Closing cash	2.7	4.0

Strong Underlying Operating Cashflow Performance

- Underlying operating cashflow of \$2.4m vs \$2.3m pcp, a strong result considering management focus on TasmaNet integration in 1H FY26 and investment in working capital.
- Free Cash Flow was lower due to capex (~\$0.7m) in PP&E and intangible assets related predominantly to a large client network upgrade with customer upfront payments largely covering the capex received in 2H FY26.
- Some additional capex in 1H FY25 to support network and Cloud capacity upgrades as part of synergy program to reduce duplicated networks.
- Capex post FY26 expected to be low, with majority of product and technology development costs expensed.
- Investing activities included a deferred consideration payment of \$0.65M for TasmaNet.
- Ending cash \$4.0m vs \$2.7m pcp, with ample reserves to fund organic growth.

1H FY26 Financial Position remains strong

- Ending cash position was down to \$4.0m, vs \$5.5M in June '25, primarily due to business acquisition payments including deferred consideration and additional capex.
- Receivables balance increased \$1.2m, to \$7.8m vs \$6.6m June '25.
- Payables increased +0.2m during 1H FY26.
- Borrowings slightly decreased to \$10.5m vs \$10.7m June '25 as payment made during the period.
- PP&E increased +\$0.5m and Goodwill was maintained
- Intangible assets slightly lower at \$24.8m vs \$25.6m June '25, due to amortisation of intangible assets.
- Net Debt remained modest at \$6.5m. Gearing anticipated to reduce in 2H FY26 as operating cashflow release from working capital investment.
- Gearing remains well within banking covenants with ample funding for working capital, organic capex requirements and further M&A.

Capital Management Framework

Our capital management priorities

01	Strong balance sheet supported by disciplined liquidity and risk controls	Ensure the business has sufficient liquidity to operate in all operating environments
02	Reduce debt post the TasmaNet acquisition by internally generated cashflow	Reducing debt post TasmaNet remains a key management priority
03	Invest to maintain our competitive advantage	Continued investment in technology and service
04	Identify and pursue strategically relevant and accretive growth opportunities	Pursue M&A opportunities that are strategically aligned and value accretive for our shareholders
05	Dividend distributions to continue with capital to shareholders over the long term as the business scales	Continue dividends; consider other capital management options over the longer term

OPERATIONAL UPDATE

Strong start to FY26, TasmaNet integration on track

- TasmaNet integration into **Communications & Collaboration** is on-track. Network Synergies are approximately ~50% complete.
- Strong performance across the business with all divisions seeing organic revenue growth.

Organic Growth – Strong new sales contracts signed YTD

- New ARR¹ of \$5.4m signed 1st half with strong performance across all business units.
- Strong wins with a range of corporate and Government clients plus strong pipeline in all divisions. Global with ~\$A450k MRR in pipeline.

Domestic Network and Cloud Investment

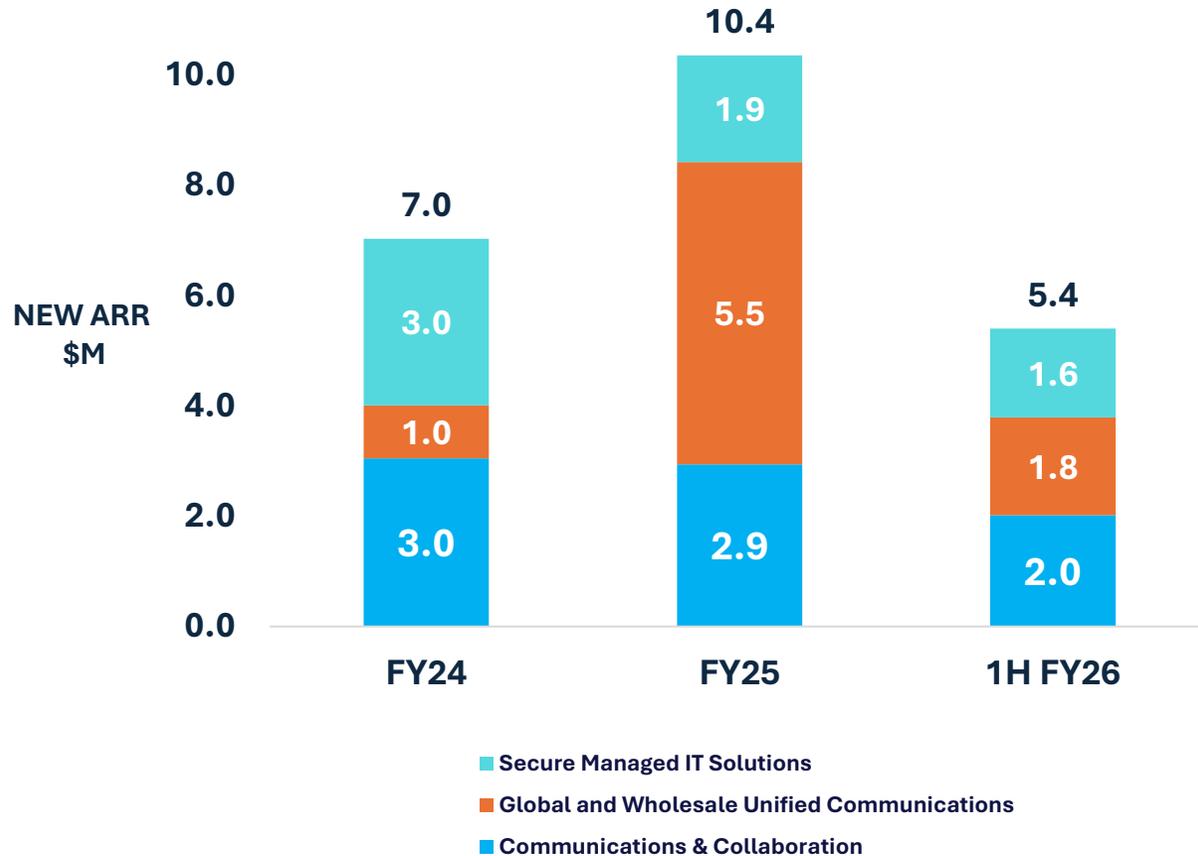

- In line with the TasmaNet acquisition and the consolidation of our network and cloud assets across all business units, we are continuing to upgrade and synergise our Australian mainland network.
- One off Capex to facilitate the upgrade is estimated at circa \$500k to be incurred in FY26 with minimal ongoing capex expected for the network and cloud instances.

Key Rationalisation project on target with expected circa \$2m pa savings

¹ Annual recurring revenue.

New Sales Performance

Continued strong new business performance in 1H FY26 with \$5.4m in new ARR¹ of sales contracts

- Strong levels of new sales performance continued into 1st half FY26.
- Pleasingly a strong level of new sales across all divisions.
- TasmaNet secured a major contract and expansion of connectivity with a key customer worth over \$1m TCV² in the period.
- Global showed strong growth with 500+ new orders to circa 80 customers.
- In late November 2025, Global secured a major contract for a leading foreign Government valued at ~\$A70k in MRR³
- As at Feb 2025, Global had an estimated ~\$2M in ARR to be provisioned/billed with a further \$72k in MRR at contracting stage. Open opportunities in pipeline exceed A\$5M in ARR.

¹ Annual recurring revenue.
² Total Contract Value
³ Monthly recurring revenue

Update on Key Projects

Key Suppliers novated to new entity with rationalisation processes underway

40%

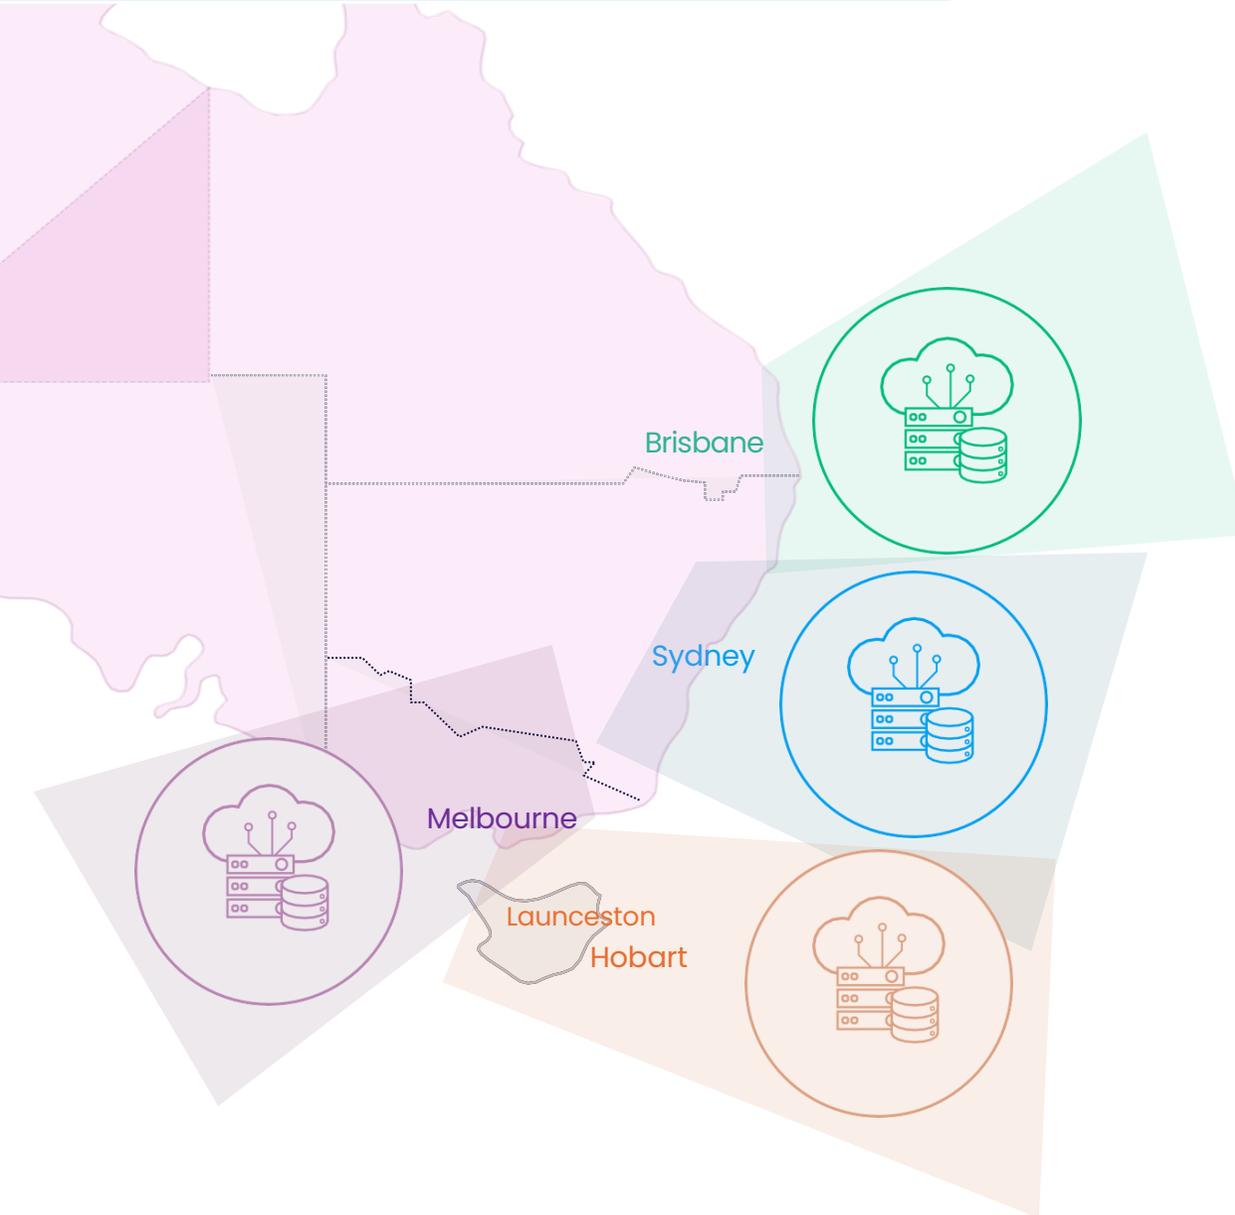

Integration and rationalisation of both Tasmanian and Mainland networks and COGS rationalisation

- The transition of TasmaNet into Comms Group has progressed well.
- Key customers and suppliers (inc. key Tasmanian Govt customers) have been transitioned across.
- Additional product and sales/marketing resources implemented across TasmaNet and Next Telecom brands establishing strong connection with local market through events and targeted programs.
- Single networks, cloud, voice engineering teams established across domestic businesses
- We estimate TasmaNet related revenue in 1H FY26 of \$8.9m made up of revenue within TasmaNet P/L as well as revenue from customers acquired by our mainland businesses plus growth from new & existing customers.

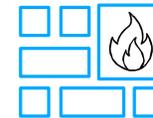

Domestic Network

Comms Group owns and operates a high quality national network across its three divisions offering Internet, Private Compute and Managed Network services

During FY26, the business will consolidate multiple facilities and technology stacks in each city to streamline the product set across brands and to produce CAPEX and OPEX synergies.

STRATEGY **& OUTLOOK**

Strategy & Outlook

To become a leading cloud communications, collaboration and secure managed IT solutions provider across the Asia Pacific region

Strategy

- Strong focus on the corporate mid-market and Govt sectors domestically
- Cross-sell of secure managed IT solutions to wider 5,000+ customers
- Upsell existing strategic accounts to incl, additional products & services and geographical reach.
- Leverage significant Asia-Pacific footprint to provide additional services to MNCs operating across the region

Financial Outlook

- Expect to see **annualised revenue of \$75m+** once TasmaNet fully transitioned
- **Expect annualised EBITDA of \$9m to \$10m** once TasmaNet fully transitioned
- Increasing operating and free cash flow generation given capex-light business model
- Improving shareholder returns
- **FY26 guidance to be provided as year progresses**

Growth Opportunities

- Organic & inorganic opportunities to increase scale and add additional capabilities are being pursued
- Active M&A discussions ongoing
- Digital transformation of the business to implement some common Group-wide processes and systems and rationalise/combine duplicated networks with the goal of moving to a common platform and “One” business over time
