Previous reporting period	Half-year ended 31 December 2024

Key information

Total revenue from ordinary activities	Up 44% to	\$25,470
Profit from ordinary activities after tax attributable to members	NM ¹	\$1,330
Net profit for the period attributable to members	NM ¹	\$1,330

1) Not Meaningful: As the Group was in a loss position in the prior year, the % change movement relating to the improved performance (i.e. prior year loss moving to current year profit) displays as a negative % change for these results.

Details relating to dividends

No dividends were paid or proposed for the current or previous corresponding half-year period.

Explanation of results

First half revenue at \$25,470k is 44% higher than prior corresponding period (PCP), this increase is largely due to continued momentum from new sales such as the NCIC Mizaic and Leidos expansion contracts signed and announced in September 2025 and November 2025 respectively. It also includes the full six-month impact of the NCIC EPR contract and Hywel Dda Health Board recurring and services revenue (these contracts were signed in PY H2 and did not contribute to the PCP revenue).

Loss from ordinary activities after tax attributable to members increased from a loss of \$889k in the PCP to a \$1,330k profit in the current reporting period, this improvement is a result of the revenue increase discussed above and steady maintenance of operating costs.

Additional information supporting the Appendix 4D disclosure requirements can be found in the Directors' report and the consolidated financial statements for the half-year ended 31 December 2025 lodged with this document.

Profit and loss

Summary of profit and loss:

	31 Dec 2025	30 Dec 2024	Change	Change
	\$000	\$000	\$000	%
Revenue	25,470	17,638	7,832	+44%
Margin	21,016	15,366	5,650	+37%

Underlying EBITDA	4,192	541	3,651	+675%
Profit/(loss) after tax	1,330	(889)	2,219	NM ¹

1) Not Meaningful: As the Group was in a loss position in the prior year, the % change movement relating to the improved performance (i.e. prior year loss moving to current year profit) displays as a negative % change for these results

Revenue for the Group for the first half of FY26 is \$25.5M which has increased \$7.8M (44%) on the PCP.

In Australia, the inclusion of a full 6 months of revenue from prior year sales such as Peninsula Health and North Adelaide Local Health Network (NALHN) as well as the contribution from the Leidos contract expansion announced in November 2025 has seen ANZ revenue increase \$2.1M (+21%) versus the prior corresponding period (PCP).

In the UK, the inclusion of 6 months revenue from North Cumbria Integrated Care NHS Foundation Trust (NCIC) and Hywel Dda (both signed in February 2025) as well as the inclusion of a \$1.0M Capital licence from the Contract expansion to deliver MediViewer from our partner Mizaic to NCIC announced in September 2025 has seen UK revenue increase \$5.8M (+76%) versus the PCP.

Together, this has resulted in an overall increase in Group revenue of \$7.8M (+44%), which has resulted in a \$5.7M increase in gross profit to \$21.0M. The percentage margin saw a decrease from 87% to 83%, driven by direct costs, which in this case saw an unusually larger component of third-party software costs associated with the Leidos and Mizaic deployments.

The business continued its focus on tight cost control, seeing staff costs increase 4.8% versus PCP and non-staff operating expenditure increase 14% versus PCP, subsequently delivering a material increase in underlying EBTIDA of \$3.7M to deliver a record first half underlying EBITDA of \$4.2M.

Significant contract wins and renewals

During the first half of the financial year, Alcidion contracted new sales and renewals with a total contract value (TCV) of \$23.6M.

Significant new sales signed in the period include:

North Cumbria Integrated Care NHS Foundation Trust (NCIC)

In September 2025 Alcidion announced that it had signed a contract expansion with NCIC to deliver MediViewer as an expansion to the Miya Precision Electronic Patient Record (EPR) solution, providing seamless access to scanned and historical documents in clinical workflows.

The TCV of this agreement is approximately \$6.8M over 9.4 years, aligning with the existing 10-year contract.

Leidos Australia

In November 2025 Alcidion announced the signing of a contract expansion with Leidos Australia to further expand the use of Miya Precision to enable Leidos to deliver on commitments to the Commonwealth of Australia. The contract expansion is for additional software modules from Miya Precision to enable Leidos to deliver further solution components to the Commonwealth of Australia

The total contract value for the expansion is \$12.3M for the period until June 2028, adding a further \$2.5M to Alcidion's ARR.

Likely developments and expected results

Subsequent to the period end Alcidion announced that following a competitive tender process it had been selected as the preferred EPR supplier by University Hospitals Sussex NHS Foundation Trust (UHSussex). Total Contract Value (TCV) is under negotiation but is anticipated to be in excess of \$35.0M depending on the number of modules included, over a minimum 7-year period. Upon finalising the contract, Alcidion is targeting deployment commencement in Q4 FY26.

As at 31 December 2025, the total FY26 sold and renewal revenue was \$43.1M, this does not include any revenue contribution from the University Hospitals Sussex EPR contract negotiation nor other potential new contract wins which may occur over the course of the second half of the financial year.

Building on our strong first half performance, full year FY26 EBITDA and cash flow are expected to be at least in line with FY25, with the potential upside dependent on the successful completion of the University Hospitals Sussex contract and continued conversion of new revenue opportunities.

Significant changes in state of affairs

Shares on issue and performance rights:

On 11 August 2025 449,603 performance rights were forfeited.

On 31 October 2025 5,424,777 performance rights were forfeited.

On 26 November 2025 the Company issued 10,430,863 performance rights to employees in accordance with the Alcidion Group Limited Equity Incentive Plan.

Other than the above, no significant changes in the state of affairs of the Group occurred during the interim period.

Significant events after the balance date

Subsequent to the period end Alcidion announced that it has been selected as the preferred EPR supplier by University Hospitals Sussex NHS Foundation Trust (UHSussex) for its new Electronic Patient Record (EPR) system. Details of this expected contract can be found above in Likely developments and expected results.

Other than the events detailed above, there were no significant events after 31 December 2025.

Dividends

No dividends were paid or declared during the half year and no recommendation for payment of dividends has been made. (Prior year: \$Nil)

Independent Auditor's Review Report

Independent auditor's review report to the members of Alcidion Group Limited

Report on the half-year financial report

Our conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Alcidion Group Limited (the Company), and its subsidiaries (the Group) does not comply with the *Corporations Act 2001*, including:

- giving a true and fair view of the Group's financial position as at 31 December 2025 and of its financial performance for the half-year then ended; and
- complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

What was reviewed?

We have reviewed the accompanying half-year financial report of the Group, which comprises:

- the consolidated statement of financial position as at 31 December 2025,
- the consolidated statement of profit or loss and other comprehensive income for the half-year then ended,
- the consolidated statement of changes in equity for the half-year then ended,
- the consolidated statement of cash flows for the half-year then ended,
- notes to the financial statements, including material accounting policy information, and
- the directors' declaration.

Basis for conclusion

We conducted our review in accordance with ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*. Our responsibilities are further described in the *Auditor's responsibilities for the review of the financial report* section of our report. We are independent of the Group in accordance with the auditor independence requirements of the *Corporations Act 2001* and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

Independent Auditor's Review Report

Responsibilities of the directors for the financial report

The directors of the Company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibilities for the review of the financial report

Our responsibility is to express a conclusion on the half-year financial report based on our review. ASRE 2410 requires us to conclude whether we have become aware of any matter that makes us believe that the half-year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Group's financial position as at 31 December 2025 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
