ASX Announcement
Airtasker Limited (ASX:ART)

Investor Webinar - AI in Action

Airtasker Limited (ASX:ART) (**Airtasker**) is pleased to advise it has been invited to participate in an upcoming investor webinar "AI in Action: How ASX Companies Are Leveraging Artificial Intelligence."

The webinar will focus on the opportunities and challenges presented by artificial intelligence adoption for leading ASX-listed companies, and will be hosted by RAAS Research Group as follows:

Date: Monday 30 March 2026
Time: 12:00 pm AEDT
Webinar: Participants can register and join the webinar here: AI In Action

Airtasker Chief Executive Officer Tim Fung will deliver the attached presentation which will provide an update on the business' AI strategy and the role which it is anticipated to play in the coming years.

Mr Fung will also participate in a moderated Q&A session where attendees will have the opportunity to submit questions directly to management.

A recording of the webinar will be made available following the event.

– Ends –

About Airtasker

Airtasker Limited (ASX:ART) is Australia's leading online marketplace for local services, connecting people and businesses who need work done with people who want to work. With a mission to ***empower people to realise the full value of their skills***, Airtasker aims to have a positive impact on the future of work by creating truly flexible opportunities to work and earn income in the rapidly changing AI era. In 2025, Airtasker entered the world of Formula One™ through its partnership with the Visa Cash App Racing Bulls Formula One™ Team (VCARB). Since launching in 2012, Airtasker has had over $1 billion in jobs and 5 million tasks completed globally on the platform, and has put more than $774 million into the pockets of Australian Taskers (net of Airtasker's fees).

This announcement was approved for release by the Board of Directors of Airtasker Limited.

AI in Action

30 March 2026

Disclaimer

The following disclaimer applies to this presentation. Please consider its contents carefully. By accepting this presentation, you acknowledge that you are receiving it on the basis set out in the following paragraphs. This presentation has been prepared by Airtasker Limited (**Airtasker**).

Currency of information
The information contained in this presentation is current as at the date of this presentation or such earlier date as specified in this presentation.

Summary information
The information in this presentation is of a general nature only and does not purport to be complete.

Not an offer
This presentation is not a prospectus or other disclosure document, and is not an invitation or offer of securities in Airtasker for subscription, purchase or sale in any jurisdiction.

Third party information
Certain market and industry data used in connection with this presentation may have been obtained from research, surveys or studies conducted by third parties, including industry or general publications. Neither Airtasker nor any of its related bodies corporate, directors, employees, agents or advisers have independently verified any such market or industry data.

Historical information
Past performance information in this presentation is given for illustrative purposes only and should not be relied upon as, and is not, an indication of future performance.

Forward looking information
This presentation contains certain forward-looking statements that involve risks and uncertainties. Airtasker can give no assurance that these expectations will prove to be correct. You are cautioned not to place undue reliance on any forward-looking statements.

Forward looking information (continued)
Actual results may differ materially from those anticipated in these forward-looking statements due to many important factors, risks and uncertainties including, without limitation, risks associated with future capital needs and general economic uncertainty.

Airtasker does not undertake any obligation to release any revisions to any "forward-looking statement" to reflect events or circumstances after the date of this presentation, except as may be required under applicable laws.

Financial information
This presentation contains certain financial information. The financial information has been presented in an abbreviated form insofar as it does not include all the presentation and disclosures, statements or comparative information as required by the Australian Accounting Standards (**AAS**), the International Financial Reporting Standards (**IFRS**) (including the interpretations of the International Financial Reporting Interpretations Committee) and other mandatory professional reporting requirements applicable to financial reports prepared in accordance with the Corporations Act. All currency is in Australian dollars unless indicated. All financial information is audited unless otherwise indicated.

Non-IFRS financial measures
Airtasker uses certain measures to manage and report on its business that are not recognised under AAS or IFRS. These measures are collectively referred to in this presentation as 'non-IFRS financial measures' under Regulatory Guide 230 'Disclosing non-IFRS financial information' published by the Australian Securities and Investments Commission (**ASIC**).

Management uses these non-IFRS financial measures to evaluate the performance and profitability of the overall business. Although Airtasker believes that these measures provide useful information about the financial performance of Airtasker, they should be considered as supplements to the income statement measures that have been presented in accordance with AAS and IFRS in Airtasker's audited financial statements released on ASX and not as a replacement for them.

Disclaimer
No representation or warranty, whether express or implied, is made by any person as to the fairness, accuracy, completeness or correctness of the information, opinions and conclusions contained in this presentation.

You should carry out your own investigations and analysis of Airtasker and verify the accuracy, reliability and completeness of the information contained in this presentation. Neither Airtasker nor any of its related bodies corporate, directors, employees, agents and advisers accept any responsibility for any loss arising from anyone acting or refraining from acting in reliance on the contents of this presentation.

Distribution
This document has been prepared for publication in Australia and may not be released to United States S wire services or distributed in the United States. By receiving this document you are deemed to confirm, represent and warrant to Airtasker and its related bodies corporate and each of their directors, employees, agents and advisers that you agree to be bound by the limitations and conditions set out in this disclaimer.

Airtasker is building

The world's most trusted marketplace to buy and sell local services.

We connect people who need work done, with people who want to work.

Our Mission

To empower people to realise the full value of their skills.

Creating jobs isn't a by-product of the work that we do: it's our core purpose.

Lisa A.
Ulverstone, Tasmania – National Winner, Airtasker Tasker Awards 2025

A qualified horticulturist with a flawless 5-star rating who has built a gardening and pet care business over eight-years after a workmate suggested Airtasker in 2017, and is still working for her very first client today.

Troy M.
Wynn Vale, South Australia - State Winner, Airtasker Tasker Awards 2025

Achieved a 5-star rating and since 2015 has completed more than 600 tasks earning $2,000 monthly through removalist work to accelerate his mortgage repayments.

AI makes physical, real-world skills even more valuable

AI productivity gains are likely to stimulate greater economic activity causing demand for real world jobs to grow.

95%[1] of Airtasker jobs require physical, real world skills:

- Cleaning
- Moving
- Furniture assembly
- Handyman
- Gardening

1. Source: Company data for 1H26.

Physical, real-world jobs are less exposed to AI disruption

AI is already transforming white-collar work:

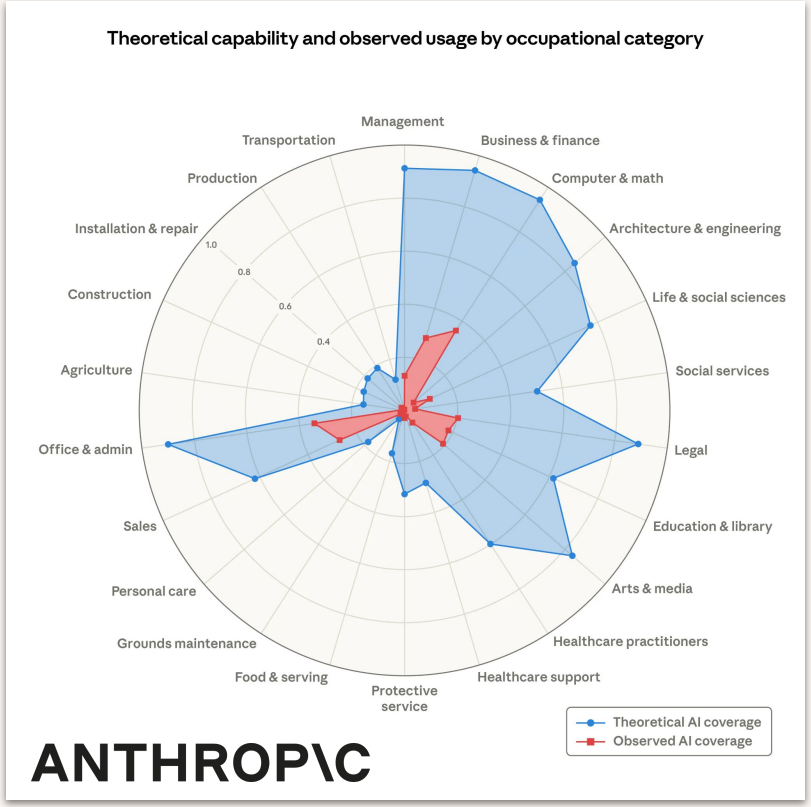
- Software
- Legal
- Admin

Real-world jobs have significantly lower exposure to automation:

- Handyman
- Installation and repair
- Garden maintenance

Labor Market Impacts of AI[1]

March 2026



1. Source: Anthropic Labour Market Impacts: https://www.anthropic.com/research/labor-market-impacts

AI destroys certain competitive moats whilst strengthening others

Agentic AI may disrupt competitive moats built on software interfaces, workflows and publicly available data but they can't easily replicate:

- Network effects
- Embedded transactions
- Proprietary data

The Ten Moats of Vertical Software[1]

Nicholas Bustamente, February 2026

AI unlocks powerful value drivers for Airtasker

- **Software development efficiency:** Airtasker is a “net buyer” of software. As building software becomes faster and cheaper, Airtasker can deliver greater customer value with lower cost.
- **Content moderation and leakage:** AI utilises semantic, human language enabling real-time content moderation to make Airtasker even more trusted and to address platform leakage.
- **Operational uplift:** Across the company, AI is already driving powerful operational improvements including enhanced customer discovery and product development velocity.

Airtasker's competitive advantage:

1. Network effects
2. Embedded transactions
3. Proprietary reputation data
4. Regulatory responsibility
