ASX Market Announcements

20 Bridge Street
SYDNEY NSW 2000

EML Announces 1HFY26 results

- Revenue of \$108.4m (-6% on 1H25)
- Group underlying EBITDA¹ of \$28.0m (-16% on 1H25)
- Statutory NPAT of (\$4.0m) down from \$9.5m PCP²
- Cash balance down \$11.5m to \$47.8m over the half driven by Class Action provisional settlement payment, PCSIL intercompany loan payment and Project Arlo capital expenditure
- New program pipeline currently at \$102m, with new programs won of ~\$24m. Pipeline conversion rates ahead of target however sign-to-revenue lag impacting revenue realisation
- EML 2.0 restructuring progressing to plan with completion expected by 30 June 2026
- FY26 underlying EBITDA guidance tightened to \$58-\$60m from \$58-\$64m

EML PAYMENTS LIMITED ("EML") (ASX:EML) has today released its 1HFY26 Appendix 4D and Financial Results for the half year ended 31 December 2025 (1HFY26). Investors are referred to the Investor Presentation lodged with the ASX today for further detail.

EML's Executive Chairman Anthony Hynes said:

"I'm particularly pleased with the significant gains made by our Commercial team this half, largely driven by our new and energised team, strong cross functional collaboration and renewed energy. Our most important clients continue to renew, our pipeline is tracking ahead of target and, whilst the data set remains small, our conversion rates are exceeding forecast. This positions us well for acceleration in FY27 and beyond."

"Revenue realisation has not occurred as quickly as anticipated, with longer-than-planned periods between contract signing and system activation. In some cases, this has been client-driven and in others operational. We expect this timing to improve over the next quarter as we complete process re-engineering."

"Revenue and EBITDA are lower than H1FY25 primary due to a run-off associated with a cluster of clients lost under previous management in 2024, moderation in interest yields and smaller one-off variances. Encouragingly, our continuing clients are growing at approximately 5%, in line with forecast, and we enter the second half of the year with a strong and growing order book that we expect to continue to deliver well into FY27. Overheads are well managed and the team can now exercise better control of resource levels, demonstrated by a quarter-on-quarter reduction of \$3.6m."

"Project Arlo is deep in build mode, with migration planning underway. We will deploy our first region for new customers mid-year. We have also welcomed a new team of product managers to drive our innovation agenda across all regions."

Performance overview.

Performance overview.

Financial performance highlights.

The current period's financial performance reflects ongoing headwinds in customer revenue relative to the prior reporting period, alongside a continued softening in interest revenue. Despite these top-line pressures, the cost base remains well-controlled, supporting overall operating discipline.

Underlying revenue¹ of \$108.4 million declined by 6% on PCP of \$115.1 million, driven by a shortfall in both customer revenue of 4% to \$79.4 million and interest revenue of 11% on PCP to \$29.0 million.

Underlying Gross profit¹ fell 7% to be \$81.1 million (PCP: \$86.7 million) as a result of lower customer and interest revenue.

Underlying EBITDA¹ of \$28.0 million decreased by 16% (PCP: \$33.5 million), driven by the reduction in gross profit as net overheads² were in line with PCP. Net overheads were broadly maintained relative to PCP, with cost savings delivered across employee entitlements and professional fees. These benefits were offset by higher irrecoverable VAT/GST charges.

Net loss for the period of \$4.0 million (PCP: profit of \$9.5 million) was due to decline in revenues, as costs were well controlled and only rose modestly on PCP.

The Group's closing cash balance of \$47.8 million reduced by \$11.5 million in the half reflecting payment relating to settle the class action and one-off payments.

For further details please refer to the Investor Presentation released with this financial report.

¹ Underlying revenue, Underlying Gross profit and Underlying EBITDA reconciliation is set out on page 5 within the Performance overview. These measures are non-IFRS measures and have not been audited or reviewed.

² Net overheads exclude one off items and is net of Other income included in Operating EBITDA. See page 5 within the Performance overview for details.

Performance overview.

Segment performance

The below provides the key segment metrics of underlying revenue and gross profit for the half-year period:

Underlying gross profit

Underlying gross profit¹ has fallen 7% to \$81.1 million (PCP: \$86.7 million) as a result of a shortfall in customer revenue and softer interest revenue of \$29.0 million (down 11% on PCP).

Underlying operating overhead costs

Net overhead costs² (i.e. operating overhead costs adopted in calculating EBITDA adjusted for non-recurring items) has remained in line with PCP.

Underlying costs relating to employees decreased by \$1.4 million as the new executive team simplified business operations. Non-employee costs included in net overheads were largely flat or decreased on PCP, as efficiency gains were offset with investment in the commercial team and higher irrecoverable VAT/GST charges.

Non-operating overheads

Share-based payment expense is \$10.7 million (PCP: \$1.3 million) and primarily relates to incentive and bonuses for senior leadership.

Depreciation and amortisation costs of \$6.5 million are 15% lower than PCP as a result of lower amortisation on customer contracts and software.

¹ Underlying gross profit and Underlying EBITDA reconciliation is set out on page 5 within the Performance overview. These measures are non-IFRS measures and have not been audited or reviewed.

² Net overheads exclude one off items and is net of Other income included in Operating EBITDA. This is a non-IFRS measure and has not been audited or reviewed.

Assets

Cash and cash equivalents

- The Group has cash reserves at the reporting date of \$47.8 million (-19% from FY25) reflecting cash outflows from the payment of the class action settlement, investment in intangibles offset by additional debt proceeds drawn.

Segregated funds

- The segregated funds and bond investments total \$2,662.3 million (30 June 2025: \$2,375.2 million) offset by liabilities to stored value account holders of \$2,640.7 million (30 June 2025: \$2,351.1 million). The residual in the float, not offset by liabilities to stored value account holders, reflects the premium paid to purchase bond investments using corporate funds and will convert into cash in a future period.
- The Group has a net current asset deficiency at 31 December 2025 of \$546.2 million (30 June 2025: \$502.7 million). This is predominantly driven by a portion of the Group's segregated funds and bond investments assets that are classified as non-current, based on the maturity dates of those investments while the Liabilities to stored value account holders are all current liabilities.

Intangible assets

- EML has intangible assets of \$109.1 million (30 June 2025: \$113.6 million) which is comprised of acquired and internally generated software, customer relationships, customer contracts and goodwill. Intangible assets decreased during the half, due to \$4.4 million in amortisation and \$3.4 million of foreign exchange impacts, offset by \$4.0 million of new investment in internally generated software and work in progress.

Liabilities

Provisions

- EML has a separation provision of \$2.6 million (30 June 2025: \$3.4 million) in relation to the committed costs arising to the Group following the liquidation of PFS Card Services Ireland Limited.
- The litigation provision has reduced to \$0.1 million (30 June 2025: \$41.0 million) as a result of the payment of the agreed settlement (which remains subject to Court approval).

Borrowings

- Total borrowings of \$83.8 million (30 June 2025: \$54.1 million) reflect the additional draw down of the renegotiated debt facilities to pay the class action settlement, recognition of new lease liabilities offset by the repayment of the existing loan payable to PFS Card Services Ireland Limited.

Notes to the Financial statements.

For the half year ended 31 December 2025.

1. Statement of material accounting policies

(a) Reporting entity

EML Payments Limited (the Company) is a for-profit company incorporated and domiciled in Australia whose shares are publicly traded on the Australian Stock Exchange. The condensed consolidated interim financial report of the Company for the half year ended 31 December 2025 comprises the Company and its subsidiaries (together referred to as the Group or consolidated entity or EML). The condensed consolidated interim financial report was authorised for issue in accordance with a resolution of the Directors on 24 February 2026.

(b) Basis of preparation

The condensed consolidated interim financial report is a general-purpose financial report prepared in accordance with the *Corporations Act 2001* and *AASB 134 Interim Financial Reporting*. Compliance with AASB 134 ensures compliance with International Financial Reporting Standard IAS 34 Interim Financial Reporting.

The condensed consolidated interim financial report does not include notes of the type normally included in an annual financial report and should be read in conjunction with the most recent annual financial report.

The accounting policies and methods of computation adopted in the preparation of the condensed consolidated interim financial report are consistent with those adopted and disclosed in the Company's 2025 Annual financial report for the year ended 30 June 2025. These accounting policies are consistent with Australian Accounting Standards and with International Financial Reporting Standards.

The condensed consolidated interim financial report has also been prepared on a historical cost basis except where otherwise stated. Cost is based on the fair values of the consideration given in exchange for assets.

The condensed consolidated interim financial report is presented in Australian dollars and all values are rounded to the nearest thousand (\$000), except when otherwise indicated, in accordance with ASIC Corporations (*Rounding in Financials/Directors' Reports*) Instrument 2016/191.

The Company is a listed public company, incorporated in Australia and operating in Australia. The entity's principal activities are the provision of payment services.

(c) Adoption of new and revised standards

The Group has adopted all of the new and revised Standards and Interpretations issued by the Australian Accounting Standards Board (the AASB) that are relevant to its operations and effective for the current reporting period.

(d) Going concern

During the half year ended 31 December 2025, the Group reported a net loss after tax of \$4,008,000 (31 December 2024: profit \$9,244,000). Cash flows were used in operations for the half year ended 31 December 2025 of \$33,194,000 (31 December 2024: cash generated \$4,593,000) which includes the \$35,363,000 settlement payment to Shine Lawyers net of insurance. At balance date the Group had a net current asset deficiency of \$546,236,000 (30 June 2025: deficiency of \$502,730,000) and net assets of \$147,696,000 (30 June 2025: \$146,442,000).

The Directors note that the net current asset deficiency results from:

- The classification of Liabilities to stored value accounts holders as current liabilities on the basis these are on-demand cardholder liabilities; and
- A portion of the surplus segregated funds, \$606,937,000 (30 June 2025: \$509,428,000) being classified as non-current assets due to investment of these funds into secure, liquid and low credit risk bonds with maturities greater than 12 months.

The financial statements have been prepared on a going concern basis. To assess the appropriateness of the Group's going concern assumption, management have:

- Updated its economic outlook and prepared Group cash flow forecasts having regard to the working capital and liquidity requirements of the Group under various scenarios;
- Re-evaluated material areas of judgement and uncertainty;

Notes to the Financial statements.

For the half year ended 31 December 2025.

1. Statement of material accounting policies (continued)

- Re-assessed current cash resources and funding resources available to the Group alongside the expected future cash requirements. As at 31 December 2025 the Group had \$47,813,000 of cash and cash equivalents and undrawn debt facilities of \$41,000,000; and
- Considered the implications of the continuing regulatory and litigation matters.

As a result of the above analysis, the Directors have reached a conclusion that the Group is able to continue as a going concern for at least, but not limited to, 12 months from the date of this report.

(e) Comparative figures

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

2. Segment information

The operating segments have been identified based on internal reports about components of the Group. These are regularly reviewed by the Executive Leadership Team (ELT) of EML Payments Limited who are the Chief Operating Decision Maker (CODM). The CODM are responsible for resource allocation and performance assessment of the operating segments.

The operating segments provide a clear view of the Group's results. The Group has determined its four operating segments as follows:

- North America Provision of prepaid payment services predominantly with single load card solutions to its customers in North America.
- Europe Provision of reloadable and non-reloadable prepaid payment solutions to customers in Europe and UK.
- Asia Pac Provision of prepaid payment solutions services to customers in Australia and New Zealand.
- Corporate Investment of the Group's capital and business strategy activities (including business combinations and divestments).

Information about segment performance is reviewed on a monthly basis.

The accounting policies of the reportable segments are the same as the Group's accounting policies.

Notes to the Financial statements.

For the half year ended 31 December 2025.

2. Segment information (continued)

The following is an analysis of the Group's revenue and results by reportable operating segment for the half year under review:

Revenue is recognised when performance obligations are satisfied, reflecting the consideration the Group expects in exchange for those goods or services.

Key judgements and estimations – Account management fee (AMF) revenue

Estimating variable consideration

The Group estimates future cardholder behaviour to determine expected AMF revenue, using historical data, market trends, and economic conditions. AMF revenue rates are regularly reviewed based on new agreements and behavioural changes.

Estimating when a highly probable reversal will not occur

The Group assesses the probability of revenue reversal at different stages for single load and multiple load products due to their distinct characteristics.

Gift & Incentive (G&I) products

AMF revenue estimation begins when funds are loaded onto G&I products, as a significant reversal is deemed unlikely due to the predictable spend profile of single-load products. Revenue is recognised over time, aligning with the cardholder's transaction patterns.

General Purpose Reloadable (GPR)

AMF revenue for GPR products is estimated and recognised upon 12 months of account inactivity, as multiple load and spend events make earlier recognition uncertain. Revenue for past services is recognised at this point, ensuring minimal risk of reversal.

Notes to the Financial statements.

For the half year ended 31 December 2025.

3. Revenue, interest income and other income (continued)

Key judgements and estimations – Breakage revenue

The Group recognises breakage revenue from unused prepaid stored value accounts. Residual, non-refundable funds on gift cards fall under AASB 15, as the performance obligation relates to redemption in goods and services. Breakage revenue is estimated using historical data, market trends, and economic conditions, recognised as variable consideration in proportion to cardholder usage patterns. Estimates are regularly reviewed based on new agreements and behavioural changes.

6. Share-based payments

Share-based payments grants are disclosed in the annual financial report. During the half year, the Group has granted rights as an incentive for certain employees as part of a special promotion and sign-on bonuses for new senior leadership roles appointed during the half year.

Outlined in the table below are the share-based payments expense during the half year:

(\$'000)	Consolidated	
	31 December 2025	31 December 2024
Expense relating to new grants during the half-year period	1,854	495
Expense relating to existing grants included in the 30 June 2025 (30 June 2024) Annual Report	8,803	817
	10,657	1,312

The fair value of equity-settled share rights granted during the half year is estimated, as at grant date, using the Black-Scholes model and/or Monte Carlo Simulation method. The inputs into the model for the rights granted during the half-year are as follows:

Series	Fair value at grant date	Inputs for measurement of fair value at grant date				31 December 2025
		Share price	Expected volatility	Vesting period	Risk-free interest rate	Number of shares unvested
Series 83	\$0.67	\$1.06	52.5%	3 years	3.32%	7,005,005

Key judgements and estimations - recovery of Deferred tax assets (DTA)

The Group recognises DTAs arising from unused carried forward losses and credits in Europe, North America and Australia to the extent that probable future taxable profits will be available against which the losses can be utilised. The application of tax law to the specific circumstances and transactions of the Group requires the exercise of judgement by management. The tax treatments adopted by management in preparing the financial statements may be impacted by changes in legislation and interpretations.

Judgement is also applied by management in setting assumptions used to forecast future probability in order to determine the extent to which the recovery of carried forward tax losses and deductible temporary differences are probable for the purpose of meeting the criteria for recognition as DTAs. Future profitability may differ from forecasts which could impact management's expectations in future periods with respect to the recoverability of DTAs and result in DTA impairments or reversals of prior DTA impairments. The forecasts are management forecasts based on historic performance trends and Board approved business assumptions adjusted to adopt a more conservative outlook in line with the requirements of AASB 112. Key assumptions underpinning the forecasts of future profitability include, customer retention, interest rates, extent of debt funding, as well as government fiscal, monetary and regulatory policies more generally. We expect to utilise the DTA over the 5-year forecast period. The Group has a further \$28,086,000 (30 June 2025: \$29,525,000) of DTA's arising from tax losses which have not been recognised however remain available to the Group.

Financial institution loan

On 18 September 2025, the Group finalised its revised, extended and increased committed debt facilities from its existing and new lending partners and banks. These committed debt facilities total \$125.0 million, including a \$50.0 million four-year term facility, a \$65.0 million three-year term syndicated facility and a \$10.0 million Bank Guarantee facility. These facilities superseded all previous debt facilities.

The syndicated facility matures on 29 September 2028 and the currencies available for draw down include AUD, USD, EUR and GBP. The term bilateral facilities mature on 29 September 2029.

As at 31 December 2025, the term bilateral facilities were fully drawn and the syndicated facility was drawn by \$24.0 million.

Under the facility agreement the Group is required to provide collateral in the form of security over specific subsidiary's assets and shares, such that at all times:

- The aggregate EBITDA of those subsidiaries providing security over their assets and shares represents at least 85% of the annual EBITDA of the Group; and
- The net assets of those subsidiaries providing security over their assets and shares represents at least 85% of the net assets of the Group.

Notes to the Financial statements.

For the half year ended 31 December 2025.

12. Borrowings (continued)

Financial institution loan (continued)

Loan covenants

Under the terms of the interest-bearing borrowing facility, the Group is required to comply with the following financial covenants:

- Gearing ratio, calculated as financial indebtedness including any borrowings and lease arrangements as a ratio to financial indebtedness plus equity of the Group, must not exceed 0.45:1 and not to be less than zero as at the compliance date (i.e. 31 December and 30 June annually);
- Senior debt ratio, calculated as the drawn amount under the facilities as a ratio to the Group's EBITDA as adjusted for specific items per the Syndicated Facilities Agreement including extraordinary non-recurring gains and losses, must not exceed 2.50:1 for any 12-month period ending on a compliance date and not to be less than zero; and
- Interest cover ratio, calculated as EBITDA (calculated as outlined above) as a ratio to interest expense including all interest, fees, discounts, premiums or other finance costs of a regular and recurring nature, must not be less than 5.00:1 for any 12-month period ending on a compliance date.

The Group has complied with these covenants as at 31 December 2025.

13. Provisions and contingent liabilities (continued)

Contingent liabilities

Estimates of the potential financial effect of contingent liabilities that may become payable:

Stored value accounts

The Group provides global card management services via direct (Scheme) and indirect (BIN Sponsor) issuing arrangements. These arrangements may expose the Group to potential liabilities and financial or customer risks due to business control weaknesses, staffing limitations, technological deficiencies, or external cost and liability factors.

The Group's scheme issuing arrangements require it to meet funding obligations for customers and cardholders. Depository accounts operated by the Group allow recognition of related assets and liabilities (see Note 14), with guarantees held in certain jurisdictions.

BIN Sponsors provide depository accounts for prepaid payment products, maintaining sole transaction authority. Consequently, the Group cannot recognise assets for credit balances. Under these agreements, the Group indemnifies BIN Sponsors for authorised acts and remains liable for debit balances and other financial obligations.

Guarantees

The Group has provided the following bank guarantees at 31 December 2025:

- Bank guarantees with the lessors of the office properties to the value of \$896,000 (30 June 2025: \$726,000). No liability is expected to arise.
- Bank guarantees for obligations to card schemes to the value of \$3,479,000 (30 June 2025: \$1,117,000). No liability is expected to arise.
- Bank guarantees for obligations to payment processors to the value of \$439,000 (30 June 2025: \$449,000). No liability is expected to arise.

Compliance and other matters

The Group operates in regulated markets, striving to meet evolving requirements while maintaining collaborative relationships with regulators. It undergoes regular audits and reviews, which may lead to litigation, fines, or enforcement actions.

As at 31 December 2025, the Group is engaged in compliance reviews across multiple jurisdictions. Provisions for probable outflows related to pre-reporting date events are recognised. In some cases, protections under Share Purchase Agreements or other contractual rights may mitigate potential fines or warranty claims, offsetting amounts held in escrow, vendor loans, or contingent consideration.

14. Fair value

(a) Bond investments

The Group measures bond investments at amortised cost. The fair value, as determined by the quoted market price (i.e. Level 1), can fluctuate significantly based on conditions outside of the Group's control - i.e. economic conditions. The fair value of the portfolio at 31 December 2025 was \$758.3 million (30 June 2025: \$787.6 million).

Notes to the Financial statements.

For the half year ended 31 December 2025.

14. Fair value (continued)

(b) Equity investments

The following table gives information about the valuation technique and inputs used.

(\$'000)	Consolidated		Fair value hierarchy	Valuation techniques and key inputs	Significant unobservable inputs	Relationship of unobservable inputs to fair value
	31 December 2025	30 June 2025				
	4,084	4,132	Level 1	Quoted market price of Visa Inc.	N/A	N/A
Visa Inc.	108	187	Level 3	Class A common stock to which a discount has been applied for the illiquidity and the conversion rate variability of the preferred stock of Visa Inc. This was converted at the balance date exchange rate.	The final conversion rate of Visa Inc. Series B preferred stock into Visa Inc. Class A common stock.	A decrease in conversion rate would result in a decrease in the fair value.
Pareto	81	83	Level 3	The valuation considers events during the financial year, metrics of financial performance and other contributory data.	Metrics of financial performance.	A decrease in metrics of financial performance would result in a decrease in the fair value.

15. Issued capital

(\$'000)	Consolidated	
	31 December 2025	30 June 2025
387,725,410 fully paid ordinary shares (30 June 2025: 382,100,226)	505,271	498,306

Ordinary shares entitle the holder to participate in dividends and the proceeds on winding up of the Company in proportion to the number of and amounts paid on the shares held. On a show of hands every holder of ordinary shares present at a meeting in person or by proxy, is entitled to one vote, and upon a poll each share is entitled to one vote.

Ordinary shares have no par value and the Company does not have a limited amount of authorised capital.

	31 December 2025		30 June 2025	
	No.	(\$'000)	No.	(\$'000)
Balance at the beginning of the period	382,100,226	498,306	375,155,763	494,208
Rights exercised ¹	5,625,184	6,965	6,944,463	4,098
Balance at the end of the period	387,725,410	505,271	382,100,226	498,306

1. Rights exercised during the period relate to the employee share rights.

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of applicable taxes, from the proceeds. Incremental costs directly attributable to the issue of new shares or options for the acquisition of a new business are not included in the purchase consideration of the acquisition.

Notes to the Financial statements.

For the half year ended 31 December 2025.

16. Subsequent events

There are no transactions or events of a material and unusual nature likely, in the opinion of the Directors of the Company, to affect significantly the operations of the Company, the results of those operations, or the state of affairs of the Company subsequent to 31 December 2025.

Directors' declaration.

The Directors of EML Payments Limited (the Company) declare that:

- (b) in the Directors' opinion, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable; and
- (c) in the Directors' opinion, the attached consolidated interim financial statements and notes thereto are in accordance with the *Corporations Act 2001*, including compliance with accounting standards and giving a true and fair view of the financial position and performance of the consolidated entity.

This declaration is signed in accordance with a resolution of the Board of Directors made pursuant to section 303(5) of the *Corporations Act 2001*.

Independent Auditor's Review Report

To the shareholders of EML Payments Limited

Report on the Condensed consolidated financial statements

Conclusion

We have reviewed the accompanying **Condensed consolidated financial statements** of EML Payments Limited.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the Condensed consolidated financial statements of EML Payments Limited does not comply with the *Corporations Act 2001*, including:

- giving a true and fair view of the **Group's** financial position as at 31 December 2025 and of its performance for the half-year ended on that date; and
- complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*

The **Condensed consolidated financial statements** comprise:

- Condensed Consolidated Statement of Financial Position as at 31 December 2025
- Condensed Consolidated Statement of Profit or Loss and Other Comprehensive Income, Condensed Consolidated Statement of Changes in Equity and Condensed Consolidated Statement of Cash Flows for the half-year ended on that date
- Notes 1 to 16 including selected explanatory notes
- The Directors' Declaration.

The **Group** comprises EML Payments Limited (the Company) and the entities it controlled at the half year's end or from time to time during the half-year.

Basis for Conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's Responsibilities for the Review of the Condensed consolidated financial statements* section of our report.

We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* issued by the Accounting Professional & Ethical Standards Board Limited (the Code) that are relevant to audits of annual financial reports of public interest entities in Australia. We have fulfilled our other ethical responsibilities in accordance with these requirements.

Responsibilities of the Directors for the Condensed consolidated financial statements

The Directors of the Company are responsible for:

- the preparation of the Condensed consolidated financial statements that gives a true and fair view in accordance with *Australian Accounting Standards* and the *Corporations Act 2001*
- such internal control as the Directors determine is necessary to enable the preparation of the Condensed consolidated financial statements that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Review of the Condensed consolidated financial statements

Our responsibility is to express a conclusion on the Condensed consolidated financial statements based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the Condensed consolidated financial statements does not comply with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2025 and its performance for the half-year ended on that date, and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of Condensed consolidated financial statements consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
