

## APPOINTMENT OF ALTERNATE DIRECTOR

**Melbourne, Australia – 4 March 2026:** [Adherium Limited](#) (ASX:ADR), a global leader in digital respiratory management and developer of the FDA-cleared Hailie® Smartinhaler® platform is pleased to announce that the Board has appointed Ms Victoria Durrans as an alternate director to Mr Jeremy Curcock Cook, effective immediately.

Ms Durrans joined BioScience Managers in 2017 after moving to Melbourne from the UK. She is a Partner in the investment team focused on building high-growth technology companies globally. She works across fund formation, investment sourcing and execution, value creation within portfolio companies as well overseeing the firm's day-to-day operations. Ms Durrans began her career founding a commercial relocation business before joining CRSI Ltd, a start-up boutique consulting firm advising early-stage, investor backed technology companies on issues relating to rapid growth and global commercialisation. She specialises in shaping boards and management teams that underpin growth, execution, and long-term value creation.

The Board welcomes Ms Durrans and looks forward to her contribution.

An Appendix 3X (Initial Director's Interest Notice) for Ms Durrans will be lodged separately in accordance with ASX Listing Rule 3.19.

**- ENDS -**

This ASX announcement was approved and authorised for release by the Board of Adherium.

### **About Adherium (ASX: ADR):**

Adherium is a provider of integrated digital health solutions and a worldwide leader in connected respiratory medical devices, with more than 180,000 sold globally. Adherium's Hailie® platform solution provides clinicians, healthcare providers and patients access to remotely monitor medication usage parameters and adherence, supporting reimbursement for qualifying patient management. The Hailie® solution includes a suite of integration tools to enable the capture and sharing of health data via mobile and desktop apps, Software Development Kit (SDK) and Application Programming Interface (API) integration tools, and Adherium's own broad range of sensors connected to respiratory medications. Adherium's Hailie® solution is designed to provide visibility to healthcare providers of medication use history to better understand patterns in patient respiratory disease.
