31 December 2025 and of its consolidated financial performance for the half-year ended on that date; and
- b. Complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

### Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity* (ASRE 2410). Our responsibilities are further described in the *Auditor's responsibilities for the review of the half-year financial report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to reviews of the half-year financial report of public interest entities in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

### Directors' responsibilities for the half-year financial report

The directors of the RE are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

### Auditor's responsibilities for the review of the half-year financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2025 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

**Shape the future  
with confidence**

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
