- **Fully paid** – each Capital Note 2 has a Face Value of \$100;
- **Subordinated** – Capital Notes 2 have priority over Latitude Ordinary Shares but are subordinated to the claims of Senior Creditors in a Winding-up of Latitude;
- **Perpetual** – Capital Notes 2 do not have any fixed maturity date and you may not receive your capital back;

- **Distribution Rate** – the Distribution Rate for each Distribution Period will be calculated as the sum of the 3-month Bank Bill Rate plus the Margin, adjusted for franking credits. The Margin will be determined pursuant to the Bookbuild and is expected to be within the range of 4.15% to 4.35% per annum;
- **Margin Step-Up** – if Capital Notes 2 are not Converted or Redeemed on the Optional Exchange Date, then the Margin will be increased by 3.00% per annum. If Capital Notes 2 are not redeemed following a Change of Control Event, then the margin will be increased by a further 5.00% per annum, with effect from the later of the Optional Exchange Date and 15 Business Days following the date of the Change of Control Event;

- **Conversion** – if Capital Notes 2 are Converted, Holders will receive a number of Latitude Ordinary Shares (the '**Conversion Number**') in exchange for their Capital Notes 2. The Conversion Number is determined based on the prevailing VWAP of Latitude Ordinary Shares (for the VWAP Period prior to the relevant Exchange Date), less a 2.50% discount;
- **Redemption** – if Capital Notes 2 are Redeemed, Holders will receive an amount equal to their Face Value together with the Distribution scheduled to be paid on the relevant Exchange Date and any Unpaid Distributions;
- **Not guaranteed or secured** – Capital Notes 2 are not guaranteed and are unsecured, meaning repayment is not secured by a mortgage, charge or other security over any of Latitude's assets; and
- **Quoted** – Latitude will apply to ASX for Capital Notes 2 to be quoted on ASX and Capital Notes 2 are expected to trade under ASX code "LFSPB".

The proceeds from the Offer will be used for general corporate purposes including to fund the potential redemption of Capital Notes 1 that are not reinvested under the Reinvestment Offer. The first redemption date for the Capital Notes 1 is 27 October 2026, but no decision to redeem has yet been made.

Additional information

This announcement only contains a summary of the features of Capital Notes 2 and the Offer. Full details of this opportunity along with the terms of Capital Notes 2 are set out in the prospectus lodged with ASIC and ASX today.

The issue of the Capital Notes 2 is expected to use up the majority of Latitude's 15% 'placement capacity' under ASX Listing Rule 7.1. As a result, Latitude is seeking shareholder approval for the issue of up to \$140 million of Capital Notes 2 at its upcoming AGM (on the basis that \$140 million of Capital Notes 2 is effectively the maximum amount Latitude can issue within that 'placement capacity'). If that approval is obtained at the AGM, the Capital Notes 2 will be excluded when calculating Latitude's 'placement capacity' under ASX Listing Rule 7.1 going forward. For the avoidance of doubt, shareholder approval is not required for the Offer and Capital Notes 2 can be issued even if shareholder approval is not obtained at the AGM.

Unless otherwise defined, capitalised words and expressions used in this announcement have the meanings given to them in the Prospectus.
